## GI Dynamics Announces US \$3M Convertible Note and Warrant Financing from Crystal Amber Fund Limited

**BOSTON and SYDNEY — 9 May 2019 —** GI Dynamics® Inc. (ASX:GID) (Company or GI Dynamics), a medical device company that is developing EndoBarrier® for patients with type 2 diabetes and obesity, is pleased to announce that it has agreed to the terms of a US \$3,000,000 convertible note and warrant financing with Crystal Amber Fund Limited (Crystal Amber).

The convertible note (Note) was issued to Crystal Amber today with the funding under which to be provided in four tranches as further detailed in Attachment 1. GI Dynamics expects this financing to satisfy the general working capital requirements of the Company until the end of July 2019 (subject to the Company being able to agree to a further extension of the 1 July 2019 maturity date of the 2017 convertible note held by Crystal Amber).

Under the terms of the Note, Crystal Amber will not be permitted to convert the Note into common stock or CHESS Depositary Interests (CDIs) of the Company unless and until such conversion feature has been approved by the stockholders of the Company (this feature is similar to the terms of the [March 2019 convertible note](#) that was issued to Crystal Amber).

Subject to obtaining stockholder approval, GI Dynamics has also agreed to issue a warrant (Warrant) to Crystal Amber to subscribe for CDIs (or common stock) in accordance with the agreed terms. This Warrant cannot be issued unless and until its issue is approved by stockholders.

The material terms of the Note and the Warrant are outlined in Attachment 1.
