Chairman's Letter

Dear Chalmers Shareholder,

Recommended off-market takeover bid for Chalmers

On behalf of Qube and Qube BidCo, I am pleased to present you with this Offer to acquire all of your Chalmers Shares for 2.31 Qube Shares or \$6.50 cash (but not a combination of both) for each of your Chalmers Shares.

Compelling Offer for Chalmers Shareholders

Qube's Offer, made through a wholly-owned subsidiary, Qube BidCo, is highly attractive and provides liquidity and compelling value for Chalmers Shareholders. If you accept the Offer, you have the option to elect what consideration you receive under the Offer, being either:

- 2.31 Qube Shares for each of your Chalmers Shares (the **Scrip Option**); or
- \$6.50 cash for each of your Chalmers Shares (the **Cash Option**).

You cannot elect to receive a combination of both Qube Shares and cash consideration.

Qube notes that the Chalmers Directors intend to unanimously recommend that Chalmers Shareholders accept the Offer, in the absence of a superior proposal.

The Offer is subject to a number of conditions, including Qube BidCo acquiring a relevant interest in at least 90% of Chalmers Shares on issue. The full terms and conditions of the Offer are set out in section 12 of this Bidder's Statement.

Why you should accept the Offer

Qube strongly encourages you to accept Qube BidCo's offer not least because:

- as at 27 June 2019 (being the last trading date prior to the announcement of the Offer), the implied value of the Scrip Option was \$7.00.¹ This represents a substantial and attractive premium of:
 - 49% to the closing price of Chalmers Shares of \$4.70 on 27 June 2019 (being the last trading day prior to the announcement of the Offer); and
 - 61% to \$4.34, being the volume-weighted average price of Chalmers Shares for the one month to and including 27 June 2019 (being the last trading day prior to the announcement of the Offer);
- the consideration under the Cash Option of the Offer to Chalmers Shareholders is \$6.50 per Chalmers Share which, as at the date of the announcement of the Offer, represented:
 - a premium of 38% to the Chalmers closing share price on 27 June 2019 (being the last trading day prior to the announcement of the Offer); and
 - a premium of 50% to the volume weighted average share price of Chalmers over the one month ending 27 June 2019 (being the last trading day prior to the announcement of the Offer);

¹ This is based on the closing price of Qube Share on ASX on 27 June 2019, being \$3.03. The implied value of the Scrip Option will vary with the market price of Qube Shares. As at 27 June 2019, the implied value of the Scrip Option was \$7.00 which is based on the closing price of Qube Shares on ASX on that day, being \$3.03.

- the Chalmers Directors intend to unanimously recommend that Chalmers Shareholders accept the Offer, in the absence of a superior proposal;
- the Offer provides flexibility for Chalmers Shareholders to elect to receive cash or Qube Shares;
- the Scrip Option affords Chalmers Shareholders an opportunity to own shares in Qube, an ASX100 company of greater scale, with more diversified earnings and an enhanced market position relative to Chalmers;
- if you elect to receive the Scrip Option, CGT roll-over relief should be available to eligible shareholders if Qube acquires 80% or more of Chalmers Shares through the Offer²;
- it is the only takeover offer that currently exists for your Chalmers Shares;
- a major shareholder in Chalmers, Alljet Investments Pty Ltd, has agreed to accept the offer (in the absence of a superior proposal) in respect of 19.9% of the Chalmers Shares on issue (refer to section 3.6 for more details); and
- no brokerage fees will be payable (unless you are an Ineligible Foreign Shareholder or Unmarketable Parcel Holder).

Support from Chalmers Directors

In addition, Chalmers has announced that the Chalmers Directors intend to unanimously recommend that Chalmers Shareholders accept the Offer, in the absence of a superior proposal and that the Chalmers Directors intend to elect to receive the Scrip Option with respect to the Chalmers Shares that they own or control.³

Detailed information about the Offer is set out in this Bidder's Statement. I encourage you to carefully read this Bidder's Statement in its entirety and consider the merits of this Offer as we have presented them.

I strongly encourage you to **ACCEPT** the Offer as soon as possible. Unless extended, the Offer is open until 7:00 pm (Sydney time) on 11 July 2019. To accept the Offer, you must follow the instructions in the accompanying Acceptance Form.

17	Acquisitions	Qube's business strategy involves it continuing to seek growth opportunities, including through acquisitions. 19	Access to property and rent expense	Some of Qube and its associate's businesses lease and license significant infrastructure and other properties and assets such as rail terminals, container parks and stevedoring facilities. These leases and licences carry renewal risk upon expiry. These businesses are heavily reliant upon long term access to critical sites/properties. Refer to section 10.3(g) for additional disclosure in respect of this risk.
23	Dividends	Qube's current dividend policy is whenever possible, paying a dividend equal to 50-60% of underlying earnings per share, having regard to the considerations outlined below. The Qube Board intends to review its current dividend policy to determine whether it is appropriate to remove the current target dividend payout ratio to provide more flexibility. However, future determinations as to the payment of dividends by Qube will be at the discretion of the directors of Qube and will depend upon the availability of distributable earnings and franking credits, the operating results and financial condition of Qube and its subsidiaries and associates (including Patrick), future capital requirements, covenants in relevant financing agreements, general business and	Refer to section 10.3(h) for additional disclosure in respect of this risk.

Key risks relating to the Offer			
26	Integration of Chalmers	The success of the Combined Group, including, in particular, its ability to realise the synergies outlined in sections 6.1 and 8.1, and the time taken to do so, will be dependent upon the effective integration of Qube and Chalmers.	Refer to section 10.4(a) for additional disclosure in respect of this risk.
27	Due Diligence	In preparing the information relating to Chalmers contained in this Bidder's Statement, Qube has relied on publicly available information and information provided to Qube by Chalmers as part of its due diligence. Accordingly, risks may exist in relation to Chalmers (which will affect the Combined Group) of which Qube is unaware. However, as Chalmers is an ASX listed entity, any substantial threats to Chalmers' business should have been apparent from disclosure pursuant to Chalmers' periodic and continuous disclosure obligations.	Refer to section 10.4(b) for additional disclosure in respect of this risk.
28	Triggering change of control provisions	Contracts to which Chalmers is a party contain 'change of control' or similar clauses which may be triggered. There is a risk that the counterparties to the relevant contracts may seek to terminate their contracts with members of the Chalmers Group as a result of the Offer.	Refer to section 10.4(c) for additional disclosure in respect of this risk.
29	Issue of Qube Shares as consideration	Chalmers Shareholders are being offered Qube Shares as consideration under the Scrip Option of the Offer. As a result, the value of the consideration will fluctuate depending upon the market value of Qube Shares.	Refer to section 10.4(d) for additional disclosure in respect of this risk.
30	Sale of Qube Shares	Under the Offer, Qube will issue a number of new Qube Shares. Some Chalmers Shareholders may not intend to continue to hold their Qube Shares and may wish to sell them. This may have an	Refer to section 10.4(e) for additional disclosure in respect of this risk.

		adverse impact on the Qube share price.	
31	Acquisition of less than 90% of Chalmers Shares	The Offer includes a 90% minimum relevant interest condition (see section 12.8(a)). While Qube has no present intention to waive that condition, it reserves its right to declare the Offer free of that condition (or any other Defeating Condition of the Offer). If Qube waived the 90% minimum relevant interest condition and acquired less than 90% of all of the Chalmers Shares on issue under the Offer, this would prevent Qube compulsorily acquiring all remaining Chalmers Shares. This would also mean that Qube would not be able to implement its intentions set out in section 6.2.	Refer to section 10.4(f) for additional disclosure in respect of this risk.
32	Satisfaction of conditions	The confirmations of these matters are important to Qube's assessment of Chalmers' business. If these conditions are not satisfied or waived by Qube, then the Offer will not become unconditional.	Refer to section 10.4(g) for additional disclosure in respect of this risk.
General Investment Risks			
33	Share investment risks	Chalmers Shareholders should be aware that an investment in Qube has risks which are associated with investing in listed securities.	Refer to section 10.5(a) for additional disclosure in respect of this risk.
34	Market risks	The price that Qube Shares trade on the ASX may be determined by a range of factors pertaining to market risks.	Refer to section 10.5(b) for additional disclosure in respect of this risk.
35	No certainty of liquidity for the Combined Group	Qube will apply to ASX for Official Quotation of all Qube Shares issued under the Offer. Official Quotation of these Qube Shares will depend on ASX exercising its discretion. However, as Qube is already admitted to the official list of ASX and Qube Shares are already quoted, Qube is of the view that quotation of the shares to be issued under the Offer will be granted.	Refer to section 10.5(c) for additional disclosure in respect of this risk.

3 Why You Should Accept the Offer

Highlights

The Qube Board believes that the Offer provides significant benefits to Chalmers Shareholders. These benefits are set out below.

1	Qube is offering a significant premium for Chalmers Shares;
2	The Chalmers Directors intend to unanimously recommend that Chalmers Shareholders accept the Offer, in the absence of a superior proposal and Chalmers Directors intend to elect to receive the Scrip Option with respect to the Chalmers Shares that they own or control;⁶
3	The Offer provides flexibility for Chalmers Shareholders to elect to receive cash or Qube Shares;
4	The Scrip Option affords Chalmers Shareholders an opportunity to own shares in Qube, an ASX100 company of greater scale, with more diversified earnings and an enhanced market position relative to Chalmers;
5	If you elect to receive the Scrip Option, CGT roll-over relief should be available to eligible shareholders if Qube acquires 80% or more of Chalmers Shares through the Offer;
6	It is the only takeover offer that currently exists for your Chalmers Shares;
7	Qube and Alljet Investments Pty Ltd (<i>Alljet</i>) have entered into a pre-bid agreement in respect of 19.9% of the issued share capital in Chalmers and Alljet has indicated that it intends to accept Qube's offer (in the absence of a bona fide superior proposal from a third party to acquire a relevant interest in more than 20% of the shares in Chalmers which is not matched by Qube or Qube BidCo within the time period stated in section 3.6); and
8	No brokerage fees (unless you are an Ineligible Foreign Shareholder or Unmarketable Parcel Holder).

The above table is only a headline summary of some of the benefits to Chalmers Shareholders that the Qube Board considers the Offer provides. Some of these benefits are explained in further detail within this section 3. In considering these benefits, Chalmers Shareholders should also bear in mind that the Offer is subject to a number of risks, which are set out in section 10 of this Bidder's Statement.

If you elect to receive the Cash Option or are an Ineligible Foreign Shareholder or an Unmarketable Parcel Holder, you will receive cash and will not become a Qube Shareholder.

⁶ As disclosed in the Chalmers 2018 Annual Report, collectively, Chalmers Directors or director related entities hold 4,403,536 Chalmers Shares representing 57.83% of Chalmers Shares.

3.1 Qube is offering a significant premium for Chalmers Shares

Under the Offer, Chalmers Shareholders are being given the opportunity to elect to receive either 2.31 Qube Shares or \$6.50 cash for each Chalmers Share they hold (but not a combination of both). As there is the potential for Chalmers Shareholders (other than Ineligible Foreign Shareholders or Unmarketable Parcel Holders) to receive Qube Shares under the Scrip Option, the value of the Scrip Option of the Offer to Chalmers Shareholders varies with the market value of Qube Shares.

As at the date of the announcement of the Offer (on 28 June 2019), the value of the Scrip Option of the Offer to Chalmers Shareholders was \$7.00 per Chalmers Share which represented:

- a premium of 49% to the Chalmers closing share price on 27 June 2019;
- a premium of 61% to the volume weighted average share price of Chalmers over the one month ending on 27 June 2019.

As at the date of this Bidder's Statement, the value of the Scrip Option of the Offer to Chalmers Shareholders was \$7.00 per Chalmers Share.⁷

The consideration under the Cash Option of the Offer to Chalmers Shareholders was \$6.50 per Chalmers Share which, as at the date of the announcement of the Offer, represented:

- a premium of 38% to the Chalmers closing share price on 27 June 2019;
- a premium of 50% to the volume weighted average share price of Chalmers over the one month ending on 27 June 2019.

3.2 The Chalmers Directors intend to unanimously recommend that Chalmers Shareholders accept the Offer, in the absence of a superior proposal

The Offer provides flexibility for Chalmers Shareholders to elect to receive cash or Qube Shares.

