4. DETAILS OF THE OFFER

4.1 The Offer

The Offer is being made as a non-renounceable entitlement offer of two (2) Shares for every three (3) Shares held by Eligible Shareholders registered at the Record Date at an issue price of \$0.025 per Share.

Fractional entitlements will be rounded up to the nearest whole number.

Based on the capital structure of the Company as at the date of this Prospectus and assuming all Entitlements are accepted, and no Options are exercised prior to the Record Date, a maximum of approximately 86,574,897 Shares will be issued pursuant to the Offer to raise up to approximately \$2,164,372.

As at the date of this Prospectus the Company has 77,092,133 Options on issue all of which may be exercised prior to the Record Date in order to participate in the Offer. Please refer to Section 5.4 of this Prospectus for information on the exercise price and expiry date of the Options on issue.

All of the Shares offered under this Prospectus will rank equally with the Shares on issue at the date of this Prospectus. Please refer to Section 6 for further information regarding the rights and liabilities attaching to the Shares.

The purpose of the Offer and the intended use of funds raised are set out in Section 5.1 of this Prospectus.

4.2 Minimum subscription

There is no minimum subscription.

4.3 Acceptance

Your acceptance of the Offer must be made by following instructions set out on the Entitlement and Acceptance Form accompanying this Prospectus. You will be deemed to have accepted in respect of such whole number of Shares which is covered in full by your application monies (including additional shares under the Shortfall Offer). You may participate in the Offer as follows:

- (a) accept your **full** Entitlement; or
- (b) accept **part** of your Entitlement; or
- (c) accept your full Entitlement and apply for additional Shares under the Shortfall Offer; or
- (d) if you do not wish to accept all or part of your Entitlement, you are not obliged to do anything.

The Offer is non-renounceable. Accordingly, a Shareholder may not sell or transfer all or part of their Entitlement.

4.4 Payment

Payment by cheque/bank draft

All cheques must be drawn on an Australian bank or bank draft made payable in Australian currency to "PanTerra Gold Limited" and crossed "Not Negotiable".

Your completed Entitlement and Acceptance Form and cheque must be received by the Company's share registry by no later than 5:00 pm AEDT on the Closing Date.

Payment by BPAY®

For payment by BPAY®, please follow the instructions on the Entitlement and Acceptance Form. You can only make a payment via BPAY® if you are the holder of an account with an Australian financial institution that supports BPAY® transactions. Please note that should you choose to pay by BPAY®:

- (a) you do not need to submit the Entitlement and Acceptance Form but are taken to have made the declarations on that Entitlement and Acceptance Form; and
- (b) if you do not pay for your Entitlement in full, you are deemed to have taken up your Entitlement in respect of such whole number of Shares which is covered in full by your application monies.

It is your responsibility to ensure that your BPAY® payment is received by the share registry by no later than 5:00 pm (AEDT) on the Closing Date. You should be aware that your financial institution may implement earlier cut-off times with regards to electronic payment and you should therefore take this into consideration when making payment. Any application monies received for more than your final allocation of Shares (only where the amount is \$1.00 or greater) will be refunded. No interest will be paid on any application monies received or refunded.

4.5 Underwriting and sub-underwriting

The Offer is partially underwritten by CPS Capital Group Pty Ltd. The Company will pay an underwriting fee of 4% of the underwritten amount (plus GST), a management fee of 1% of the total amount raised, a placement fee of 5% of any shortfall placed by the Underwriter beyond the underwritten amount and a \$40,000 lead manager fee to the Underwriter. The obligation of the Underwriter to underwrite the Offer is subject to certain events of termination. The terms of the Underwriting Agreement are summarised in Section 8.4.

The Underwriter has entered into a sub-underwriting agreement with Moonstar Investments Pty Ltd <ATF The Pemberley Trust> (**Moonstar** or the **Sub-Underwriter**) pursuant to which Moonstar will sub-underwrite 40,000,000 Shortfall Shares (**Sub-Underwriting Agreement**). Moonstar is an entity associated with Brian Johnson, Brian is a director and excluded beneficiary of Moonstar.

Under the terms of the Sub-Underwriting Agreement, the Sub-Underwriter will be paid a sub-underwriting fee of 4% of its respective sub-underwritten amount, which will be payable out of the underwriting fee received by the Underwriter.

To the extent entities associated with the Sub-Underwriter currently hold Shares in the Company, these entities intend to take up their Entitlement. Please refer to Sections 4.6.2 and 8.6 for further information and disclosure of Director interests in Securities, including details regarding their respective Entitlements.

4.6 Potential dilution

Shareholders should note that if they do not participate in the Offer, their holdings are likely to be diluted by approximately 40% (as compared to their holdings and number of Shares on issue as at the date of this Offer Document).

