**(also for release to APT Pipelines Limited (ASX: AQH))**

## APA SUPPORTING SUMMER ENERGY NEEDS

APA Group (ASX:APA), a leading Australian energy infrastructure business, today announced it has signed a variation to an existing multi-asset gas transportation agreement on APA's East Coast Grid. The agreement commences in January 2019, replacing an existing agreement that expires on that date, and will generate total revenue in the order of \$40 million over the following 3 years.

Managing Director Mick McCormack said, "APA continues to work with its customers to make the most of our interconnected system, so that customers can maximise the efficiencies in their energy portfolios. This new deal makes particular use of Australia's first gas pipeline, the Roma Brisbane Pipeline and will help meet the electricity needs of the people of Queensland, particularly across the summer months."
