

ASX Investor Day
Straker Translations (ASX.STG)

April 2019

Straker is a world leading AI data driven language translation platform powering the global growth of businesses

THE PROBLEM

Global content is expanding at an exponential rate and traditional translation processes cannot deliver at scale for customers

The speed of content change is also increasing and traditional translation providers cannot deliver to customer timeframes

Content is moving into online systems and customers need solutions to automate the content flow for translatable content

It's easy for **companies to now push into multiple regions** but the cost of large volume content into multiple languages is prohibitive

WHAT WE DO

Straker helps leading technology companies streamline and scale the ability to communicate across regions

Straker helps major finance institutions deliver quarterly market reports in multiple languages

Straker works with major e-commerce providers to localise their product websites into multiple languages

Straker enables global media companies to provide content in multiple languages across multiple platforms

Straker provides leading global manufacturers with the ability to easily push out new products into multiple markets

Straker enables thousands of SME's to cost-effectively cross border trade without language as a barrier

THE INDUSTRY WE OPERATE IN

Industry Size USD\$

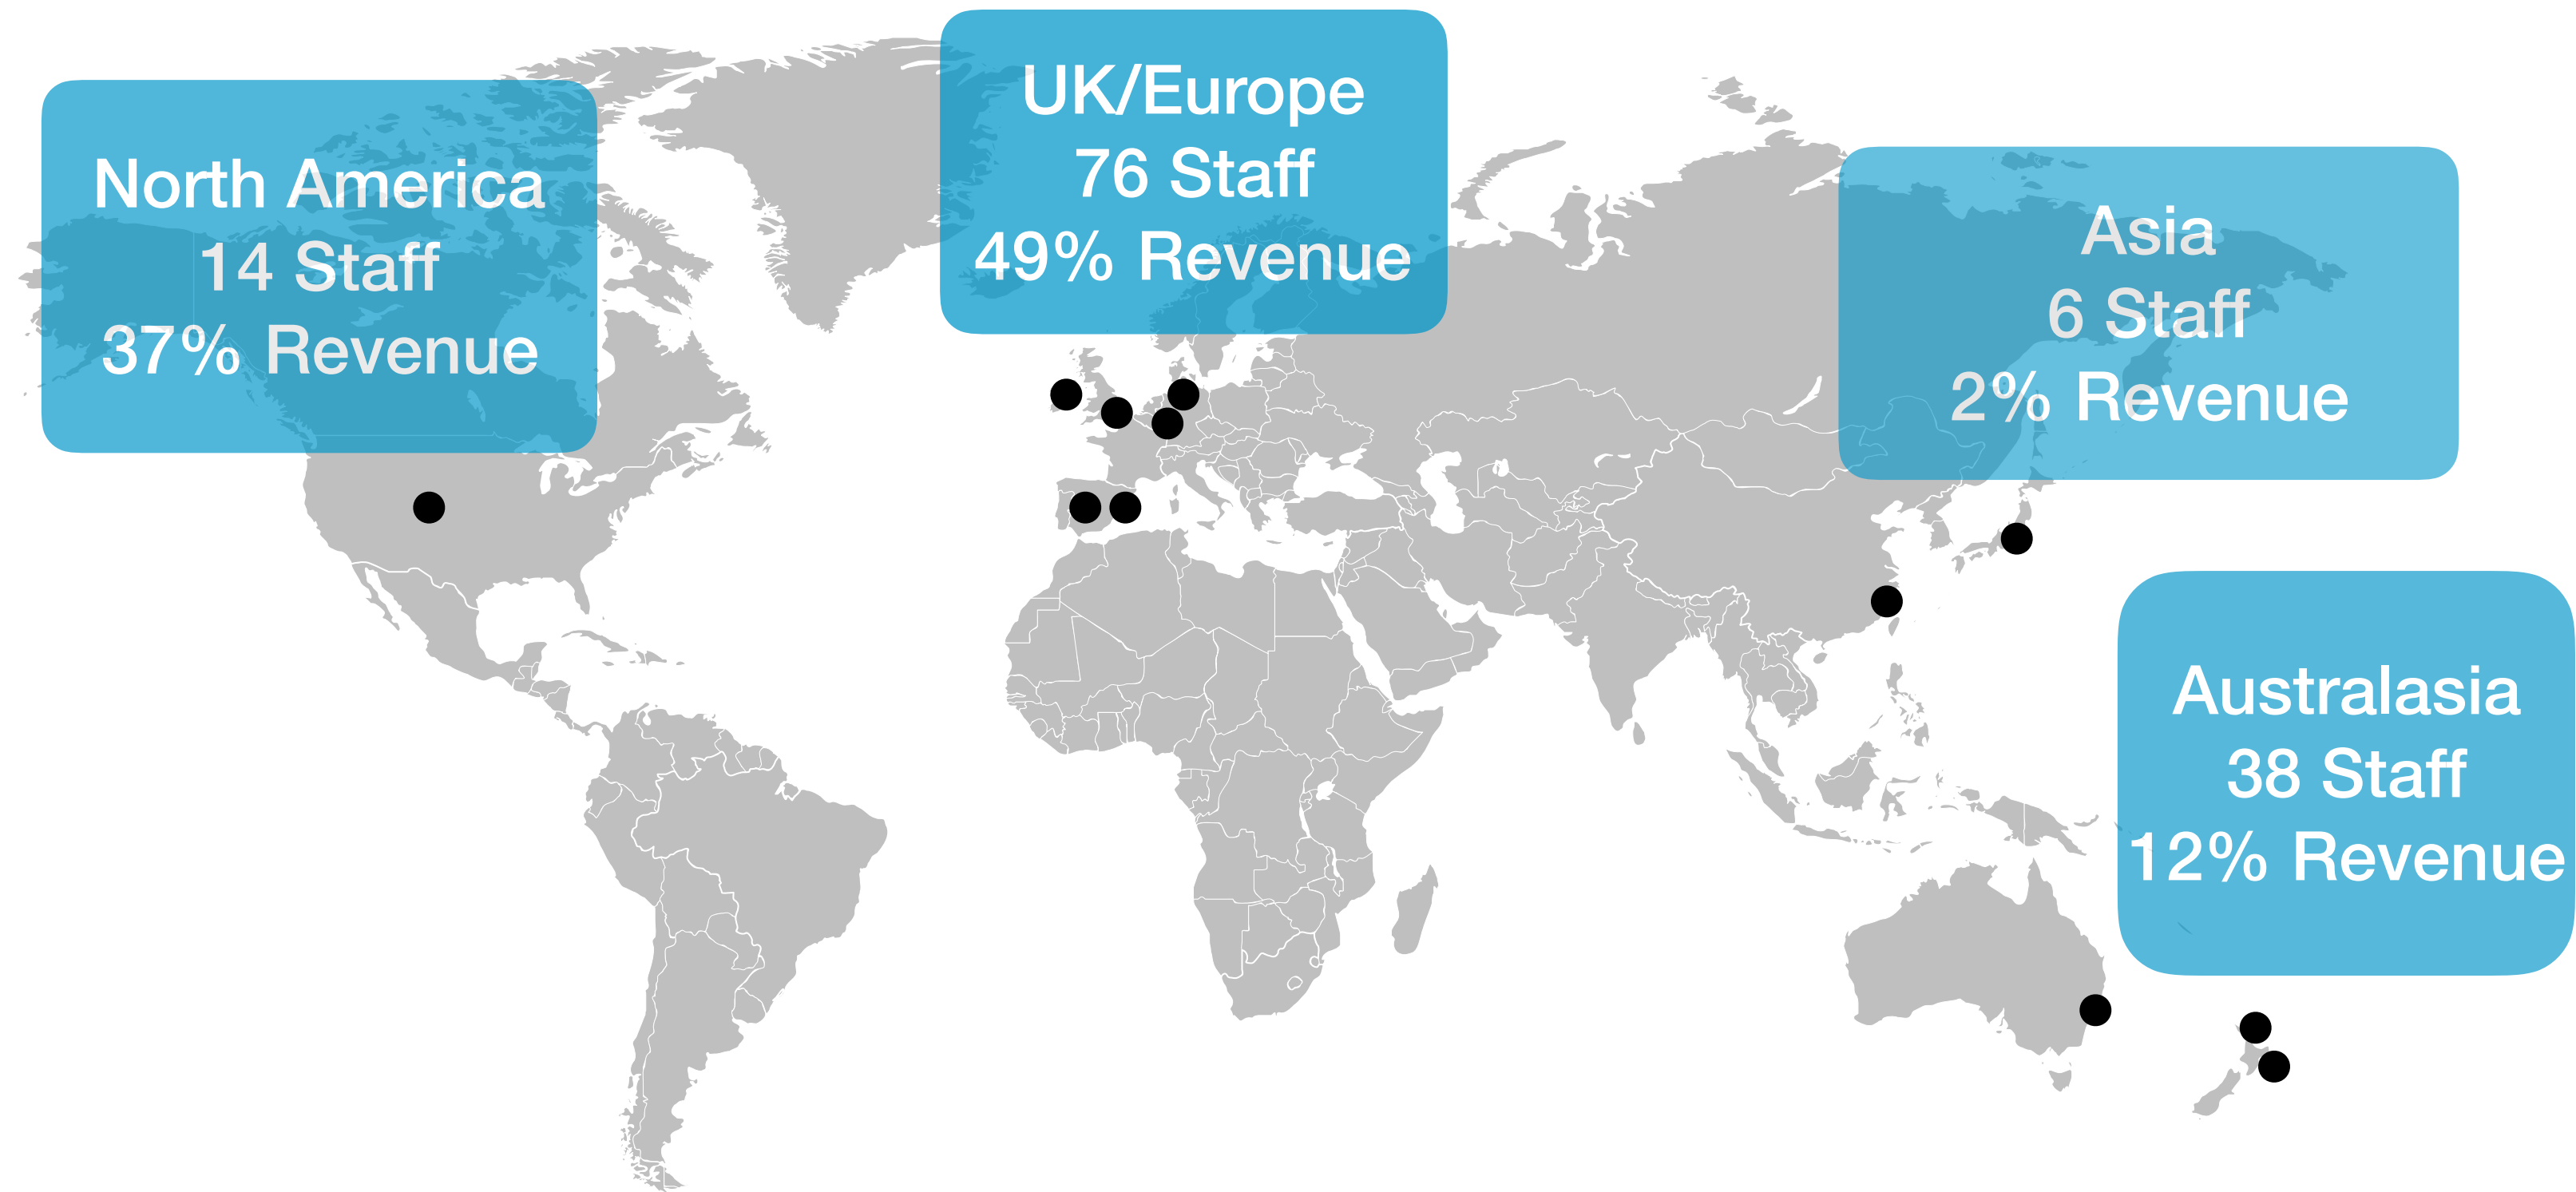

Forecast to reach 66 Billion by 2022

2018 - 2022 CAGR 7%*

The translation industry facilitates trillions of dollars of global trade annually