3.4 The Scrip Option affords Chalmers Shareholders an opportunity to own shares in an ASX100 company with increased scale, more diversified earnings and an enhanced market position while retaining exposure to Chalmers' assets

Collectively, Chalmers Shareholders will hold up to a maximum of 1.08% of the shares in Qube and be entitled to this share of any benefits of the Combined Group. In addition to providing a premium of 49% to the Chalmers closing share price on 27 June 2019, the Offer provides Chalmers Shareholders who receive Qube Shares under the Offer with an on-going investment in the Combined Group.¹⁰

3.5 CGT roll-over relief should be available to eligible shareholders if Qube acquires 80% or more of Chalmers Shares through the Offer¹¹

Chalmers Shareholders who elect to receive the Scrip Option and derive a capital gain as a result of accepting the Offer may be eligible to claim CGT roll-over relief in respect of the disposal of Chalmers Shares and the acquisition of Qube Shares under the Offer.

If Qube acquires 80% or more of Chalmers Shares on issue as a consequence of the Offer, a Chalmers Shareholder who is a resident for Australian tax purposes and would otherwise make a capital gain in respect of the disposal of Chalmers Shares pursuant to the Scrip Option will be able to benefit from scrip for scrip roll-over relief provided that:

- they choose to obtain that relief; and
- they are not otherwise subject to tax on any profit or gain arising on their Chalmers Shares under other provisions of Australia's tax laws (please refer to section 9.1 for a description of the types of Chalmers Shareholders who may be subject to special treatment).

Such relief, if available and chosen, allows Chalmers Shareholders to disregard any capital gain that would otherwise arise for Australian income tax purposes in respect of the disposal of their Chalmers Shares.

Please refer to section 9 of this Bidder's Statement for further information in relation to the availability of CGT roll-over relief and other taxation considerations generally.

The information set out in this Bidder's Statement relates solely to tax legislation in Australia, current as at the date of this Bidder's Statement. Chalmers Shareholders who are resident in countries other than Australia or otherwise fall within the class of Chalmers Shareholders subject

3.7 No brokerage fees

(a) Operating Division

Logistics provides a broad range of services relating to the import and export of mainly containerised cargo. The services currently provided include the physical and documentary processes and tasks of the import/export supply chain such as road and rail transport of containers to and from ports, operation of container parks, customs and quarantine services, warehousing, intermodal terminals, international freight forwarding and bulk rail haulage for rural commodities. Logistics operates nationally with strategic locations near the ports in key capital cities.

Ports & Bulk has two core activities comprising port logistics and bulk logistics. It provides a range of logistics services relating to the import and export of mainly non-containerised freight, with a major focus on automotive, bulk and break bulk products. The operations are located throughout Australia, New Zealand and South East Asia.

Qube's port logistics activities are focused on the provision of an integrated logistics solution for the automotive industry, covering a range of activities including stevedoring, processing and delivery. Qube's port logistics also provides stevedoring and related logistics services for the oil and gas industry, forestry products and project and general cargo.

Qube's bulk logistics activities are aimed at offering customers a comprehensive logistics solution from mine-to-ship covering activities including transport, stockpile management, storage facilities and stevedoring. Qube handles a diverse range of commodities including iron ore, copper, nickel concentrate, lithium and mineral sands.

(b) Infrastructure and Property (including the Strategic Assets division)

This division currently comprises the Moorebank Logistics Park Project, Australian Amalgamated Terminals, a strategically located property at Minto in Sydney's south west and non-controlling interests in 'Strategic Assets' which include Quattro Grain joint venture (47.2%) and TQ Holdings Pty Limited (50%).

Qube will manage the development and operations of the overall project. This development will include port-shuttle and interstate rail terminals as well as substantial warehousing development targeting tenants that will also benefit from efficient rail and logistics services.

Australian Amalgamated Terminals ('AAT') is a multi-user facility provider to the Australian stevedoring industry, operating terminals with facilities for importing and exporting motor vehicles and general cargo.

The Quattro Grain joint venture operates a grain storage and handling facility at Port Kembla on land that is leased from Qube's subsidiary AAT.

TQ Holdings, which is a 50% joint venture with Japanese petroleum group JXTG Group ('Tonen'), is progressing the analysis and approvals for the construction and operation of a fuel storage facility at Port Kembla on land leased from NSW Ports.

(c) **Patrick**

Patrick is one of two established national operators providing container stevedoring services in the Australian market with operations in the four largest container terminal ports in Australia. Given the material nature of this investment to Qube, this joint venture is being reported as a separate segment

6 Intentions

6.1 Introduction

This section 6 sets out the intentions of Qube and Qube BidCo in relation to:

- the continuation of the business of Chalmers;
- any major changes to the business of Chalmers and any redeployment of Chalmers resources; and
- the future employment of the present employees of Chalmers.

These intentions are based on the information concerning Chalmers, its business and the general business environment which is known to the Qube Group at the time of preparation of this Bidder's Statement which is limited to publicly available information and/or information that Qube has obtained from Chalmers as part of its due diligence.

Final decisions regarding these matters will only be made by the Qube Group in light of material information and circumstances at the relevant time. Accordingly, the statements set out in this section 6 are statements of current intention only, which may change as new information becomes available to the Qube Group or as circumstances change.

Some of the intentions noted in this section 6 anticipate cost and revenue synergies to the Combined Group that are not currently available in isolation to Qube Shareholders or Chalmers Shareholders. The extent and timing of these benefits is currently uncertain, and the ability of the Combined Group to capture these synergy benefits will depend on, amongst other things, the results of the operational review referred to in section 6.2(c) below and whether or not Qube BidCo is able to acquire 100% of Chalmers.

Combining two businesses, like Qube and Chalmers, carries integration risk. The Combined Group will use tools to mitigate these risks, but not all risks can be eliminated. Integration risk is discussed in further detail in section 10.4(a). However, it should be noted that given the relative differences in scale of the Chalmers Group and Qube Group, the synergies are unlikely to be significant.

6.2 Intentions upon acquisition of 90% or more of the Chalmers Shares

This section 6.2 sets out the Qube Group's current intentions if Qube BidCo acquires relevant interests in 90% or more of the Chalmers Shares and is entitled, under the Corporations Act, to proceed to compulsory acquisition of the remaining Chalmers Shares.

(a) Corporate matters

It is intended that Qube BidCo would:

- proceed with compulsory acquisition of the outstanding Chalmers Shares in accordance with the provisions of Chapter 6A of the Corporations Act; and
- arrange for Chalmers to be removed from the Official List of ASX.

(b) General Intentions

Except as set out in this section 6, Qube and Qube BidCo intend to continue the business of Chalmers in the same manner as it is presently conducted.

The Combined Group will maintain and enhance the existing business of Qube and Chalmers where possible in order to maximise operating performance and to deliver value for shareholders. This will involve the integration of the existing Chalmers

businesses and some centralisation and rationalisation of business processes, systems and applications.

The Qube Group intends to operate the Chalmers business under the Chalmers brand, subject to integration, for at least the short to medium term.

The Qube Group intends to repay all Chalmers borrowings from its available undrawn facilities.

(c) General operational review

Qube and Qube BidCo intend to conduct a thorough and broad-based general review of Chalmers' corporate structure, assets, businesses, personnel and operations.

This review will build on the due diligence Qube has undertaken to date and be completed as expeditiously as possible. Whilst the Qube Group does not have any specific intentions in relation to this review or its outcomes, its current expectation is that the review will focus on identifying opportunities in relation to:

- site consolidation and integration of management operating systems and platforms, administrative procedures, systems and reporting lines. The aim is to bring these into line with best practices and to optimise operating costs;
- potential cost synergies, including overhead costs, compliance costs, insurances, professional advisory fees and other synergistic operational costs;
- external commercial relationships with service providers; and
- optimising the use and value of Chalmers property interests.

This review will apply quantitative and qualitative factors to measure performance and areas for improvement. Following this review, the intentions described in this section 6 may be confirmed, developed or reconsidered. Accordingly, the specific intentions that have been formed are conditional upon the outcome of more complete investigations to be undertaken after Qube BidCo acquires all of the Chalmers Shares.

(d) Impact on employees

The Qube Group intends to conduct a review of the employment requirements of the Combined Group as part of determining its proposed operating model. This will be done with input from management of both Qube and Chalmers. Where redundancies do occur across the Combined Group, severance and redundancy terms of all relevant employment contracts and industrial agreements or awards will be recognised and complied with by the Combined Group.

(e) Benefits for employees

The successful implementation of the Offer is expected to deliver benefits to Chalmers employees through the Qube Group's ability to continue to invest and grow the Chalmers business as well as providing new opportunities for employees to move to roles in the broader Qube organisation.

(f) Board matters

Subject to the Corporations Act and Chalmers' constitution, Qube BidCo will seek to reconstitute the Chalmers Board with nominees of the Qube Group. The Qube Group has not made any decision as to who would be nominated for appointment to the Chalmers Board.

6.3 Other intentions

Other than as set out in this section 6, it is the present intention of the Qube Group to procure that Chalmers will:

- generally continue the business of Chalmers; and
- continue to offer employment to Chalmers' present employees within the Combined Group.

6.4 Limitations on intentions

The intentions and statements of future conduct set out in this section 6 must be read as being subject to:

- the law (including the Corporations Act) and the ASX Listing Rules, including in particular the requirements of the Corporations Act and the ASX Listing Rules in relation to conflicts of interest and 'related party' transactions given that, if Qube obtains control of Chalmers but does not acquire all of the Chalmers Shares, it and Qube will be treated as related parties of Chalmers for these purposes;
- the legal obligation of the Chalmers Directors at the time, including any nominees of Qube or Qube, to act in good faith in the best interests of Chalmers and for proper purposes and to have regard to the interests of all Chalmers Shareholders; and
- the outcome of the review referred to in section 6.2(c).

7 Funding

7.1 Consideration under the Offer

Consideration under the Cash Option for the acquisition of the Chalmers Shares will be satisfied by the payment of cash (in Australian dollars). Based on the total number of Chalmers Shares on issue as at the date of this Bidder's Statement, the cash consideration payable by Qube BidCo under the Offer, if Cash Option acceptances were received for all Chalmers Shares would be \$49,491,000.

However, Qube notes that Chalmers has announced that the Chalmers Directors intend to elect to receive the Scrip Option with respect to the Chalmers Shares that they own or control.¹³

Assuming therefore, that each relevant Chalmers Director accepts the Offer and elects the Scrip Option (as outlined above), the cash consideration payable by Qube under the Offer would be \$20,868,016.¹⁴ Qube has allocated a cash pool of \$21,000,000 out of its existing cash reserves and available undrawn facilities to satisfy the potential cash consideration payable by Qube BidCo in respect of those Chalmers Shareholders who accept the Offer and elect the Cash Option.

Consideration under the Scrip Option is Qube Shares. Based on the number of Chalmers Shares on issue as at the date of this Bidder's Statement, the number of Qube Shares that would need to be issued under the Offer if Scrip Option acceptances were received for all Chalmers Shares is approximately 17,588,510 Qube Shares.

7.2 Funding agreement between Qube and Qube BidCo

Qube has confirmed in writing to Qube BidCo that it will make available, or will procure that other members of the Qube Group will make available to Qube BidCo the amount of cash required to satisfy Qube BidCo's payment obligations to Chalmers Shareholders who elect the Cash Option. Qube is able to procure that other members of the Qube Group make funds available to Qube BidCo through Qube's ability to control those other members.

Under the terms of the internal funding arrangements, Qube is obliged to advance funds on request by Qube BidCo to enable Qube BidCo to satisfy its payment obligations to Chalmers Shareholders under the Offer, as well as to meet transaction costs. The funding agreement also contains an undertaking from Qube to Qube BidCo to issue the required number of Qube Shares to pay consideration to Chalmers Shareholders pursuant to the Scrip Option.

7.3 Funding for the Cash Option

Qube will source the necessary funds to be made available to pay the Offer consideration (and costs associated with the Offer) from Qube's existing cash reserves and available undrawn facilities. As at the date of this Bidder's Statement, Qube has a total funding capacity in excess of the Offer Amount comprising available credit facilities in excess of \$375 million as at 28 June 2019.

Qube does not anticipate any restriction on the availability of these funds for the purposes of funding Qube's Offer.

¹³ As disclosed in the Chalmers 2018 Annual Report, collectively, Chalmers Directors or director related entities hold 4,403,536 Chalmers Shares representing 57.83% of Chalmers Shares.