Examples of how the dilution may impact Shareholders are set out in the table below:

Holder	Holding as at Record date	Approximate % at Record Date ¹	Entitlements under the Offer	Holdings if Offer not taken Up	Approximate % post Offer
Shareholder 1	50,000,000	38.50%	33,333,333	50,000,000	23.10%
Shareholder 2	25,000,000	19.25%	16,666,667	25,000,000	11.55%
Shareholder 3	10,000,000	7.70%	6,666,667	10,000,000	4.62%
Shareholder 4	1,000,000	0.77%	666,667	1,000,000	0.46%
Shareholder 5	100,000	0.08%	66,667	100,000	0.05%

Notes:

1. This is based on a share capital of 129,862,345 Shares at the date of this Offer Document.
2. The dilutionary effect shown in the table is the maximum percentage on the assumption that those Entitlements not accepted are placed under the Shortfall Offer. In the event all Entitlements are not accepted and some or all of the resulting Shortfall was not subsequently placed, the dilution effect for each Shareholder not accepting their Entitlement would be a lesser percentage.

The effect of the Offer on the control of the Company and in particular the Sub-Underwriters' shareholding in the event that Shareholders do not participate in the Offer is further described in Sections 4.6.1 and 4.6.2.

4.6.1 Potential effect on control

Underwriting by CPS Securities Capital Group Pty Ltd

The Underwriter presently is not a shareholder of the Company and the extent to which Shares are issued pursuant to the underwriting will increase the Underwriters' voting power in the Company. The Underwriter is not a related party of the Company for the purpose of the Corporations Act. The Underwriter's present relevant interest and changes under several scenarios are set out in the table below.

Event	Shares held by Underwriter	Voting power of Underwriter
Date of Prospectus	0	0%
Full subscription under the Entitlement Issue	0	0%
Entitlement Issue 75% subscribed	0	0%
Entitlement Issue 50% subscribed	3,287,448	1.52%
Entitlement Issue 25% subscribed	10,000,000	4.96%
Entitlement Issue 11.84% subscribed	10,000,000	5.26%

Notes:

1. Assuming the Underwriter underwrites the Offer in accordance with the terms of its Underwriting Agreement.
2. Assuming the Sub-Underwriter takes up the full sub-underwriting entitlement under the Offer in accordance with the Sub-Underwriter's Sub-Underwriting Agreement.

- Assuming each Director and their respective controlled entities take up their full Entitlement under the Offer (as currently intended). As at the date of this Prospectus, and as noted in Section 8.6, the Directors currently have a relevant interest in 11.84% of the Shares on issue.

The Company considers an outcome whereby no Shareholders other than Directors and Sub-Underwriters will take up their Entitlements under the Offer unlikely.

4.6.2 Sub-underwriting

Moonstar, together with its associates, has a relevant interest in 14,706,872 Shares, representing 11.32% of the Shares currently on issue. Moonstar is an entity associated with Brian Johnson, with Mr Johnson being a director and excluded beneficiary.

Moonstar has indicated that it is its intention, and the intention of its associates, to take up their Entitlements under the Offer, being a total of 9,804,581 Shares.

Assuming Moonstar is required to sub-underwrite the maximum number of Shares under its Sub-Underwriting Agreement with the Underwriter (being 40,000,000 Shares) Moonstar and its associates may acquire a maximum voting power of up to approximately 33.93%, assuming that only the Directors', the Sub-Underwriter and the Underwriter takes up any Entitlement. The sub-underwriting obligation and therefore the voting power of Moonstar and its associates will reduce for the amounts of Entitlements accepted under the Offer and any Shortfall Shares allocated to other Eligible Shareholders.

Notwithstanding the potential control effect of Moonstar sub-underwriting the Offer, Moonstar has informed the Company that, based on the facts and circumstances presently known to it, it has no present intention of making any significant changes to the business or management of the Company following the announcement of the new Cuban project opportunity on 15 October 2018.

Moonstar's present relevant interest and changes under several scenarios are set out in the table below.

Event	Shares held by Moonstar	Voting power of Moonstar
Date of Prospectus	14,706,872	11.32%
Full Subscription of the Entitlement Issue	24,511,453	11.32%
Entitlement Issue 75% subscribed	46,155,178	21.32%
Entitlement Issue 50% subscribed	64,511,453	29.81%
Entitlement Issue 25% subscribed	64,511,453	32.01%
Entitlement Issue 11.84% subscribed	64,511,453	33.93%

Notes:

- Assuming the Underwriter underwrites the Offer in accordance with the terms of its Underwriting Agreement.
- Assuming the Sub-Underwriter takes up the full sub-underwriting entitlement under the Offer in accordance with the Sub-Underwriter's Sub-Underwriting Agreement.
- Assuming each Director and their respective controlled entities take up their full Entitlement under the Offer (as currently intended). As at the date of this Prospectus, and as noted in Section 8.6, the Directors currently have a relevant interest in 11.84% of

the Shares on issue.

