BASIS OF PREPARATION

Woolworths Group Limited (the 'Company') is a for-profit company which is incorporated and domiciled in Australia. The Half-Year Financial Report of the Company is for the 27-week period ended 30 December 2018 and comprises the Company and its subsidiaries (together referred to as the 'Group'). The comparative period is the 27-week period ended 31 December 2017.

The Half-Year Financial Report was authorised for issue by the Directors on 20 February 2019.

BASIS OF PREPARATION

The Consolidated Financial Statements have been prepared on the historical cost basis except for financial assets at fair value through other comprehensive income, and derivative assets and liabilities at fair value through profit or loss.

The Half-Year Financial Report is presented in Australian dollars and amounts have been rounded to the nearest million dollars unless otherwise stated, in accordance with ASIC Corporations Instrument 2016/191.

The accounting policies and methods of computation adopted in the preparation of the Half-Year Financial Report are consistent with those adopted in the Company's Annual Report for the 52-week period ended 24 June 2018 ('2018 Annual Report'), unless otherwise stated. These accounting policies are consistent with Australian Accounting Standards and International Financial Reporting Standards.

Where applicable, comparative amounts have been re-presented to conform with the current period's presentation to better reflect the nature of the financial position and performance of the Group.

STATEMENT OF COMPLIANCE

The Half-Year Financial Report of the Group is a general purpose condensed financial report which has been prepared in accordance with Australian Accounting Standard AASB 134 Interim Financial Reporting ('AASB 134') and the Corporations Act 2001.

Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 Interim Financial Reporting. The Half-Year Financial Report does not include all of the information required for a full Annual Financial Report, and should be read in conjunction with the 2018 Annual Report, and any public announcements by Woolworths Group Limited and its subsidiaries during the half-year in accordance with continuous disclosure obligations under the Corporations Act 2001 and ASX Listing Rules.

New and amended standards adopted by the Group

The Group adopted all relevant new and amended accounting standards and interpretations issued by the Australian Accounting Standards Board which are effective for annual reporting periods beginning on or after 25 June 2018. None of the new standards or amendments to standards that are mandatory for the first time materially affected any of the amounts recognised in the current period or any prior period, and are not likely to significantly affect future periods.

AASB 15 Revenue from Contracts with Customers ('AASB 15')

AASB 15 is a new standard which replaces AASB 118 Revenue and AASB 111 Construction Contracts. AASB 15 establishes a principle-based approach for goods, services, and construction contracts, which requires identification of discrete performance obligations within a transaction and an associated transaction price allocation to those obligations. Revenue is recognised only when the performance obligation is satisfied and the control of goods or services is transferred, typically at the point of sale.

The Group adopted AASB 15 during the current year, using the modified retrospective approach, which requires a cumulative catch-up adjustment to retained earnings and no restatement of comparative amounts. The Group performed a detailed assessment of the impact of AASB 15 in accordance with the five-step model. The timing and amount of revenue recognised was consistent with existing accounting standards as a majority of transactions are for sale of goods in store, online, or to wholesale customers, where no judgement is required in assessing when the performance obligation is satisfied and transfer of control occurs (which is at the point of sale or on delivery of goods to the customer). Accordingly, no adjustment to retained earnings has been made.

The Group disaggregates its revenue on the basis of its business units as presented in Note 2.

AASB 9 Financial Instruments ('AASB 9')

AASB 9 is a new standard which replaces AASB 139 Financial Instruments: Recognition and Measurement. In previous years, the Group early adopted AASB 9 (2013), and related amendments. AASB 9 (2014) superseded AASB 9 (2013) and introduced a new expected credit loss impairment model for financial assets and a new classification and measurement category 'fair value through other comprehensive income' for certain debt and equity instruments. This amendment became effective in the current year and the Group adopted the amendment on the initial application date.

An assessment was performed on the impact of the expected credit loss impairment model and the new classification and measurement category. Based on the assessment, the Group concluded that the impact on transition to AASB 9 (2014) was not material. Accordingly, no comparative amounts have been adjusted.

BASIS OF PREPARATION (CONTINUED)

Issued standards and interpretations not yet adopted

AASB 16 Leases ('AASB 16')

AASB 16 will replace existing accounting requirements for leases under AASB 117 Leases ('AASB 117'), Interpretation 4 - Determining whether an Arrangement contains a Lease and Interpretation 115 Operating Leases - Incentives.

Under existing requirements, leases are classified based on their nature as either finance leases, which are recognised in the Consolidated Statement of Financial Position, or operating leases, which are not recognised in the Consolidated Statement of Financial Position. The Group recognises operating lease expense on a straight-line basis over the term of the leases, and recognises assets and liabilities only to the extent that there is a timing difference between actual lease payments and the expense recognised.