*nimdzi 2018 Language services market analysis

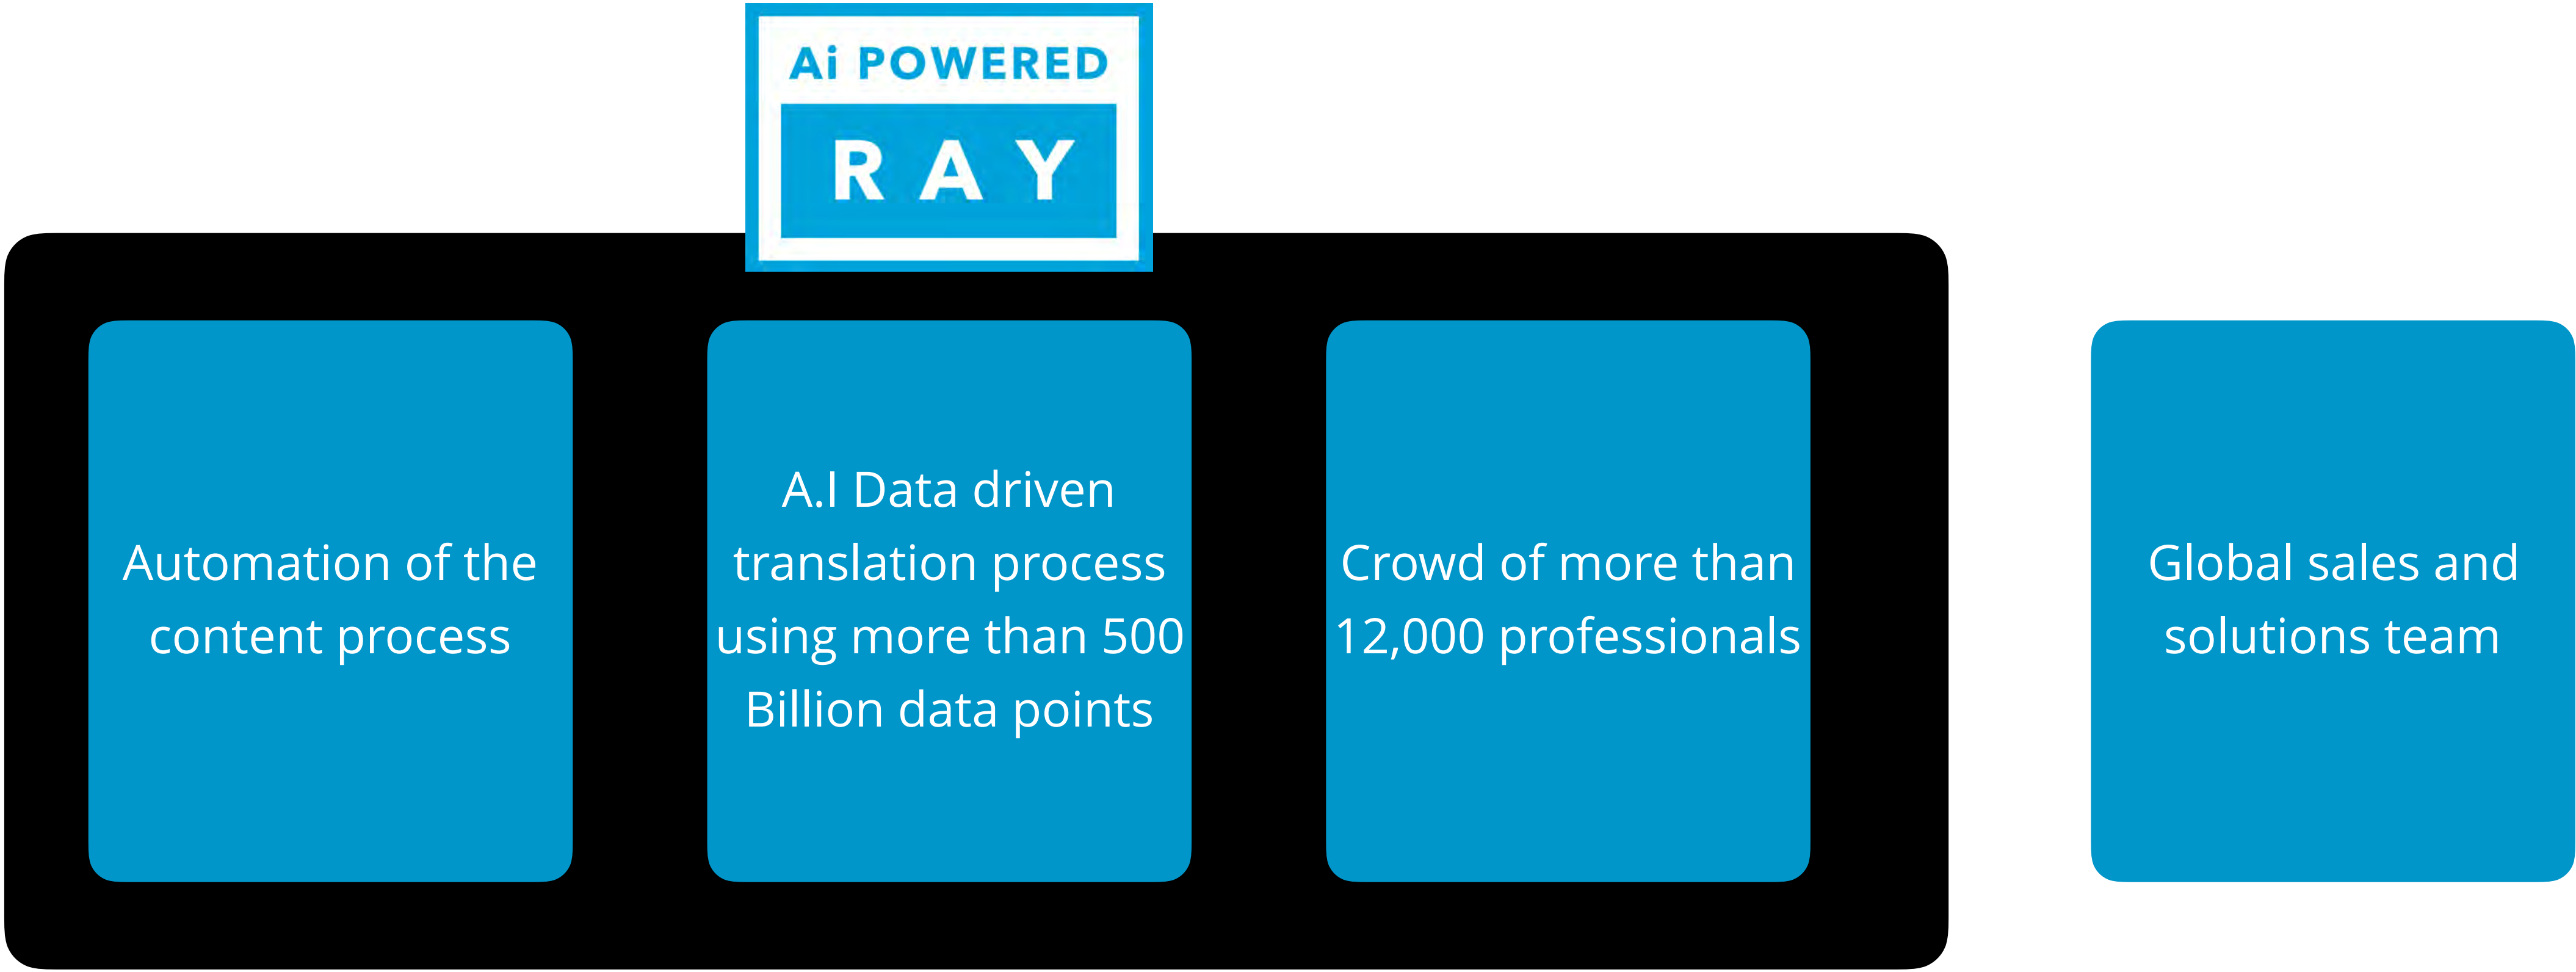

WHERE WE DO IT

Straker Group Revenue by region
post COM acquisition

HOW WE DO IT

We have a built a **unique technology platform** (RAY Ai) to leverage the advances in **A.I and big data** to give us a strong competitive advantage in the **US\$47 billion** translation industry.

REVOLUTIONARY DATA-DRIVEN PLATFORM

Ai POWERED

RAY

Data-driven Speed

Using big data to train machine learning engines, and give insights into human efficiency and continual refinements

Data-driven Quality

Rather than process driven quality control we can use machine learning to identify all the variables to ensure quality at the start of the project

Data-driven Production

Using data to streamline the production process by using previous project data to identify the most efficient method of processing a job

Data-driven value

Being able to offer alternative structures for pricing and delivering projects

Data-driven security

Using data to provide security and confidentiality to projects even if using a remote workforce

WHAT SUCCESS HAS PROVEN

In 2011 we were the first company to develop a data driven approach to translation.

We have redefined how the translation process works and aligned it to the business requirements of today

OUR GROWTH STRATEGY

Five Point Growth Strategy

Winning new
enterprise
customers

Transactional
Revenue

Integration into
content platforms

Increased
penetration with
existing customers

Acquisitions

