ASX RELEASE

Atlas Arteria

Eiffage and APRR consortium selected as preferred bidder for RCEA upgrade project

Atlas Arteria (**ASX: ALX**) notes that the French Government announced on 13 June 2019 that it has selected a consortium comprising Eiffage and APRR, as the preferred bidder on the Route Centre-Europe Atlantique (**RCEA**) upgrade project in the Allier region.

The RCEA project involves approximately 90 kilometres of road to be upgraded to motorway standards under a 48 year concession arrangement to 2067. RCEA is strategically located on a major east-west transit and trade route across France – a traffic flow currently not fully captured by APRR. The 90 kilometres route runs between Digoin in the east and Sazeret in the west.

The project, and the nature of APRR's involvement, is still subject to negotiation of final contracts.

About Atlas Arteria

Atlas Arteria (ASX:ALX) is a large owner, operator and developer of toll roads globally. The company vision is to enhance the economic and environmental efficiency of communities through the ownership and operation of safe and efficient transport solutions.

The Atlas Arteria Group consists of four businesses. We own a 25% interest in the APRR toll road group in France. Adjacent to the APRR business is the smaller ADELAC business which connects to APRR in south-east France. Together APRR and ADELAC comprise a 2,318km motorway network located in the East and South East of France. In the US, we have 100% of the economic interest in the Dulles Greenway, a 22km toll road in the Commonwealth of Virginia. In Germany, we own 100% of the Warnow Tunnel in the north-east city of Rostock.