Under AASB 16, where the Group is a lessee, there is no distinction between operating leases and finance leases. The Group is required to recognise leases in the Consolidated Statement of Financial Position as lease assets and associated lease liabilities with the exception of short-term and low value leases for which the Group can elect to continue to account for the lease payments as an expense over the lease term. An interest expense will be recognised on the lease liabilities and a depreciation charge will be recognised for the lease assets. The Group will assess lease assets for impairment under AASB 136 Impairment of Assets. In addition, the Group will no longer recognise provisions for onerous operating leases, it will include the payments due under the lease in its lease liability.

The Group's accounting for leases as a lessor remains largely unchanged under AASB 16 and the Group will therefore continue to classify leases as either finance or operating leases.

The implementation project team has made significant progress in setting accounting policy, continuing to refine the Group's assessment of the estimated impact of the standard, implementation data and system requirements, and design and communication of the impact on operations and ongoing compliance processes. The Group remains on track to adopt the new standard with effect from 1 July 2019. The project includes members from the finance, treasury, and property functions, with oversight from the Chief Financial Officer.

Transition

The Group will apply AASB 16 with effect from 1 July 2019, using the modified retrospective approach. Under this approach, the Group will recognise a lease asset calculated as if AASB 16 had always applied, and the liability will represent the outstanding liability under the lease arrangement using the incremental borrowing rate at date of transition. The difference between the asset and liability, adjusted for deferred tax, is recognised as an adjustment to opening retained earnings on 1 July 2019 with no restatement of comparative information.

When applying the modified retrospective approach to leases previously classified as operating leases under AASB 117, the Group can elect, on a lease by lease basis, whether to apply a number of practical expedients on transition, including the use of hindsight in determining the lease term where the contract contains options to extend the lease, or to continue to apply operating lease accounting for leases with less than 12 months remaining from the transition date. The Group is assessing the potential impact of using these practical expedients. The Group is not required to make any adjustments for leases in which it is a lessor except where it is an intermediate lessor in a sublease.

Estimated impact of the adoption of AASB 16 as at 30 December 2018

The Group has assessed the estimated impact that AASB 16 would have had on its Consolidated Financial Statements as at 30 December 2018 (excluding discontinued operations):

ESTIMATED IMPACT ON CONSOLIDATED STATEMENT OF FINANCIAL POSITION

AS AT 30 DECEMBER 2018	\$BN
Recognition of lease liabilities	\$14.0 to \$15.0
Recognition of lease assets	\$11.0 to \$12.0

The net effect of the lease liabilities and lease assets, adjusted for deferred tax and the reversal of the existing straight-line lease and incentive liability, and prepayments, will be recognised in opening retained earnings.

The impact predominantly relates to the Group's property leases for retail premises, warehousing facilities, distribution centres, and support offices.

BASIS OF PREPARATION (CONTINUED)

Issued standards and interpretations not yet adopted (continued)

AASB 16 Leases ('AASB 16') (continued)

Estimated impact of the adoption of AASB 16 as at 30 December 2018 (continued)

The actual impact of applying AASB 16 on the financial statements in the period of initial application will depend on various factors, including the Group's borrowing rate at 1 July 2019, the composition of the Group's lease portfolio, the extent to which the Group chooses to use practical expedients and recognition exemptions, and the new accounting policies, which are subject to change until the Group presents its first financial statements that include the date of initial application.

Operating lease commitments and non-lease components of property leases

At the end of the reporting period, the Group has non-cancellable undiscounted operating lease commitments of \$22.7 billion (including embedded non-lease components).

Under AASB 16, payments for non-lease components are excluded from the lease liability unless an election is made to combine lease and non-lease components. A material portion of the Group's leased property portfolio has non-lease components, known as property outgoings, embedded within their respective contracts. The Group will not elect to combine lease and non-lease components for its property leases. Accordingly, the calculated lease liability for property leases with an embedded non-lease component, will exclude an estimate of the standalone price of the non-lease component. At 30 December 2018, the estimated standalone price of non-lease components within operating lease commitments is \$3.7 billion.

SEGMENT DISCLOSURES FROM CONTINUING OPERATIONS

Reportable segments are identified on the basis of internal reports on the business units of the Group that are regularly reviewed by the Chief Executive Officer in order to allocate resources to the business unit and assess its performance. These business units offer different products and services and are managed separately.

