APPENDIX 4E STATEMENT

Preliminary Final Report

For the year ended 30 June 2019

(Previous corresponding period is year ended 30 June 2018)

CONTENTS

- **Results for announcement to the market**
- **Commentary on results for the period**
- **Appendix 4E Accounts**

Appendix 4E

Preliminary Final Report

12 months ended 30 June 2019

Herewith please find information for **Global Masters Fund Limited** in respect of the financial year ended 30 June 2019:

RESULTS FOR ANNOUNCEMENT TO THE MARKET

The reporting period is the full year ended 30 June 2019 with the corresponding period being the year ended 30 June 2018. The preliminary results are based on audited financial statements.

The following statutory information is provided:

Revenue from Ordinary Activities ¹	Increased \$73,558 (32.0%)	to	\$303,357
Gains on sale of Investments ²	Increased \$75,913 (98.1%)	to	\$153,318
Profit/(Loss) from ordinary activities after Income Tax ³	Increased \$125,360 (99.7%)	to	(\$346)
Net Tangible Assets (before tax on unrealised gains)	Increased 23.0 c/share (10.5%)	to	241.9 c/share

Notes

- ¹ Revenue includes dividends and interest.
- ² Includes realised FX Gains/Loss
- ³ Net unrealised gains or losses in the UK managed investment portfolio are now recognised through the profit or loss in accordance with AASB 9. Excluding the impact of the accounting standard changes, loss before income tax would have been \$14,782, an improvement of \$199,118 on the prior year.

DIVIDENDS

The primary source of value creation for Global Masters Fund Shareholders is the capital appreciation of the underlying investments, particularly Athelney and Berkshire Hathaway. Dividends have not been paid in the prior period and the Board maintain that dividends will not be paid in the foreseeable future with gains from investments re-invested in the Company.

NET TANGIBLE ASSET BACKING (NTA)

The net tangible asset backing per share (tax on realised gains only) at 30 June 2019 was 241.9 cents per share compared with 218.9 cents per share at 30 June 2018.

NTA growth was driven by portfolio value increases in Flagship Investments and Berkshire Hathaway, while investments in Athelney and our diversified UK portfolio declined over the period. Additionally, exchange rates have been in our favour increasing the holding value of foreign investments (note the Company does not hedge the currency exposure and is susceptible to fluctuations in exchange rates against USD and GBP).

OPERATING AND FINANCIAL REVIEW

International politics has generated a volatile twelve months in the equities market in FY19. Pleasingly for the full year, our portfolio performance remained resilient returning 12.4%. This result was supported strongly by the performance of Berkshire Hathaway and the favourable USD exchange rate.

NTA per share, before recognising the net deferred tax liability, increased by 10.5% over the past twelve months. When compared to the ASX benchmark, the All Ordinaries Index which increased by 6.5%, our Company has continued to achieve our objective of enhancing the NTA backing per share.

During the year, revenue from dividends and interest has increased \$73,558 (32.0%) compared to FY18 and revenue from realised gains increased \$75,913 (98.1%). After a full twelve months of executing the UK investment strategy the Company is seeing tangible benefits of a diversified portfolio which will continue to develop over time. Excluding Management and Performance Fees, expenses decreased on prior year by \$65,316, which was primarily due to the one-off costs incurred in FY18 for the Rights offer which cost \$41,000.

Major Investments - June 2019

INVESTMENTS

(1) HOLDINGS OF SECURITIES AT 30 JUNE 2019

Individual investments at 30 June 2019 are listed below. The list should not, however, be used to evaluate portfolio performance or to determine the net asset backing per share at other dates. Individual holdings in the portfolio may change during the course of the year.

GLOBAL MASTERS FUND LIMITED
NOTES TO THE FINANCIAL STATEMENTS
 FOR THE YEAR ENDED 30 JUNE 2019

The functional and presentation currency of Global Masters Fund Limited is Australian dollars. Its shares are publicly traded on the Australian Securities Exchange (“ASX”).

1. BASIS OF PREPARATION

The financial statements are general purpose financial statements that have been prepared in accordance with the Australian Accounting Standards and the *Corporations Act 2001*.

These financial statements and associated notes comply with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board.

