

Tlou Energy Limited

Corporate Governance Statement 2018

The Directors (the “Board”) of Tlou Energy Limited (“Tlou Energy” or “the Company”) are committed to the implementation of the highest standards of corporate governance. In determining what these standards should be, the Board references guidance and supports, where appropriate, the Corporate Governance Principles and Recommendations with 2014 amendments (3rd Edition) (“3rd Edition Recommendations or ASX Recommendations”) established by the ASX Corporate Governance Council (the “Council”).

This statement outlines the key aspects of Tlou Energy’s governance framework and practices. The charters, policies and procedures are reviewed regularly and updated to comply with the law and best practice. This statement contains specific information and discloses the extent to which the Company intends to or is able to follow the 3rd Edition Recommendations. The charters and policies of the Company can be viewed on Tlou Energy’s website at www.tlouenergy.com.au (“website”).

The Council’s recommendations are not prescriptive and, if certain recommendations are not appropriate for the Company given its circumstances, it may elect not to adopt that particular practice in limited circumstances. The Company believes that during the reporting period ending 30 June 2018 its practices are largely consistent with those of the 3rd Edition Recommendations and where they do not follow a recommendation this statement identifies those that have not been followed and details reasons for non-adherence.

Even where there is a deviation from the recommendations the Company continues to review and update its policies and practices in order that it keeps abreast of the growth of the Company, the broadening of its activities, current legislation and good practice.

This Corporate Governance statement reports on the main practices of Tlou Energy and is current as at the 28 August 2018 and has been approved by the Board of Directors.

Role of the Board

The Board is responsible for ensuring that the Company is managed effectively. Given the size of the Company and the Board, the Board undertakes an active role in the management of the Company.

The Board’s role and the Company’s Corporate Governance practices are continually being reviewed and updated to reflect the Company’s circumstances and growth. The Board has adopted a Charter which sets out the responsibilities of the Board and its structure and governance as well as the matters expressly reserved to the Board and those delegated to management. A copy of the Charter is available on the Company’s website.

The Board is responsible for determining the strategic direction and objectives of the Company and overseeing management’s achievements against these.

(ASX Recommendation 1.1)

The Board of Directors

The Board is currently comprised of six (6) Directors. Details of the Directors who held office during the year under review are namely: -

Name of Director	Board Membership	Date of Appointment
Martin McIver	Non-executive Chairman	16 September 2010
Anthony Gilby	Managing Director	23 April 2009
Gabaake Gabaake	Executive Director	11 March 2015
Colm Cloonan	Finance Director	11 February 2016
Hugh Swire	Non-executive Director	22 June 2017
Linah Mohohlo	Non-executive Director	12 July 2017

The skills, experience and expertise relevant to the position of each Director are set out in the Directors' Report of this Annual Report. Prior to the appointment of a person, or putting forward to shareholders a candidate for election, as a director, the Company undertakes checks which it believes are appropriate to verify a director's character, experience, educations, criminal record and bankruptcy history. The Company will ensure that all material information in its possession relevant to a shareholders decision to elect or re-elect a director is provided to shareholder in the Company's Notice of Annual General Meeting.

(ASX Recommendation 1.2)

Each executive director and senior executive of Tlou Energy has an agreement in writing with the Company which sets out the key terms and conditions of their appointment including their duties, rights and responsibilities. There are no formal agreements with the non-executive directors other than their Deeds of Access and Indemnity. Given the size and operations of the Company at this stage and the experience and skills that the non-executive directors possess the Board does not believe that there would be any benefit to the Company in doing so.

(ASX Recommendation 1.3)

Company Secretary

The Company Secretary is directly accountable to the Board through the Chairman who the Company Secretary has a direct line of reporting to. The Company Secretary is responsible for advising the Chairman and the Board to manage the day to day governance framework of the Company. The responsibilities of the Company Secretary are contained in the Board Charter a copy of which is available on the Company's website.

(ASX Recommendation 1.4)

Diversity Policy

The Company is committed to creating a fair and inclusive work environment that embraces diversity and recognises its contribution to the Company's commercial success. As the Company has a relatively small staff at present the Board does not believe that any benefit would be obtained setting measurable objectives for achieving gender diversity and has not done so. Neither is the Company a 'relevant employer' under the Workplace Gender Equality Act.

A copy of the Company's Diversity Policy can be found on the Company's website.

(ASX Recommendation 1.5)

Improvement in Board processes and effectiveness is a continuing objective and the purpose of the annual Board evaluation is to identify ways to improve performance. The Board has appointed the Chairman as the person responsible for conducting an annual review of the Board's performance.

