

Techniche Limited

Techniche Limited (ABN 83 010 506 162) and its Controlled Entities

21 December 2018

Market Update

Techniche Limited (**the Company**) is pleased to provide the following market update:

1. **Share Buyback** – The Company’s share buyback has been successfully completed with 12,873,327 shares purchased at an average price of 3.88 cents/share. This represents 5.8% of the Company’s issued share capital. The Company is not considering a further buyback at this stage.
2. **Half Year Guidance** – The Company advises that it expects to report a result of between a \$100k NPAT to a loss after tax of \$200k for the period to December 2018. The final result is primarily predicated on the timing of finalising some key contracts.
3. **Strategic Update** – The Board is pleased with progress of the new strategy as outlined in the Company’s annual report and will provide a further update with publication of the half year results.