The financial statements have been prepared on an accruals basis and are based on historical costs modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

Significant accounting policies adopted in the preparation of these financial statements are presented below and are consistent with prior reporting periods unless otherwise stated.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Revenue and Other Income

Revenue is recognised when the amount of the revenue can be measured reliably, it is probable that economic benefits associated with the transaction will flow to the Company and specific criteria relating to the type of revenue as noted below, has been satisfied.

Revenue is measured at the fair value of the consideration received or receivable and is presented net of returns, discounts and rebates.

All revenue is stated net of the amount of goods and services tax (GST).

Interest Revenue

Interest is recognised using the effective interest method.

Dividend Revenue

Dividends are recognised when the entity’s right to receive payment is established.

(b) Income Tax

The income tax expense recognised in the statement of profit or loss and other comprehensive income comprises of current income tax expense plus deferred tax expense.

Current tax is the amount of income taxes payable (recoverable) in respect of the taxable profit (loss) for the year and is measured at the amount expected to be paid to (recovered from) the taxation authorities, using the tax rates and laws that have been enacted or substantively enacted by the end of the reporting period. Current tax liabilities (assets) are measured at the amounts expected to be paid to (recovered from) the relevant taxation authority.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and losses can be utilised.

Current and deferred tax is recognised as income or an expense and included in profit or loss for the period except where the tax arises from a transaction which is recognised in other comprehensive income or equity, in which case the tax is recognised in other comprehensive income or equity respectively.

(c) Goods and Services Tax (GST)

Revenue, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payable are stated inclusive of GST.

The net amount of GST recoverable from, or payable to, the ATO is included as part of receivables or payables in the statement of financial position.

Cash flows in the statement of cash flows are included on a gross basis and the GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

(d) Cash and Cash Equivalents

Cash and cash equivalents comprises cash on hand, demand deposits and short-term investments which are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

(e) Financial Instruments

The company holds investments in listed equities as its principle business, these investments are classified as either financial assets at fair value through profit or loss (FVPL) or financial assets at fair value through other comprehensive income (FVOCI). The election is on the basis of two primary criteria:

- The contractual cash flow characteristics of the financial asset; and
- The business model for managing financial assets

Investments held in the actively managed UK portfolio have been designated as financial assets at fair value through profit or loss while all other investments, which are held for medium to long term capital appreciation, have been designated as financial assets at fair value through other comprehensive income.

FINANCIAL REPORT

GLOBAL MASTERS FUND LIMITED NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2019

(e) Financial Instruments *(continued)*

Financial Assets - Recognition

The Company's investments are recognised on the date that the company commits itself to the purchase of the asset (ie trade date accounting is adopted).

Investments are measured at fair value, which is determined by quoted prices in an active market.

Financial Assets - Subsequent Measurement

Securities held in the portfolio are revalued to market values at each reporting date. For investments designated as financial assets at fair value through profit or loss the realised and unrealised net gains or losses on the portfolio are recognised each period in the profit or loss. For investments designated as financial assets at fair value through other comprehensive income the realised and unrealised net gains or losses on the portfolio are recognised in other comprehensive income.

Loans and Receivables

Loans and receivables are recognised initially at fair value and subsequently measured at amortised cost, less provision for doubtful debts. Trade receivables are due for settlement no more than 30 days from the date of recognition.

Collectability of loans and receivables is reviewed on an ongoing basis. Debts which are known to be uncollectible are written off. A provision for impairment of trade receivables is established when there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of the receivables.

Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganisation, and default or delinquency in payments (more than 30 days overdue) are considered indicators that the trade receivable is impaired.

The amount of the provision is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate. Cash flows relating to short-term receivables are not discounted if the effect of discounting is immaterial. The amount of the provision is recognised in the profit or loss in other expenses.

Fair Value Estimation

The fair value of financial instruments traded in active markets (such as publicly traded derivatives and securities) is based on quoted market prices at the Statement of Financial Position date. The quoted market price used for financial assets held by the Company is the current bid price. The appropriate quoted market price for financial liabilities is the current bid price.

The nominal value less estimated credit adjustments of trade receivables and payables are assumed to approximate their fair values. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the Company for similar financial instruments.

(f) Trade and Other Payables

Liabilities for trade payables and other amounts are carried at cost which is the fair value of the consideration to be paid in the future for goods and services received, whether or not billed to the Company.

