ABOUT KEYBRIDGE CAPITAL LIMITED (ASX: KBC)

KBC is an investment and financial services group with a diversified portfolio of listed and unlisted investments/loan assets including in private equity (US), life insurance (New Zealand), property and funds management sectors and strategic holdings in HHY Fund (ASX:HHY), Molopo Energy Limited (ASX:MPO), Metgasco Limited (ASX:MEL) and Yowie Group Ltd (ASX:YOW). KBC is also the Investment Manager of HHY.

NOTES:

- (1) Net Asset Backing per share is based on Keybridge's total listed shares on issue and excludes unlisted shares issued under the Company's Executive Share Plan (for further details, refer KBC's [Notice of AGM](#) released on ASX on 30 October 2014 and KBC's ASX announcement dated 19 December 2014: [Appendix 3B and Further Detail Regarding Issuance of Loan Funded Shares](#)).

On [5 December 2017](#), Keybridge announced its intention to undertake an on-market buy-back of up to 14,227,238 shares (being ~ 9% of 158,080,432 total shares on issue) on or before 30 November 2018. On [3 December 2018](#), Keybridge lodged a Final Buy-Back Notice detailing that 527,626 shares had been bought-back at a total cost of \$34,296).

During the month, Keybridge bought back nil shares (31 October 2018: 527,626 shares; \$34,296 (excluding brokerage)).

- (2) **Investment in Associated entity:** Keybridge's investment in HHY Fund (ASX:HHY), an Associated Entity (i.e. an entity in which the Company has a [greater than 20% interest](#) and is considered to have 'significant influence' over), is accounted for under the equity method in the consolidated financial statements. Under the equity method, the carrying amount of such investment is cost plus a share of the Associate Entity's net profit or loss (after tax) as provided to the Company by such Associated Entity (refer Note 20 (Investment in Associate entity) on pages 71 and 72 of Keybridge's [2018 Annual Report](#)).

The Board has determined that where HHY's net tangible asset (NTA) backing is lower than the value calculated under the equity method as at month end, the lower NTA backing value will be adopted as the carrying value instead (based on the Directors' judgement).

As at month end, Keybridge's 25,146,973 units (30.89% interest) (31 October 2018: 25,146,973 units; 30.89%) in HHY have a carrying value of \$0.075 per unit (\$1.886m) based on the equity method (31 October 2018: \$0.0758 per unit (\$1.905m) based on the equity method); this compares with HHY's last bid price on ASX of \$0.061 per unit (\$1.534m) (31 October 2018: \$0.064 per unit (\$1.609m)) and HHY's NTA backing of \$0.076 per unit (\$1.91m) (31 October 2018: \$0.0768 per unit (\$1.931m)), as at month end.

- (3) **Loan Receivables - Private Equity:** Keybridge holds a US\$4.3m a limited recourse promissory note (**Note**) issued by RPE I Investor LLC (**RPE Investor**) (a subsidiary of Republic Financial Corporation (**RPC**), a US private investment company) secured (via collateral pledged) over RPE Investor's ~50% (Limited Partners') (contributed capital) interest in the Republic Private Equity I Limited Liability Partnership, a private equity fund (managed by a related party to RPC) with investments in US based manufacturing/distribution businesses (**RPE**

Fund). The principal and accrued interest (at 14.5% pa) under the note has not been repaid on maturity on 29 December 2017 (the parties are in discussions in relation to a mutually acceptable resolution of this matter).

The Note arose out of a restructure in April 2013 where, as part of arrangements to exit legacy aviation investments (made whilst Keybridge was known as Mariner Bridge Investments Limited in 2006/2007) for US\$29.7m cash, Keybridge sold its interest in the RPE Fund for US\$4.3m fully funded by a Keybridge loan with recourse only to that asset sold (i.e. the Note).¹

On 24 August 2017, Keybridge received notice from an RPC Executive (**Republic**) advising that it was 'highly unlikely that the Note will be satisfied on or before its scheduled maturity' (on 29 December 2017) and proposing a 3-year extension of the Note term or a 'buy-out' (retirement) of the Note for US\$0.394m. In light of these matters, the Board reduced the carrying value of the Note (receivable) to US\$0.394m (A\$0.511m). Refer also KBC's ASX announcement dated [25 August 2017: Update – Private Equity Loan Receivable](#).

Since August 2017, Keybridge has also received alternative proposals from Republic to settle the Note liability. As at the date of this announcement, Keybridge has not accepted Republic's proposals and the parties are in on-going discussions in relation to a mutually acceptable resolution of this matter. Additionally, Keybridge is also reviewing its rights under the Note to call upon the collateral pledged as security (ie. RPE Investor's interest in the RPE Fund).

The Board has maintained the carrying value of the Note (receivable) at US\$0.394m (A\$0.538m) as at month end as it believes that the Note is recoverable on the basis that discussions with Republic are on-going and the Board believes that a value of at least the current carrying value will be recouped (31 October 2018: US\$0.394m (A\$0.556m)).

