The authority may be sent to the Company and/or registry in advance of the Meeting or handed in at the Meeting when registering as a corporate representative.

An appointment of corporate representative form is available from the website of the Company's share registry (Link Market Services, www.linkmarketservices.com.au).

1.4 Eligibility to vote

For the purposes of regulations 7.11.37 and 7.11.38 of the Corporations Act Regulations, the Directors have determined that, for the purposes of voting at the Meeting, Shareholders are those persons who are the registered holders of Shares at 4 pm (WST) on 7 January 2019.

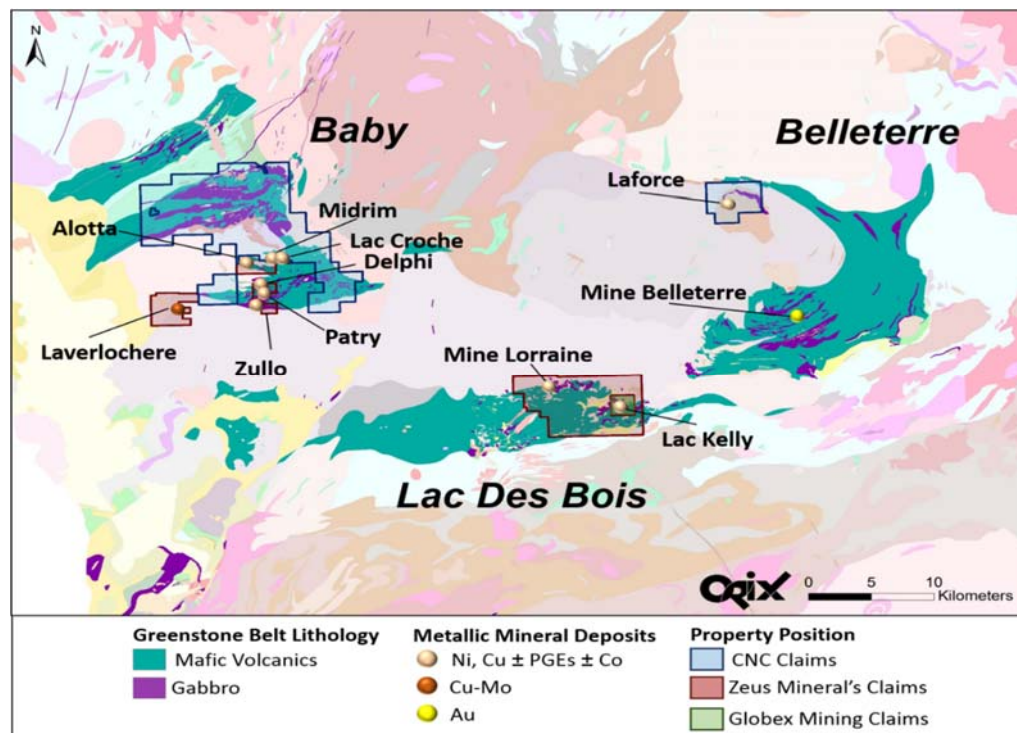

2.1 Introduction

As announced on 19 November 2018, the Company has agreed to acquire Canadian Nickel Corp Pty Limited (CNC), an Australian company that has the rights to acquire 100% of three advanced nickel-copper sulphide projects (CNC Projects). CNC's Projects are in the same mineral belt as the Company's Alotta Project area, in the highly prospective mining friendly jurisdiction of Quebec, Canada.

The purchase price for CNC is the issue of 47 million Shares. Resolution 1 seeks Shareholder approval for the issue.

2.2 Canadian Nickel Corp

The CNC Project portfolio comprises three highly prospective and advanced Ni-Cu-PGE-Co projects - Midrim, Laforce and Lac Kelly - located within the Belleterre-Angliers Greenstone Belt (BAGB) (see map below). The CNC acquisition has a strategic fit with the Company's Zeus Project acquisition (Ni-Cu-PGE-Co) announced earlier this year, and where the Company recently completed the 9-hole diamond drilling programme at the Alotta Project (ASX 13 November 2018).

CNC's Project areas contain a number of drill proven occurrences of Nickel-Copper Sulphide (Ni-Cu) mineralisation with associated Platinum Group Elements (PGE) and Cobalt (Co) credits, which will have a significant impact on the economics of the projects going forward.

The acquisition fast tracks and supports the Company's focus on becoming a mining and low cost toll milling operation with the acquisition of further advanced deposits.

The Midrim deposit which is located only 1.5km east of the Company's existing Alotta project will bolster the Company's portfolio of projects and fits well strategically in the Company's "business model" of seeking to identify multiple shallowly emplaced ore bodies amenable to open pit mining for a simple toll milling operation.