¹⁴ This assumes 4,403,536 Chalmers Shares representing 57.83% of Chalmers Shares are subject of the Scrip Election and the remaining 3,210,464 Chalmers Shares representing 42.17% of Chalmers Shares are subject of a Cash Election.

7.4 Provision of consideration

On the basis of the arrangements described in this section 7, Qube and Qube BidCo believe that they have reasonable grounds for holding the view, and hold the view, that Qube and Qube BidCo will be able to provide the consideration offered under the Offer.

8 Pro-Forma Historical Financial Information and profile of the Combined Group

8.1 Overview of the Combined Group

The Combined Group will provide shareholders in Chalmers with an interest in a larger, stronger and more diversified company. The Combined Group will be an Australian transport and logistics provider with potential for significant growth resulting in economic benefits which may not be available to Chalmers individually.

8.2 Capital structure of the Combined Group

The actual number of Qube Shares on issue at completion of the Offer will depend on the number of acceptances of the Offer during the Offer Period.

Assuming that Qube acquires 100% of all of the Chalmers Shares on issue and that all Chalmers Shareholders accept the Scrip Option, Qube expects that the Combined Group will have a total of approximately 1,623,840,603 Qube Shares on issue.¹⁵ In this scenario, Chalmers Shareholders will hold approximately 1.08% and Qube Shareholders would hold approximately 98.92% of the Combined Group.

Depending upon which Chalmers Shareholders accept the Scrip Option, the top 20 Qube shareholders outlined in section 4.10(b) may change.

8.3 Pro-forma Historical Financial Information of the Combined Group

This section 8 provides an overview of the unaudited, pro-forma balance sheet of the Qube Group as at 31 December 2018; to show the effect of 100% ownership of Chalmers by Qube.

Pro-forma Historical Financial Information showing less than 100% ownership of Chalmers is not required since the Offer is subject to a 90% minimum relevant interest condition and Qube BidCo intends to proceed to compulsorily acquire all remaining Chalmers Shares which it does not already own pursuant to the Corporations Act.

The impact of the addition of Chalmers' Net Profit After Tax ('NPAT') to Qube is not considered material to the Combined Group's statement of comprehensive income and hence is not provided.

The Pro-forma Historical Financial Information has been prepared in order to give Chalmers Shareholders an indication of the scale and size of the Combined Group and the hypothetical impact of Qube acquiring Chalmers. It does not necessarily illustrate the financial position that would have been obtained or the financial performance which would have occurred had the acquisition of Chalmers by Qube occurred on or before 31 December 2018.

The Combined Group's Pro-Forma Historical Information is based on the latest available published financial information for Qube and Chalmers, prepared on the basis set out in Section 8.4 below.

The Pro-forma Historical Financial Information comprises the following:

- reviewed but unaudited balance sheet of Qube as at 31 December 2018;
- reviewed but unaudited balance sheet of Chalmers as at 31 December 2018; and
- pro-forma adjustments to reflect the impact of the Offer, including associated funding and transaction costs,
(collectively the '**Pro-forma Historical Financial Information**').

¹⁵ This figure is based on the 2.31x Offer ratio, 1,606,252,093 outstanding Qube Shares on issue, adjusted for rounding and no additional Chalmers Shares being issued prior to the end of the Offer Period.

Apart from the pro-forma adjustments outlined in the notes to the Pro-forma Historical Financial Information, no adjustments have been made to the reported historical financial information of Qube and Chalmers outlined above. In particular, no adjustments have been made to allow for subsequent events.

8.4 Basis of preparation of the Pro-Forma Historical Financial Information

The Pro-forma Historical Financial Information is presented in summary form and does not comply with all the presentation and disclosure requirements of Australian Accounting Standards applicable to annual reports prepared in accordance with the Corporations Act.

The Pro-forma Historical Financial Information is based on published financial reports including the latest reviewed balance sheet as at 31 December 2018 (for both Qube and Chalmers), which are required to be prepared in accordance with AIFRS. Therefore, to the extent that historical financial information from the above financial reports is included in the Pro-forma Historical Financial Information, it is assumed that information is in accordance with the measurement and recognition requirements of AIFRS.

Further information regarding the accounting policies and compliance of the relevant Qube and Chalmers financial reports with the measurement and recognition requirements of AIFRS can be obtained by reviewing the latest audited financial statements in detail.

The Pro-forma Historical Financial Information has been prepared in accordance with the assumptions set out below.

- All financial information is presented as consolidated financial information.
- Under Accounting Standard AASB 3 Business Combinations, the acquirer is identified as the entity that obtains control of the other entity or business. It is assumed that Qube will be the acquirer for the purpose of preparing the Pro-forma Historical Financial Information.
- The excess of the consideration provided in exchange for the fair value of the identifiable tangible assets, liabilities and contingent liabilities of Chalmers is assumed to be goodwill for the purpose of preparing the Pro-forma Historical Financial Information.
- Other than an adjustment to reflect the increase in the fair value of Chalmers' land and buildings, no adjustments have been made to ascertain the fair values of Chalmers' identifiable assets, liabilities and contingent liabilities or the intangible assets other than goodwill that might be recognised on acquisition, as this will not be possible until after completion of the Offer. Therefore, it is possible that separately identifiable intangibles may be subsequently identified.
- No adjustments have been made to ascertain the impact of new leasing standard *AASB 16* on the Combined Group.
- All amounts disclosed in the tables are presented in Australian dollars and unless otherwise noted are rounded to the nearest hundred thousand dollars.

The financial information should be read in conjunction with:

- The risk factors described in section 10.
- The notes regarding the adjustments incorporated into the Combined Group's pro-forma unaudited consolidated balance sheet.
- Other information contained in this section 8 and the Bidder's Statement.

Notes regarding adjustments to Pro-forma unaudited consolidated balance sheet

The following adjustments and assumptions have been made in the preparation of the pro-forma unaudited consolidated balance sheet of the Combined Group.

- (1) The reviewed but unaudited financial statements of Qube as at 31 December 2018.
- (2) The reviewed but unaudited financial statements of Chalmers as at 31 December 2018 aligned to the balance sheet categories currently utilised by Qube.
- (3) The acquisition price of \$51.7 million for Qube's acquisition of Chalmers is based on a combination of cash and scrip. Consistent with the terms of the offer, a price of \$7.00¹⁶ per Chalmers Share has been applied to 57.83% of the Chalmers Shares on issue with the balance to be sourced via a cash pool.
- (4) The expected acquisition accounting adjustments in relation to Qube's purchase of 100% of the issued share capital of Chalmers including:
 - repayment of existing Chalmers borrowings;
 - increase in the fair value of Chalmers' freehold properties to \$40.3 million based on the value under a sale and leaseback arrangement as per Chalmers' ASX announcement dated 30 October 2018; and
 - estimate of the deferred tax adjustments in respect of this increase in the fair value of the properties.
- (5) An estimate of the transaction costs Qube expects to crystallise as a result of the Offer net of associated tax. These include stamp duty of around \$0.2m and advisor costs of around \$0.7m pre-tax. Qube is not in a position to quantify the associated transaction costs for Chalmers that may crystallise as a result of this Offer.

8.6 Financial outlook for the Combined Group

This Bidder's Statement does not include any financial forecasts or projections for revenue or profit in relation to Qube, Chalmers or the Combined Group. Qube considers that the inclusion of financial forecasts would be speculative and potentially misleading for Chalmers Shareholders, particularly given the current uncertain economic environment.

8.7 Disclaimer

The financial information presented in this section 8, in relation to Chalmers has been prepared by Qube using publicly available information that has not been independently verified and/or information that Qube has obtained from Chalmers as part of its due diligence.

Qube has relied on the information in the audited full year financial report for the period ended 30 June 2018 and the reviewed half year financial report for the period ended 31 December 2018 issued by Chalmers and lodged with ASIC to prepare the financial information in relation to Chalmers contained in this Bidder's Statement. Information relating to Chalmers has also been sourced from details shown on Chalmers' website and the results of Qube's due diligence investigations.

Accordingly, Qube does not, subject to the Corporations Act, make any representation or warranty, express or implied, as to the accuracy or completeness of this information. It is expected that Chalmers will release financial information in its Target's Statement that will be sent to Chalmers Shareholders and made publicly available. The financial information regarding Qube,

¹⁶ This is the share price of Chalmers Shares under the Offer based on the Qube Share price immediately prior to the Offer being announced.

Chalmers and the Combined Group in this Bidder's Statement should not be regarded as comprehensive.

9 Australian Tax Considerations

9.1 Introduction

This section generally describes the Australian tax consequences for Chalmers Shareholders should they accept the Offer and the Offer becomes unconditional as detailed in section 12 or have their Chalmers Shares otherwise acquired under the Offer.

The comments in this section are relevant only to Australian resident Chalmers Shareholders who hold their Chalmers Shares on capital account.

The comments below do not apply to Chalmers Shareholders who:

- hold their Chalmers Shares on revenue account, as trading stock or to which the Taxation of Financial Arrangements Rules (Division 230 of the *Income Tax Assessment Act 1997* (Cth)) apply; or
- are banks, insurance companies, tax exempt organisations and superannuation entities, as these Chalmers Shareholders may be subject to special or different tax treatment. They should, therefore, seek specialist advice tailored to their circumstances.

The comments below also do not apply to Chalmers Shareholders who are not Australian residents for tax purposes. Non-resident shareholders should consider the tax consequences under the laws of their country of residence, as well as under Australian law, arising from the Offer.

This section is based on the law in effect as at the date of this Bidder's Statement, although it is not intended to be an authoritative or complete statement of the laws applicable to the particular circumstances of every Chalmers Shareholder. Accordingly, Chalmers Shareholders should seek independent professional advice about their own particular circumstances.

9.2 Acceptance of offer and disposal of Chalmers Shares

Under the Offer, Chalmers Shareholders may elect to receive either (but not a combination of both):

- 2.31 Qube Shares for each Chalmers Shares (the **Scrip Option**); or
- \$6.50 cash for each Chalmers Shares (the **Cash Option**).

If a Chalmers Shareholder does not make a valid election, they will be treated as having elected to receive the Scrip Option, as set out in section 12.4(c).

(a) CGT

Acceptance of the Offer will result in a disposal by Chalmers Shareholders of their Chalmers Shares and will constitute a CGT event for Australian CGT purposes.

That CGT event will occur at the time at which the Chalmers Shareholder accepts the Offer provided the Defeating Conditions in section 12.8 are satisfied.

If the Defeating Conditions are not satisfied, then no CGT event will occur.

(i) Calculation of capital gain or capital loss

Chalmers Shareholders who acquired (or are deemed to have acquired) their Chalmers Shares on or after 20 September 1985 will make:

- a capital gain to the extent their capital proceeds from the disposal exceeds the cost base (in some cases indexed cost base) of those Chalmers Shares; or

- a capital loss to the extent their capital proceeds from the disposal are less than the cost base of those Chalmers Shares.

The capital gains and losses of a Chalmers Shareholder in a year of income are aggregated to determine whether the Chalmers Shareholder has made a net capital gain. Any net capital gain is then included in the Chalmers Shareholder's assessable income and is subject to income tax. However, a CGT Discount or 'indexation' may be available to reduce the taxable gain for certain Chalmers Shareholders (see section 9.2(b) below).

A capital loss may not be deducted against income for income tax purposes but may be offset against other capital gains in the same year the capital loss is realised, or carried forward and offset against future capital gains. However, Chalmers Shareholders who are companies should seek specific advice regarding the ability to offset carried forward capital losses against capital gains.

Scrip for scrip roll-over relief may also be available to certain Chalmers Shareholders who make a capital gain on the disposal of their Chalmers Shares under the Scrip Option (see section 9.2(c) below).

The tax consequences for Chalmers Shareholders who acquired their Chalmers Shares before 20 September 1985 and are not deemed to have acquired them on or after that date, are discussed in section 9.2(d) below.

(ii) Capital proceeds

The capital proceeds received by a Chalmers Shareholder who accepts the Offer (or has their Chalmers Shares otherwise acquired under the Offer) will be equal to:

- the amount of cash received under the Cash Option; or
- the market value of the Qube Shares received under the Scrip Option. The value of the Qube Shares will be their market value at the time of the CGT event.

(iii) Cost base

The cost base of the Chalmers Shares will generally be the acquisition cost of the Chalmers Shares. Certain other incidental costs associated with the acquisition or transfer (such as brokerage) may be added to the cost base of the Chalmers Shares.

