The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of rule 4.10.3.

CORPORATE GOVERNANCE STATEMENT

Gooroo Ventures Limited
ACN 613 924 744

This Corporate Governance Statement of Gooroo Ventures Limited (the 'company') has been prepared in accordance with the 3rd Edition of the Australian Securities Exchange's ('ASX') Corporate Governance Principles and Recommendations of the ASX Corporate Governance Council ('ASX Principles and Recommendations').

This statement has been approved by the company's Board of Directors ('Board') and is current as at 26 October 2018.

The company's ASX Appendix 4G, which is a checklist cross-referencing the ASX Principles and Recommendations to the relevant disclosures in either this statement, the company's website or Annual Report, has been filed with the ASX on 26 October 2018.

The ASX Principles and Recommendations and the company's response as to how and whether it follows those recommendations are set out below.

Principle 1: Lay solid foundations for management and oversight

Recommendation 1.1 - A listed entity should disclose:

- (a) the respective roles and responsibilities of its board and management; and***
- (b) those matters expressly reserved to the board and those delegated to management.***

The Board is ultimately accountable for the performance of the Company and provides leadership and sets the strategic objectives of the Company. It appoints all senior executives and assesses their performance on at least an annual basis. It is responsible for overseeing all corporate reporting systems, remuneration frameworks, governance issues, and stakeholder communications. Decisions reserved for the Board relate to those that have a fundamental impact on the company, such as material acquisitions and takeovers, dividends and share buy-backs, material profits upgrades and downgrades, and significant closures.

The Board sets objectives, goals and strategic direction along with a policy framework within which management then works. Management is responsible for implementing Board strategy, day-to-day operational aspects, and ensuring that all risks and performance issues are brought to the Board's attention. They must operate within the risk and authorisation parameters set by the Board.

Recommendation 1.2 - A listed entity should:

- (a) undertake appropriate checks before appointing a person, or putting forward to security holders a candidate for election, as a director; and***
- (b) provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.***

The Company undertakes comprehensive reference checks prior to appointing a director, or putting that person forward as a candidate to ensure that person is competent, experienced, and would not be impaired in any way from undertaking the duties of director. The Company provides relevant information to shareholders for their consideration about the attributes of candidates together with whether the Board supports the appointment or re-election.

Recommendation 1.3 - A listed entity should have a written agreement with each director and senior executive setting out the terms of their appointment.

The terms of the appointment of non-executive directors, executive directors and senior executives are agreed upon and set out in writing at the time of appointment.

Recommendation 1.4 - The company secretary of a listed entity should be accountable directly to the board, through the chair, on all matters to do with the proper functioning of the board.

The Company Secretary reports directly to the Board through the Chairman and is accessible to all directors.

Recommendation 1.5 - A listed entity should:

- (a) have a diversity policy which includes requirements for the board or a relevant committee of the board to set measurable objectives for achieving gender diversity and to assess annually both the objectives and the entity's progress in achieving them;**
- (b) disclose that policy or a summary of it; and**
- (c) disclose as at the end of each reporting period the measurable objectives for achieving gender diversity set by the board or a relevant committee of the board in accordance with the entity's diversity policy and its progress towards achieving them, and either:**
 - (1) the respective proportions of men and women on the board, in senior executive positions and across the whole organisation (including how the entity has defined "senior executive" for these purposes); or**
 - (2) if the entity is a "relevant employer" under the Workplace Gender Equality Act, the entity's most recent "Gender Equality Indicators", as defined in and published under that Act.**

The Company has a diversity policy, which documents the principles and commitment in relation to maintaining a diverse group of employees within the Company. There are currently no women on the Board or in senior positions (being Key Management Personnel and decision makers of the Company).

The Group has not disclosed in this Corporate Governance Statement its measurable objectives for achieving gender diversity and therefore has not complied with recommendation 1.5(a) of the Corporate Governance Principles and Recommendations. Due to the current size of the Company and its number of employees, the Board does not consider it appropriate, at this time, to formally set measurable objectives for gender diversity. The Company however undertakes to assess an individual's credentials on their merit, with complete objectivity and without bias so that the Company may attract, appoint and retain the best people to work within the company where all persons have equal opportunity. The Diversity Policy is disclosed on the Company's website at: www.goorooventures.com/governance

As at the date of this report, 14% of the organisation were women; and 0% of senior executive positions were occupied by women. For this purpose, the Board defines a senior executive as a person who makes, or participates in the making of, decisions that affect the whole or a substantial part of the business or has the capacity to affect significantly the company's financial standing. This therefore includes all senior management and senior executive designated positions as well as senior specialised professionals.

No entity within the consolidated entity is a 'relevant employer' for the purposes of the Workplace Gender Equality Act 2012 and therefore Gender Equality Indicators are not required to be disclosed.