This process will involve the Chairman circulating to members of the Board a detailed questionnaire on performance indicators and collating the data from the same before discussing with each member of the Board and reviewing performance indicators such as time engaged on Company business, so as to assess the effectiveness of processes structure and contributions made by individual directors.

The Managing Director assesses, annually or as necessary, the performance of all key executives. Both qualitative and quantitative measures will be used consistent with performance targets set annually by the Managing Director in consultation with those executives. The Managing Director reports to the Remuneration and Nomination Committee on their performance and the Remuneration and Nomination Committee will then consider any changes to remuneration and the establishment of new performance targets.

During the reporting period, a review of the Boards performance was carried out by the Chairman.
(ASX Recommendation 1.6)

The Board will assess annually or as necessary the performance of the Managing Director benchmarking his performance against the role description in the employment contract and general industry standards expected of a Managing Director carrying on that role. The Board regularly evaluates management's performance against various criteria and requires senior executives to address the Board on execution of strategy and associated issues. The Chief Executive Officer reviews the performance of the senior executives annually. These evaluations take into account matters such as the achieving of the Company's objectives and reaching of performance criteria.

An executive management review has been carried out for the current reporting period.
(ASX Recommendation 1.7)

Structure of Board to Add Value

The Board comprises three non-executive Directors, including the Chairman, and three executive Directors including Managing Director. The names of the Directors of the Company in office at the date of this report or through the year under review and their qualifications are set out in the section of the Annual Report headed "Directors' Report".

The composition and size of the Board is determined so as to provide the Company with a broad base of industry, business, technical, administrative, financial and corporate skills and experience considered necessary to achieve the strategic objectives of the Company taking into consideration the size of the Company and the nature of its current operations. During the current reporting period, the make-up of the Board has been bolstered by the appointment of two independent non-executive Directors

The Board considers that, fundamentally, the independence of Directors is based on their capacity to put the best interests of the Company and its shareholders ahead of all other interests, so that Directors are capable of exercising objective independent judgment.

When evaluating candidates, the Board has regard to the potential for conflicts of interest, whether actual or perceived, and the extent or materiality of these in the ongoing assessment of director independence. In this regard the Board has regard to the definition of "independence" in the 3rd Edition Recommendations. The Board is of the view that the existence of one or more of the relationships in the definition will necessarily result in the relevant Director not being classified as independent, particularly given the criteria outlined above, and that the Company will seek to implement additional safeguards to ensure independence. An overall review of these considerations is conducted by the Board to determine whether individual Directors are independent.

Additional policies and practices, such as Directors not being present during discussions or decision making on matters in which they have or could be seen to potentially have a material conflict of

interest, as well as Directors being excluded from taking part in the appointment of third party service providers where the Director has an interest, provide further separation and safeguards to independence. The Board has adopted materiality thresholds in relation to independence, which are contained in the Board Charter and summarised below.

ASX Recommendation 2.4 requires a majority of the Board to be independent Directors. In addition, ASX Recommendation 2.5 requires the Chairman of the Company to be independent. The Council defines 'independence' as being a non-executive director who is not a member of management and who is free from any business or other relationship that could materially interfere with or could reasonably be perceived to materially interfere with the independent exercise of their judgment. Based on this definition the current Directors, excluding Martin Mclver could not be considered independent by virtue of them being either executives, substantial shareholders of the Company or Directors or Officers of Companies that are substantial shareholders of the Company.

The Chairman (Martin Mclver) if applying the independence criteria in the Principles is considered to be independent.

Martin Mclver has been previously treated not as an independent Director as formally he was employed by a Company that was a substantial shareholder and which was a related party of the former Chairman. Mr Mclver left the employ of that entity in January 2013 a period of more than three years. Given that effluxion of time, having regard to the materiality of the role and the fact that Mr Mclver meets all of the other criteria to establish independence the Board has (in the absence of Mr Mclver) determined that Mr Mclver is independent.

High Swire and Linah Mohohlo, both of whom are non-executive directors are considered to be independent as they fall within the Council's definition of 'independence' as being a non-executive director who is not a member of management and who is free from any business or other relationship that could materially interfere with or could reasonably be perceived to materially interfere with the independent exercise of their judgment.

Notwithstanding that these 3rd Edition Recommendations in respect to the composition of the Board are not strictly followed (majority of the Board to be independent) the Company believes that it has achieved in the last 18 months some significant progress to achieving this objective and given its history and the formation of the Board reflects certain founding members, it is not practical at this stage to have a majority of independent Directors. Therefore, the Board takes the view that the interests of the Shareholders are best served with the Board's present composition and has resolved that the situation will continue to be monitored as the operations of the Company evolve and appoint appropriately qualified independent Directors as the opportunities and necessity arise.

