

ASX / Media Release

Pivotal to Present at Upcoming SEMICON West and CEO Summit

Fremont, California and Sydney, Australia; 2 July 2019 — Pivotal Systems Corporation (“Pivotal” or the “Company”) (ASX: PVS) today announced that the Company will be attending and exhibiting its new products at the upcoming Semicon West Conference. Mr. John Hoffman, Chairman and CEO of Pivotal Systems will also be presenting at the upcoming 11th Annual CEO Summit held in conjunction with Semicon West.

SEMICON West will be held between the 9th and 11th of July. In 2018¹ the SEMICON West conference had a total attendance of approximately 20,000, with over 500 exhibitors and over 60 investment banking/broking groups.

SEMICON West attracts a highly influential audience from every segment and sector of the global microelectronics industries, including semiconductors, solar/PV, LEDs, MEMS, Display, Fabless/Design, System OEMs, printed/flexible electronics, and other adjacent markets. In 2018, 82% of visitors at the meeting influence buying decisions on behalf of the companies they represented. Pivotal has announced it will be conducting live demonstrations of several of their products including the High Flow GFC, the Flow Ratio Controller (FRC) and the Ultra-High Speed Control System running at microsecond speeds.

In addition, Pivotal Chairman and CEO, John Hoffman will be presenting at the 11th Annual CEO Summit to be held on Wednesday, 10th July at the St Regis, San Francisco. The CEO Summit is an invitation only event for investors and publishing research analysts and is held concurrently each year with SEMICON West.
