

22 February 2019

Market Update

The Directors of Site Group International Limited ("Site", ASX:SIT) wish to advise that following the case management hearing held in late November 2018, the ACCC has now provided their full Statement of Claim to the companies legal advisors in the civil proceedings against Site, subsidiary Productivity Partners Pty Ltd (the College) and two former executives as announced on 9 November 2018. Site maintains its intention to fully defend the action and will lodge its defence to the action in March.

As a result of the ACCC action, the Administrative Appeals Tribunal (AAT) determined that the hearing of the appeal by the College of the cancellation of its RTO registration by Australian Skills Quality Authority (ASQA) should be vacated until after the ACCC case is heard. An application for review of this decision of the AAT has now been lodged by ASQA in the Federal Court of Australia.

The Directors of Site will continue to update shareholders as any further material information becomes available.
