Oversubscribed Rights Issue Finalised

PRMS Update

Leigh Creek Energy Limited (ASX: LCK) ("LCK" or the "Company") is pleased to be able to inform the market of the completion of the rights issue and placement of the Shortfall Shares

Oversubscribed Rights Issue Finalised

Further to its announcements earlier this month, LCK advises that the pro-rata 1-for-15 non-renounceable rights issue offer closed at 5.00pm (ACDT) on 28th February 2019 ("the Offer"). The Offer was strongly supported and was oversubscribed. In accordance with the offer document the Company has now allocated the available Shortfall Shares applied for under the Offer, after scaling back the oversubscription.

In accordance the ASX listing rules and timetable requirements, Entitlement Shares applied for and accepted under the entitlement criteria of the Offer were issued to shareholders on the 7th March 2019 reflecting the issue of 15,535,591 Entitlement Shares. Additional Shortfall Shares applied for and accepted under the entitlement criteria of the Offer will be issued on 19th March 2019. An Appendix 3B reflecting the issue of 16,610,133 Shortfall Shares under the Offer is attached. Funds totalling AUD \$3.86 million were raised in this Issue. These funds will be applied to general working capital.

A full refund of monies deposited by shareholders that were not allocated the full amount of shares applied for will be made this week.

PRMS Update

LCK continues to be in discussion with its PRMS consultant regarding the upgrade of a portion of its 2,964 2C Resource to 2P and 3P Reserve status and the company therefore remains on track to deliver its initial Reserve number by the end of the March quarter.

Managing Director's Comments

LCK Managing Director, Phil Staveley, commented:

"The Rights Issue is now completed. The management and staff of Leigh Creek Energy would like to thank our shareholders and investors for their considerable support. This support is credited to the successful completion of the Pre-Commercial Development program results and that LCK was able to meet every milestone that it promised to deliver."

"We thank the loyal LCK shareholders and our advisers for their ongoing support and expert guidance. We are looking forward to announcing to the market the upgrade of a significant portion of our resource to a reserve, as we unlock a significant energy resource in Australia."