The Company considers an outcome whereby no Shareholders other than Directors, Underwriter and the Sub-Underwriter will take up their Entitlements under the Offer unlikely

4.7 Shortfall Offer

Any Entitlement not taken up pursuant to the Offer will form the Shortfall Offer. The Shortfall Offer is a separate offer made pursuant to this Prospectus and will remain open for up to three months following the Closing Date.

Eligible Shareholders may apply for Shortfall Shares under the Shortfall Offer, subject to such Applications being received prior to the Closing Date. The issue price for each Share to be issued under the Shortfall Offer will be \$0.025 being the price at which Shares have been offered under the Offer.

The allocation of the Shortfall Shares will be at the discretion of the Board, in consultation with the Underwriter and otherwise in accordance with the terms of the Underwriting Agreement. It is expected that the Shortfall will first be allocated to the Sub-Underwriter and then to other Eligible Shareholders who apply for Shortfall in addition to their full Entitlement. Any remaining amounts will then be allocated between the balance of any Underwriting and any other applications received by the Company.

If the number of Shortfall Shares applied for exceeds the Shortfall, Shortfall will be allocated among Eligible Shareholders equitably and otherwise at the discretion of the Board (in consultation with the Underwriter).

The Company considers an outcome whereby no Shareholders other than Directors and Sub-Underwriters will take up their Entitlements under the Offer unlikely. Further, pursuant to the terms of the Underwriting Agreement, the Underwriter has agreed to ensure that no person participating in the Shortfall will receive Shortfall Shares that would result in the person holding total voting power in the Company equal to or greater than 19.99% following completion of the Offer (other than Moonstar and its associates).

4.8 ASX listing

Application for Official Quotation of the Shares offered pursuant to this Prospectus will be made in accordance with the timetable set out at the commencement of this Prospectus. If ASX does not grant Official Quotation of the Shares offered pursuant to this Prospectus before the expiration of 3 months after the date of issue of the Prospectus, (or such period as varied by the ASIC), the Company will not issue any Shares and will repay all application monies for the Shares within the time prescribed under the Corporations Act, without interest.

The fact that ASX may grant Official Quotation to the Shares is not to be taken in any way as an indication of the merits of the Company or the Shares now offered for subscription.

4.9 Issue of Shares

Shares issued pursuant to the Offer will be issued in accordance with the ASX Listing Rules and timetable set out at the commencement of this Prospectus.

Shares issued pursuant to the Shortfall Offer will be issued on a progressive basis. Where the number of Shares issued is less than the number applied for, or where no issue is made surplus application monies will be refunded without any interest

to the Applicant as soon as practicable after the closing date of the Shortfall Offer.

Pending the issue of the Shares or payment of refunds pursuant to this Prospectus, all application monies will be held by the Company in trust for the Applicants in a separate bank account as required by the Corporations Act. The Company, however, will be entitled to retain all interest that accrues on the bank account and each Applicant waives the right to claim interest.

Holding statements for Shares issued under the Offer will be mailed in accordance with the ASX Listing Rules and timetable set out at the commencement of this Prospectus and for Shortfall Shares issued under the Shortfall Offer as soon as practicable after their issue.

4.10 Overseas shareholders

This Offer does not, and is not intended to, constitute an offer in any place or jurisdiction in which, or to any person to whom, it would not be lawful to make such an offer or to issue this Prospectus.

It is not practicable for the Company to comply with the securities laws of overseas jurisdictions having regard to the number of overseas Shareholders, the number and value of Shares these Shareholders would be offered and the cost of complying with regulatory requirements in each relevant jurisdiction. Accordingly, the Offer is not being extended and Shares will not be issued to Shareholders with a registered address which is outside Australia or New Zealand.

New Zealand

The Shares are not being offered to the public within New Zealand other than to existing shareholders of the Company with registered addresses in New Zealand to whom the offer of these securities is being made in reliance on the transitional provisions of the Financial Markets Conduct Act 2013 (New Zealand) and the Securities Act (Overseas Companies) Exemption Notice 2013 (New Zealand).

This Prospectus has been prepared in compliance with Australian law and has not been registered, filed with or approved by any New Zealand regulatory authority. This document is not a product disclosure statement under New Zealand law and is not required to, and may not, contain all the information that a product disclosure statement under New Zealand law is required to contain.

Nominees and custodians

Nominees and custodians may not submit an Entitlement and Acceptance Form on behalf of any Shareholder resident outside Australia and New Zealand without the prior consent of the Company, taking into account relevant securities law restrictions. Return of a duly completed Entitlement and Acceptance Form will be taken by the Company to constitute a representation that there has been no breach of those regulations.

