Request for trading halt: Infratil Limited (ASX Code: IFT)

We request a trading halt to be applied to our securities under ASX Listing Rule 17.1 and set out below details of the request as per the ASX rules.

We would like the trading halt to commence immediately.

Reasons for trading halt: Infratil has sought and obtained a trading halt from NZX in both its shares and its bonds. The halt was sought in response to media reports concerning a potential acquisition. Infratil is not currently in a position to provide information in response to those reports which is sufficiently certain to enable informed trading in its quoted securities.

How long we want the trading halt to last: until the earlier of:

- the release of a further market announcement by Infratil (i.e. assuming the potential acquisition develops sufficiently rapidly for Infratil to make a more certain announcement); and
- Tuesday 14 May (9:00am for bonds, 10:00am for shares).

The event we expect to happen that will end the trading halt: As above, release of an announcement by Infratil in relation to the potential acquisition before the market opens on Tuesday 14 May.

Other information necessary to inform the market about the trading halt or that ASX or NZX have requested: None.

We confirm that we are not aware of any reason why the trading halt should not be granted.

Yours sincerely
