Sulawesi, Indonesia – Earthquake and Tsunami

Many shareholders will be aware that Northern Sulawesi in Indonesia has been hit by an earthquake and tsunami which has caused significant loss of life and widespread damage.

Our sincere thoughts and prayers go out to the families who have been affected.

Energy World Corporation, through our Indonesian subsidiaries, will be supporting the relief effort as these communities commence the process to rebuild their lives.

Fortunately, none of our staff have been directly affected and our projects, which are all located in Southern Sulawesi, approximately 350 kilometres south of the worst hit areas, did not suffer any damage.

Again, our thoughts and prayers are with all those that have suffered as a result of this natural disaster.

Yours faithfully,
For and on behalf of
ENERGY WORLD CORPORATION LTD.

Brian Allen
Executive Director