(ASX Recommendation 2.3)

The Board has established a Nomination and Remuneration Committee which regularly reviews Board membership. This includes considering what other skills that might be necessary for the Company to reach its strategic objectives. Now that the Board has 3 independent non-executive directors this ASX Recommendation 2.1 has been satisfied with the Committee being constituted by these three directors. A copy of the Remuneration and Nominations Committee Charter is located on the Company's website.

The Committee's members, the number of times that they have met throughout the reporting period and the member's attendance at those meetings is recorded in the section of the 2018 Annual Report headed "Directors Report".

(ASX Recommendation 2.1)

If a Board vacancy becomes available it will be the responsibility of the Nomination Committee to identify the skills, experience and diversity that will best complement the Board and will then embark on a process to identify a candidate who can best meet those criteria. A skills matrix has been developed and adopted by the Board to help assess the relevant criteria of candidates. The Directors

believe the skill base of the current Directors is appropriate for the Company given its size and stage of development.

(ASX Recommendation 2.2)

Given the size of the Company there is no formal induction process for new Directors nor does it have a formal professional development program for existing Directors. The Board does not consider that a formal induction program is necessary given the current size and scope of the Company's operations.

Rather any new Director will be provided with a personalised induction which will be dependent upon the skills and experience that any new Director might possess. Any new Director induction will include comprehensive meetings with senior management and the provision of relevant materials such as all the Company's policies and procedures as well as instruction in relation to these.

All Directors are expected to maintain the skills required to effectively discharge their obligations and are encouraged to undertake continuing professional education such as industry seminars and approved education courses.

(ASX Recommendation 2.6)

Board Charter

The Board operates in accordance with the broad principles set out in its Charter which is regularly reviewed and updated by the Board. It has also adopted a written Code of Conduct which establishes guidelines for its conduct. The purpose of the Code is to ensure that Directors and Executives act honestly, responsibly, legally and ethically and in the best interests of the Company.

Conflicts of Interest

In accordance with the Corporations Act 2001 and the Company's Constitution, Directors must keep the Board advised on an ongoing basis, of any interest that may lead to a conflict with the interests of the Company. Where the Board believes that there is a significant or material conflict, the Director concerned shall be excluded from all discussions and access to Board papers and the like, and shall not be present at any Directors meeting during the consideration or vote on such a matter.

Independence of Professional Advice

The Board has determined that individual Directors have the right to seek independent professional advice in connection with any of their duties and obligations as Directors of the Company. Before a Director may obtain that advice at the Company's expense, the Director must obtain the approval of the Chairman who will not unreasonably withhold that consent. If appropriate any advice received will be made available to the full Board. No member of the Board availed himself of this entitlement during the year under review.

Committees

Audit Committee, Risk Committee and Remuneration & Nomination Committee

The Board delegates specific responsibilities to various Board Sub-Committees. The Board has established the following standing committees:

- An Audit Committee, which is responsible for overseeing the external and internal auditing functions of the Company's activities;

- A Risk Committee, which comprises representatives of the Board and staff to advise and assist the Board in assessing risk factors associated with the operation of the Company; and

- Linah Mohahlo – Chair
- Martin McIver - Committee Member
- Hugh Swire - Committee Member
- Anthony Gilby – Committee Member

(ASX Recommendation 3.1)

The Company has adopted in compliance of ASX Listing Rule 12.12 a Policy for Trading in Company Securities which is binding on all Directors, senior management, officers, employees and consultants of the Company. The purpose of this policy is to provide a brief summary of the law on insider trading and other relevant laws, set out the restrictions on dealing in the Company's securities by people who work for or are associated with Company and assist in maintaining market confidence in the integrity of dealings in Tlou Energy securities. The Policy is posted on the Company's website to ensure that there is public confidence and understanding of the Company's policies governing trading by "potential insiders".

All persons covered by the Policy may not deal in the securities in the Company without first seeking and obtaining a written acknowledgement from the Chairman (or in his absence the Company Secretary) or the Company Secretary (or in his absence the Managing Director) prior to any trade, at which time they must confirm that they are not in possession of any unpublished price-sensitive information. The Company Secretary maintains a register of notifications and acknowledgements given in relation to trading in the Company's securities. The policy was reviewed during the year to ensure that it aligns with the requirements of the ASX Listing Rules.

