Principle 1 – Lay Solid Foundations for Management and Oversight

- 1.1 The Company has formalised the respective roles and responsibilities of the Board and Management, those reserved to the Board and those delegated to Management, in a Board Policy. The Board Policy is available on this website.
- 1.2 The Company has probity processes in place (in accordance with the Board Policy) to confirm the appropriateness of candidates for appointment and election as Directors. The findings of these processes are disclosed to shareholders when recommending a candidate for election as a Director.
- 1.3 The Company has written agreements (in accordance with the Board Policy) with each Director and Senior Executive setting out the terms of their appointment.
- 1.4 The Company Secretary (in accordance with the Board Policy) reports directly to the Board, through the Chairman, as to the proper functioning of the Board.
- 1.5 The Company has a Diversity Policy that sets measurable objectives for achieving gender diversity, assesses progress towards the achievement of those objectives and reports on that progress, and the make-up of its Board and Management by gender each reporting period. The Diversity Policy is available on this website.
- 1.6 The Company has a process for periodically evaluating (in accordance with the Board Policy) its Board, Committee and Director performance and annually discloses the results of that evaluation each reporting period.
- 1.7 The Company has under its MD/CEO Performance Evaluation Policy a process for periodically evaluating (in accordance with the Board Policy) its MD/CEO performance and discloses the results of that evaluation each reporting period. The MD/CEO Performance Evaluation Policy is available on this website.

The Company has established a formal process for evaluating the performance of senior executives which involves a performance and development review cycle where responsibilities and performance objectives are defined and regular feedback is provided through structured performance review meetings which are held in July each year. The performance of all senior executives is reviewed in accordance with this process.

Principle 2 – Structure the Board to Add Value

- 2.1 A nomination committee has not been formed under recommendation 2.1. The Board as a whole considers the composition of the Board and appointment of new Directors, including the mix of skills, knowledge and experience required for the proper function of the Board. The Board identifies suitable candidates to fill vacancies as they arise.

A board performance evaluation program (in accordance with the Board Policy) has been designed to evaluate the performance of the Board as a whole, individual Directors and Board Committees on an annual basis. All evaluations have regard to the collective nature of board work, the operation of governance processes established in the Board Policy and the attainment of any goals set by the Board. Board evaluation is conducted at a number of levels using a combination of assessment questionnaires and face-to-face meetings.

The performance of the Board, individual Directors and Committees is reviewed in accordance with this process.

The Board has processes in place, in accordance with the Board Policy, for the development of a plan for the succession of the Chairman and periodically evaluates this plan.

The Company has a Diversity Policy that encourages the development of gender diversity at Board and Management levels.

The Board Policy, which includes the Company's criteria for independence of directors, and the Diversity Policy are available on this website.

- 2.2 Blue Energy Limited – Board Matrix

DIRECTOR	GENDER	QUALIFICATIONS	SKILLS/ KNOWLEDGE	EXPERIENCE BASED ON SKILLS/KNOWLEDGE					INDEPENDENT
				Corporate Management	Accountancy	Public Sector Audit	Geology		
							Exploration	Production	
John Ellice-Flint (Chairman)	Male	BSc (Hons) Harvard AMP	Corporate Management / Geology	✓			✓	✓	No
John Phillips (CEO/MD)	Male	BSc (Hons) GAICD	Corporate Management / Geology	✓			✓	✓	No
Rodney Cameron	Male	B Admin (Hons) MBA MFM FAICD CPA	Corporate Management / Accountancy	✓	✓				Yes
Karen Johnson	Female	B Comm FCA	Accountancy / Public Sector Audit		✓	✓			Yes

- 2.3 The Board has two independent Directors and two non-independent Directors. The Directors considered to be independent are:

Karen Johnson
Rodney Cameron

The length of service of each is as follows:

Name	Position	Date Appointed
John Ellice-Flint	Executive Chairman	05/04/2012
John Phillips	Chief Executive Officer / Managing Director	28/06/2010
Karen Johnson	Non-executive Director	30/09/2011
Rodney Cameron	Non-executive Director	15/11/2011

- 2.4 Due to the size of the Company, there is not a clear majority of the Board who are independent directors. Given the relative size of the Company, the interests of the shareholders represented on the Board and the stage of its development, the Directors consider the current Board composition as appropriate. The situation will be monitored and changed in line with best practice as and when the Directors feel the company is of sufficient size.
- 2.5 The Company has separate roles of Chairman and CEO/MD. The Company's Chairman is an Executive Chairman and as such is not an independent director. The Board believes that given Mr Ellice-Flint's vast executive and board experience in public companies, and specifically oil and gas companies, that Mr Ellice-Flint is best positioned to Chair the Company's Board of Directors. The Board believes that Mr Ellice-Flint appropriately discharges his duties as Chairman.
- 2.6 The Company has (in accordance with the Board Policy) programs in place for the induction and orientation of new directors and also provides (in accordance with the Board Policy) Directors with professional development and continuing education and training opportunities from time to time to develop and maintain the knowledge needed to perform their roles effectively as Directors.

Principle 3 – Act Ethically and Responsibly

- 3.1 The Company has established a Code of Ethics which sets out the Company's key values and how they should be applied within the workplace and in dealings with those outside of the Company. The Code of Ethics is available on the Company's website.

Principle 4 – Safeguard Integrity in Corporate Reporting

- 4.1 The Company has formed a Risk and Audit Committee consisting of two non-executive Directors of whom all are independent as defined by the ASX Corporate Governance Council's Principles. The Committee does not have three members. The Board considers, given the size of the Company and the complexity of its operations and financial statements, that a Committee membership of two is currently sufficient to adequately discharge the Committee's functions. The Board does not believe that there would be any further benefit at this stage to appoint a third independent director to fulfil this role. The size and make-up of the Committee is periodically reviewed by the Board. The current members of the Risk and Audit Committee are:

Karen Johnson	Chairman, Independent Director
Rodney Cameron	Non-Executive Director, Independent Director

The qualifications, skills, experience and expertise of each committee member are detailed under Principle 2.2 of this Corporate Governance Statement.

The Risk and Audit Committee formally reports to the Board after each of its meetings. Details of the number of meetings of the Risk and Audit Committee during each reporting period and attendance of members are set out under Principle 7.1 of this Corporate Governance Statement.

The external audit firm partner or an appropriate delegate responsible for the Company audit attends meetings of the Board and Audit Committee by invitation.

The Risk Oversight and Management Policy and the Risk and Audit Committee Charter, which includes information on procedures for the selection and appointment of the external auditor, and for the rotation of external audit engagement partners, are available on the Company's website.

- 4.2 The Risk and Audit Committee keeps minutes of its meetings and includes them for review at the following Board Meeting. The Risk and Audit Committee members' attendance at meetings as compared to total meetings held is set out in the Directors' Report contained in the Annual Report.
- 4.3 The Company has in place a procedure whereby prior to approval of financial statements by the Board (in addition to any formal management representation letter to the Company's auditor) the CEO and CFO provide a declaration in accordance with Sections 286 and 295(3)(b) of the Corporations Act 2001 (Cth) that financial records have been properly maintained, the financial statements comply with the accounting standards, and give a true and fair view of the financial position based on sound risk management and internal controls operating effectively.
- 4.4 The Company has in place a procedure whereby it ensures that its external auditor attends its AGM, in accordance of the requirements of Section 250RA of the Corporations Act 2001 (Cth) and is available to answer questions relevant to the audit.

Principle 5 – Make Timely and Balanced Disclosure

- 5.1 The Company has established a continuous disclosure policy to ensure compliance with the continuous disclosure obligations under the ASX Listing Rules and the Corporations Act and to ensure all investors have equal and timely access to material information concerning the Company and that Company announcements are factual and presented in a clear and balanced way.

The Company is committed to the promotion of investor confidence by ensuring that it meets its ASX reporting obligations and that trading in the Company's securities takes place in an informed market. In addition, there is an internal protocol that has been established involving the Executives of the Company, to arrange for the timely preparation and release of all announcements to the ASX.

