

## Armour Energy Limited

19 March 2019

### Corporate Bond Financing Redemption of Existing Convertible Notes

Further to the announcement of 1 March 2019 “Convertible Notes Redemption and Refinancing”, Armour Energy Ltd (ASX: **AJQ**, the **Company** or **Armour**) hereby announces its intention to raise up to \$55m via the issue of secured and amortising notes (the **New Notes**). Proceeds from the issue of the New Notes will be applied to the redemption of all of the existing Convertible Notes on issue (including those held by funds managed by M.H. Carnegie & Co Pty Ltd on the terms outlined in the Company’s previous market releases) with the balance retained for working capital and field program expenditure.

It is intended that the New Notes be issued at the same time as the redemption of the existing Convertible Notes in order to provide for a smooth transition of the underlying security arrangements.

The Lead Arranger for the refinancing transaction is FIIG Securities Limited. The offering for the New Notes is only open to sophisticated and / or professional investors, and no prospectus or other disclosure document in relation to the New Notes will be lodged with the Australian Securities and Investment Commission (**ASIC**) or any other regulatory authority.

Full terms and conditions will be available in the Information Memorandum which is available from the Lead Arranger upon request. The Information Memorandum is not a prospectus or other disclosure document for the purposes of the Corporations Act 2001 (Cth). As noted above, the offer is only open to sophisticated and / or professional investors through FIIG Securities Limited.

The offer is already underpinned by Company founder DGR Global Ltd (ASX: DGR) which has agreed to apply \$10m of the amount owing to it under the existing Convertible Notes as an investment in the New Notes.

A summary of the key terms of the proposed New Notes is set out below:

Issuer	Armour Energy Limited
Issue Size	\$55m amortising
Amortisation and Amortisation Period	Amortising by 52% from and including 29 March 2021 until and including the day immediately prior to the Maturity Date
