Brief explanation of any of the figures reported above necessary to enable the figures to be understood:

As at 30 June 2019, the Oneview system was live in 6,976 beds (30 June 2018: 5,228) with a further 3,775 beds contracted but not yet installed (30 June 2018: 5,155). There were a further 9,454 beds in contract negotiation (30 June 2018: 3,118) and 13,376 beds in tender process (30 June 2018: 14,047).

During the period, Oneview announced a number of contract successes:

- The first Senior Living contract was signed in the US with Christian Living Communities in Denver, Colorado. The initial deployment of this product is scheduled for H1 2020.
- An extension of the Sydney Children's Hospital contract was agreed to include Randwick hospital, with the deployment of an additional 240 beds on the Android Gen 3 solution, the first such deployment in Australia.
- Oneview continued to expand its installed base at Lancaster General Hospital and at University Hospitals, Cleveland.
- Oneview expanded its client base in North America by adding a new client in Oklahoma City.

- In Australia, Oneview installed a pilot at Prince Charles Hospital in Brisbane, which is part of the Metro North Hospital and Health System in Queensland Health.
- In New York, Oneview expanded its solution by installing the first ambulatory location at NYU Langone.
- In California, Oneview expanded its solution at the University of California, San Francisco Medical Centre locations, with deployment of an additional 98 beds.

The business is expecting a busy deployment schedule for H2 2019 and into 2020 with these new wins and expansions across existing and new customers.

The Company continues to invest heavily in its highly innovative Senior Living product, which it anticipates launching in Q4 2019.

The Company has also made a significant investment in the development of Google Mobile Service ("GMS") certified hardware which enables it to deliver the best experience for patients. Our next generation 22" All-In-One device will be the largest GMS certified Android touchscreen tablet in the world, when it is delivered in Q4 of this year. This GMS Certification is confirmation that a specific device meets Google's performance requirements and properly runs Google Apps. It will be crucial as we migrate existing Gen 2 customers to the Android platform.

Oneview continues to grow its pipeline of new business opportunities across the territories in which the Group currently operates.

The Group continues to aggressively manage its cost base. Full time headcount at 30 June 2019 was 127 (June 2018: 150).
