### **Release of Securities from Escrow**

Integrated Green Energy Solutions Ltd (“IGES” or “the Company”) wishes to advise that 6,765,286 fully paid ordinary shares are due to be released from escrow on 21 December 2018.

IGES will apply for quotation for these securities.

#### **About IGES**

IGES is focused on creating a cleaner planet for the next generation through the conversion of end of life plastic into valuable fuels. Plastic used in the process would otherwise be sent to landfill or be discarded into the environment. The Company has a patented plastic to fuels process that results in a range of fuels and products, including Naphtha, Marine fuel and Marine Diesel Oil (MDO). The specific products we provide from our range are determined by the territory requirements for each individual site location. The Company believes that utilising its technology will inevitably reduce the amount of plastic entering the environment. It will also help to develop circular economies, thereby creating a cleaner planet for the next generation, while bringing value to shareholders.
