Dear Madam,

EXERCISE OF OPTIONS RAISES \$4.7 MILLION

The Directors are pleased to advise that a total of 77,123,826 30 November 2018 options, each exercisable to acquire one fully paid ordinary share at \$0.06 per share, have been exercised by the optionholders, representing 98.29% of total BITOA Options on issue.

The remaining 1,336,137 BITOA Options have been subscribed for by the Underwriters.

The Company has raised a total of \$4,707,598 from the exercise of the BITOA Options.

This significant injection of funds will place the Company in a sound financial position as it focuses on achieving a commercial outcome following the recent successful results from the phase 2 clinical trial of the Company's lead drug BIT225 for the treatment of HIV-1.

Beyond HIV-1, BIT225 is an important asset as it demonstrates the robustness of Biotron's approach to antiviral drug development and that the Company can generate clinically safe drugs with activity against a new class of viral protein targets. Funds raised from the exercise of these Options will enable the Company to advance the development of other promising compounds within its proprietary compound library that have been shown to have activity against other serious viral diseases including Hepatitis C, Hepatitis B, Dengue and others. In turn, this will enable the Company to attract a commercial partner for these applications within the Company's antiviral platform.

In accordance with Listing Rule 3.10, I attach an Appendix 3B - New Issue Announcement, Application for Quotation of Additional Securities.

Yours sincerely

Peter J. Nightingale
Company Secretary