(g) Provisions

Provisions are recognised when the Company has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions for Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

(h) Share Capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares and share options which vest immediately are recognised as a deduction from equity, net of any tax effects.

(i) New and Amended Accounting Standards adopted

The Company has adopted AASB 9: *Financial Instruments* with an initial application date of 1 July 2018. As a result the Company has changed its financial instruments accounting policies as follows.

The company has elected to present in profit or loss changes in fair value of the UK managed portfolio of equity investments (this excludes the investment in Athelney) previously classified as available for sale, as these investments do not fit the measurement criteria for amortised cost or fair value through other comprehensive income. For the remaining equity investments the Company has elected to designate equity investments as fair value through other comprehensive income. As a result, assets with a fair value of \$5,148,280 were reclassified from available for sale financial assets to assets at fair value through profit or loss and cumulative unrealised gains net of tax of \$410,915 were transferred from the investment revaluation reserve to retained earnings at 1 July 2018. Additionally, assets with a fair value of \$17,877,061 were reclassified from available for sale financial assets to assets at fair value through other comprehensive income.

AASB 9 has been adopted without restating comparative financial information. The reclassification adjustments arising have been recognised in the opening balance sheet on 1 July 2018.

AASB 15: *Revenue from contracts with Customers* has an initial application date of 1 July 2018. The Company does not have any revenue to which AASB 15 is applicable and accordingly had no impact on the Company.

GLOBAL MASTERS FUND LIMITED
NOTES TO THE FINANCIAL STATEMENTS
 FOR THE YEAR ENDED 30 JUNE 2019

(j) New Accounting Standards and Interpretations

The AASB has issued new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods. The following table summarises those future requirements, and their impact on the Company where the standard is relevant:

AASB 16 Leases	
Effective Date 1 January 2019	AASB 16 introduces a single lessee accounting model by eliminating the current requirement to distinguish leases as either operating leases or finance leases depending on the transfer of risks & rewards of ownership.
	The impact of AASB 16 will not have a material impact on the Company.

3. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

(a) Key Estimates

There are no key assumptions or sources of estimation uncertainty that have a risk of causing material adjustment to the carrying amounts of certain assets and liabilities within the next annual reporting period as investments are carried at their market value.

(b) Key Judgements

The preparation of financial reports in conformity with Australian Account Standards require the use of certain critical accounting estimates. This requires the Board to exercise their judgement in the process of applying the Company's accounting policies.

The carrying amount of certain assets and liabilities are often determined based on estimates and assumptions of future events. In accordance with AASB 112 Income Taxes, deferred tax liabilities and deferred tax assets have been recognised for Capital Gains Tax (CGT) on the unrealised gains/losses in the investment portfolio at current tax rates.

As the Directors do not intend to dispose of the portfolio, the tax liability/benefit may not be crystallised at the amount disclosed in Note: 13. In addition, the tax liability/benefit that arises on the disposal of these securities may be impacted by changes in tax legislation relating to treatment of capital gains and the rate of taxation applicable to such gains/losses at the time of disposal.

The Company has an investment process which is anticipated will deliver medium to long-term capital growth - minimum investment period is three to five years.

The deferred tax asset has been carried forward as it believed that this process will deliver growth over this period to utilise the deferred tax asset.

4. OPERATING SEGMENTS

Segment Information

The Company operates in the investment industry. Its core business focuses on investing in International equities to achieve medium to long-term capital growth and income.

Operating segments have been determined on the basis of reports reviewed by the Managing Director. The Managing Director is considered to be the chief operating decision maker of the Company. The Managing Director considers the business from both a product and geographic perspective and assesses performance and allocates resources on this basis. The Managing Director considers the business to consist of just one reportable segment.

30 June 2019	Balance	10,723,159		12,871,873

15. RESERVES

Revaluation Reserve

The investment revaluation reserve was used to accumulate unrealised capital profits and losses on available for sale financial assets after provision for deferred tax. As a result of the adoption of AASB 9 on 1 July 2018 the investment revaluation reserve now records the unrealised capital profits and losses net of deferred tax, on investments classified as fair value through other comprehensive income (refer note 2(i)). The reserve can only be used in limited circumstances for payment of dividends.

