

Market Announcement

1 April 2019

Axiom Mining Limited – Suspension of Class (ASX: AVQNB) from Official Quotation

Description

The code established to facilitate deferred settlement trading as part of Axiom Mining Limited's non-renounceable pro rata entitlement offer announced on 21 February 2019 (ASX: AVQNB) will be suspended immediately. This action follows ASIC issuing an interim stop order on Axiom Mining Limited's entitlement offer prospectus and supplementary prospectus (announced by Axiom on 25 March 2019), and ensures that this deferred settlement line of securities cannot trade until matters are resolved.

Please note that the suspension applies to the deferred settlement securities AVQNB only and does not apply to any other quoted securities of Axiom Mining Limited.