Safeguard Integrity in Financial Reporting

In accordance with ASX Recommendation 4.1 the Board has had established for all of the financial year under review an Audit Committee with a Charter that sets out the roles, responsibilities, composition, structure and membership requirements.

The primary objective of the Committee is to assist the Board to discharge its responsibilities with regard to:

- Reviewing the Company's internal financial control system;

- Performing such other functions as assigned by law, the Company's constitution, or the Board.

Structure of the Audit Committee and Charter

ASX Recommendation 4.1 states that the audit committee should have at least 3 members consisting only of non-executive directors, a majority of which should be independent with the Chair of the Committee being one of the independent directors who is not the chair of the Company.

During the reporting period, the Committee appointed by the Board did comply with this recommendation as it comprised now of two non-executive Directors and two executive Directors, with the chair of the Committee being an independent Director as prescribed by the ASX Recommendations.

Anthony Gilby is the member of the Committee who is not currently a non-executive director. At the time of his appointment to the Committee he was a non-executive director but has since been appointed the Managing Director.

The Chair of the Committee is Linah Mohohlo who is an independent non-executive director.

Martin Mclver who is an independent non-executive director was previously the Chair of the Committee but also Chair of the Board of Directors. He now sits on the Committee as a member only.

Hugh Swire who is an independent non-executive director is a member of the Committee.

Each member of the Audit Committee has an appropriate knowledge of the Company's affairs and has the financial and business expertise to effectively discharge the duties of the Committee. The members of the Audit Committee by virtue of their professional background experience and personal qualities are well qualified to carry out the functions of the Audit Committee.

The members of the Committee have direct access to any employee, the auditors and financial and legal advisers without management present. The Committee meets as often as is required but no less than twice a year.

The Committee Chair shall report any significant issues arising from the Committee Meetings at the next meeting of the Board.

The Directors report contained in the Company's annual report to shareholders is to contain a dedicated section that describes the role of the Audit Committee and what action it has taken.

The role of the Audit Committee is to: -

(ASX Recommendation 4.2)

The external auditors attend the committee meetings at least twice a year and on other occasions where circumstances warrant as well as being available at the Company's AGM to answer shareholders questions about the conduct of the audit and the preparation and content of the audit report.

The Auditor's lead engagement partner attended the Company's 2017 Annual General Meeting. There were no questions from shareholders about the conduct of the audit and the preparation and content of the auditor's report for year ended 30 June 2017.

(ASX Recommendation 4.3)

External communication which may have a material effect on the price or value of the Company's securities will not be released unless it has been announced previously to the ASX. Effective participation by Shareholders is encouraged at general meetings and procedures have been designed to facilitate this including online voting and the ability of stakeholders to subscribe to receive copies of announcements and reports that are released by the Company.

(ASX Recommendation 5.1)

The Company considers that communicating with shareholders by electronic means is an efficient way to distribute information in a timely and convenient manner. Therefore its website contains a function to allow interested parties to subscribe to receive electronic notification of public releases and other relevant material concerning the Company and its activities.

(ASX Recommendation 6.4)

Recognition and Management of Risk

The Board is responsible for the oversight of the Company's risk management. The responsibility and control of risk management is overseen by the Managing Director, with matters delegated to the appropriate level of management within the Company with the Managing Director being responsible for assuring the systems are maintained and complied with.

The Company has established a Risk Committee that is focused on ensuring that the Company maintains an effective system of internal control and risk management. The Committee's structure, roles and responsibilities are detailed in the Risk Committee Charter.

Flowing from this, the Company has adopted a Risk Management Policy that governs the Company's approach to managing financial and non- financial risks.

The members of the Risk Committee are appointed by the Board, two of which are to be Board Members. Company personnel are required to attend Risk Committee meetings as and when requested.

Specific functions of the Risk Committee are to: -

- (a) review and oversee the Company's risk profiles as developed and reported by management;
- (b) identify material business risks and monitor emerging risks and changes in the Company's risk profile;
- (c) monitor and review the risk management performance of the Company, including conducting specific investigations where deemed necessary;
- (d) review any legal matters which could significantly impact the Company's risk management and internal control systems, and any significant compliance and reporting issues, including any recent internal regulatory compliance reviews and reports;
- (e) review the effectiveness of the compliance function at least annually, including the system for monitoring compliance with laws and regulations and the results of management's investigations and follow-ups (including disciplinary action) of any fraudulent acts or non-compliance;

- (j) review the Company's insurance strategy, including the coverage and limits of the insurance policies, in order to, if thought fit, recommend to the Board for approval; and
- (k) promote an awareness of a risk based culture in the balance of pursuit of business objectives whilst managing risks.

