¹ If no proxy was identified in your lodged proxy form.

Item 3 - Grant of equity to CEO

Approval of grant of equity to Mr Robert Kelly

Mr Robert Kelly's participation in the Company's STI and LTI Plans

Resolution 3 deals with the proposed grant of deferred equity awards to Mr Robert Kelly, Managing Director & CEO ("MD & CEO"), under the Company's short-term incentive plan ("STI Plan") and long-term incentive plan ("LTI Plan"). Specifically, the board intends to grant Mr Kelly an initial number of 494,053 deferred equity awards of conditional rights to Steadfast ordinary shares at no cost ("DEAs") as part of his FY18 remuneration, subject to the hurdles described in the Further Details of the STI and LTI Plans (as attached to these Explanatory Notes).

The key elements of the financial remuneration paid to Mr Kelly are:

- fixed remuneration of cash salary, superannuation and non-monetary benefits;
- an annual incentive under the Company's STI Plan; and
- a long-term incentive under the Company's LTI Plan.

For FY18, the targeted remuneration mix for the MD & CEO was 30% fixed and 70% variable (at risk). The board believes that the fundamental driver for executive remuneration should be long term financial performance that generates value for Steadfast's shareholders. The at risk (or variable) remuneration components for the MD & CEO are set by reference to current market practice and regulation. To ensure the MD & CEO remains focused on long term outcomes without encouraging excessive risk taking or short-term cost cutting, the following conditions apply:

- financial performance hurdles – LTI – 75% based on average diluted earnings per share ("EPS") growth, chosen to align with shareholders' objectives; 25% based on total shareholder return ("TSR"), chosen as an effective measure to incentivise and measure shareholder value creation; STI – financial measure is EPS;
- operating performance hurdle – the MD & CEO has been set annual performance objectives aligned to the Group's strategic objectives and must achieve at least 60% of those objectives to be eligible for any STI or LTI;
- 40% of the STI is granted as DEAs which will vest and be satisfied by either the issue or transfer of ordinary shares in the capital of the Company in three equal tranches after one, two and three years from the grant date (subject to continued tenure of employment and no material adverse change to reported financial results over the retention period);
- 100% of the LTI is granted as DEAs which will vest after three years from the grant date (subject to the satisfaction of the future performance hurdles and continued tenure of employment) and is satisfied by either the issue or transfer of ordinary shares in the capital of the Company; and
- the board retains the discretion to adjust any unpaid or unvested performance – related remuneration (such as STI – cash, STI – DEAs and LTI) downwards if it is appropriate to do so. This discretion applies to all of the following comments on applicable dates for vesting of share-based payment awards. The board also has a discretion to vest early in a change of control scenario.

The objectives agreed for the MD & CEO for FY18 were: achieving budgeted growth of 9% in underlying net profit after tax; successful implementation of INSIGHT and UnderwriterCentral (three-year project); improving profit margins, growing Steadfast Network Brokers with successful international expansion, achieving organic growth in revenue of at least 5%; successful implementation of back-office technology to improve efficiencies; and retention and development of key staff. The MD & CEO achieved 82% of his operating performance hurdles and drove the Company to achieve underlying 9.5% diluted EPS growth in FY18.

Under the 2018 STI, the MD & CEO was awarded \$808,763 in cash and, subject to shareholder approval, will be granted 175,925 STI DEAs. Under the 2018 LTI, subject to shareholder approval, the MD & CEO will be granted 318,128 LTI DEAs. The date by which these initial DEAs will be issued to Mr Kelly in accordance with the approval sought at the 2018 AGM is 31 October 2018.

This gives an initial number of 494,053 DEAs, calculated by dividing \$1,514,175 by a Steadfast share price of \$3.0648. The figure of \$1,514,175 is the total value of Mr Kelly's FY18 STI and LTI share entitlements approved by the Remuneration & Succession Planning Committee (comprised of independent non-executive directors) and disclosed in the 2018 remuneration report on page 46 of Steadfast's 2018 Annual Report. The figure of \$3.0648 is the average of the daily volume weighted average share price of Steadfast shares over the five trading days on the Australian Securities Exchange prior to Steadfast announcing its 2018 results on 24 August 2018 (and the Board approving Mr Kelly's 2018 awards of STI and LTI).