16. EARNINGS PER SHARE

Basic earnings per share is calculated by dividing the profit attributable to owners of the company by the weighted average number of ordinary shares outstanding during the year.

Diluted earnings per share is calculated by dividing the profit attributable to owners of the company by the weighted average number of shares outstanding during the year. Including all convertible securities, for example convertible preferred shares, convertible debentures, stock options and warrants.

Net gain/(loss) used in calculating basic and diluted earnings per share	(346)	(125,706)
Total comprehensive income used in calculating total comprehensive income per share	1,535,219	1,805,885
Weighted average number of ordinary shares on issue used in the calculation of basic earnings per share	10,723,159	9,987,737
Weighted number of all shares, including convertible securities	10,723,159	9,987,737
	Cents	Cents
Basic earnings per share (cents per share)	(0.00)	(1.26)
Diluted earnings per share (cents per share)	(0.00)	(1.26)
Total Comprehensive Income per share (cents per share)	14.32	18.08

GLOBAL MASTERS FUND LIMITED
NOTES TO THE FINANCIAL STATEMENTS
 FOR THE YEAR ENDED 30 JUNE 2019

17. FINANCIAL RISK MANAGEMENT

The Company is exposed to a variety of financial risks through its use of financial instruments.

The Company's overall risk management plan seeks to minimise potential adverse effects due to the unpredictability of financial markets.

The Company does not speculate in financial assets.

The most significant financial risks to which the Company is exposed to are described below:

Specific risks

- Liquidity risk
- Credit risk
- Market risk - currency risk, interest rate risk and price risk

Financial instruments used

The principal categories of financial instruments used by the Company are:

- Trade receivables
- Cash at bank
- Investments in listed shares
- Trade and other payables

(a) Interest Rate Risk

The Company's exposure to interest rate risk, which is the risk that a financial instrument's value will fluctuate as a result of changes in market interest rates and the effective weighted average interest rates on classes of financial assets and financial liabilities, is as follows:

Effective Interest Rate	2019	2018
	%	%
Financial Assets		
Cash and cash equivalents	0.1	0.6
6 Months or less		
	2019	2018
	\$	\$
Financial Assets		
Cash and cash equivalents	632,741	497,002
Total Financial Assets	632,741	497,002

The Company does not rely on interest returns as a source of income, so the interest rate risk is deemed extremely low.

All other financial assets and liabilities are non-interest bearing.

(b) Currency Risk

The Company's investment portfolio includes investments in USA and UK, cash on deposit and interest receivable denominated in US dollars and Pounds Sterling. As such, the Company's balance sheet can be affected significantly by movements in exchange rates. The Company's current policy is not to hedge its investment portfolio.

The carrying value of these foreign currency denominated assets at balance date was as follows:

Carrying Amount	2019	2018
	AUD \$	AUD \$
Cash and cash equivalents	590,410	328,151
Investments	23,065,985	20,849,294
Total	23,656,395	21,177,445

(c) Credit risk

The Company is not a trading entity. The maximum exposure to credit risk at balance date in relation to each class of financial assets (excluding investments) is the carrying amount of those assets as indicated in the balance sheet. The Company has no commercial debtors and receivables are due from reputable companies listed on the world's stock exchange or major financial banking institutions.

With respect to credit risk on cash and investment, the Company's exposure to credit risk arises from default of the counter party, with a maximum exposure equal to the carrying amount of those investments. The Company's business activities do not necessitate the requirement for collateral.

(d) Net Fair Value

The following methods and assumptions are used to determine the net fair values of financial assets and liabilities:

Cash, cash equivalents and short-term investments:

The carrying amount approximates fair value because of their short term to maturity.

Trade receivables and payables:

The carrying amount approximates fair value as the time to receipt or payment is usually less than 30 days.

Listed shares:

The current quoted market bid price approximates fair value and the carrying amount.

The carrying value of all the financial assets and liabilities of the Company as disclosed in the Statement of Financial Position and Notes to the Financial Statements is the same as the net fair value.

FINANCIAL REPORT

GLOBAL MASTERS FUND LIMITED
 NOTES TO THE FINANCIAL STATEMENTS
 FOR THE YEAR ENDED 30 JUNE 2019

17. FINANCIAL RISK MANAGEMENT (continued)

(e) Sensitivity Analysis

The following table illustrates sensitivities to the Company's exposure to changes in interest rates, exchange rates and commodity and equity prices. The table indicates the impact on how profit and equity values reported at balance date would have been affected by changes in the relevant risk variable that management considers to be reasonably possible. These sensitivities assume that the movement in a particular variable is independent of other variables.