4.11 Enquiries

The funds raised from the Offer are planned to be used in accordance with the table set out below:

5.2 Effect of the Offer

The principal effect of the Offer, assuming all Entitlements are accepted and no Options are exercised prior to the Record Date, will be to:

- (a) increase the cash reserves by \$2,164,372 (before deducting the estimated expenses of the Offer) immediately after completion of the Offer; and
- (b) increase the number of Shares on issue from 129,862,345 as at the date of this Prospectus to approximately 216,437,242 Shares.

The pro-forma balance sheet has been prepared to provide investors with information on the assets and liabilities of the Company and pro-forma assets and liabilities of the Company as noted below. The historical and pro-forma financial information is presented in an abbreviated form, insofar as it does not include all of the disclosures required by Australian Accounting Standards applicable to annual financial statements.

5.4 Effect on capital structure

The effect of the Offer on the capital structure of the Company, assuming all Entitlements are accepted, and no Options are exercised prior to the Record Date, is set out below.

Shares

	Number
Shares currently on issue	129,862,345
Shares offered pursuant to the Offer	86,574,897
Total Shares on issue after completion of the Offer	216,437,242

Options

Options currently on issue: (Quoted exercisable at \$0.15 on or before 31 December 2018)	77,092,133
Total Options on issue after completion of the Offer	77,092,133

The capital structure on a fully diluted basis as at the date of this Prospectus would be 206,954,478 Shares and on completion of the Offer (assuming all Entitlements are accepted, and no Options are exercised prior to the Record Date) would be 216,437,241 Shares.

No Shares or Options on issue are subject to escrow restrictions, either voluntary or ASX imposed.

5.5 Effect of the Offer on control and voting power in the Company

The Company's substantial holders and their Entitlement prior to the Offer are set out in the table below.

Substantial Holder	Shares	Voting Power (%)	Entitlement	\$
Mercury Connection International Co Limited	20,000,000	15.40	Nil	N/A
Moonstar Investments Pty Ltd <The Pemberley A/C>	14,706,872	11.32	9,804,581 ¹	245,115
Central American Mezzanine Infrastructure Fund LP	11,745,036	9.04	Nil	N/A

Notes:

1. In addition to its entitlement, Moonstar has also agreed to sub-underwrite the Offer up to an amount of 40,000,000 Shares, see Section 4.6.2 for further information.
2. The voting power in the table is prior to settlement of the Offer.

3. Mercury Connection International Co Limited and Central American Mezzanine Infrastructure Fund LP are not Eligible Shareholders.

The potential effect that the issue of the Shares under the Offer will have on the control of the Company is as follows:

- (a) if all Eligible Shareholders take up their Entitlements under the Offer, the issue of Shares under the Offer will have no effect on the control of the Company and all shareholders will hold the same percentage interest in the Company, subject only to changes resulting from ineligible shareholders being unable to participate in the Offer;
- (b) in the more likely event that there is a shortfall, Eligible Shareholders who do not subscribe for their full Entitlement of Shares under the Offer and ineligible shareholders unable to participate in the Offer will be diluted relative to those shareholders who subscribe for some or all of their entitlement as shown by the table in Section 4.6; and
- (c) in respect of any shortfall, eligible shareholders will be entitled to top-up their shareholding, by subscribing for additional shares to be issued from the shortfall pool (**Shortfall Offer**). However, the Company will only issue such Shares pursuant to an application received where the Directors are satisfied, in their discretion, that the issue of the Shares will not increase the applicant's voting power above 19.90%. Having regard to the number of Shares to be issued under the Offer, even if a substantial shortfall eventuated, a participant in the Shortfall Offer would therefore not be in a position to exercise any substantive control in the Company.

6. RIGHTS AND LIABILITIES ATTACHING TO SHARES

The following is a summary of the more significant rights and liabilities attaching to Shares being offered pursuant to this Prospectus. This summary is not exhaustive and does not constitute a definitive statement of the rights and liabilities of Shareholders. To obtain such a statement, persons should seek independent legal advice.

Full details of the rights and liabilities attaching to Shares are set out in the Constitution, a copy of which is available for inspection at the Company's registered office during normal business hours.

6.1 General meetings

Shareholders are entitled to be present in person, or by proxy, attorney or representative to attend and vote at general meetings of the Company.

Shareholders may requisition meetings in accordance with section 249D of the Corporations Act and the Constitution of the Company.