Straker raised funds at its October 2018 IPO to continue its inorganic growth strategy and the acquisition of COM Translations is the continued execution of this strategy

ORGANIC GROWTH

Winning new enterprise customers

- Secure large volume enterprise customers
- Straker invested in global enterprise sales team over the previous two years
- 16 new salespeople across seven countries
- Using our data-driven unique platform benefits

Transactional revenue

- Provides cash flow benefits
- Drives smaller jobs that provide a range of ancillary benefits
- Driven by online advertising and content marketing

Integration into content platforms

- Directly market to platforms' broad customer bases
- Continue to invest in new integrations / refining the integrations
- Medium term revenue targets

ACQUISITION OPPORTUNITY

Fragmented Industry

Language services market revenue – over 18,500 language service providers

Top 100 service providers = 15% including Straker

Increase EBITDA %

- Improve the target's gross margins
- Grow target's customer base and revenues
- Cost synergies
- Geographical footprint
- Economies of scale

Templated Acquisition Structure

- Compounding gains on each acquisition
- Dedicated integration team
- Standard approach to negotiation
- Continuous identification and engagement of targets

SUCCESSFUL ACQUISITIONS

EBITDA Margin %	FY17	FY18	FY19
EuroText	8%	13%	22%
Elanex	-6%	8%	22%

Price
Average price of an acquisition is ~0.8 x revenue

OVERVIEW OF COM TRANSLATIONS

Founded in 2011 COM Translations provides media and audio-visual translations services to the media industry

Audio & Visual Translation Services