This initial number of STI DEAs will increase to reflect any dividends paid on Steadfast shares prior to vesting as if the DEAs were part of Steadfast's dividend reinvestment plan. This does not apply to LTI DEAs. The LTI and STI DEAs are eligible for the bonus element inherent in any rights issue, paid on vesting. The date by which any subsequent DEAs (on the basis of dividends accrued or bonus element of a rights issue) will be issued to Mr Kelly in accordance with the approval sought at the 2018 AGM is 17 October 2021.

The following is an example of how the number of STI DEAs could increase to reflect any dividends paid on Steadfast shares prior to vesting:

Hypothetical worked example based on Steadfast dividend announced 21 February 2018

Assumed balance of STI DEAs*:	175,925
Dividend per Steadfast share**:	\$0.028
DRP price**:	\$2.65
Additional number of DEAs to be issued (a x \$b) / \$c	1,859

*this is the initial number of STI DEAs for which shareholder approval to issue is sought at the 2018 AGM. The actual balance of STI DEAs to which dividends will attach will progressively increase as further STIs are granted on the basis of dividends accrued.

**the actual dividend per share and actual DRP price applicable for the Steadfast dividend announced to ASX on 21 February 2018

Further details of the 2018 STI and LTI Plans are attached to these Explanatory Notes, and also contained in the 2018 Annual Report.

ASX Listing Rule 10.14

ASX Listing Rule 10.14 prohibits the issue of new securities to a director (or their associates) under an employee incentive scheme without shareholder approval. It aims to minimise the dilution of shareholders and to protect them against related party transactions.

Other than Mr Robert Kelly, the MD & CEO, there are no directors or associates of directors who are entitled to participate in either the LTI or STI Plans. Details of any issue to Mr Robert Kelly of DEAs, and any issue to Mr Robert Kelly of Steadfast shares as a consequence of those DEAs vesting into Steadfast shares, are published in each annual report of the Company relating to a period in which the relevant DEAs or Steadfast shares have been issued (as applicable) and that approval for the issue was obtained under ASX Listing Rule 10.14 (subject to shareholder approval). Since the approval sought at the 2017 AGM, Mr Kelly has received 395,234, at nil cost to him, in accordance with the approval received at the 2017 AGM. In accordance with the terms of the relevant STI Plan, one-third of the DEAs awarded under each of the 2015, 2016 and 2017 STI Plans, and all of the DEAs awarded under the 2015 LTI Plan, vested in August 2018 and 509,520 Steadfast shares were transferred to Mr Kelly on such vesting at nil cost to Mr Kelly. Any additional directors or their associates who become entitled to participate in either the LTI or STI Plans after item 3 is approved and are not named in this notice of meeting will not be issued securities under either the LTI or STI until approval is obtained under ASX Listing Rule 10.14. It is not the intention of the non-executive directors to participate in the LTI or STI Plans.

ASX Listing Rule 10.14 only applies to *issues* of securities to a director, not *transfers* of securities which are acquired on market if the DEAs vest. Nevertheless, shareholders are being asked to vote on paragraph 3(a)(ii) of Resolution 3 to preserve flexibility in the operation in the LTI and STI Plans (so that the relevant Steadfast shares (on the vesting of any DEAs) can be either transferred or issued).

Approval of termination benefits for Mr Robert Kelly

Termination Benefits

Termination benefits for Mr Robert Kelly covered by this approval involve any subsequent issue or transfer of any Steadfast shares as a result of the vesting of any DEAs, or any equivalent cash payment in lieu ("Benefits") under either the STI or LTI Plans, so that they do not count towards such maximum termination amounts only to the extent the Benefits involve death, genuine retirement, redundancy or total and permanent disability. In these four limited circumstances, the board may provide the Benefits earlier than the usual vesting periods. The most likely example is genuine retirement.