The acquisition is also of significance due to a third-party scoping study that has been commissioned by CNC to assess the viability and profitability of a simple mining, trucking and toll milling operation at Midrim. This study which is nearing completion will allow the Company to determine what scale of operation and grade of mineralisation is required for its business model to be viable going forward for any project it defines in the general area.

2.3 Acquisition terms

Under a conditional share sale and purchase agreement (**TTW-CNC Agreement**) TopTung has agreed to purchase CNC through paying a \$50,000 deposit to CNC (this has occurred) and issuing 15,750,000 Shares to CNC shareholders (all of whom are unrelated parties), and 31,250,000 Shares to be issued to Meteoric for the acquisition of Meteoric's Midrim and LaForce projects under the conditional claim agreement between Meteoric and CNC (**CNC-Meteoric Agreement**).

CNC has an option (**Globex Option**) to acquire the Lac Kelly Project from Globex Mining Enterprises Inc (TSX: GMX) (**Globex**) by making the following cash payments and share issues to Globex, and spending C\$2 million on exploration and development of the Lac Kelly Project:

- (a) Paying Globex C\$50,000 (this has occurred) and issuing C\$50,000 of Shares at an issue price equal to the Company's 5 traded day VWAP (these being the Globex Shares);
- (b) Paying Globex C\$75,000 and issuing C\$60,000 of Shares (at an issue price equal to the 5 traded Day VWAP) by no later than 25 September 2019;
- (c) Paying Globex C\$100,000 and issuing C\$100,000 of Shares (at an issue price equal to the 5 traded Day VWAP) by no later than 25 September 2020; and
- (d) Paying Globex C\$250,000 and issuing C\$250,000 of Shares (at an issue price equal to the 5 traded Day VWAP) by no later than 25 September 2021.

CNC will also pay Globex a 2% gross metal royalty on all revenue received from the sale of metal from the Lac Kelly project.

Completion of the acquisition by CNC of the Midrim and Laforce projects from Meteoric is subject to various conditions including:

- (a) Holders of certain royalties applicable to the Midrim and Laforce projects agreeing to the assignment of such royalties.
- (b) The Company obtaining all required shareholder and regulatory approvals to complete the acquisition and transfer the Midrim and Laforce projects from Meteoric to CNC.

- (c) All conditions to the CNC-Meteoric Agreement being satisfied or waived (other than the condition relating to satisfaction or waiver of the conditions in the TTW-CNC Agreement).

Completion of the acquisition of CNC is subject to various conditions, including the following:

- (a) The Company and Globex agreeing to certain variations to the Globex Option, and certain conditions to the Globex Option (relating to third party approvals) being satisfied.
- (b) All conditions to the CNC-Meteoric Agreement being satisfied or waived (other than the condition relating to satisfaction or waiver of the conditions in the TTW-CNC Agreement).
- (c) The Company completing due diligence on CNC to its sole satisfaction.
- (d) The Company obtaining all required regulatory approvals to complete the acquisition of CNC, including but not limited to obtaining all required shareholder and other approvals under Listing Rule 7.1.
- (e) No material adverse change or material breach of warranty.

Completion of the acquisition of the Midrim and Laforce projects from Meteoric and the acquisition of CNC by the Company are dependent on completion of each occurring such that completion under the CNC-Meteoric and TTW-CNC Agreement must occur simultaneously.

2.4 Capital structure and dilution

Following the Acquisition, the Company's capital structure will be as follows:

	Shares	Interest
Existing Shareholders	206,961,921	80.28%
Meteoric	31,250,000	12.12%
Globex ¹	1,503,759	0.58%
Other CNC Vendors	15,750,000	6.11%
GTT	2,350,000	0.91%
Total	257,815,680	100.00%

1 Assuming an issue price of \$0.035 and an exchange rate of A\$1:C\$0.95.

2.5 Information required by Listing Rule 7.3

For the purposes of Listing Rule 7.3, the following information is provided about the issue:

- (a) The maximum number of securities to be issued is:

- (b) The securities will be issued no later than 3 months after the date of the meeting (or such later date to the extent permitted by any ASX waiver or modification of the Listing Rules) and it is intended that issue will occur on the same date.

 - (ii) for CNC (then a wholly owned subsidiary of the Company) or its nominee to acquire the La Kelly Minerals Claims,
 and no funds will be raised from the issue.
- (f) A voting exclusion statement is included in the Notice.

2.6 Directors' recommendation

The Board unanimously recommends that Shareholders vote in favour of Resolution 1. This will allow the Company to issue complete the CNC Acquisition whilst preserving the Company's 15% annual limit permitted by Listing Rule 7.1.