6.2 Voting rights

Subject to any rights or restrictions for the time being attached to any class or classes of shares, at general meetings of shareholders or classes of shareholders:

- (a) each Shareholder entitled to vote may vote in person or by proxy, attorney or representative;
- (b) on a show of hands, every person present who is a Shareholder or a proxy, attorney or representative of a Shareholder has one vote; and
- (c) on a poll, every person present who is a Shareholder or a proxy, attorney or representative of a Shareholder shall, in respect of each fully paid Share held by him, or in respect of which he is appointed a proxy, attorney or representative, have one vote for each Share held, but in respect of partly paid shares shall have such number of votes as bears the same proportion to the total of such Shares registered in the Shareholder's name as the amount paid (not credited) bears to the total amounts paid and payable (excluding amounts credited).

6.3 Dividend rights

Subject to the rights of any preference Shareholders and to the rights of the holders of any shares created or raised under any special arrangement as to dividend, the Directors may from time to time declare a dividend to be paid to the Shareholders entitled to the dividend which shall be payable on all Shares according to the proportion that the amount paid (not credited) is of the total amounts paid and payable (excluding amounts credited) in respect of such Shares.

The Directors may from time to time pay to the Shareholders any interim dividends as they may determine. No dividend shall carry interest as against the Company. The Directors may set aside out of the profits of the Company any amounts that they may determine as reserves, to be applied at the discretion of the Directors, for any purpose for which the profits of the Company may be properly applied.

Subject to the ASX Listing Rules and the Corporations Act, the Company may, by resolution of the Directors, implement a dividend reinvestment plan on such terms and conditions as the Directors think fit and which provides for any dividend which the Directors may declare from time to time payable on Shares which are participating Shares in the dividend reinvestment plan.

6.4 Winding-up

If the Company is wound up, the liquidator may, with the authority of a special resolution, divide among the Shareholders in kind the whole or any part of the property of the Company, and may for that purpose set such value as he considers fair upon any property to be so divided, and may determine how the division is to be carried out as between the Shareholders or different classes of Shareholders.

The liquidator may, with the authority of a special resolution, vest the whole or any part of any such property in trustees upon such trusts for the benefit of the contributories as the liquidator thinks fit, but so that no Shareholder is compelled to accept any shares or other securities in respect of which there is any liability.

6.5 Shareholder liability

As the Shares issued will be fully paid shares, they will not be subject to any calls for money by the Directors and will therefore not become liable for forfeiture.

6.6 Transfer of shares

Generally, shares in the Company are freely transferable, subject to formal requirements, the registration of the transfer not resulting in a contravention of or failure to observe the provisions of a law of Australia and the transfer not being in breach of the Corporations Act and the ASX Listing Rules.

6.7 Future increase in capital

The issue of any new Shares is under the control of the Directors of the Company. Subject to restrictions on the issue or grant of Securities contained in the ASX Listing Rules, the Constitution and the Corporations Act (and without affecting any special right previously conferred on the holder of an existing share or class of shares), the Directors may issue Shares as they shall, in their absolute discretion, determine.

6.8 Variation of rights

Under section 246B of the Corporations Act, the Company may, with the sanction of a special resolution passed at a meeting of Shareholders vary or abrogate the rights attaching to shares.

If at any time the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class), whether or not the Company is being wound up, may be varied or abrogated with the consent in writing of the holders of three quarters of the issued shares of that class, or if authorised by a special resolution passed at a separate meeting of the holders of the shares of that class.

6.9 Alteration of constitution

In accordance with the Corporations Act, the Constitution can only be amended by a special resolution passed by at least three quarters of

Shareholders present and voting at the general meeting. In addition, at least 28 days written notice specifying the intention to propose the resolution as a special resolution must be given.

7. RISK FACTORS

7.1 Introduction

The Shares offered under this Prospectus are considered highly speculative. An investment in the Company is not risk free and the Directors strongly recommend potential investors to consider the risk factors described below, together with information contained elsewhere in this Prospectus and to consult their professional advisers before deciding whether to apply for Shares pursuant to this Prospectus.

There are specific risks which relate directly to the Company's business. In addition, there are other general risks, many of which are largely beyond the control of the Company and the Directors. The risks identified in this section, or other risk factors, may have a material impact on the financial performance of the Company and the market price of the Shares.

The following is not intended to be an exhaustive list of the risk factors to which the Company is exposed.

7.2 Company specific

(a) Potential for significant dilution

Upon implementation of the Offer, assuming all Entitlements are accepted, and no Options are exercised prior to the Record Date the number of Shares in the Company will increase from 129,862,345 currently on issue to a maximum of 216,437,242. This means that each Share will represent a significantly lower proportion of the ownership of the Company.

It is not possible to predict what the value of the Company or a Share will be following the completion of the Offer being implemented and the Directors do not make any representation as to such matters.

The last trading price of Shares on ASX prior to the Prospectus being lodged of \$0.035 is not a reliable indicator as to the potential trading price of Shares after implementation of the Offer.

