The consolidated interim financial statements of the Company as at, and for the six months ended 31 December 2018 comprise the Company and its wholly owned subsidiaries Australian Graphite Pty Ltd, Australian Graphite Production Pty Ltd, Lincoln Asia-Pacific Pty Ltd, Lincoln Finance Group Pty Ltd, Lincoln Copper Pty Ltd and Lincoln Lead Zinc Pty Ltd (together referred to as the Group).

The Group is primarily involved in the exploration of Graphite and Iron Ore on the Eyre Peninsula in South Australia.

2. BASIS OF PREPARATION

The consolidated interim financial statements are general purpose financial statements which have been prepared in accordance with AASB 134 Interim Financial Reporting and the Corporations Act 2001 (Cth).

Selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in financial position and performance of the Group since the last annual consolidated financial statements as at and for the year ended 30 June 2018. The consolidated interim financial statements do not include all of the information required for full annual financial statements, and should be read in conjunction with the consolidated annual financial statements of the Group as at and for the year ended 30 June 2018. The 2018 annual financial report is available from the Company's registered office at Level 7, 350 Collins Street, Melbourne VIC 3000 or at www.lincolnminerals.com.au.

The consolidated interim financial statements were approved by the Board of Directors on 13 March 2019.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Except as described below, the accounting policies applied by the Group in these consolidated interim financial statements are the same as those applied by the Group in its financial statements as at and for the year ended 30 June 2018 and can be found on the Company's website at www.lincolnminerals.com.au.

None of the Australian Accounting Standards or Interpretations available for early adoption has been early adopted by the Company as none is considered to have a significant impact on the Group.

Preparing interim financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates. In preparing these consolidated interim financial statements, the significant judgments made by management in applying the consolidated entity's accounting policies and the key sources of estimation uncertainty were the same as those applied in the consolidated financial statements as at and for the year ended 30 June 2018.

New and amended standards adopted by the Group

The interim financial statements have been prepared in accordance with the same accounting policies adopted in the Group's last annual financial statements for the year ended 30 June 2018 with the exception of the following:

AASB 15 Revenue from Contracts with Customers and AASB 9 Financial Instruments became effective beginning on or after 1 January 2018. Accordingly, the Group applied AASB 15 and AASB 9 for the first time to the interim period ended 31 December 2018.

AASB 15 replaces AASB 118 *Revenue* and several revenue related interpretations. The new Standard has been applied as at 1 January 2018. There is no impact to the Group's historical financial results given the company is not currently in production.

AASB 9 replaces AASB 139 Financial Instruments: Recognition and Measurement requirements. AASB 9 addresses the classification, measurement and derecognition of financial assets, financial liabilities and hedging and a new impairment model for financial assets. There has been no impact on the Group's previously reported financial performance or financial position following the adoption of AASB 9.

Based on our review, which is not an audit, nothing has come to our attention that causes us to believe that the half year financial report of Lincoln Minerals Limited does not give a true and fair view of the financial position of the Group as at 31 December 2018, and of its financial performance and its cash flows for the half year ended on that date, in accordance with the *Corporations Act 2001*, including complying with Accounting Standard AASB 134 *Interim Financial Reporting*.

Directors' responsibility for the half year financial report

The Directors of the Company are responsible for the preparation of the half year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the Directors determine is necessary to enable the preparation of the half year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express a conclusion on the half year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half year financial report is not in accordance with the Corporations Act 2001 including giving a true and fair view of the Group's financial position as at 31 December 2018 and its performance for the half year ended on that date, and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.