(ASX Recommendation 7.1)

The Risk Committee meets whenever necessary but no less than three times a year and keeps minutes of its meetings which are included for review at the following Board Meeting.

The Company has a qualified Compliance and Risk Manager who has been engaged to oversee the design and implementation of the risk control programme. The Company's Risk Management Policy requires the Board, being guided by the Risk Committee to at least annually undertake a risk review to determine if the existing risk framework is satisfactory considering the material risks faced by the Company.

The Board with the assistance of the Risk Committee has completed a review of the Company's risk management framework during the year under review and determined that the risk management framework that was in place was satisfactory for the present needs of the Company.

(ASX Recommendation 7.2)

The Company does not have a formal internal audit function. However, it has adopted a number of internal controls such as identifying key risks in a Risk Register and managing activities within a budget and operational plan. Management led by the Chief Financial Officer periodically undertakes an internal review of financial systems and processes and where systems are considered to require improvement these systems are developed. Delegations of Authority are reviewed annually by the Audit Committee.

The ongoing mitigation and management of financial and operational risks are standing agenda items of the Audit and Risk Committees. The Chief Executive Officer and the Chair of the Audit Committee are responsible for reporting to the Board on a regular basis in relation to whether the Company's material business risks are being managed effectively by the existing management and internal controls systems.

(ASX Recommendation 7.3)

The Company undertakes gas exploration activities and as such faces inherent risks to its business, including economic, environmental and social sustainability risks which may materially impact the Company's ability to create or preserve value for shareholders over the short, medium or long term. The Board is regularly briefed by management as well as keeping itself abreast of possible material exposure to risks that the Company may face.

Of core importance to the Company is safety, which it considers a priority not only in respect to its employees and contractors but also to the community and environment in which it operates. The Company believes that if these matters are priorities then they will act as drivers for value to shareholders. The Company has in place policies and procedures, including a risk management framework, to help manage these risks.

(ASX Recommendation 7.4)

Remunerate Fairly and Responsibly

The Board has established a Nomination & Remuneration Committee. There is no separate Remuneration Committee.

Given the size of the Board, the Directors have previously determined that the non-executive Directors would execute the functions of a Remuneration & Nomination Committee and have adopted a Remuneration and Nomination Charter. The Board has agreed that the function of the Remuneration & Nomination Committee will be constituted by a majority of independent non-executive directors.

The Board does not believe that any advantage would be achieved at this juncture taking into account the size of the Company and the Board to have a separately constituted Remuneration Committee to carry out this function.

The non-executive members of the Board acting in their capacity as a Committee is tasked with ensuring that the Company has remuneration policies and practices which enable it to attract and retain Directors and executives who will best contribute towards achieving positive outcomes for Shareholders.

The Company complies with the guidelines for executive remuneration packages and non-executive Director Remuneration as recommended in the ASX Recommendations.

The ASX Listing Rules and the Constitution require that the maximum aggregate amount of remuneration to be allocated among the non-executive Directors be approved by the shareholders in a general meeting. In proposing the maximum amount of consideration by shareholders, and in determining the allocation, the Remuneration Committee will take into account the time demands made on Directors and such factors as fees paid to non-executive Directors in comparable Australian

companies. A meeting of shareholders held 10 July 2012 saw a resolution passed approving a pool of no more than \$500,000 for this purpose.

The names of the members of the Nomination & Remuneration Committee and their attendances at the meetings of the Committee (if held) are set out in the Directors Report which forms a part of the Company's Annual Report. The remuneration paid to Directors and senior executives is shown in the Remuneration Report contained in the Directors' Report, which includes details on the Company's remuneration policies. There are no termination and retirement benefits for non-executive Directors other than statutory superannuation entitlements.

(ASX Recommendation 8.1)

The Company's policies and practices regarding the remuneration of non-executive Directors, executive Directors and senior executives is set out in the Remuneration & Nominations Committee Charter and in the Remuneration Report contained in the 2017 Annual Report.

A copy of the Remuneration & Nomination Committee Charter is available on the Company's website.

(ASX Recommendation 8.2)

The Company has an equity based remuneration scheme, although no shares have been issued through the same since the listing of the Company. The Company's Policy for Trading in the Company's Securities does not specifically prohibit Directors entering into transactions or arrangements which would limit the economic risk of unvested entitlements.

However, all dealings in the Company's Securities do need to be first approved by the Company. The Securities Trading Policy is available on the Company's website.

(ASX Recommendation 8.3)

Approved by the Board

28 August 2018
