## Periodic Statements – generic information as at 30 June 2018

Periodic Statements provide information including the opening and closing balances of your investment, changes to your investment, management costs (including fees charged), the return on investment, as well as changes in circumstances that may affect your investment. As a listed group, GDI Property Group (GDI) <sup>1</sup> makes this information readily available to investors through GDI's ASX releases and its Annual Report, all of which is available on GDI Property Group's website ([www.gdi.com.au](http://www.gdi.com.au)). GDI has dispatched individual periodic statements to investors for the year to 30 June 2018 and, for your information, also sets out below details of management costs and GDI's price performance on a generic basis for that period and prior years since listing.

### Fees and costs

Management fees and expenses represent the total costs incurred by GDI securityholders recognised by GDI as an expense in its Income Statement for the period. They include costs such as employee remuneration, registry, custody, accounting and other administrative costs. They do not include costs that would be incurred if an investor invested directly into GDI's assets (e.g. stamp duty).

A history of fees and costs is as follows:

	30 June 2018 12 months	30 June 2017 12 months	30 June 2016 12 months	30 June 2015 12 months	30 June 2014 7 months*
