"Never lose a childhood memory: Tinybeans Family & Baby Album is here to help"

In Australia

One minute they're crawling, the next they're giving you sass. Your kids grow up fast – blink and you'll miss it.

Tinybeans Milestones Album means you'll never lose a memory, and you can share the milestones with people who can't always be there with you.

In France

Le temps passe vite, et il suffit de regarder les enfants grandir pour s'en rendre compte. Un jour, on découvre leur première dent ; le lendemain, on les envoie à la fac.

Pas une seconde à perdre : avec *Tinybeans Baby & Family Album*, vous pouvez immortaliser tous les moments importants de leur vie (et les partager en privé avec tous vos proches).

In Brazil

Uma hora eles estão engatinhando, na outra já fazem malcriação. Criança cresce rápido – piscou, perdeu.

Com *Tinybeans Family & Baby Album*, você nunca vai perder uma memória, e pode compartilhar os momentos marcantes com pessoas que não podem sempre estar ao seu lado.

Tinybeans CEO, Eddie Geller, said:

"We are thrilled to have Tinybeans featured globally by Apple. We have invested heavily in our iOS app since we first launched in the App Store in 2012 and are incredibly proud that we have always maintained our 5 star rating. From the beginning we always knew the importance of privacy and designing a beautifully simple app that people around the world have come to adore. So being recognised as App of the Day is a special milestone that the Tinybeans team is really excited by."
