## Half Year Revenue Up 45%

LaserBond is pleased to announce revenue for the half year to 31 December 2018 was \$10.5m, up 45% compared with the previous corresponding period. This is at the peak of the guidance range provided at the AGM in October and is subject to audit confirmation.

It is expected the profits will also be in line with the guidance.

Full results will be reported in February following finalisation of the accounts and the audit review.