For the purposes of the paragraph above, the "Benefit" will be the market value of the shares either issued or transferred to the MD & CEO on leaving service (or any cash payment in lieu). Apart from the future share price being unknown, the MD & CEO's length of service, number of DEAs, individual and Company performance factors, levels of cash awarded and amount of other remuneration are matters which will or are likely to affect the value of the Benefit.

In considering this resolution, shareholders should note that Mr Kelly, who is 71 years of age, has agreed to continue in his role until at least the end of 2020.

Corporations Act

The *Corporations Act 2001 (Cth)* ("Corporations Act") limits the maximum termination amounts which a corporation can pay on retirement to persons who hold a "managerial or executive office" (as defined in the Corporations Act).

Under section 200B of the Corporations Act, a corporation can only give a person who holds a "managerial or executive office"

(as defined in the Corporations Act) a “benefit” (widely defined in the Corporations Act) in connection with their retirement from that office or position of employment in the corporation or a “related body corporate” (again as defined in the Corporations Act) if it is approved by shareholders or one of the limited exemptions apply. Under the Corporations Act, the maximum termination amount which may be paid without shareholder approval is an amount equal to average annual base salary over the last three years. “Benefit” includes early vesting. The Corporations Act defines retirement broadly to include loss of office, resignation and death. Section 200B applies to the MD & CEO.

In the absence of shareholder approval, it is possible the circumstances mentioned under the heading “Termination Benefits” may result in a benefit to the MD & CEO to which an exemption from section 200B may not apply and which together with other remuneration may exceed the maximum termination amount. For example, this may occur if the board exercises discretion to pay any unvested rights in cash and/or Steadfast shares before those rights would otherwise vest in the four limited circumstances described above, namely death, genuine retirement, redundancy or total and permanent disability.

Shareholder approval will allow Steadfast, where appropriate, to fulfil its contractual DEA obligations under the STI and LTI Plans. Directors believe granting approval is better for shareholders than, for example, increasing cash awards in the future in lieu of share benefits.

Shareholder approval also assists Steadfast to retain and motivate the MD & CEO. The share benefits under the LTI and STI Plans are consistent with the approach adopted since the Company’s listing on ASX in 2013. They have been disclosed in previous annual reports and notices of meetings. The Board continues to believe such benefits are suitable for Steadfast.

In general, the four limited circumstances above are beyond the MD & CEO’s influence and do not involve poor performance.

The directors consider it good corporate governance and prudent for the Company to seek shareholder approval for any Benefit which the MD & CEO may receive under the LTI or STI in the event of the four limited circumstances mentioned above.

The directors with Mr Kelly abstaining (and not voting) recommend that shareholders vote in favour of the resolution in item 3. None of the directors (excluding Mr Kelly who has a personal interest) have any interest in the outcome of the proposed resolution except to secure the services of Mr Kelly on a continuing basis.

The Chairman of the AGM intends to vote undirected proxies able to be voted in favour of this resolution.

Voting exclusion – item 3

Item 3 is a resolution connected directly or indirectly with the remuneration of a member of the Company’s KMP.

- 1 The following persons may not vote, and the Company will disregard any vote cast by the following persons, on item 3:

- 2 If you appoint the Chairman of the AGM as your proxy or the Chairman of the 2018 AGM is appointed as your proxy by default, and you do not direct your proxy how to vote on the resolution in item 3 on the proxy form, you will be expressly authorising the Chairman of the AGM to exercise your proxy in favour of the resolution in item 3 even if item 3 is connected directly or indirectly with the remuneration of a KMP.

Forfeiture conditions	<p>The board retains the discretion to adjust any unpaid or unvested performance- related remuneration (such as STI – Cash or STI – deferred portion) downwards if it is appropriate to do so.</p> <p>The DEAs will be forfeited if the MD & CEO resigns before the vesting date for the relevant DEAs.</p> <p>If the MD & CEO ceases employment in special circumstances, such as genuine retirement, any unvested DEAs may be paid in cash and/or Steadfast ordinary shares subject to board discretion.</p>
