

ASX RELEASE

International Chief Financial Officer Appointed

Highlights

- Kleos appoints Iain Hackston as International Chief Financial Officer
- Iain has extensive CFO experience and is a finance professional with wide-ranging international experience and a proven track record
- As CFO Iain has led finance and IT departments across 6 countries
- Previous key role in US\$1.3B project financing of innovative start-up satellite company
- Former Managing Director of \$1.8B satellite procurement and leasing company

Kleos Space S.A. Luxembourg, 9th May 2019, (ASX:KSS, Frankfurt:KS1), (**Kleos** or **Company**) space-powered Radio Frequency Reconnaissance data provider, is pleased to advise the appointment of Iain Hackston as part-time International Chief Financial Officer.

Mr Hackston is a highly qualified professional who brings a significant depth of expertise to the Company, having held a number of senior leadership and finance roles with extensive experience in aerospace and satellite financial modelling and development.

He has significant leadership and strategic experience across strategy, finance, operations, sales and business development, technology, innovation and corporate governance.

Mr Hackston's experience will be instrumental in driving growth for Kleos and increasing the Company's profitability.

Previous roles include O3b (satellite), LeoSat Enterprises, Inc. (satellite) – USA / Luxembourg and at SES Satellite Leasing (satellite (SES S.A): Euronext: SESG).

Kleos' CEO said: "We are delighted to welcome Iain Hackston as Chief Financial Officer of Kleos. Iain is a highly experienced multi-lingual CFO, whose expertise will provide significant value to Kleos.

"Iain's appointment is timely with the pending launch of the first Kleos' Scouting Mission satellites¹ and as we make positive strides towards revenue generation and growth".

¹ The multi-satellite Scouting Mission system will form the foundation of a constellation that delivers a global picture of hidden maritime activity, enhancing the intelligence capability of government and commercial entities when AIS (Automatic Identification System) is defeated, imagery is unclear or targets are out of patrol range. The first scouting mission is made up of 4x nano-satellites built by GomSpace in Denmark, each the size of a shoebox.

About Kleos Space S.A.

Kleos Space S.A. (ASX: KSS) is a space enabled, activity-based intelligence, data as a service company based in Luxembourg. Kleos Space aims to guard borders, protect assets and save lives by delivering global activity-based intelligence and geolocation as a service. The first Kleos Space satellite system, known as Kleos Scouting Mission (KSM), will deliver commercially available data and perform as a technology demonstration. KSM will be the keystone for a later global high capacity constellation. The Scouting Mission will deliver targeted daily services with the full constellation delivering near-realtime global observation. – www.kleos.space.