At 30 June 2019, the effect on profit and equity as a result of changes in the interest rate, exchange rate or equity prices with all other variables remaining constant would be as follows:

6 Months or less	2019 \$	2018 \$
Change in profit +/- 2% in interest rates	+/- 7	+/- 2,514
Change in equity +/- 5% in exchange rates	+/- 1,182,820	+/- 1,049,688
+/- 10% in listed investments	+/- 2,536,001	+/- 2,302,534

(f) Liquidity Risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due.

The objective of the Company is to ensure as far as possible that it will always have sufficient liquidity to meet its liabilities when due, under both normal and distressed conditions.

Prudent liquidity risk management implies maintaining sufficient cash and marketable Australian listed equity securities.

The Manager controls liquidity risk by continuously monitoring the balance between equity securities and cash or cash equivalents and the maturity profiles of assets and liabilities to ensure this risk is minimal.

18. CAPITAL MANAGEMENT

The Board's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The capital structure of the Company consists of equity attributable to members of the Company. The Board monitors the return on capital, which is defined as net operating income divided by total Shareholders' Equity. The Board also monitors the level of dividends to Shareholders.

The capital of the Company is invested by the Investment Manager in accordance with the investment policy established by the Board. The Company has no borrowings. It is not subject to any externally imposed capital requirements.

There were no changes in the Company's approach to capital management during the year.

19. FAIR VALUE MEASUREMENTS

The Company measures the following assets and liabilities at fair value on a recurring basis:

- Financial Assets at fair value through Other Comprehensive Income.
- Financial Assets at fair value through Profit or Loss.

Fair value hierarchy

AASB 13 *Fair Value Measurement* requires all assets and liabilities measured at fair value to be assigned to a level in the fair value hierarchy as follows:

- Level 1 Unadjusted quoted prices in active markets for identical assets or liabilities that the entity can access at the measurement date.
- Level 2 Inputs other than quoted prices included with level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 Unobservable inputs for the asset or liability.

The table below shows the assigned level for each asset and liability held at fair value by the Company:

	Level 1	Level 2	Level 3	TOTAL
30 June 2019	\$	\$	\$	\$
Recurring fair value measurements.				
Financial Assets				
-FVTPL	4,312,618			4,312,618
-FVTOCI	21,047,393			21,047,393
30 June 2018				
	\$	\$	\$	\$
Recurring fair value measurements.				
Financial Assets				
-Available for sale	23,025,341			23,025,341

Transfers between levels of hierarchy

There were no transfers between levels of the fair value hierarchy.

Highest and best use

The current use of each asset measured at fair value is considered to be its highest and best use.

	\$	\$
20. AUDITORS REMUNERATION		
Remuneration of the auditor of the Company for: Audit or reviewing the financial statements	15,409	18,593
Total remuneration of auditors	15,409	18,593

21. RELATED PARTY TRANSACTIONS

Transactions between related parties are on normal commercial terms and conditions no more favourable than those available to other parties unless otherwise stated.

The following transactions occurred with related parties:

EC Pohl & Co Pty Ltd for Management Fee and Performance Fee (payable in accordance with the Management Services Agreement as detailed in Note 22).

• Management Fee	50,925	35,898
• Performance Fee	68,560	67,918
Total Fees Paid	119,485	103,816

Dr E C Pohl has an interest in the transaction as during the year Dr E C Pohl was a Director, employee and Shareholder of EC Pohl & Co Pty Ltd.

22. MANAGEMENT SERVICES AGREEMENT

In accordance with a Management Services Agreement which was signed in May 2017, the Company agreed to engage the Manager to provide primary and secondary management services.

Primary services are only provided for the actively managed portion of the portfolio and include:

- 1) managing the investment of the Company's portfolio, including keeping it under review;
- 2) ensuring investments by the Company are only made in authorised investments;
- 3) complying with the investment policy of the Company; and
- 4) identifying, evaluating and implementing the acquisition and disposal of authorised investments.