(b) Indexation and the CGT Discount

(i) Indexation

If a Chalmers Shareholder is an individual, a complying superannuation entity or trust and acquired their Chalmers Shares before 11.45am on 21 September 1999, the Chalmers Shareholder may be able to index the cost base of their shares by reference to changes in the Consumer Price Index from the calendar quarter in which their Chalmers Shares were acquired (or deemed to have been acquired) until the calendar quarter ended September 1999. The CGT discount is not available if indexation is chosen.

The effect of indexation on the cost base is not taken into account if a capital gain is not made and it is necessary to calculate the reduced cost base in determining if a capital loss was made.

(ii) CGT Discount

If a Chalmers Shareholder is an individual, a complying superannuation entity or trust and has held the Chalmers Shares for 12 months or more before the CGT event time, the Chalmers Shareholder may be entitled to a CGT Discount for the Chalmers Shares disposed of under the Offer, provided that the Chalmers Shareholder has not chosen to index the cost base of the Chalmers Shares. The CGT Discount generally applies to entitle these Chalmers Shareholders to reduce their capital gain on the disposal of the Chalmers Shares (after deducting available capital losses of the Chalmers Shareholder) by half, in the case of individuals and trusts, or by one-third in the case of complying superannuation entities. However, trustees should seek specific advice regarding the tax consequences of distributions made in respect of a trust which is attributable to discounted capital gains.

The CGT Discount will not be available to companies. Further, special rules apply to determine whether Chalmers Shares have been held for the requisite 12 month period. Chalmers Shareholders should seek their own advice in this regard.

(c) CGT roll-over relief – Scrip Option only

If, as a result of the Offer, Qube BidCo owns 80% or more of all the Chalmers Shares, Chalmers Shareholders who elected to receive the Scrip Option (or are deemed to have elected the Scrip Option) and would otherwise make a capital gain on the disposal of their Chalmers Shares may choose scrip for scrip roll-over relief.

Chalmers Shareholders cannot choose scrip for scrip roll-over relief if they make a capital loss on the disposal of their Chalmers Shares.

If roll-over relief is chosen, the capital gain will be disregarded and effectively deferred until the disposal of the Qube Shares received under the Offer.

Chalmers Shareholders should be aware that Qube BidCo has the power to waive the minimum relevant interest condition. Should this occur Qube BidCo may not become the owner of 80% or more of the Chalmers Shares as a result of the Offer. Accordingly, Chalmers Shareholders who accept the Offer and receive Qube Shares for the disposal of their Chalmers Shares should be aware of the risk that scrip for scrip roll-over relief may not be available and they may not know at the time that they accept the Offer whether scrip for scrip roll-over relief will be available.

A choice to obtain roll-over relief must be made before the lodgement of the tax return for the income year in which the relevant CGT event occurred. The exclusion of the capital gain from a Chalmers Shareholder's tax return is regarded as sufficient evidence of the making of the choice.

(d) Consequences for Chalmers Shareholders who acquired their Chalmers Shares before 20 September 1985

Chalmers Shareholders who acquired their Chalmers Shares before 20 September 1985 and who are not deemed to have acquired their shares on or after that date will have any capital gain or loss which they make under the capital gains tax rules disregarded.

Chalmers Shareholders who elect to receive Qube Shares under the Scrip Option will be treated for future capital gains tax purposes as having acquired Qube Shares on the date on which the Offer is accepted provided the Defeating Conditions in section 12.8 are satisfied. The treatment of their Qube Shares is described in section 9.4(b) below.

9.3 CGT consequences of compulsory acquisition

If you do not dispose of your Chalmers Shares under the Offer and your Chalmers Shares are compulsorily acquired in accordance with Part 6A.1 of the Corporations Act, you will also be treated as having disposed of your Chalmers Shares for CGT purposes.

The date of the CGT event should be the date when you cease to be the owner of the Chalmers Shares. Chalmers Shareholder may elect to receive the Cash Option or Scrip Option under a compulsory acquisition. However, if no election is made within the later of:

- (a) one month of after the compulsory acquisition notice is lodged with ASIC; and
- (b) 14 days after the Chalmers Shareholder is given a statement under section 661D of the Corporations Act (if the Chalmers Shareholder requests it),

then the Chalmers Shareholder will be issued with the consideration specified in the Compulsory Acquisition notice, which is expected to be the Scrip Option.

The calculation of the capital proceeds, cost base and capital gain or loss are described in section 9.2(a) above. The application of any indexation or the CGT discount is described in section 9.2(b) above.

Chalmers Shareholders who acquired (or deemed to have acquired) their Chalmers Shares on or after 20 September 1985 and who realise a capital gain for their Chalmers Shares compulsorily acquired should be eligible for scrip for scrip CGT roll-over relief as described in section 9.2(c) where the Scrip Option is elected or deemed to have been elected.

The CGT implications of owning Qube Shares is described in section 9.4 below.

Chalmers Shareholders who acquired their Chalmers Shares before 20 September 1985 and who are not deemed to have acquired their shares on or after that date will have any capital gain or loss disregarded.

9.4 CGT implications of owning Qube Shares – Scrip Option only

- (a) Chalmers Shareholders who acquired their Chalmers Shares on or after 20 September 1985

The disposal of Qube Shares will be subject to the same Australian CGT consequences as are described above in relation to the disposal of Chalmers Shares, subject to the following differences.

For Chalmers Shareholders who acquired (or are deemed to have acquired) their Chalmers Shares on or after 20 September 1985, who choose roll-over relief:

- (i) the cost base of the Qube Shares received under the Offer will be the cost base of their Chalmers Shares plus any relevant incidental costs (see above) and
- (ii) as the Qube Shares will be acquired after 21 September 1999, there can be no indexation to their cost base. However, Chalmers Shareholders who are individuals, complying superannuation entities or trusts who have chosen roll-over relief may determine their compliance with the 12 month ownership requirement for the CGT Discount by reference to the time of their acquisition of the Chalmers Shares until their disposal of the Qube Shares.

Where roll-over relief is not chosen or is not available,

- (i) the cost base of the Qube Shares received under the Offer will be the market value of the Chalmers Shares at the date of accepting the Offer; and

- (ii) the acquisition date of the Qube Shares will be the date of accepting the Offer. As a consequence, indexation to the cost base will not be available, however the CGT discount may be available as described in section 9.2(b)(ii) above.
- (b) Chalmers Shareholders who acquired their Chalmers Shares prior to 20 September 1985
Qube Shares received by Chalmers Shareholders who acquired their Chalmers Shares prior to 20 September 1985 and who are not deemed to have acquired their shares on or after that date:
 - will be treated as having been acquired on the date on which the Chalmers Shareholder accepts the Offer;
 - may give rise to a capital gain or capital loss on their subsequent disposal; and
 - will have a cost base equal to the market value of those shares just after the time the Chalmers Shareholder acquired them.

9.5 Australian tax consequences of receiving dividends in respect of Qube Shares

Australian resident shareholders must include in their assessable income dividends received on their Qube Shares. If the dividends are franked, Qube Shareholders must also include in their assessable income an additional amount equal to the franking credit. The Qube Shareholders may be entitled to a tax offset equal to the amount of the franking credit.

There are a number of measures that may affect the ability of a Qube Shareholder to use franking credits distributed, including the holding period rule. However, an exemption from the holding period rule applies where a shareholder is entitled to total franking credits of less than \$5,000. The holding period rule broadly requires the Qube Shareholder to hold the Qube Shares at risk for more than 45 days during the relevant period. Given that these rules can be complex, Qube Shareholders should be aware of and seek specific advice on their own position.

9.6 Stamp Duty

Chalmers Shareholders who accept the Offer will not be required to pay any stamp duty on the disposal of their Chalmers Shares under the Offer, on the acquisition of Qube Shares under the Scrip Option or on a subsequent disposal of their Qube Shares.

Stamp duty may be payable by Qube Bidco (at law) in relation to the acquisition of Chalmers Shares, on which it has been separately advised.

9.7 GST

GST will not apply to the disposal of Chalmers Shares under the Offer, the payment of dividends on Qube Shares under the Scrip Option or on a subsequent disposal of their Qube Shares.

10 Risk Factors

10.1 Overview

In deciding whether or not to accept the Offer, you should read this entire Bidder's Statement carefully. You should also carefully consider the risk factors outlined in this section 10 and your personal circumstances. This section 10 is general only and does not take into account your individual objectives, financial situation or needs.

If you accept the Scrip Option, you will be issued with Qube Shares (unless you are an Ineligible Foreign Shareholder or Unmarketable Parcel Holder). There are risks in holding Qube Shares. You are already exposed to many of these risks, to varying degrees, as a result of holding Chalmers Shares.

If you elect to receive the Cash Option and you do not hold any other Qube Shares, you will not be exposed to the risks in holding Qube Shares as outlined below.

A number of risks and uncertainties, which are both specific to Qube and of a more general nature, may affect the future operating and financial performance of Qube and the value of Qube Shares.

This section 10 outlines the:

- specific risks that are common to the existing businesses of the Qube Group and Chalmers, and which will therefore be risks to which the Combined Group will be exposed (see section 10.2);
- risks that are specific to the Qube Group (see section 10.2(k));
- risk factors that arise from the Offer (see section 10.4); and
- general investment risks (see section 10.5).

Many of these risks are outside the control of the Qube Group and Chalmers. Although the Combined Group will have in place a number of strategies to minimise exposure to, and mitigate the effects of, some of the risks outlined in this section, there can be no guarantee that such arrangements will protect the Combined Group from these risks.

10.2 Risks relating to the Combined Group

The following risks have been identified as being key risks that are common to Qube and Chalmers, which will therefore be risks to which the Combined Group will be exposed. You are currently exposed to these risks through your Chalmers Shares and will continue to be exposed to them as a shareholder in Qube.

(a) Economic conditions

The operating and financial performance of the Combined Group's businesses are influenced by a variety of general economic and business conditions including the level of inflation, interest rates and exchange rates and government fiscal, monetary and regulatory policies. A prolonged deterioration in domestic or general economic conditions, including an increase in interest rates or a decrease in consumer and business demand, could be expected to have a material adverse impact on the financial performance of the Combined Group's businesses.

(b) Key personnel

The operational and financial performance of the Combined Group is dependent on their ability to attract and retain experienced management. The loss or unavailability of key

personnel involved in the management of the businesses could have an adverse impact on the Combined Group's financial performance.

(c) Constraints on development

The ability of the Combined Group to benefit from development of its assets will depend on, among other things, receipt of necessary planning and other third party approvals including approvals from relevant planning authorities and approval from the Combined Group's partners. There can be no certainty that these approvals will be received in a time frame or form acceptable to the Combined Group which could result in a reduction in the value of development assets.

(d) Competition risks

Increased competition for the Combined Group's businesses could result in price reductions, under-utilisation of personnel, assets or infrastructure, reduced operating margins and/or loss of market share, which may have a material adverse effect on future financial performance and position.

(e) Operational risk

The Combined Group is subject to operational risks resulting from inadequate or failed internal processes, systems, policies or policies, in addition to potential hazards normally encountered with logistics and transportation enterprises, including but not limited to incidents which could result in damage to plant or equipment or personal injuries to employees and / or other individuals. If these risks materialise, the Combined Group's operations could be disrupted which may have a material adverse effect on future financial performance and position.

(f) Customer service

The Combined Group's ability to maintain relationships with major customers is integral to its financial performance. This in turn depends on its ability to offer competitive service standards and pricing. Poor performance in either area may lead to a loss of major customers which may have a material impact on the Combined Group's financial performance.

(g) Impact of commodity cycles on business growth

The Combined Group's businesses are exposed, through their customers, to global demand for commodities. Revenues and margins from the provision of bulk logistics services may be materially adversely impacted by reduced global demand for bulk commodities or changes in global commodity prices. The Qube Group receives part of its revenue from stevedoring export containers. Consequently growth in containerised exports has a positive impact on financial performance. Conversely, the impact of commodity cycles can reduce the growth in containerised exports, which can have a negative impact on financial performance.

(h) Capital expenditure

The businesses carried on by some of the Combined Group's businesses are capital intensive and require material investment to be made in capital equipment. The operating and financial performance of these businesses will be partly reliant on their ability to effectively manage significant capital projects within required budgets and timeframes and on sufficient funding being available for the capital expenditure requirements of the business, including the maintenance and replacement of equipment to meet operational requirements. In some circumstances, the need for material investment in capital equipment may result in capital expenditure being beyond that budgeted by the

Combined Group, which could have an adverse effect on the Combined Group and its financial performance. Capital expenditure requirements may impact the cash flow available to service financing obligations, pay dividends or otherwise make distributions.