In addition, all changes in Directors' interests in the Company's securities are promptly reported to the ASX in compliance with Section 205G of the *Corporations Act* and the ASX Listing Rules.

A summary of the Continuous Disclosure Policy is available on the Company's website.

Principle 6 – Respect the Rights of Shareholders

- 6.1 & 6.2 The Company has a Shareholder Communication Policy. Through this the Board aims to ensure that the shareholders are informed of the Company's governance and all major developments affecting the Company's state of affairs.

Information is communicated to shareholders through the:

- Company website;
- ASX Company Announcements platform;

- Quarterly Operations Reports;
- Half-year Report;
- Annual Report; and
- other correspondence regarding matters impacting on shareholders (in accordance with the Shareholder Communications Policy) as required.

6.3 & 6.4 The Board encourages (through the Shareholder Communication Policy) full participation of shareholders at the Annual General Meeting to ensure a high level of accountability and association with the Company's strategy and goals, and also encourages the use of electronic communication with shareholders.

The Shareholder Communications Policy, designed to promote effective communication with shareholders, is available on the Company's website.

Principle 7 – Recognise and Manage Risk

7.1 The Company has the Risk and Audit Committee to oversee risk. Details of this Committee are given under Principle 4 of this Corporate Governance Statement. Given the Company's size and the scale and complexity of the potential risks it is exposed to it is considered that a committee consisting of two independent, non-executive, Directors is sufficient to adequately manage those potential risks. The Committee meets three times in each reporting period. During the 2017-2018 reporting period the Committee met three times. Ms Johnson attended three meetings and Mr Cameron attended three meetings.

7.2 The Company has a Risk Oversight and Management Policy. In accordance with that Policy, the Company has an established enterprise risk management program upgraded in accordance with the International Risk Standard AS/NZS ISO 31000:2009. It also has an established internal control program based upon the principles set out in the Australian Compliance Standard AS 3806:2006.

The Company's enterprise risk management program addresses its material business risks. Each identified risk is individually assessed in terms of the likelihood of the risk event occurring and the potential consequences in the event that the risk event was to occur. CompliSpace Assurance software has been implemented through which material business risks are linked to mitigating controls. This software gives the Company the ability to monitor the performance of its enterprise risk and compliance programs in real time. It also ensures transparency of data and ease of reporting to the Board.

Management provides to the Risk and Audit Committee and the Board a report as to the overall effectiveness of the Company's management of its material business risks during each reporting period. In addition, for each reporting period the Board has receives a declaration from the CEO and Finance Manager that in their view:

- the declaration provided in accordance with section 295A of the Corporations Act 2001 is founded on a sound system of risk management and internal control; and
- the system of risk management and internal control, to the extent that they relate to financial reporting, are operating effectively and efficiently in all material respects.

7.3 The Company does not have an internal audit function. The Audit and Risk Committee discharges the function of evaluating and continually improving the effectiveness of its risk management and internal control processes, and in doing so is subject to the overall supervision of the Board.

7.4 Risks associated with economic, environmental and social sustainability have been included as part of the risk management register to ensure that they are continually being monitored and assessed.

7.5 A summary of the Company's Risk Oversight and Management Policy and risk management program is available on this website. The Risk and Audit Committee's Charter is available on this website.

Principle 8 – Remunerate Fairly and Responsibly

8.1 The Company does not have a dedicated Remuneration Committee but rather the task of ensuring that the level of director and executive remuneration is appropriate and not excessive, and that its relationship to performance is clear, is dealt with by the full Board. The Board Policy is available on this website.

8.2 The Company's Remuneration Policy sets out its policies and practices regarding the remuneration of non-executive and executive directors and other senior executives. The Remuneration Policy is available on this website.

8.3 Under the Remuneration Policy Senior executives and Directors are prohibited from entering into transactions in associated products (such as derivatives or contracts for differences) which limit the economic risk of participating in unvested entitlements under any equity based remuneration packages, such as options and employee incentive rights.