Secondary management services include:

- (i) provide the Company with quarterly investment performance reporting;
- (ii) promoting investment in the Company by the general investment community;
- (iii) providing investor relationship services; and
- (iv) provision of accounting, human resources, corporate and information technology services support.

The agreement may be terminated if:

- a) either party ceases to carry on business, or
- b) either party enters into liquidation voluntarily or otherwise, or
- c) either party passes any resolution for voluntary winding-up, or
- d) a receiver of the property of either party, or any part thereof, is appointed, or
- e) the Shareholders of the Company at an abnormal meeting called in for that purpose, resolve by binding resolution to terminate the operations, or
- f) if the Company provides written notice to the Manager in the event of any material and substantial breach of the agreement by the Manager or if the Manager fails to remedy a breach of this agreement within 14 days following written notice of the breach.
- g) if the Manager provides written notice to the Company in the event of any material and substantial breach of the agreement by the Company or if the Company fails to remedy a breach of this agreement within 14 days following written notice of the breach.

Under the agreement the Manager will receive a management fee of 1% per annum on the actively managed portion of the portfolio. In addition, a performance fee, payable annually in arrears, equal to 20% of the amount by which the Company's actively managed portfolio performance exceeds the performance of the FTSE, subject to a high-water mark. If the Company's net performance in the year is less than the Benchmark, then no performance fee will be payable.

23. KEY MANAGEMENT PERSONNEL DISCLOSURES

The Company has no staff and therefore has no Key Management Personnel other than the Directors.

No member of Key Management Personnel held options over shares in the Company during the year.

There have been no other transactions with Key Management Personnel or their related entities other than those disclosed in Note 21.

The compensation of Non-executive Directors (including the Managing Director) for the year ending 30 June 2019 is shown in the table of detailed remuneration disclosures, provided in section 12 (A) to (F) of the Remuneration Report on pages 9 and 10. The total remuneration paid is as follows:

Short-term employment benefit	168,125	178,625
-------------------------------	---------	---------

The Company's Secretary, Brian Jones, was contracted directly during the financial year.

24. CASH FLOW INFORMATION

(a) Reconciliation of result for the year to cash flows from operating activities

Profit/(Loss) for the year	(346)	(125,706)
Cash flows excluded from profit attributable to operating activities		
Non-cash flows in profit		
- net (gain)/loss on disposal of investments	(21,834)	(31,839)
- net (gain)/loss on foreign exchange	(168,304)	(8,823)
- net unrealised (gain)/loss on financial assets at fair value	(14,053)	-
Changes in assets and liabilities, net of the effects of purchase and disposal of subsidiaries:		
- (increase)/decrease in prepayments	(2,122)	9,316
- (increase)/decrease in trade and other receivables	4,149	(23,040)
- increase/(decrease) in trade and other payables	(597)	62,609
- increase/(decrease) in Deferred Tax	(21,092)	(88,194)
Cash flow from operations	(224,199)	(205,677)

25. CONTINGENCIES

In the opinion of the Directors, the Company did not have any contingencies at 30 June 2019 (30 June 2018: None).

26. EVENTS OCCURRING AFTER THE REPORTING DATE

No matters or circumstances have arisen since the end of the financial year which significantly affected or may significantly affect the operations of the Company, the results of those operations, or the state of affairs of the Company in future financial years.

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of Global Masters Fund Limited (the Company), which comprises the statement of financial position as at 30 June 2019, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

In our opinion, the accompanying financial report of Global Masters Fund Limited is in accordance with the Corporations Act 2001, including:

- (a) giving a true and fair view of the Company's financial position as at 30 June 2019 and of its financial performance for the year then ended; and
- (b) complying with Australian Accounting Standards and the Corporations Regulations 2001.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the Corporations Act 2001 which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report for the year ended 30 June 2019. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