- (4) **Loan Receivables – Insurance:** In [September 2014](#), Keybridge invested NZ\$3.8m (A\$3.4m) (via NZ\$0.109m (10.13%) equity and NZ\$3.691m notes) into Foundation Life, to finance Foundation's acquisition of Tower Limited's life insurance business in New Zealand in 2014. Interest of 9% pa is payable under the note, which is redeemable by noteholders in 50 years (May 2064) or by Foundation (from time to time).

As at month end, the loan balance is NZ\$3.545m (A\$3.327m) (31 October 2018: NZ\$3.521m and A\$3.252m) and Keybridge retains its 10.13% equity interest in Foundation Life valued at cost of NZ\$0.109m (A\$0.1m) (31 October 2018: NZ\$0.109m and A\$0.1m).

¹ Refer KBC's ASX Announcements dated 1 May 2013: [Sale of Aircraft and Full Repayment of Corporate Debt Facility](#) and 10 April 2013: [Quarterly Update – January to March 2013](#)

- (5) **Loan Receivables – Property:** In September 2014, Keybridge took direct control of loans that were held in a fund (where Keybridge was the remaining sole lender) which invested in first ranking mortgage loans over commercial properties. Keybridge has registered mortgages over strata title lots comprising Conference Facilities at a Hotel located in Manly, Sydney as security for loans, which are owed by private companies (which are in liquidation).

As at month end, the loan was carried (based on the Directors' judgement) at a valuation of A\$0.885m (31 October 2018: A\$0.885m) – this was based on an independent valuation received in respect of the lots in May 2016.

- (6) **Loan Receivables – Other:** Includes \$0.44m (31 October 2018: \$0.44m) loan advance to a former Director (in relation to legal costs incurred, pursuant to his Director's Deed); \$0.66m (31 October 2018: \$0.60m) relating to the value of 3.67m MPO shares vested in the Commonwealth (on trust for Keybridge) pending sale; A\$0.31m (€0.2m) (31 October 2018: A\$0.32m (€0.2m)) deferred consideration receivable in August 2019 (18 months after the sale of the Totana Solar Plant asset - refer KBC's ASX announcement dated [30 April 2018: Sale of Totana Solar Plant Assets](#)); \$1.489m secured loan (due and payable on 31 December 2018) (31 October 2018: \$1.465m).

- (7) **Molopo Energy Limited (ASX:MPO):** MPO shares have been suspended from trading on ASX since 25 July 2017.

At month end, Keybridge has adopted a carrying value (based on the Directors' judgement) of \$0.0184 (31 October 2018: \$0.0168) per share in respect of its MPO shareholding.

Keybridge notes that the carrying value of the Company's investment in MPO has been assessed based on the Keybridge Board's judgement of MPO's estimated net asset backing having regard to the following matters:

- (a) MPO's gross cash position of A\$14.563m as at 30 September 2018²;
- (b) MPO's C\$8.4m (A\$8.64m³) (31 October 2018: C\$8.4m; A\$9.028m⁴) provision in respect of Canadian litigation matters⁵; and
- (c) MPO's estimated cash outflows for the December 2018 quarter being \$1.35m².

Keybridge notes that no value has been ascribed to Molopo's 30% shareholding in Drawbridge Energy Holdings Ltd (**Drawbridge**).

Keybridge will re-assess the carrying value of its investment in MPO based on further information about MPO's financial position, as released on ASX by MPO.

On 7 July 2017, 3,666,285 shares in MPO (out of Keybridge's total holding of 49,683,828 shares) were vested in the Commonwealth (on trust for Keybridge) under the declaration and orders of the Takeovers Panel in the matter of Molopo Energy Limited 03R, 04R & 05R.⁶ These shares will be sold by ASIC with the proceeds of sale accounted to Keybridge (net of the costs, fees and expenses of the sale). Keybridge remains the second largest shareholder in MPO with 46,017,543 shares (18.478%)⁷.

As these vested 3.67m MPO shares are held on trust for Keybridge pending sale by ASIC, Keybridge continues to recognise the shares as company assets at the same carrying value per share as its holding of 46m MPO shares.

For further information in relation to MPO matters, refer to pages 11 to 19 of Keybridge's [2018 Annual Report](#).

- (8) **Convertible Redeemable Promissory Notes:** (ASX: KBCPA): Keybridge issued 4,956,936 listed Convertible Redeemable Promissory Notes on [30 June 2015](#). The notes have a face value of \$1.00, pays interest at 7% pa and matures on 31 July 2020 (unless redeemed or bought-back by Keybridge earlier). Interest distributions are generally payable quarterly and have a franking credit component under Australian taxation law. Further details are contained in the [Prospectus dated 17 June 2015](#). As at month end, 4,401,047 notes are on issue (31 October 2018: 4,401,047 notes).