The Group's reportable segments are as follows:

- Australian Food procurement of food products for resale to customers in Australia;
- New Zealand Food procurement of food and drinks for resale to customers in New Zealand;
- **Endeavour Drinks** procurement of drinks for resale to customers in Australia;
- BIG W procurement of discount general merchandise products for resale to customers in Australia;
- Hotels provision of leisure and hospitality services including food and drinks, accommodation, entertainment, and gaming in Australia; and
- Other consists of the Group's other operating segments that are not separately reportable as well as various support functions including property and central overhead costs.

The financial performance of the Group, in particular BIG W, is affected by seasonality whereby earnings are typically greater in the first half of the financial year due to the Christmas trading period.

There are varying levels of integration between the Australian Food, Endeavour Drinks, and Hotels reportable segments. This includes the common usage of property and services and administration functions. Inter-segment pricing is determined on an arm's length basis.

The primary reporting measure of the reportable segments is earnings before interest and tax ('EBIT') which is consistent with the way management monitor and report the performance of these segments.

Where applicable, comparative amounts have been re-presented to conform with current period internal reports reviewed by the Chief Executive Officer.

IMPAIRMENT OF NON-FINANCIAL ASSETS

During the half-year ended 30 December 2018, the Group has reviewed each cash-generating unit for indications of impairment using both internal and external sources of information. This included an assessment of past and future performance against expectations, and a review of key assumptions including discount rates and growth rates.

BIG W

Consistent with the 2018 Annual Report disclosure, there are a number of risks and uncertainties associated with the execution of the BIG W turnaround plan, including adverse changes in trading conditions, the competitive landscape, and the inability of BIG W to execute the multi-year plan in line with the assumptions made. The assessment of the recoverable amount represents management's best estimate of the performance of BIG W, taking into account risks, uncertainties, and opportunities for improvement in the business. Management will continue to assess the progress of the BIG W business against these estimates and has commenced a review of the store and distribution network in the context of a challenging market. It is possible that further asset impairments and onerous lease provisions may be required in relation to the BIG W store and distribution network in future periods.

At 30 December 2018, the estimated recoverable amount of the business is higher than its carrying amount of \$410 million (31 December 2017: \$374 million). At 30 December 2018, the undiscounted lease commitments are approximately \$2.7 billion.

On 20 February 2019, the Board of Directors declared an interim dividend in respect of the 2019 financial year of 45 cents per share, fully franked at a 30% tax rate. The amount will be paid on or around 5 April 2019 and is expected to be \$593 million. As the dividends were declared subsequent to 30 December 2018, no provision has been made as at 30 December 2018.

DIVIDEND REINVESTMENT PLAN

The Dividend Reinvestment Plan ('DRP') remains active. Eligible shareholders may participate in the DRP in respect of all or part of their shareholding. There is currently no DRP discount applied to the dividend and no limit on the number of shares that can participate in the DRP. Shares may be acquired on-market during this period to satisfy the Company's obligation under the DRP.

Shares will be allocated to shareholders under the DRP for the 2019 interim dividend at an amount equal to the average of the daily volume weighted average market price of ordinary shares of Woolworths Group Limited traded on the ASX over the period of 10 trading days commencing on 5 March 2019. The last date for receipt of election notices for the DRP is 4 March 2019.

DISCONTINUED OPERATIONS

Petrol

On 9 November 2018, the Group entered into an agreement to sell its Petrol business, comprising 540 fuel convenience sites, to EG Group for \$1.725 billion. As part of the transaction, the Group entered into a commercial alliance with EG Group covering fuel discount redemption, loyalty, and wholesale product supply for up to 15 years. In accordance with the terms of the agreement, customers will be able to redeem the four cents per litre fuel discount, and earn Woolworths Rewards points on fuel and merchandise purchases, at fuel convenience sites owned or operated by EG Group. The Group will also commence wholesale product supply to these fuel convenience sites. The transaction is subject to Foreign Investment Review Board approval. Completion is expected to occur in the second half of the financial year.

CONTINGENT LIABILITIES

The Group has provided the following guarantees however the probability of having to make a payment under these guarantees is considered remote:

- Guarantees in the normal course of business relating to conditions set out in development applications and for the sale of properties; and
- Guarantees against workers' compensation self-insurance liabilities as required by State WorkCover authorities. The guarantees are based on independent actuarial advice of the outstanding liability.

No provision has been made in the financial statements in respect of these contingent liabilities, however there is a provision of \$589 million for self-insured risks (24 June 2018: \$596 million), which includes liabilities relating to workers' compensation claims, that has been recognised in Provisions in the Consolidated Statement of Financial Position at the reporting date.

SUBSEQUENT EVENTS

At the date of this report, other than the items disclosed throughout this Half-Year Financial Report, there have not been any other matters or circumstances occurring subsequent to the end of the period that has significantly affected, or may significantly affect, the operations of the Group, the results of those operations, or the state of affairs of the Group in future financial years.