KEY AUDIT MATTER	HOW THE KEY AUDIT MATTER WAS ADDRESSED IN OUR AUDIT
<p>Financial Assets at Fair Value Through Other Comprehensive Income Financial Assets at Fair Value through Profit or Loss Refer to Notes 2(e) , 2 (i) and 11 to the financial statements</p> <p>As at 30 June 2019 the Company's statement of financial position includes financial assets at fair value through other comprehensive income of \$21,047,393 and financial assets at fair value through profit or loss of \$4,312,618.</p> <p>On initial application of AASB 9: Financial Instruments the Company has elected to present in profit or loss changes in fair value of its UK managed portfolio of equity investments previously classified as available for sale. For the remaining investments the Company has elected to designate equity investments as fair value through other comprehensive income. As a result, assets with a fair value of \$5,148,280 were reclassified from available for sale financial assets to assets at fair value through profit or loss and cumulative unrealised gains net of tax of \$410,915 were transferred from the investment revaluation reserve to retained earnings at 1 July 2018. Additionally, assets with a fair value of \$17,877,061 were reclassified from available for sale financial assets to assets at fair value through other comprehensive income.</p> <p>We focused on this area as a key audit matter due to the amounts involved being material.</p>	<p>Our procedures included, inter alia:</p> <ul style="list-style-type: none"> Inspecting externally prepared documentation to verify the valuation of the portfolio as at 30 June 2019. Randomly and judgmentally selecting investments and agreeing dividends and closing market value to third party evidence. Recalculating the movement in fair value for the year. Recalculating the reclassification adjustments on implementation of AASB 9 at 1 July 2018. Review of the appropriateness of the Company's disclosures in the financial report in accordance with AASB 9.
<p>Tax and Income Tax Expense Refer to Note 7 and 13 to the financial statements</p> <p>The Company recognises the deferred tax liability as a net amount adjusted for deferred tax assets. As at 30 June 2019 the net deferred tax liability included in the statement of financial position amounted to \$3,414,164.</p> <p>We focused on this area as a key audit matter due to the amounts involved being material.</p>	<p>Our procedures included, inter alia:</p> <ul style="list-style-type: none"> Reviewing the Company's taxation calculations for accuracy, completeness and compliance with AASB 112. Review of the appropriateness of the Company's disclosures in the financial report in accordance with AASB 112.
<p>Performance fee and management fee Refer to Notes 21 and 22 to the financial statements.</p> <p>For the year ended 30 June 2019 the Company's statement of profit or loss and other comprehensive income includes the performance fee of \$68,560 and a management fee of \$50,925.</p> <p>In accordance with a management service agreement the Company pays a performance fee to a related party to engage a manager to provide primary and secondary management services.</p> <p>We focused on this area as a key audit matter due to the nature of the relationship.</p>	<p>Our procedures included, inter alia:</p> <ul style="list-style-type: none"> Reviewing the management service agreement. Assessing the Company's management fee calculation to ensure compliance with the agreement. Review of the appropriateness of the Company's disclosures in the financial report in accordance with AASB 124.

**INDEPENDENT AUDITOR'S REPORT
 TO THE MEMBERS OF GLOBAL MASTERS FUND LIMITED
 (Page 3 of 4)**

Information Other Than the Financial Report and Auditor's Report Thereon

The directors are responsible for the other information. The other information comprises the information included in the Company's annual report for the year ended 30 June 2019, but does not include the financial report and our auditor's report thereon. Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon. In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Matters Relating to the Electronic Presentation of the Audited Financial Report

This auditor's report relates to the financial report of Global Masters Fund Limited for the year ended 30 June 2019, intended to be included on the Company's website. The Company's directors are responsible for the integrity of the Company's website. We have not been engaged to report on the integrity of the Company's website. The auditor's report refers only to the statements named above. It does not provide an opinion on any other information which may have been hyperlinked to/from these statements. If users of this report are concerned with the inherent risks arising from electronic data communications, they are advised to refer to the hard copy of the audited financial report to confirm the information included in the audited financial report presented on the website.

Responsibility of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstance, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF GLOBAL MASTERS FUND LIMITED
(Page 4 of 4)

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by directors and management.
- Conclude on the appropriateness of directors and management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosure in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transaction and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on the Remuneration Report

Opinion on the Remuneration Report

We have audited the remuneration report included in pages 9 to 10 of the directors' report for the year ended 30 June 2019.

In our opinion the remuneration report of Global Masters Fund Limited for the year ended 30 June 2019 complies with s300A of the Corporations Act 2001.

Responsibilities

The directors of the Company are responsible for the preparation and presentation of the remuneration report in accordance with s300A of the Corporations Act 2001. Our responsibility is to express an opinion on the remuneration report, based on our audit conducted in accordance with Australian Auditing Standards.