(i) Refinancing risk

No assurance can be given that any refinancing required will be available on terms favourable to the Combined Group. In such circumstances, if the Combined Group is unable to secure refinancing on favourable terms, this may have a material adverse effect on the Combined Group. The Combined Group's ability to service its debt will depend on its future performance, which will be affected by many factors, certain of which are beyond the Combined Group's control and that of its directors. Any inability of the Combined Group to service its existing debt would have a material adverse effect on the Combined Group.

General economic and business conditions that impact the debt or equity markets could impact the Combined Group's ability to refinance its operations.

(j) Risk of Litigation

The Combined Group is subject to the usual business risk that disputes or litigation may arise from time to time in the course of its business activities. Litigation risks relating to the Combined Group include, but are not limited to, contractual claims, employee claims, regulatory disputes and the costs associated with such claims and disputes. There is a risk that material or costly disputes could arise which may have a material adverse effect on the financial performance and position of the Combined Group.

Qube is not currently a party to any material litigation, is not involved in any material disputes and is not aware of any facts or circumstances that appear likely to give rise to any material litigation or dispute. Qube is not in a position to comment on the potential or actual litigation or disputes facing Chalmers.

(k) Employees/industrial action

A number of operational employees of the Combined Group's businesses (including its associates) are members of trade unions. These employees are generally covered by collective agreements which are periodically renegotiated and renewed. The risk of strikes and other forms of industrial action that may have a material adverse impact on these businesses would be primarily dependent on the outcomes of negotiations with representative unions regarding the terms of new collective agreements. If there were a material or prolonged dispute between the Combined Group businesses and its unions or workforce, this could disrupt operations which may have a material adverse effect on future financial performance and position.

(l) Occupational health and safety

If there were to be a failure to comply with the applicable occupational health and safety legislative requirements across the jurisdictions in which the Combined Group operates, there is a risk that non-compliance may result in fines, penalties and/or compensation for damages as well as reputational damage.

(m) Environmental risk

National and local environmental laws and regulations may affect operations of Qube's businesses. Standards are set by these laws and regulations regarding certain aspects of health and environmental quality, and they provide for penalties and other liabilities if such standards are breached, and establish, in certain circumstances, obligations to remediate and rehabilitate current and former facilities and locations where operations

are, or were, conducted. The Combined Group's businesses incur costs to comply with these environmental laws and regulations and in respect of violation of them, and changes to such laws and regulations, including changes to operating licence conditions, could result in penalties and other liabilities, which may have a material adverse effect on future financial performance and position.

(n) Taxation

The risk that changes in tax law (including goods and services taxes and stamp duties), or changes in the way tax laws are interpreted in the various jurisdictions in which the Combined Group operates, may impact the tax liabilities of the Combined Group. In addition, the ability of the Combined Group to obtain the benefit of existing tax losses and claim other beneficial tax attributes may be adversely affected by changes in ownership, business activities, levels of taxable income and any other conditions relating to the use of the tax losses or other attributes in the jurisdictions in which the Combined Group operates.

(o) Government policy and regulation

The operations of the Combined Group's businesses depend on access to infrastructure including ports, terminals and associated infrastructure which is subject to government policy and legal and regulatory oversight; including access, accreditation, operational, security, tax, environmental and industrial (including occupational health and safety) regulation. Changes in government policy and legal and regulatory oversight may have a material adverse effect on future financial performance and position.

10.3 Risk Factors Specific to the Qube Group

(a) Early stage projects

Early stage projects and opportunities typically involve development and construction of new facilities and infrastructure or expansion or upgrades to existing facilities and infrastructure. Investments in new projects during a development or construction phase are likely to be subject to additional risks, including that the project will not be completed within budget, within the agreed timeframe and to the agreed specifications, that the income derived from project is lower than expected and, where applicable, the new project is not successfully integrated into the existing assets of the business.

(b) Risks from acquisitions

Qube's business strategy involves it continuing to seek growth opportunities, including through acquisitions. Risks exist in respect of integrating an acquisition, including the risk that potential synergies may not be realised and that Qube's financial performance may be impacted.

(c) Customer consolidation

Through Qube's interest in Patrick Terminals, the Qube Group is exposed to potential changes in the global shipping line market through the consolidation of participants and changes to shipping consortia. The result of these changes could be an increase or a decrease in the Qube Group's market share.

(d) Access to property and rent expense

Some of Qube and Qube's associate's businesses lease and license significant infrastructure and other properties and assets such as rail terminals, container parks and stevedoring facilities. These leases and licences carry renewal risk upon expiry. These businesses are heavily reliant upon long term access to critical sites/properties. Any

failure to renew, renewal on less favourable terms (such as increases in rent expense) or termination of such key leases and licences may have a material adverse effect on future financial performance and position.

For example, the Patrick business requires access, at sustainable costs, to port infrastructure to be able to provide its container stevedoring services to its customers. In early 2019, Patrick was successful in being selected by Fremantle Ports to proceed on an exclusive basis with negotiations to finalise a new lease for Patrick's existing site in Fremantle, for an initial 7-year term, with two 7-year options to extend at Fremantle Port's discretion. This lease is currently in the process of being finalised.

(e) Counterparty risk

Qube is exposed to credit-related losses if counterparties to contracts fail to meet their obligations. This could occur if customers were to become insolvent or not meet their financial obligations to Qube and may adversely impact Qube's revenue.

(f) Foreign exchange risk

Qube is exposed to foreign exchange risk, which may impact the volume of imports or exports subject to whether the Australian dollar is appreciating or depreciating. Movements in the foreign exchange rate may also affect the price of capital equipment acquired outside of Australia. These risks may affect Qube's financial performance.

(g) Interest rate risk

The nature of Qube's financing arrangements exposes Qube to interest rate risk, including from the movement in underlying interest rates, which impacts on Qube's cost of funding and may adversely impact Qube's financial performance.

(h) Dividends

Qube's current dividend policy is whenever possible, paying a dividend equal to 50-60% of underlying earnings per share, having regard to the considerations outlined below.

The Qube Board intends to review its current dividend policy to determine whether it is appropriate to remove the current target dividend payout ratio to provide more flexibility.

However, future determinations as to the payment of dividends by Qube will be at the discretion of the directors of Qube and will depend upon the availability of distributable earnings and franking credits, the operating results and financial condition of Qube and its subsidiaries and associates (including Patrick), future capital requirements, covenants in relevant financing agreements, general business and financial conditions and other factors considered relevant by the directors of Qube. No assurance is, therefore, given in relation to the payment of future dividends or the extent to which any such dividends may be franked.

(i) Cyber risk

The failure of Qube's information technology systems and / or security could result in financial loss, disruption or damage to the reputation of the business.

(j) Other factors

Other factors or events may impact on Qube's performance, such as natural disasters, changes or disruptions to political, regulatory, legal or economic conditions, or to Australian or international financial markets, including as a result of terrorism or war.

10.4 Risk factors that arise from the Offer

(a) Integration of Chalmers

Combining two groups carries some risk with respect to integration. Although Qube believes that the Chalmers assets and business are complementary to Qube's existing business, there is a risk that the Combined Group's future profitability and prospects could be adversely affected if integration is not completed efficiently and effectively, with minimal disruption to the businesses, clients and advisers. In particular, there is a risk that unforeseen issues may arise resulting in lower integration benefits or synergies than anticipated, higher than anticipated costs of achieving these synergies or disruption to ongoing business operations. These risks may include:

- higher than anticipated integration costs;
- unforeseen costs or delays relating to the integration of IT platforms, management information systems and financial and accounting systems of both businesses;
- higher than expected customer attrition arising as a result of the amalgamation; and
- potential issues in respect of change of control consents where Chalmers is delisted.

One or a combination of these risks could have an adverse impact on the financial performance and position of the Combined Group.

(b) Due diligence

In preparing the information relating to Chalmers contained in this Bidder's Statement, Qube has relied on publicly available information relating to Chalmers and/or information provided to Qube by Chalmers as part of its due diligence. Risks may exist in relation to Chalmers (which will affect the Combined Group) of which Qube may be unaware. However, as Chalmers is an ASX listed entity, any substantial threats to Chalmers' business should have been apparent from disclosure pursuant to Chalmers' periodic and continuous disclosure obligations.

If any material risks are known to Chalmers Directors, they must be disclosed in the Target's Statement to be issued by Chalmers.

(c) Triggering change of control provisions

As the Offer may result in a change in control of Chalmers there could be adverse consequences for the Combined Group. For example, contracts to which either is a party may contain change of control' or similar clauses which may be triggered. There is a risk that the counterparties to the relevant contracts may seek to terminate their contracts with members of the Chalmers Group as a result of the Offer.

(d) Issue of Qube Shares as consideration

Chalmers Shareholders are being offered Qube Shares as consideration under the Offer. As a result, the value of the consideration will fluctuate depending upon the market value of Qube Shares. Accordingly, the market value of the Qube Shares at the time you receive them may vary significantly from their market value on the date of your acceptance of the Offer.

(e) Sale of Qube Shares

Under the Offer, Qube will issue up to 17,588,510 new Qube Shares. Some Chalmers Shareholders may not intend to continue to hold their Qube Shares and may wish to sell them. There is a risk that increased sales of Qube Shares may adversely impact on the price of, and demand for, Qube Shares in the short term.

(f) Acquisition of less than 90% of Chalmers Shares

The Offer includes a 90% minimum relevant interest condition (see section 12.8(a)). While Qube has no present intention to waive that condition, it reserves its right to declare the Offer free of that condition (or any other Defeating Condition of the Offer).

If Qube waived the 90% minimum relevant interest condition and acquired less than 90% of all of the Chalmers Shares on issue under the Offer, this would prevent Qube compulsorily acquiring all remaining Chalmers Shares.

This would also mean that Qube would not be able to implement its intentions set out in section 6.2.

The existence of a minority interest in Chalmers may have an impact on the operations of the Chalmers and its subsidiaries and Qube and its subsidiaries, although this impact will depend upon the ultimate level of Chalmers ownership acquired by Qube.

(g) Satisfaction of conditions

The confirmations of these matters are important to Qube's assessment of Chalmers' business. If these conditions are not satisfied or waived by Qube, then the Offer will not become unconditional.

10.5 General Investment Risks

(a) Share investment risks

Chalmers Shareholders should be aware that an investment in Qube has risks which are associated with investing in listed securities. The future dividends, value of assets of the Combined Group and the market values of Qube Shares quoted on the ASX may be influenced by these risk factors.

(b) Market risks

The price that Qube Shares trade on the ASX may be determined by a range of factors, including:

- (i) changes local and international stock markets;
- (ii) inflation;
- (iii) changes in interest rates;
- (iv) general economic conditions;
- (v) changes to the relevant indices in which Qube may participate, the weighting that Qube has in the indices and the implication of those matters for institutional investors that impact their investment holdings in Qube;
- (vi) global geo-political events, terrorist activities, hostilities and natural disasters;
- (vii) continuation of inclusion in key indexes including maintenance of sufficient liquidity, free float and market capitalisation;
- (viii) investor perceptions; and
- (ix) changes in government, fiscal, monetary and regulatory policies.

In the future, one or more of these factors may cause Qube to trade below current market prices and may affect the revenue and expenses of Qube. In addition, the stock market can experience price and volume fluctuations that may be unrelated or disproportionate to the operating performance of Qube.

(c) No certainty of liquidity for the Combined Group

Qube will apply to ASX for Official Quotation of all Qube Shares issued under the Offer. Official Quotation of these Qube Shares will depend on ASX exercising its discretion. However, as Qube is already admitted to the official list of ASX and Qube Shares are already quoted, Qube is of the view that quotation of the shares to be issued under the Offer will be granted.

Even if your new Qube Shares are quoted on ASX, there is no guarantee that there will be an ongoing liquid market for Qube Shares. Accordingly, there is a risk that, should the market for Qube Shares become illiquid, Qube Shareholders will be unable to realise their investment in Qube.

11 Other Material Information

11.1 Qube BidCo's Interests in Chalmers securities

- (a) Qube BidCo's relevant interest in Chalmers securities and voting power in Chalmers

As at the date of this Bidder's Statement and immediately before the first Offer was sent, Qube BidCo had a relevant interest in 1,515,186 Chalmers Shares.