Directors' Declaration

The directors declare that:

- (a) in the directors' opinion, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable; and
- (b) in the directors' opinion, the attached financial statements and notes thereto are in accordance with the Corporations Act 2001, including compliance with accounting standards and giving a true and fair view of the financial position and performance of the Group.

Signed in accordance with a resolution of the directors made pursuant to s.295(5) of the Corporations Act 2001.

On behalf of the directors.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF WOOLWORTHS GROUP LIMITED

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Woolworths Group Limited (the "Company") and its subsidiaries (the "Group"), which comprises the Consolidated Statement of Financial Position as at 30 December 2018, the Consolidated Statement of Profit or Loss, the Consolidated Statement of Comprehensive Income, the Consolidated Statement of Cash flows and the Consolidated Statement of Changes in Equity for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the end of the half-year or from time to time during the half-year as set out on pages 4 to 17.

Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the consolidated group's financial position as at 30 December 2018 and their performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of Woolworths Group Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Auditor's Independence Declaration

In conducting our review, we have complied with the independence requirements of the Corporations Act 2001. We confirm that the independence declaration required by the Corporations Act 2001, which has been given to the directors of Woolworths Group Limited, would be in the same terms if given to the directors as at the time of this auditor's review report.

Independent Auditor's Review Report

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Woolworths Group Limited is not in accordance with the Corporations Act 2001, including:

- (a) giving a true and fair view of the consolidated group's financial position as at 30 December 2018 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

- 1 Significant items represent:
 - In 2016, costs of \$951 million before tax from continuing operations (\$760 million after tax, \$749 million attributable to equity holders of the parent entity and \$11 million attributable to non-controlling interests) relating to the Operating model and strategic changes, Store network optimisation and property rationalisation, and BIG W impairment;
 - In 2016, costs of \$3,063 million before tax from discontinued operations (\$2,993 million after tax, \$1,878 million attributable to equity holders of the parent entity and \$1,115 million attributable to non-controlling interests) relating to impairment of Home Improvement assets and related store exit costs;
 - In 2015, costs of \$426 million before tax (\$308 million after tax, \$307 million attributable to equity holders of the parent entity and \$1 million attributable to non-controlling interests) relating to the General Merchandise transformation, Business transformation, Redundancy, and Property portfolio review. Note \$3 million of this significant item related to discontinued operations.
- 2 The Group has entered into significant new agency arrangements. As a result, the Group has re-presented the comparative period sales for certain legal form agency arrangements, that have historically been presented on a gross basis, as net.
- 3 Discontinued operations consist of the following:
 - For statutory reporting, the Petrol business was reported as a discontinued operation from 2017. For comparative purposes, with the exception of the balance sheet, 2016 has been restated to report Petrol as a discontinued operation;
 - The Home Improvement business was reported as a discontinued operation from 2016. For comparative purposes, with the exception of the balance sheet, 2015 has been restated to show Home Improvement as a discontinued operation.
- 4 Total funds employed is net assets excluding net tax balances, cash and borrowings, other financial liabilities, and assets and liabilities as a result of hedging per AASB 9 Financial Instruments.
- 5 Cash and borrowings is gross debt less cash on hand, cash at bank, and cash on short term deposit.
- 6 Other financial assets and liabilities primarily represent put options held by non-controlling interests, Hotels gaming entitlement liability, Hills Licence, and assets and liabilities as a result of hedging per AASB 9 Financial Instruments.
- 7 Return on funds employed ('ROFE') is calculated as EBIT for the previous 12 months as a percentage of average (opening, mid, and closing) funds employed. ROFE before significant items is calculated as EBIT for the previous 12 months before significant items as a percentage of average funds employed. Due to a change in the Group's income tax accounting policy in 2017, the Group is required to 'gross up' the balance sheet for goodwill and deferred tax liabilities in relation to historic purchases of indefinite useful life intangibles (2016-2019: \$612m). This change does not impact profit or loss and has been excluded from the ROFE calculation.
- 8 Return on equity is profit after income tax (before significant items) attributable to shareholders, divided by average (of opening and closing) shareholders' equity for the period.
- Other operating cash flows and other non-cash in 2016 includes \$3,790 million of significant items recognised in relation to the impairment of Home Improvement assets and related store exit costs.
- 10 Fixed charges cover is EBITDAR (before significant items) divided by rent and interest costs. Rent and interest costs include capitalised interest, but exclude foreign exchange gains/losses and dividend income.

Certain comparative amounts have been reclassified to conform with the current period's presentation to better reflect the nature of the financial position and performance of the Group.

Ratios are calculated based on unrounded figures.
