SciDev Receives First Purchase Order for MaxiFlox® Chemistry from Iluka

SciDev Limited (ASX:SDV; **SciDev**, or the **Company**) is delighted to advise that it has received the initial purchase order for first fill of its MaxiFlox® chemistry at Iluka's Jacinth-Ambrosia operation. The order represents >\$1M AUD of revenue for SDV and is the first order under the recently signed supply agreement (refer ASX: 30th August 2019). The MaxiFlox® chemistry will be delivered to Jacinth Ambrosia in the December 2019 quarter.

About SciDev

SciDev is a leader in the development and application of both chemistry and process control for solids-liquid separation. SciDev brings together world-class technology, chemistry, management and manufacturing capabilities to solve pressing operational and environmental issues for the minerals processing, tailings, water treatment and Oil & Gas markets.

About OptiFlox®

OptiFlox® is a patent pending technology that continuously analyses and measures key parameters in industrial process streams. The OptiFlox® system improves the clarification of water, improves the addition of chemistry allowing for optimal utilisation of several industrial processes including mineral processing and water treatment.

About MaxiFlox®

Our MaxiFlox® flocculants and coagulants are made to SciDev specification in house and by Nuoer Group and cover a broad range of conventional and advanced flocculant and coagulant products. Our MaxiFlox® proprietary technology is specifically optimised for application with our OptiFlox® control technology across most applications. It provides highly effective solution based approach at treatment costs up to 30% less than our competitors.