(b) La Demajagua risk factor

Although the PanTerra Gold Group has been selected by GeoMinera S.A. to partner them in the development of the La Demajagua refractory gold deposit in Cuba, the proposed joint venture agreement may not ultimately be approved by the Cuban Government's Committee for Foreign Investment.

Additionally, results of the Preliminary Feasibility Study for this project may not demonstrate technical or commercial viability.

Also, existing sanctions imposed on trading with Cuba which have been established by the US Government may impact on availability of equipment, technology, and project finance.

It is the intention of PanTerra Gold to utilise major components of its' process plant currently located at Las Lagunas in the Dominican Republic for the La Demajagua project. This will require a waiver to existing constraints by Glencore Technology Pty Ltd that the plant may

only be utilised on the Company's Las Lagunas refractory gold tailings retreatment project and there is a risk that such waiver may not be forthcoming.

(c) **Operations in Dominican Republic and Cuba**

PanTerra operates in foreign jurisdictions including Cuba and the Dominican Republic. As a result, PanTerra is exposed to political, economic and other risks and uncertainties associated with operating in Cuba and the Dominican Republic. These risks include changing political conditions, changes in regulations and taxation policies, renegotiation or cancellation of existing permits and contracts, currency exchange rates, restrictions on foreign exchange and currency controls, inflation, labour unrest and changes in diplomatic relations. These risks and uncertainties may be unpredictable and could adversely affect the value of the assets or future financial performance of PanTerra.

(d) **Existing litigation**

The following cases are being conducted on behalf of the Company in the Dominican Republic:

(i) Enviro Gold (Las Lagunas) Limited v Gruas Liriano

Gruas Liriano is a crane operator based in the Dominican Republic. In 2013, Enviro Gold (Las Lagunas) Limited (**EVGLL**) filed a law suit against Gruas Liriano for damages caused to one of EVGLL's dredges. The amount claimed is approximately US\$1.9 million. Gruas Liriano has filed several counter claims, including a claim for unpaid invoices totalling US\$38,000. The claims are still before the Courts, the Company does not expect a decision before the end of this year.

(ii) Dominican Taxation Department v Enviro Gold (Las Lagunas) Limited (**EVGLL**)

The Dominican Taxation Department (**DGII**) has been issuing assessments for "advance (provisional) taxation" to EVGLL since 2014, despite EVGLL having clear legal advice that no income tax is payable on profits from the Las Lagunas project in the Dominican Republic. EVGLL has been obliged to challenge each assessment on receipt. In January 2018, the Superior Administrative Court found EVGLL was indeed exempted from paying income tax under the terms of the Special Contract with the Dominican State, and accordingly was not required to pay advance taxation to DGII. DGII subsequently appealed the Court's decision before the Supreme Court of Justice. An appeal date has not yet been set.

In order to resolve this issue, a formal Notice of Dispute under the dispute resolution provisions of the Special Contract was lodged with the Dominican Government on 11 July 2018. Assuming the matter is not resolved during a stipulated 90-day negotiation period, EVGLL will commence arbitration proceedings to be held in Washington, D.C., USA under the International Centre for Settlement of Investment Disputes Rules. Any resolution is uncertain, however should EVGLL receive an unfavourable decision, this may adversely impact on the

Company as EVGLL is a wholly owned subsidiary of the Company.

7.3 Industry specific

(a) **Technology Risk**

The process plant intended to be used by PanTerra Gold for the extraction of precious metals from refractory concentrates, may not perform as designed, may prove uneconomic or unreliable.

(b) **Commercial and Operations Risks**

The Company's projects may be affected by various factors including precious metals prices, failure to achieve predicted grades in mining; operational and technical difficulties encountered in mining or processing; mechanical failures or breakdowns; unanticipated metallurgical problems which may affect extraction costs; adverse weather conditions; industrial and environmental accidents; industrial disputes; and unexpected shortages or increases in the costs of consumables, spare parts, plant and equipment. No assurances can be provided that the Company will maintain commercial viability of the Las Lagunas operations or achieve profitability of future projects,

(c) **Exchange rate fluctuations**

The funds raised under the Offer will be applied to funding of the Pre-Feasibility Study which will be in US dollars. Any unfavourable variations in the AU\$ to US\$ exchange rate will result in less funds being applied to this study which will mean that the Company will have to use alternative funding.

7.4 General risks

(a) **Economic**

General economic conditions, movements in interest and inflation rates and currency exchange rates may have an adverse effect on the Company's exploration, development and production activities, as well as on its ability to fund those activities.