As at the date of this Bidder's Statement and immediately before the first Offer was sent, Qube BidCo's voting power in Chalmers was 19.9%.

- (b) Acquisitions of Chalmers Shares by Qube BidCo or Associates

Neither Qube BidCo nor any of its Associates has provided (or agreed to provide) consideration for a Chalmers Share under a purchase or agreement to purchase during the four months before the date of this Bidder's Statement or in the period between the date of this Bidder's Statement and the date of the Offer.

The foregoing relevant interests and voting power arise from the pre-bid agreement described in section 3.6.

11.2 No collateral benefits

Neither Qube BidCo nor any of its Associates has in the four months before the date of this Bidder's Statement, or in the period between the date of this Bidder's Statement and the date of the Offer, given, offered to give or agreed to give a benefit which is not offered to all Chalmers Shareholders under the Offer to another person which was likely to induce the other person (or an Associate) to accept the Offer or dispose of Chalmers Shares.

11.3 Offer Consideration

Based on the number of Chalmers Shares on issue on the last trading day before the date of this Bidder's Statement, the maximum number of Qube Shares which would be required to be issued under the Offer if every Chalmers Shareholder accepted the Scrip Option for the Offer is 17,588,510.

Qube has the capacity to issue the maximum number of Qube Shares which it may be required to issue under the Offer.

11.4 Qube is a disclosing entity

Due to the fact that Qube is offering Qube Shares as consideration for the acquisition of Chalmers Shares under the Offer, the Corporations Act requires that this Bidder's Statement must include all information that would be required for a prospectus for an offer of Qube Shares under sections 710 to 713 of the Corporations Act.

Neither Qube nor Chalmers need to issue a prospectus for the Offer of the Qube Shares as the Offer is occurring under a takeover bid.

Qube is a 'disclosing entity' (as defined in section 111AC of the Corporations Act) for the purposes of section 713 of the Corporations Act and, as such, is subject to regular reporting and disclosure obligations. Specifically, like all disclosing entities, Qube is required to continuously disclose any information it has to the market which a reasonable person would expect to have a material effect on the price or the value of Qube Shares.

Qube Shares have been quoted on the Official List of ASX during the 3 months prior to the date of this Bidder's Statement. For this reason, Qube is only required to disclose information in this Bidder's Statement that would usually be required where Qube Shares have been continuously quoted securities.

In general terms where Qube Shares are continuously quoted securities the Bidder's Statement is only required to contain information in relation to the effect of the Offer and the rights and liabilities attaching to the Qube Shares. It is not necessary to include general information in relation to all of the assets and liabilities, financial position, profits and losses or prospects of the issuing company unless such information has been excluded from a continuous disclosure notice in accordance with the Listing Rules and it is information:

- (a) that investors and their professional advisers would reasonably require for the purposes of making an informed assessment of such matters; and
- (b) relating to the rights and liabilities attaching to the Qube Shares.

Having made such enquiries as are reasonable, Qube and Qube BidCo believe that they have complied with the general and specific requirements of ASX as applicable from time to time throughout the 12 months before the issue of this Bidder's Statement which required Qube to notify ASX of information about specified events or matters as they arise for the purpose of ASX making that information available to the stock market conducted by ASX.

There is no information which has been excluded from a continuous disclosure notice in accordance with the ASX Listing Rules or the Bidder's Statement that Chalmers Shareholders and their professional advisers would reasonably require for the purpose of making an informed assessment of:

- (c) the assets and liabilities, financial position and performance, profits and losses and prospects of Qube; and
- (d) the rights and liabilities attaching to the Qube Shares to be issued pursuant to the Offer.

Information that is already in the public domain has not been reported in this Bidder's Statement, other than that which is considered necessary to make this Bidder's Statement complete.

Qube, as a disclosing entity under the Corporations Act, states that:

- (a) it is subject to regular reporting and disclosure obligations;
- (b) copies of documents lodged with ASIC in relation to Qube (not being documents referred to in section 1274(2)(a) of the Corporations Act) may be obtained from, or inspected at, the offices of ASIC; and
- (c) it will provide a copy of each of the following documents, free of charge, to any person on request between the date of issue of this Bidder's Statement and the date the offer closes:
 - (i) the annual financial report most recently lodged by Qube with ASIC;
 - (ii) any half year financial report lodged with ASIC by Qube after the lodgement of the annual financial report referred to in paragraph (i) and before the lodgement of this Bidder's Statement with ASIC; and
 - (iii) any documents used to notify ASX of information relating to Qube during that period in accordance with the Listing Rules as referred to in section 674(1) of the Corporations Act.

Copies of all documents lodged with ASIC in relation to Qube can be inspected at the registered office of Qube during normal office hours.

A list of announcements made by Qube since 17 October 2018 appears in the Annexure to this Bidder's Statement.

Copies of these announcements are available from Qube's website <https://qube.com.au/> or alternatively from ASX at www.asx.com.au.

11.5 Summary of the rights attaching to Qube Shares

Qube Shares issued under the Offer will rank equally in all respects with all existing Qube Shares currently on issue.

The following is a broad summary of the rights and liabilities which attach to all Qube Shares. It is not intended to be an exhaustive or definitive summary of the rights and obligations of Qube Shareholders as this can involve complex questions of law arising from the interaction of the constitution of Qube, statutes, common law and ASX Listing Rule requirements. To obtain a definitive assessment of the rights and liabilities which attach to Qube Shares in any specific circumstances, investors should seek their own advice.

(a) General meetings and notices

Qube Shareholders' rights to attend and vote at shareholder meetings are mostly prescribed by the Corporations Act. Each Qube Shareholder is entitled to receive notice of, attend and (except in certain circumstances) vote at, general meetings of Qube and to receive all notices, accounts and other documents required to be sent to Qube Shareholders under the constitution of Qube, the Corporations Act and ASX Listing Rules.

Qube may serve notice on a shareholder by, among other methods, serving it personally on the Qube Shareholder, sending it by post to the shareholder's registered address or facsimile transmission to the fax number supplied by the shareholder for the giving of notices.

(b) Voting rights

- (i) each Qube Shareholder entitled to vote may vote in person or by proxy, attorney or representative;
- (ii) on a show of hands, every person present who is a Shareholder or a proxy, attorney or representative of a Shareholder has one vote; and
- (iii) on a poll, every person present who is a Shareholder or a proxy, attorney or representative of a Shareholder shall, in respect of each fully paid Share held by him, or in respect of which he is appointed a proxy, attorney or representative, have one vote for the Share, but in respect of partly paid Shares, shall have such number of votes being equivalent to the proportion which the amount paid (not credited) is of the total amounts paid and payable in respect of those Shares (excluding amounts credited).

(c) Dividend rights and distributions in kind

Qube Directors may from time to time determine that an interim or final dividend is payable. The Qube Directors may fix the amount, the time for payment and the method of payment of any dividend.

Subject to any differentiation between Qube Shareholders made by the Qube Directors in respect of the rights of any preference Qube Shareholders and to the rights of the holders of any shares created or raised under any special arrangement as to dividend, the dividend as declared shall be payable on all Qube Shares according to the proportion that the amount paid (not credited) is of the total amounts paid and payable (excluding amounts credited) in respect of such Qube Shares in accordance with Part 2H.5 of Chapter 2H of the Corporations Act.

Qube may also return capital by a reduction of capital, a buy-back or otherwise, in accordance with the constitution of Qube and the Corporations Act.

(d) Minimum shareholding

Where a Qube Shareholder holds less than a 'marketable parcel' of Qube Shares (within the meaning of the ASX Listing Rules), those shares may be sold by Qube subject to the terms set out in Qube's Constitution.

(e) Winding-up

If Qube is wound up, the liquidator may, with the authority of a special resolution of Qube, divide among the Qube Shareholders in kind the whole or any part of the property of Qube, and may for that purpose set a value as the liquidator considers fair upon any property to be so decided, and may determine how the division is to be carried out as between the Qube Shareholders or different classes of Qube Shareholders.

The liquidator may, with the authority of a special resolution of Qube, vest the whole or any part of any property in trustees upon such trusts for the benefit of the contributories as the liquidator thinks fit, but so that no Qube Shareholder is compelled to accept any Qube Shares or other securities in respect of which there is any liability.

(f) Transfer of Qube Shares

Subject to the procedure outlined in the constitution of Qube as well as the Corporations Act, ASX Listing Rules and ASX Settlement Operating Rules, Qube Shares are transferable. The directors may request ASX Settlement to apply a holding lock to prevent a transfer of Qube Shares the subject of the ASX Settlement Operating Rules.

(g) Issue of further Qube Shares

Subject to the constitution of Qube, the Corporations Act, ASX Listing Rules and ASX Settlement Operating Rules, Qube has the right to issue shares or grant options over unissued shares to any person on terms determined by Qube.

Without affecting any special rights conferred on the holders of any shares, any share in Qube may be issued with preferred, deferred or other special rights, obligations or restrictions, whether in regard to dividends, voting, return of share capital, payment of calls or otherwise, as the directors may determine and on any terms the directors consider appropriate.

(h) Variation of rights

Under the Corporations Act, rights, privileges and restrictions attaching to Qube shares or to any other class of shares which may be issued in the future, can only be varied by a special resolution passed at a general meeting of Qube and the holders of each relevant class of shares or with the written consent of Qube shareholders with at least 75% of votes in the relevant class.

(i) Number of directors

Qube Shareholders in general meeting may appoint any person as an Qube Director. The constitution of Qube provides that the Qube Board may determine the number of Qube Directors, subject to the number of directors not being less than three.

(j) Amending the Constitution

The Corporations Act provides that the constitution of a company may be modified or repealed by a special resolution passed by the members of the company (i.e., passed by at least 75% of the votes cast by members entitled to vote on the resolution).

The constitution of Qube does not provide any further requirements to be complied with to effect a modification of, or to repeal, the constitution.

The Qube BidCo Directors and Qube Directors have interests in additional equity settled compensation as outlined below. The vesting of these rights and interests which is subject to various performance hurdles and service conditions in accordance with the terms of the relevant employee share plans, outlined in further detail in Qube's 2018 Annual Report. On vesting, a performance right entitles the holder to one fully paid ordinary Qube share for each performance right.

These plans provide for adjustments to the number of instruments and/or the exercise price applicable on vesting for certain events such as payment of ordinary dividends or special dividends and the dilutionary impact of capital raisings. The figures below are before undertaking any applicable adjustments which will only be finalised at the relevant vesting date.

As at the date of the Bidder's Statement, none of these instruments has vested as the performance conditions have not yet been fully satisfied:

(i) **Performance Rights**

Director	Performance Rights
Maurice James	707,149
Paul Lewis	285,386
David Knight	68,280

(ii) **Options**

Director	Options
Maurice James	1,527,149
Paul Lewis	547,229
David Knight	84,842

The options above had an original exercise price of \$2.2442 which is subject to adjustment in accordance with plan rules. The payment of the exercise price on each vested option entitles the holder to one fully paid ordinary Qube share.

(iii) **Share Appreciation Rights**

Director	Share Appreciation Rights
Maurice James	11,305,060
Paul Lewis	3,999,068
David Knight	2,691,681

A share appreciate right is equivalent to an option, however, on the vesting date, instead of exercising the option and receiving a Qube Share, the recipient receives the net value of the share appreciate right (if any), in Qube Shares. The net value of a share appreciate right at the vesting date is calculated as the difference between the applicable prevailing Qube share price and the share appreciate right issue price. The original issue prices of the share appreciate rights currently issued, ranges between \$2.56 to \$2.68.

Any commission payments will be paid only in respect of parcels of Chalmers Shares held by retail shareholders who accept the Offer.

If such arrangements are put in place, commission payments will not exceed 0.75% of the value of the consideration payable for parcels of Chalmers Shares held by retail shareholders who accept the Offer, and will be subject to minimum payments of \$50 and maximum payments of not exceeding \$750 for each acceptance.

If a commission is offered, it will be payable to brokers only and subject to the condition that no part of the fee will be able to be passed on, or paid, to Chalmers Shareholders.

If and when Qube or Qube BidCo decide to offer such a commission to any broker, it will make an announcement to ASX.

It is Qube and Qube BidCo's intention that, if and when an offer of commission has been made to any broker by Qube or Qube BidCo, the commission arrangement will remain in place for the balance of the Offer Period and the amount of the commission offered will not be increased during the Offer Period.