Recommendation 1.6 - A listed entity should:

- (a) have and disclose a process for periodically evaluating the performance of the Board, its committees and individual directors; and**
- (b) disclose, in relation to each reporting period, whether a performance evaluation was undertaken in the reporting period in accordance with that process.**

The Board reviews its performance annually, as well as the performance of individual Committees and individual directors (including the performance of the Chairman as Chairman of the Board). The use of an external facilitator may be utilised to assist in the review process. The process included collective Board discussions and individual interviews conducted by the Chairman. The review of the Chairman's role was conducted by the Chair of the Finance and Risk Management Committee.

Recommendation 1.7 - A listed entity should:

- (a) have and disclose a process for periodically evaluating the performance of its senior executives; and**
- (b) disclose, in relation to each reporting period, whether a performance evaluation was undertaken in the reporting period in accordance with that process.**

The Board conducts an annual performance assessment of the CEO against agreed performance measures determined at the start of the year. The CEO undertakes the same assessments of senior executives. In assessing the performance of the individual, the review includes consideration of the senior executive's function, individual targets, group targets, and the overall performance of the company. Such reviews were conducted during the 2018 reporting period.

Principle 2: Structure the board to add value

Recommendation 2.1 - The board of a listed entity should:

(a) have a nomination committee which:

(1) has at least three members, a majority of whom are independent directors; and

**(2) is chaired by an independent director,
and disclose:**

(3) the charter of the committee;

(4) the members of the committee; and

(5) as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or

(b) if it does not have a nomination committee, disclose that fact and the processes it employs to address board succession issues and to ensure that the board has the appropriate balance of skills, knowledge, experience, independence and diversity to enable it to discharge its duties and responsibilities effectively.

The Board does not maintain a Nomination Committee as it is considered that the current size of the Board does not warrant the formal establishment of a separate committee. The Board therefore performs the function of such a committee which includes the identification of skills and competencies required for the Board and related committees, as well as nomination, selection and performance evaluation of non-executive directors. The Board does not actively manage succession planning and instead relies upon the Board's extensive networking capabilities and/or executive recruitment firms to identify appropriate candidates when a Board vacancy occurs or when a vacancy is otherwise envisaged. Attributes of candidates put forward will be considered for 'best-fit' to the needs of the Board which are assessed at the time of the vacancy.

Recommendation 2.2 - A listed entity should have and disclose a board skills matrix setting out the mix of skills and diversity that the board currently has or is looking to achieve in its membership.

The Board does not maintain a formal skills matrix that sets out the mix of skills and diversity that the Board aims to achieve in its membership. The Company maintains a written policy that outlines the responsibilities relating to the directors, officers and employees in complying with the company's disclosure obligations. Where any such person is of any doubt as to whether they possess information that could be classified as market sensitive, they are required to notify the Company Secretary immediately in the first instance. The Company Secretary is required to consult with the CEO in relation to matters brought to their attention for potential announcement. Generally, the CEO is ultimately responsible for decisions relating to the making of market announcements. The Board is required to authorise announcements of significance to the company. The Board maintains a combined Finance and Risk Management Committee. The members of the Committee are detailed in Recommendation 4.1 above.

The charter of the Finance and Risk Management Committee can be found on the Company's website.

The Finance and Risk Management Committee reviews the Company's risk management framework annually to ensure that it is still suitable to the company's operations and objectives and that the company is operating within the risk parameters set by the Board. As a consequence of the last review undertaken for the year ended 30 June 2018, there were no significant recommendations made.

Recommendation 7.3 - A listed entity should disclose:

The Board therefore performs the function of such a committee which includes setting the company's remuneration structure, determining eligibilities to incentive schemes, assessing performance and remuneration of senior management and determining the remuneration and incentives of the Board, CEO and Company Secretary. The Board may obtain external advice from independent consultants in determining the Company's remuneration practices, including remuneration levels, where considered appropriate.

Recommendation 8.2 - A listed entity should separately disclose its policies and practices regarding the remuneration of non-executive directors and the remuneration of executive directors and other senior executives.

Non-executive directors are remunerated by way of cash fees, superannuation contributions and non-cash benefits in lieu of fees. The level of remuneration reflects the anticipated time commitments and responsibilities of the position. Performance based incentives are not available to non-executive directors. Executive directors and other senior executives are remunerated using combinations of fixed and performance based remuneration. Fees and salaries are set at levels reflecting market rates and performance-based remuneration is linked directly to specific performance targets that are aligned to both short and long term objectives. Further details in relation to the company's remuneration policies are contained in the Remuneration Report, within the Directors' report.

Recommendation 8.3 - A listed entity which has an equity-based remuneration scheme should: (a) have a policy on whether participants are permitted to enter into transactions (whether through the use of derivatives or otherwise) which limit the economic risk of participating in the scheme; and (b) disclose that policy or a summary of it