(a) **Market conditions**

Share market conditions may affect the value of the Company's quoted securities regardless of the Company's operating performance. Share market conditions are affected by many factors such as:

- general economic outlook;
- introduction of tax reform or other new legislation;
- interest rates and inflation rates;
- changes in investor sentiment toward particular market sectors;
- the demand for, and supply of, capital; and
- terrorism or other hostilities.

The market price of securities can fall as well as rise and may be subject to varied and unpredictable influences on the market for equities in general and resource exploration stocks in particular. Neither the Company nor the Directors warrant the future performance of the Company or any return on an investment in the Company.

(b) **Additional requirements for capital**

The Company's capital requirements depend on numerous factors. Depending on the Company's ability to generate income from its operations, the Company may require further financing in addition to amounts raised under the Offer. Any additional equity financing will dilute shareholdings, and debt financing, if available, may involve restrictions on financing and operating activities. If the Company is unable to obtain additional financing as needed, it may be required to reduce the scope of its operations and scale back its exploration programmes as the case may be. There is however no guarantee that the Company will be able to secure any additional funding or be able to secure funding on terms favourable to the Company.

(c) **Dividends**

Any future determination as to the payment of dividends by the Company will be at the discretion of the Directors and will depend on the financial condition of the Company, future capital requirements and general business and other factors considered relevant by the Directors. No assurance in relation to the payment of dividends or franking credits attaching to dividends can be given by the Company.

(d) **Taxation**

The acquisition and disposal of Shares will have tax consequences, which will differ depending on the individual financial affairs of each investor. All potential investors in the Company are urged to obtain independent financial advice about the consequences of acquiring Shares from a taxation viewpoint and generally.

To the maximum extent permitted by law, the Company, its officers and each of their respective advisors accept no liability and responsibility with respect to the taxation consequences of subscribing for Shares under this Prospectus.

(e) **Reliance on key personnel**

The responsibility of overseeing the day-to-day operations and the strategic management of the Company depends substantially on its senior management and its key personnel. There can be no assurance given that there will be no detrimental impact on the Company if one or more of these employees cease their employment.

7.5 Speculative investment

The above list of risk factors ought not to be taken as exhaustive of the risks faced by the Company or by investors in the Company. The above factors, and others not specifically referred to above, may in the future materially affect the financial performance of the Company and the value of the Shares offered under this Prospectus

Therefore, the Shares to be issued pursuant to this Prospectus carry no guarantee with respect to the payment of dividends, returns of capital or the market value of those Shares.

Potential investors should consider that the investment in the Company is speculative and should consult their professional advisers before deciding whether to apply for Shares pursuant to this Prospectus.

8. ADDITIONAL INFORMATION

8.1 Litigation

Apart from the litigation described in Section 7.2(d), as at the date of this Prospectus, the Company is not involved in any legal proceedings and the Directors are not aware of any legal proceedings pending or threatened against the Company.

8.2 Continuous disclosure obligations

The Company is a “disclosing entity” (as defined in section 111AC of the Corporations Act) for the purposes of section 713 of the Corporations Act and, as such, is subject to regular reporting and disclosure obligations. Specifically, like all listed companies, the Company is required to continuously disclose any information it has to the market which a reasonable person would expect to have a material effect on the price or the value of the Company's securities.

This Prospectus is a “transaction specific prospectus”. In general terms a “transaction specific prospectus” is only required to contain information in relation to the effect of the issue of securities on a company and the rights attaching to the securities. It is not necessary to include general information in relation to all of the assets and liabilities, financial position, profits and losses or prospects of the issuing company.

This Prospectus is intended to be read in conjunction with the publicly available information in relation to the Company which has been notified to ASX and does not include all of the information that would be included in a prospectus for an initial public offering of securities in an entity that is not already listed on a stock exchange. Investors should therefore have regard to the other publicly available information in relation to the Company before deciding whether or not to invest.

Having taken such precautions and having made such enquires as are reasonable, the Company believes that it has complied with the general and specific requirements of ASX as applicable from time to time throughout the 3 months before the issue of this Prospectus which required the Company to notify ASX of information about specified events or matters as they arise for the purpose of ASX making that information available to the stock market conducted by ASX.

Information that is already in the public domain has not been reported in this Prospectus other than that which is considered necessary to make this Prospectus complete.

The Company, as a disclosing entity under the Corporations Act states that:

- (a) it is subject to regular reporting and disclosure obligations;
- (b) copies of documents lodged with the ASIC in relation to the Company (not being documents referred to in section 1274(2)(a) of the Corporations Act) may be obtained from, or inspected at, the offices of the ASIC; and
- (c) it will provide a copy of each of the following documents, free of charge, to any person on request between the date of issue of this Prospectus and the Closing Date:

- (i) the annual financial report most recently lodged by the Company with the ASIC;
- (ii) any half-year financial report lodged by the Company with the ASIC after the lodgement of the annual financial report referred to in (i) and before the lodgement of this Prospectus with the ASIC; and
- (iii) any continuous disclosure documents given by the Company to ASX in accordance with the ASX Listing Rules as referred to in section 674(1) of the Corporations Act after the lodgement of the annual financial report referred to in (i) and before the lodgement of this Prospectus with the ASIC.