¹⁷ Bidder may also pay, or agree to pay, Allens additional fees (based primarily on agreed hourly rates) in connection with the provision of legal services in connection with the Offer after the date of this Bidder's Statement.

11.11 Social security and superannuation implications of Offer

Acceptance of the Offer may have implications under your superannuation or pension arrangements or on your social security entitlements. If in any doubt, Chalmers Shareholders should seek specialist advice before accepting the Offer.

11.12 ASIC Legislative Instruments (including Class Orders)

ASIC has published various legislative instruments (including class orders) providing for modifications and exemptions that apply generally to all persons, including Qube BidCo, in relation to the operation of Chapter 6 of the Corporations Act.

Amongst others, Qube BidCo has relied on the modification to section 636(3) of the Corporations Act set out in paragraph 6(d) of ASIC Class Order 13/521 'Takeover Bids' to include references to certain statements by Chalmers in this Bidder's Statement without obtaining the consent of Chalmers. The relevant statements were respectively taken from:

- Chalmers' Half Year Accounts for 2019 released to the ASX on 27 February 2019;
- Chairman's Address to Shareholders released to the ASX on 31 October 2018;
- Chalmers' Annual Report for 2018 released to the ASX on 26 September 2018;
- Chalmers' Annual Report for 2017 released to the ASX on 28 September 2017;
- Chalmers' Website in respect of the 'About Us' section;

As required by Class Order 13/521, Qube BidCo will make available a copy of these documents (or relevant extracts of these documents), free of charge, to Chalmers Shareholders who request them during the Bid Period. To obtain a copy of these documents (or the relevant extracts), Chalmers Shareholders may telephone the Offer Information Line on 1300 381 071 within Australia or + 61 3 9415 4035 (from outside Australia) from 9:00am to 5:00pm (Sydney time) on Business Days. For legal reasons, calls to this number will be recorded.

11.13 Ineligible Foreign Shareholders and Unmarketable Parcel Holders

If you are an Ineligible Foreign Shareholder or Unmarketable Parcel Holder and you accept the Offer, you will not receive any Qube Shares. Instead, you will receive in respect of your Chalmers Shares a cash amount calculated under section 12.10(e).

The Offer is not registered in any jurisdiction outside Australia. It is your sole responsibility to satisfy yourself that you are permitted by any law of a country other than Australia applicable to you to accept this Offer and to comply with any other necessary formality and to obtain any necessary governmental or other consents.

If you are an Unmarketable Parcel Holder and the number of Qube Shares to be issued as consideration under the Scrip Option would amount to an Unmarketable Parcel, you will receive in respect of your Chalmers Shares a cash amount calculated under section 12.10(e).

11.14 Foreign selling restrictions – New Zealand

This Bidder's Statement is not a New Zealand product disclosure statement or other similar offering or disclosure document under New Zealand law and has not been registered, filed with or approved by any New Zealand regulatory authority under or in accordance with the Financial Markets Conduct Act 2013 or any other relevant New Zealand law. The offer of Qube Shares under the Offer is being made to existing Chalmers Shareholders with registered addresses in New Zealand in reliance upon an exemption from the relevant New Zealand securities regime, and, accordingly, this Bidder's Statement may not contain all the information that an investment statement, prospectus or product disclosure statement under New Zealand law is required to contain.

11.15 Potential for waiver of Defeating Conditions

The Offer is subject to a number of conditions set out in section 12.8 including a minimum relevant interest condition (see section 12.8(a)). Under the terms of the Offer and the Corporations Act, any or all of those Defeating Conditions may be waived by Qube BidCo.

If an event occurs which results (or would result) in the non-fulfillment of a Defeating Condition, Qube BidCo might not make a decision as to whether it will either rely on that occurrence, or instead waive the Defeating Condition in respect of that occurrence, until the date for giving notice as to the status of the conditions of the Offer under section 630(3) of the Corporations Act (see section 12.9(d)). If Qube decides that it will waive a Defeating Condition it will announce that decision to ASX in accordance with section 650F of the Corporations Act.

If any of the Defeating Conditions is not fulfilled, and Qube BidCo decides to rely on that non-fulfillment, then any contract resulting from acceptance of the Offer will become void at (or, in some cases, shortly after) the end of the Offer Period, and the relevant Chalmers Shares will be returned to the holder.

11.16 Status of Defeating Conditions

The Offer is subject to a number of conditions set out in section 12.8. Set out below is the status of key conditions as at the day before the date of this Bidder's Statement. Qube will provide updates on any material developments relating to the status of these conditions through announcements to ASX.

In relation to the Defeating Condition in section 12.8(b), Qube BidCo and Qube are not aware of any decision, action or investigation which would result in the non-fulfilment of that condition. Nor has Qube BidCo or Qube identified any particular regulatory actions or approvals which could lead to that condition being triggered or which would be relevant to the Defeating Condition in section 12.8(b). However, it should be noted that it is not feasible for Qube BidCo or Qube to identify in advance all such regulatory actions or related regulatory approvals, as Chalmers conducts its business in a number of jurisdictions and Qube BidCo and Qube have not had access to detailed information regarding Chalmers' operations and assets in those jurisdictions, and whether they are subject to particular approvals or conditions.

Qube and Qube BidCo are not aware of any events or circumstances which would result in the non-fulfillment of any of the Defeating Conditions in sections 12.8(a) to 12.8(i).

11.17 Approvals for payment of consideration

Qube BidCo is not aware of any Chalmers Shareholders who require any approval referred to in section 12.10(g) in order to be entitled to receive any consideration under the Offer.

If at any time you accept the Offer you are a resident or a resident of a place which, or you are a person to whom any of the following apply:

- (a) *Autonomous Sanctions Regulations 2011* (Cth);
- (b) Part 4 of the *Charter of the United Nations Act 1945* (Cth), *Charter of the United Nations (Dealing with Assets) Regulations 2008* (Cth) or any other regulations made thereunder or otherwise; or
- (c) any other law of Australia,

then acceptance of this Offer will not create or transfer to you any right (contractual or contingent) to receive the consideration specified in this Offer unless and until all requisite authorities or clearances have been obtained by Qube BidCo.

11.18 Withholding of consideration

Qube BidCo is not currently aware of any amounts that are or would be treated as withholding amounts under section 12.10(h). However, it is possible that Qube BidCo may become aware of an obligation in this regard after the date of this Bidder's Statement.

For example, under section 255 of the *Income Tax Assessment Act 1936* (Cth), the ATO may notify Qube BidCo that all or part of the consideration otherwise payable under the Offer to Chalmers Shareholders who are non-residents of Australia is to be retained by Qube BidCo, or paid to the ATO, instead of being paid to the relevant Chalmers Shareholders.

Under section 260-5 of Schedule 1 to the *Taxation Administration Act 1953* (Cth), the ATO may require Qube BidCo to pay to the ATO all or part of the consideration otherwise payable under the Offer to Chalmers Shareholders who owe tax-related debts to the Australian Government.

Similarly, under Subdivision 14-D of Schedule 1 to the *Taxation Administration Act 1953* (Cth), the ATO may require Qube BidCo to pay to the ATO an amount in respect of the disposal of your Chalmers Shares on account of foreign resident CGT withholding tax.

11.19 No escalation agreement

Neither Qube BidCo, nor any of its Associates, has entered into any escalation agreement that is prohibited by section 622 of the Corporations Act.

The following firms and companies have given, and have not at the date of this Bidder's Statement withdrawn, their written consent to being named in this Bidder's Statement:

- to the maximum extent permitted by law, expressly disclaim and take no responsibility for any part of this document, other than a reference to its name.

In addition, this Bidder's Statement includes statements which are made in, or based on statements made in, documents lodged with ASIC or given to ASX. Under the terms of ASIC Class Order 13/521, the persons making those statements are not required to consent to, and have not consented to, the inclusion of those statements, or of statements based on those statements, in this Bidder's Statement. See section 11.12 for further information.

11.21 Expiry Date

No Qube Share will be issued on the basis of this Bidder's Statement after the date that is 12 months after the date of this Bidder's Statement.

11.22 Other material information

Except as disclosed in this Bidder's Statement, there is no other information that:

- is material to the making of the decision by a Chalmers Shareholder whether or not to accept the Offer; and
- is known to Qube BidCo and Qube,

which has not previously been disclosed to Chalmers Shareholders.

Chalmers Shares to Qube BidCo (including to cause a message to be transmitted in accordance with ASX Settlement Operating Rule 14.17.1 so as to transfer your Chalmers Shares, if held in a CHESS Holding, to the Takeover Transferee Holding), even if Qube BidCo has not at that time paid or provided the consideration due to you under this Offer;

- (n) you agree to indemnify Qube BidCo and each of its agents in respect of any claim or action against it or any loss, damage or liability whatsoever incurred by it as a result of you not producing your Holder Identification Number or your Securityholder Reference Number or in consequence of the transfer of your Chalmers Shares to Qube BidCo being registered by Chalmers without production of your Holder Identification Number or your Securityholder Reference Number;

(g) **No Dividends**

Between the Announcement Date and the date which is the earlier of (a) the date on which the defeating condition in 12.8(a) is satisfied, and (b) the end of the Offer Period (each inclusive) Chalmers does not make, determine as payable or declare any distribution (whether by way of dividend, capital reduction or otherwise and whether in cash or in specie).

12.9 Nature and operation of Defeating Conditions

(a) **Nature of Defeating Conditions**

Each of the Defeating Conditions is a condition subsequent to the formation of a binding contract upon your acceptance of this Offer. None of the Defeating Conditions prevents a contract to sell your Chalmers Shares resulting from your acceptance of this Offer, but:

- (i) breach of any of the Defeating Conditions entitles Qube BidCo to rescind that contract by written notice to you; and
- (ii) non fulfilment of any of the Defeating Conditions at the end of the Offer Period will have the consequences set out in section 12.9(e).

(b) **Separate Defeating Conditions for benefit of Qube BidCo**

- (i) Each other paragraph and each sub paragraph of each other paragraph of section 12.8 constitutes, and is to be construed as, a separate, several and distinct Defeating Condition. No Defeating Condition will be taken to limit the meaning or effect of any other Defeating Condition.
- (ii) Subject to the Corporations Act, Qube BidCo alone is entitled to the benefit of the Defeating Conditions and to rely on breach or non fulfilment of, or to waive, any of those conditions.

(c) **Waiver of Defeating Conditions**

Subject to the Corporations Act, Qube BidCo may free this Offer and any contract resulting from your acceptance of this Offer from all or any of the Defeating Conditions generally or in relation to a specific occurrence by giving written notice to Chalmers:

- (i) in the case of the Defeating Conditions in section 12.8(h) — not later than three business days after the end of the Offer Period; and
- (ii) in the case of the other Defeating Conditions — not less than seven days before the last day of the Offer Period.

(d) **Notice on status of Defeating Conditions**

The date for giving the notice as to the status of the Defeating Conditions required by section 630(1) of the Corporations Act is 1 July 2019 (subject to variation in accordance with section 630(2) of the Corporations Act if the Offer Period is extended).

(e) **Contract void if Defeating Conditions not fulfilled**

Your acceptance of this Offer, and any contract resulting from your acceptance of this Offer, will be automatically void if:

- (i) at the end of the Offer Period, any of the Defeating Conditions is not fulfilled; and
- (ii) Qube BidCo has not declared this Offer and any contract resulting from your acceptance of it free from that Defeating Condition in accordance with section 12.9(c).

12.10 Provision of consideration

(a) **When you will generally be provided the consideration**

Subject to this section 12.10 and the Corporations Act, if you accept this Offer and the Defeating Conditions are fulfilled or waived, Qube BidCo will provide to you the consideration for your Chalmers Shares under this Offer on or before the earlier of:

- (i) the day that is one month after the date of your acceptance or, if at the time of your acceptance this Offer is subject to a Defeating Condition, one month after any contract resulting from your acceptance of this Offer becomes, or is declared, unconditional; and
- (ii) the day that is 21 days after the end of the Offer Period.

(b) **Provision of consideration where additional documents required**

Where additional documents are required, either by the Acceptance Form or otherwise, to be given to Qube BidCo with your acceptance to enable Qube BidCo to become the holder of your Chalmers Shares (such as a power of attorney) then, subject to sections 12.10(c) to 12.10(h) and the Corporations Act):

- (i) if those documents are given to Qube BidCo with your acceptance, Qube BidCo will provide to you the consideration for your Chalmers Shares in accordance with section 12.10(a);
- (ii) if those documents are given to Qube BidCo after your acceptance and before the end of the Offer Period, while this Offer is subject to a Defeating Condition, Qube BidCo will provide to you the consideration for your Chalmers Shares by the earlier of:
 - (A) one month after any contract resulting from your acceptance of this Offer becomes, or is declared, unconditional; and
 - (B) 21 days after the end of the Offer Period;

- (iii) if those documents are given to Qube BidCo after your acceptance and before the end of the Offer Period, while this Offer is not subject to a Defeating Condition, Bidder will provide to you the consideration for your Chalmers Shares by the earlier of:
 - (A) one month after Bidder is given those documents; and
 - (B) 21 days after the end of the Offer Period; and
- (iv) if those documents are given to Bidder after the end of the Offer Period, Bidder will provide to you the consideration for your Chalmers Shares within 21 days after those documents are given. However, if, at the time those documents are given to Bidder, the contract resulting from your acceptance of this Offer is still subject to a Defeating Condition in section 12.8(h), Qube BidCo will provide to you the consideration for your Chalmers Shares within 21 days after the contract becomes, or is declared, unconditional.

(c) **Delivery of consideration**

- (i) Payment of any cash amount to which you are entitled under this Offer will be made by cheque drawn in Australian currency in your favour. The cheque will be sent to you, at your risk, by ordinary mail (or, in the case of Chalmers Shareholders with addresses outside Australia, by airmail) to your address shown on the Acceptance Form or the address for you last notified to Qube BidCo by Chalmers.
- (ii) The obligation of Qube BidCo to allot and issue any Qube Shares to which you are entitled under this Offer will be satisfied by Qube:
 - (A) entering your name on the register of members of Qube; and
 - (B) if your name is entered on the Issuer Sponsored Subregister of Qube, no later than five business days after such entry, despatching or procuring the despatch to you, by pre paid post to your address as shown on the Acceptance Form or the most recent address for your shareholding notified to Qube BidCo by Chalmers, a holding statement in accordance with the ASX Listing Rules. If your Chalmers Shares are held in joint names and those names are entered on the Issuer Sponsored Subregister of Qube, the holding statement will be issued in the name of, and despatched to, the holder whose name appears first in Chalmers' register of members.

(d) **Rights**

If Qube BidCo becomes entitled to any Rights as a result of your acceptance of this Offer, it may require you to give to Qube BidCo all documents necessary to vest title to those Rights in Qube BidCo, or otherwise to give Qube BidCo the benefit or value of those Rights. If you do not do so, or if you have received or are entitled to receive (or any previous holder of your Chalmers Shares has received or is entitled to receive) the benefit of those Rights, Qube BidCo will be entitled to deduct the amount (or an amount equal to the value, as reasonably assessed by Qube BidCo) of those Rights from any consideration otherwise due to you under this Offer. If Qube BidCo does not, or cannot, make such a deduction, you must pay that amount to Qube BidCo, except to the extent that Qube BidCo elects to waive its entitlement to those Rights.

(e) **Ineligible Foreign Shareholders**

If you are an Ineligible Foreign Shareholder (or if Qube BidCo believes that you are an Ineligible Foreign Shareholder) and you elect to receive the Scrip Option under the Offer, you will not be entitled to receive Qube Shares as all or part of the consideration for your Chalmers Shares. Instead, you agree that:

- (i) Qube BidCo will arrange for the issue to a nominee approved by ASIC of the Qube Shares to which you and all other Ineligible Foreign Shareholders would have been entitled but for this section 12.10(e) and the equivalent section in each other offer under the Offer;
- (ii) Qube BidCo will cause those Qube Shares to be offered for sale by the nominee on ASX or another relevant financial market licensed under section 795B of the Corporations Act through which retail clients may trade in securities as soon as practicable and otherwise in such manner, at such price and on such terms as are determined by the nominee;
- (iii) Qube BidCo will cause the amount ascertained in accordance with the formula below to be paid to you:

$$\text{net proceeds of sale} \times \frac{\text{your Qube Shares}}{\text{total Qube Shares}}$$

where:

net proceeds of sale is the amount (if any) remaining after deducting the expenses of sale and any costs of appointing the nominee from the total proceeds of sale of the Qube Shares issued to the nominee under this section 12.10(e) and the equivalent provision in each other offer under the Offer;

your Qube Shares is the number of Qube Shares that would, but for this section 12.10(e), have been issued to you under this Offer; and

total Qube Shares is the total number of Qube Shares issued to the nominee under this section 12.10(e) and the equivalent provision in each other offer under the Offer;

- (iv) payment of the amount calculated in accordance with section 12.10(e)(iii) will be made in accordance with section 12.10(c)(i) by cheque drawn in Australian currency in your favour that is sent to you, at your risk, by ordinary mail (or, in the case of Chalmers Shareholders with addresses outside Australia, by airmail) to your address shown on the Acceptance Form or the address for you last notified to Qube BidCo by Chalmers, and that under no circumstances will any interest be paid on or in relation to that amount, regardless of any delay in the remittance of the amount to you; and
- (v) you irrevocably appoint Qube BidCo as your agent to receive any notice, including a Financial Services Guide (if any) (and any update of any such notice or document), that the nominee and/or its broker may provide under the Corporations Act and you acknowledge and agree that any such notice or document will be made available by Qube on Qube's website (<https://qube.com.au>).
- (vi) As the market price of Qube Shares will be subject to change from time to time, the sale price of the Qube Shares sold by the Nominee and the proceeds of those sales cannot be guaranteed. None of Qube, Qube BidCo or the Nominee gives

any assurance as to the price that will be achieved for the sale of the Qube Shares by the Nominee.

- (vii) The Nominee will be appointed by, and will provide the Nominee services to, Qube. In acting as Nominee, the Nominee will not be acting as agent or sub-agent of any Ineligible Foreign Shareholder or Unmarketable Parcel Holder, does not have duties or obligations (fiduciary or otherwise) to any Ineligible Foreign Shareholder or Unmarketable Parcel Holder and does not underwrite the sale of the Qube Shares.

(f) **Unmarketable Parcels of Qube Shares**

If the total number of Qube Shares you are entitled to receive as consideration either under the Scrip Option is an Unmarketable Parcel, you will receive a cash amount for your Chalmers Shares calculated under section 12.10(e) as if you were an Ineligible Foreign Shareholder. As at 27 June 2019 prior to the lodgement of this Bidder Statement, this equated to a Chalmers Shareholder who held less than 72 Chalmers Shares.

(g) **Non-Australian residents**

If at any time you accept the Offer you are a resident or a resident of a place which, or you are a person to whom any of the following apply:

- (i) Autonomous Sanctions Regulations 2011 (Cth);
- (ii) Part 4 of the Charter of the United Nations Act 1945 (Cth), Charter of the United Nations (Dealing with Assets) Regulations 2008 (Cth) or any other regulations made thereunder or otherwise; or
- (iii) any other law of Australia,

then acceptance of this Offer will not create or transfer to you any right (contractual or contingent) to receive the consideration specified in this Offer unless and until all requisite authorities or clearances have been obtained by Qube BidCo.

(h) **Withholding of consideration by Qube BidCo**

If any amount (the **withholding amount**) is required, under any Australian law or by any Public Authority, to be:

- (i) withheld from any consideration otherwise due to you under this Offer and paid or provided to a Public Authority; or
- (ii) retained by Qube BidCo out of any consideration otherwise due to you under this Offer,

the payment, provision or retention by Qube BidCo of the withholding amount (as applicable) will constitute full discharge of Qube BidCo's obligation to provide the consideration to you to the extent of the withholding amount.

12.11 Offerees

(a) **Registered holders**

Qube BidCo is making an offer in the form of this Offer to:

- (i) each person registered as the holder of Chalmers Shares in the register of members of Chalmers as at the Register Date; and
- (ii) each person who, during the period from the Register Date to the end of the Offer Period, becomes registered or entitled to be registered as the holder of Chalmers Shares (whether or not they are registered or entitled to be registered as the

holder of other Chalmers Shares) due to the conversion of, or exercise of rights attached to, other securities convertible into Chalmers Shares (if any) that are on issue at the Register Date.

(b) Transferees

If at any time during the Offer Period another person is able to give good title to some or all of your Chalmers Shares, and that person has not already accepted an offer in the form of this Offer for those Chalmers Shares, then that person may accept as if an offer in the form of this Offer had been made to them in respect of those Chalmers Shares.

(c) Trustees and nominees

If at any time during the Offer Period and before you accept this Offer your Chalmers Shares consist of two or more separate parcels within the meaning of section 653B of the Corporations Act (for example, because you hold your Chalmers Shares as trustee or nominee for, or otherwise on account of, several distinct beneficial owners), then you may accept as if a separate offer in the form of this Offer had been made in relation to each of those parcels (including any parcel you hold in your own right). Acceptance for any parcel of Chalmers Shares (including any parcel consisting of two or more parcels) is ineffective unless:

- (i) you give Qube BidCo notice stating that the Chalmers Shares consist of a separate parcel, such notice being:
 - (A) in the case of Chalmers Shares not in a CHESS Holding, in writing; or
 - (B) in the case of Chalmers Shares in a CHESS Holding, in an electronic form approved by the ASX Settlement Operating Rules for the purposes of Part 6.8 of the Corporations Act; and
- (ii) your acceptance specifies the number of Chalmers Shares in the parcel.

(d) Chalmers Shares subject to Chalmers transfer restrictions

If at any time during the Offer Period some of your Chalmers Shares are subject to transfer restrictions imposed by Chalmers (for example, because you hold some of your Chalmers Shares under an employee incentive plan), then you may accept as if a separate offer in the form of this Offer had been made in relation to the balance of your Chalmers Shares. Acceptance for the balance of your Chalmers Shares is ineffective unless you give Qube BidCo notice stating the number of your Chalmers Shares that are subject to a transfer restriction and explaining the nature of the restriction, and your acceptance specifies the balance of your Chalmers Shares.

12.12 Additional copies of Offer documents

If, for the purpose of accepting the Offer, you require additional copies of this Bidder's Statement and the Acceptance Form, the Pre-Bid Agreement with Alljet outlined in section 3.6, or Chalmers' ASX announcement on 28 June 2019, please call the Offer Information Line on 1300 381 071 (within Australia) or +61 3 9415 4035 (from outside Australia) from 9:00am to 5:00pm (Sydney time) on Business Days to request those additional copies. For legal reasons, calls to this number will be recorded. On request during the Offer Period, Qube will provide copies of the Chalmers ASX Announcement and Pre-Bid Agreement, within two Business Days of the request, free of charge to Chalmers Shareholders.

12.13 Official quotation of Qube Shares

- (a) This Offer and any contract resulting from your acceptance of this Offer are subject to the condition set out in section 625(3) of the Corporations Act. If that condition is not fulfilled, any contract resulting from your acceptance of this Offer will be automatically void.
- (b) The condition set out in section 625(3) of the Corporations Act is not a defeating condition for the purposes of the Corporations Act, and is not of the same nature as the conditions set out in section 12.8. Section 625(3) of the Corporations Act provides that this Offer cannot be freed of the condition prescribed in that section, and consequently no statement made by Qube BidCo, or any other member of the Qube Group, can be taken to be a waiver of that condition.
- (c) Qube has been admitted to the Official List of ASX and shares in Qube of the same class as those to be issued as consideration under this Offer have been granted official quotation by ASX. However, official quotation of securities by ASX is not granted automatically on application.

12.14 Variation and withdrawal of Offer

(a) Variation

Qube BidCo may vary this Offer in accordance with the Corporations Act.

(b) Withdrawal

This Offer may be withdrawn with the written consent of ASIC, which consent may be subject to conditions. If so, Qube BidCo will give notice of the withdrawal to ASX and to Chalmers and will comply with any other conditions imposed by ASIC.

12.15 Costs and stamp duty

Qube BidCo will pay all costs and expenses of the preparation and circulation of this Offer and any Australian stamp duty payable on the transfer of any Chalmers Shares to Qube BidCo under this Offer.

12.16 Governing law and jurisdiction

This Offer and any contract resulting from your acceptance of this Offer are governed by the laws of Victoria, Australia. In relation to them and related non contractual matters each party irrevocably submits to the non exclusive jurisdiction of courts with jurisdiction there, and waives any right to object to the venue on any ground.
