

ASX Announcement
28 June 2019

Market Update and Guidance

Macquarie Telecom Group Limited (ASX: MAQ) provides the market with the following market update.

Confirmation of Guidance

With respect to financial year 2019, the Company is pleased to announce that the unaudited FY19 EBITDA is expected to be in the range of \$51-53m. This is in accordance with previous guidance provided on 26 February 2019, and will deliver 10 consecutive halves of revenue and profit growth.

The Company's full year results are expected to be announced on 28 August 2019.

IC3 Data Centre Development Update

A delay in planning and approval will see practical completion of IC3 East (part of the Macquarie Park Data Centre Campus) move out from 1H to 2H CY20. This delay will not affect the Company's ability to support our Customers' current and future growth plans.

Upon completion, the Macquarie Park Data Centre Campus will provide 43MW in total load, a significant increase on the current 10MW facility. The Company anticipates being able to provide a more detailed update as part of its commentary to the full year results.