Copies of all documents lodged with the ASIC in relation to the Company can be inspected at the registered office of the Company during normal office hours.

The remuneration of an executive Director is decided by the Board, without the affected executive Director participating in that decision-making process. The total maximum remuneration of non-executive Directors is initially set by the Constitution and subsequent variation is by ordinary resolution of Shareholders in general meeting in accordance with the Constitution, the Corporations Act and the ASX Listing Rules, as applicable. The determination of non-executive Directors' remuneration within that maximum will be made by the Board having regard to the inputs and value to the Company of the respective contributions by each non-executive Director. The current amount has been set at an amount not to exceed \$250,000 per annum.

A Director may be paid fees or other amounts (ie non-cash performance incentives such as Options, subject to any necessary Shareholder approval) as the other Directors determine where a Director performs special duties or otherwise performs services outside the scope of the ordinary duties of a Director. In addition, Directors are also entitled to be paid reasonable travelling, hotel and other expenses incurred by them respectively in or about the performance of their duties as Directors.

The following table shows the total (and proposed) annual remuneration paid to both executive and non-executive directors.

Director	Financial Year 2017/2018	Proposed Fees for Financial Year 2018/2019
Brian Johnson	\$540,000	\$540,000
James Tyers	\$390,000	\$390,000
Ugo Cario	\$50,000	\$50,000
Angela Pankhurst	\$50,000	\$50,000

8.10 Electronic prospectus

If you have received this Prospectus as an electronic Prospectus, please ensure that you have received the entire Prospectus accompanied by the Application Forms. If you have not, please phone the Company on +61 2 4861 1740 and the Company will send you, for free, either a hard copy or a further electronic copy of the Prospectus, or both. Alternatively, you may obtain a copy of this Prospectus from the Company's website at <http://www.panterragold.com>.

The Company reserves the right not to accept an Application Form from a person if it has reason to believe that when that person was given access to the electronic Application Form, it was not provided together with the electronic Prospectus and any relevant supplementary or replacement prospectus or any of those documents were incomplete or altered.

8.11 Financial forecasts

The Directors have considered the matters set out in ASIC Regulatory Guide 170 and believe that they do not have a reasonable basis to forecast future earnings on the basis that the operations of the Company are inherently uncertain. Accordingly, any forecast or projection information would contain such a broad range of potential outcomes and possibilities that it is not possible to prepare a reliable best estimate forecast or projection.

8.12 Clearing House Electronic Sub-Register System (CHES) and Issuer Sponsorship

The Company will not be issuing share certificates. The Company is a participant in CHES, for those investors who have, or wish to have, a sponsoring stockbroker. Investors who do not wish to participate through CHES will be issuer sponsored by the Company. Because the sub-registers are electronic, ownership of securities can be transferred without having to rely upon paper documentation.

Electronic registers mean that the Company will not be issuing certificates to investors. Instead, investors will be provided with a statement (similar to a bank account statement) that sets out the number of Shares issued to them under this Prospectus. The notice will also advise holders of their Holder Identification Number or Security Holder Reference Number and explain, for future reference, the sale and purchase procedures under CHES and issuer sponsorship.

Further monthly statements will be provided to holders if there have been any changes in their security holding in the Company during the preceding month.

8.13 Privacy Act

If you complete an application for Shares, you will be providing personal information to the Company (directly or by the Company's share registry). The Company collects, holds and will use that information to assess your application, service your needs as a holder of equity securities in the Company, facilitate distribution payments and corporate communications to you as a Shareholder and carry out administration.

The information may also be used from time to time and disclosed to persons inspecting the register, bidders for your securities in the context of takeovers, regulatory bodies, including the Australian Taxation Office, authorised securities brokers, print service providers, mail houses and the Company's share registry.

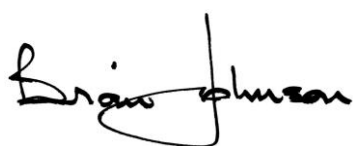

You can access, correct and update the personal information that we hold about you. Please contact the Company or its share registry if you wish to do so at the relevant contact numbers set out in this Prospectus.

Collection, maintenance and disclosure of certain personal information is governed by legislation including the Privacy Act 1988 (Cth) (as amended), the Corporations Act and certain rules such as the ASX Settlement Operating Rules. You should note that if you do not provide the information required on the application for Shares, the Company may not be able to accept or process your application.
