

30 May 2019

Deferral of Financial Reporting Obligations

On 20 May 2019, Bradley Hellen and Nigel Markey were appointed as administrators of Blue Sky Alternative Investments Limited (Administrators Appointed) (Receivers and Managers Appointed) (the Company).

The administrators advise that the Company is relying on the relief granted pursuant to section 8 of the ASIC Corporations (Externally-Administered Bodies) Instrument 2015/251, which provides an automatic deferral of financial reporting obligations applying under Part 2M.3 of the Corporations Act 2001, for externally administered companies. The automatic deferral operates for a period of 6 months after the date of the administrators' appointment. Therefore, the Company does not intend to circulate financial reports to members, or lodge reports with the Australian Securities and Investments Commission, until the expiry of the 6 month deferral period.

Please contact the administrators with any questions relating to this matter, using the contact details below:
