On behalf of your Board, I am pleased to present SCA Property Group's Annual Report, including the audited Financial Statements, for the year ended 30 June 2019.

MESSAGE FROM THE CHAIRMAN

Philip Marcus Clark, AO
Chairman, SCA Property Group

Activity and financial results

FY19 was a big year for SCP. During the year the Group:

- Launched SURF 3 in July 2018;
- Acquired twelve (12) convenience assets for a total of \$677.9 million, including a portfolio of ten (10) assets acquired from Vicinity Centres (VCX) in October 2018 for \$573 million;
- Acquired completed developments at Bushland Beach, QLD and Shell Cove, NSW;
- Raised \$887.3 million of debt capital to fund acquisitions and improve our debt profile;
- Raised \$262.4 million by way of an institutional placement in October 2018; and
- Raised an additional \$111.2 million by way of a Unit Purchase Plan in November 2018, delivering on the Board's commitment to offer retail shareholders opportunities to participate in capital raisings, whenever practical to do so.

The Group has delivered solid financial results in a challenging operating environment for retail landlords:

- Statutory Net Profit After Tax of \$109.6 million, which was down 37.4% compared to the same period last year, primarily due to expensing transaction costs on acquisitions completed during the period and a reduced investment property valuation uplift;
- Funds from Operations (FFO) increased to \$141.8 million, up 24.1% on the same period last

year reflecting the increased size of our investment portfolio;

- Management Expense Ratio was reduced from 0.43% to 0.37%; and
- Gearing remained at the low end of our preferred range at 32.8% at 30 June 2019.

Further details are set out in the Report which follows.

Operating environment

Notwithstanding the uncertainty which prevails in the retail property market due to low wages growth, low consumer confidence and increased competition, particularly from online shopping, SCP's business fundamentals remain strong.

Our core strategies of:

- Focusing on convenience, non-discretionary retail;
- Delivering a convenient shopping experience for our customers;
- Negotiating sustainable rents with our tenants; and
- Strong local community engagement,

are working and continue to deliver results.

Distribution growth and total shareholders' returns

The Group's commitment to Unitholders is to deliver defensive, resilient cash flows to support secure and growing long-term distributions. The value of this commitment is further enhanced for SCP Unitholders in the current record low cash rate environment.

14.7¢

Distribution
(Per unit)

90%

Payout Ratio

We are continuing to deliver on that commitment:

- In the period since we listed on 26 November 2012 to 30 June 2019, the Group has delivered a Total Shareholder Return of over 150%;
- In FY19 we paid distributions of 14.7 cents per unit, up 5.8% on FY18;
- In FY19 the Group delivered a distribution yield of 6.15%¹;
- Distributions have increased every six months since 2014; and
- SCP's Distribution Reinvestment Plan remained active for the August 2018 and January 2019 distributions.

Governance, culture and risk management

Many of the findings of the Hayne Royal Commission into Misconduct in the Banking, Superannuation and Financial Services Industry were directed to banks, superannuation funds, financial advisers and insurers. However, the recommendations relating to governance, culture, remuneration and risk management were relevant to a broader range of businesses, including SCP.

Your Board is committed to ensuring the behaviours and practices at SCP are best practice and deliver fair outcomes for all SCP stakeholders: investors, customers and tenants in our shopping centres, employees, suppliers and the communities in which we operate.

Board renewal

James Hodgkinson OAM retired as a Non-Executive Director during the year. James joined the Board prior to the Group's listing in 2012. He made a very significant contribution as a Director, particularly to the strategic direction of SCP and to our prudent capital management. We thank James for his service and wish him well.

We were pleased to welcome two new Non-Executive Directors, Steven Crane and Beth Laughton. Their extensive qualifications and experience, which are detailed later in this Report, have enhanced the Board's skills mix. Both Beth and Steve are already making significant contributions.

Beth's and Steve's appointments are subject to Unitholder approval at our Annual General Meeting in November 2019.

Strategy and outlook

A priority for FY20 is to ensure we deliver sustainable and growing earnings by continuing to improve our tenancy mix, setting rentals at sustainable levels, and maintaining centre standards. This should support ongoing sales growth for our specialty tenants, which in turn should enable further positive rent reversions and increasing rent per square metre over the next few years.

We expect the VCX portfolio, which we acquired in October 2018, to deliver negative rent renewals over the next 12 months, before returning to growth. This was built into our assumptions and pricing when we acquired the portfolio.

We are aware of the pressures facing many retailers at present, and we will continue to evolve our tenancy mix toward more resilient retail categories that suit our convenience offering across our entire portfolio. Those categories include food and liquor, retail services, and pharmacy and medical.

We remain committed to our core strategy, which is to deliver sustainable earnings and distribution growth to our Unitholders by:

- Optimising the earnings from the existing portfolio;
- Executing further acquisitions of convenience-based shopping centres;
- Recycling capital from lower growth assets to relatively higher growth assets;
- Investing in value enhancing development opportunities within our existing portfolio; and
- Continuing to grow our funds management business.

On behalf of the Board, I thank our Management and staff who have worked very hard to deliver another good result. I also thank my Board colleagues for their significant contributions to the Group's success.

Finally, thanks to all SCP Unitholders for your continued support and confidence.

Philip Marcus Clark AO
Chairman
SCA Property Group

¹ This is based on the Group's unit price on the last day of trade for FY19 being \$2.39.

MESSAGE FROM THE CEO

Anthony Mellowes
Chief Executive Officer, SCA Property Group

On behalf of your Management team, I am pleased to present SCA Property Group's Annual Report, including the audited Financial Statements, for the year ended 30 June 2019.

It has been a busy and productive year for SCP in a challenging retail environment.

Acquisitions and divestments

Highlights include the divestment of five assets coupled with the launch of SURF 3, and the acquisition of 12 convenience-based assets for \$677.9 million. Management embarked on an intensive leasing remixing project at the centres acquired, in order to align the new assets with our strategy of a strong bias towards non-discretionary categories that are less exposed to the impact of online sales.

Our existing portfolio is performing well, achieving all of our key metrics and we remain confident that, over time, our recently acquired assets will perform in line with our existing portfolio. Remixing a shopping centre cannot be achieved overnight and is dependent on lease expiries or vacancies providing an opportunity for replacement tenants with more suitable non-discretionary uses. Nonetheless, we have already made good progress on this project.

Our strategy of focusing on smaller neighbourhood assets anchored by a Woolworths or Coles supermarket continues to be vindicated with this class of asset being less susceptible to the competitive impacts of online shopping. For these reasons, our centres tend to remain more stable and resilient in a challenging retail environment.

Financial results

As a result of the acquisitions, our Funds from Operations (FFO) has increased by 24.1% compared to FY18. Our distribution per unit is up by 5.8% at 14.7 cents per unit. Our net tangible assets per unit has declined slightly to \$2.27 per unit primarily due to the write-off of stamp duty and other transaction costs associated with the acquisitions.

I am also pleased to be able to report to you that our FFO per unit is 6.7% above FY18.

Our gearing remains in our preferred range, which is the lower end of the 30% to 40% loan-to-value ratio band at 32.8%. Our portfolio occupancy sits at 98.2% and our specialty vacancy is 5.3%, which is slightly above our target range of 3-5%. The primary reason for this is our remixing project that we are undertaking on the recently acquired assets. We expect to bring specialty occupancy back within our preferred range within the next 12 to 18 months.

Our property management team is focused on achieving not only a remixing of the tenancies in our new portfolio but also setting our rents at a level that is sustainable throughout the term of the lease. This is a key performance indicator for the Management team this year.

With this in mind, we are forecasting a more modest growth target of 16.70 cents FFO per unit in FY20, representing a 2.7% increase over FY19.

32.8%

Gearing

\$2.27

Net Tangible
Assets
(Per Unit)

Sales growth and turnover rent

The underlying performance of our anchor tenants in our core portfolio remains robust. Supermarket portfolio moving annual turnover remains strong at 2.7% above FY18 levels. Our discount department stores have also increased their performance with a pleasing 3.4% increase over FY18.

This has translated into an increase in turnover rent and we now have 34 anchor tenants paying turnover rent as at 30 June 2019. An additional 16 anchor tenants are within 10% of their turnover thresholds. Total turnover rent collected in FY19 was \$2.3 million. This includes turnover rent from our new centres for part of FY19.

Key priorities and outlook

Our key priority is to optimise our new and existing portfolios in line with our strategy, current economic conditions and the broader retail market. Our focus is to “lease for the future” with quality tenants at sustainable rentals.

We always aim to make the shopping experience at our centres as convenient as possible and endeavour to make our centres a focal point in the local communities in which we operate.

If we are successful in achieving these aims, this will in turn translate into defensive, resilient cash flows to support secure and growing long-term distributions to our Unitholders.

Anthony Mellowes
Chief Executive Officer
SCA Property Group

ABOUT US

SCA Property Group (SCP) includes two internally managed real estate investment trusts, the units of which are stapled together to form a stapled listed vehicle. The Group owns and manages a portfolio of quality sub-regional and neighbourhood shopping centres. The portfolio is focused on convenience retailing across Australia.

As at 30 June 2019, our portfolio consisted of 85 convenience-based shopping centres valued at \$3,147 million. Convenience retailing has proven to be a resilient asset class due to its exposure to non-discretionary retail tenants. Many of the Group's convenience-based retail centres have a strong weighting to food sales, due to grocery-based anchors such as supermarkets.

SCP's portfolio benefits from long-term leases to Woolworths Group Limited and Coles Group Limited, which act as an anchor tenant at each property. Woolworths and Coles are Australia's largest retailers by sales revenue and number of stores.

SCA Property Group is listed on the Australian Securities Exchange (ASX) under the code "SCP".

SHORT HISTORY

SCP was created by Woolworths Group Limited (Woolworths) in late 2012 to act as a landlord for a number of its shopping centres. Woolworths transferred its ownership in those shopping centres to SCP, which was then listed on the ASX as a separate independent real estate investment trust in December 2012. Woolworths does not have any ownership interest in SCP.

Since its creation, SCP has completed a number of acquisitions. As at 30 June 2019, 58 of its convenience-based shopping centres are anchored by Woolworths Group Limited retailers and 28 by Coles Group Limited retailers.

GROUP STRUCTURE

SCP comprises two registered managed investment schemes: Shopping Centres Australasia Property Management Trust (SCA Management Trust) (ARSN 160 612 626) and Shopping Centres Australasia Property Retail Trust (SCA Retail Trust) (ARSN 160 612 788). The units in each are stapled to form the stapled listed vehicle, SCA Property Group.

SCP is internally managed, which allows us to align management interests with the interests of our Unitholders. Shopping Centres Australasia Property Group RE Limited (SCPRE) (ACN 158 809 851) is the Responsible Entity (AFSL 426603) to SCA Management and SCA Retail Trusts. The Responsible Entity is a wholly owned subsidiary of the Management Trust.

Additional notes:

1. SURF RE Limited is the Responsible Entity of SCA Unlisted Retail Fund 1 (SURF 1), SCA Unlisted Retail Fund 2 (SURF 2) and SCA Unlisted Retail Fund 3 (SURF 3)
2. SURF 1 commenced activities on 1 October 2015. SCA Retail Trust owns 24.4% of SURF 1.
3. SURF 2 commenced activities on 2 June 2017. SCA Retail Trust owns 28.6% of SURF 2.
4. SURF 3 commenced activities on 10 July 2018. SCA Retail Trust owns 26.2% of SURF 3.

OUR PROPERTY PORTFOLIO

AS AT 30 JUNE 2019

SCA Property Group's portfolio comprises 75 neighbourhood and 10 sub-regional shopping centres located across Australia.

During the year ended 30 June 2019, the Group acquired 12 new convenience-based shopping centres and divested four smaller neighbourhood centres.

OUR PROPERTY PORTFOLIO

CONTINUED

The total value of the investment properties as at 30 June 2019 was \$3,147 million (up from \$2,511.7 million as at 30 June 2018, including assets held for sale). The increase in value of the properties during the year was principally due to:

- The acquisition of 12 properties during the year for \$677.9 million;
- Development expenditure (primarily on Shell Cove and Bushland Beach) of \$13.4 million; and
- Fair value decrease of \$3.6 million, with growth in net operating income offset by a softening in weighted average capitalisation rates.

The weighted average capitalisation rate for the Australian portfolio is now 6.48%, compared to 6.33% as at 30 June 2018.

As at 30 June 2019	Number of centres	Number of specialties	GLA (sqm)	Occupancy (% GLA)	Value (\$ million)	WALE (yrs)	Weighted average cap rate (%)
Neighbourhood	75	1,276	458,478	98.2%	2,316.0	7.8	6.38%
Sub-regional	10	521	208,868	98.0%	831.0	8.1	6.75%
Total Investment Properties	85	1,797	667,346	98.2%	3,147.0	7.9	6.48%

GLA means gross lettable area

WALE means weighted average lease expiry

GEOGRAPHIC DIVERSIFICATION (by value)

OUR TENANTS

The Group's shopping centres are anchored by long-term leases to high-quality tenants with a weighted average lease expiry of 7.9 years.

Nearly half the portfolio is located in new growth corridors and regions, and comprises convenience-based neighbourhood centres with a strong weighting to the non-discretionary retail segment. Anchor tenants represent 49% of gross income. The remaining 51% of gross income comes from specialty tenants skewed toward non-discretionary categories.

OVERALL LEASE EXPIRY (% of Gross Rent)

TENANTS BY CATEGORY (by gross rent)¹

SPECIALTY TENANTS BY CATEGORY (by gross rent)^{1,2}

1. Annualised gross rent excluding vacancy and percentage rent

2. Mini Majors represent 13% of annualised specialty gross rent. Mini major tenants have been split across the relevant categories

3. Woolworths includes Endeavour Drinks (1.6% of gross rent)

4. Wesfarmers includes Kmart 2%, Bunnings 0.5% and Target 0.5%

5. Other majors includes Aldi, Farmer Jacks and Grand Cinemas

OUR STRATEGY

SCP aims to ensure resilient cash flows to support secure and growing long-term distributions to Unitholders.

SCP's core strategy is to invest in a geographically diverse portfolio of convenience-based retail centres. Our portfolio focuses on the non-discretionary retail sector (primarily convenience retailers and grocery outlets) and is anchored by long-term leases to quality tenants.

FOCUS ON
CONVENIENCE-
BASED RETAIL
CENTRES

APPROPRIATE
CAPITAL
STRUCTURE

GROWTH
OPPORTUNITIES

SCP's portfolio is relatively young, with an average age of less than nine years (weighted by value). This presents both opportunities and challenges. Our strategy for the immediate future is to generate incremental growth by positioning the portfolio to maximise its long-term value.

We are doing this by:

- Optimising the existing portfolio: by increasing the rent per square metre we generate from our specialty tenants, and by controlling our costs;
- Growing the portfolio: by undertaking selected acquisitions and divestments and by conducting selected small-scale development opportunities in our completed portfolio. We are also building a funds management business, with our third fund, SURF 3, completed in July 2018;
- Capital management: we adopt a prudent approach to capital management, with the aim of achieving a sustainably low cost of capital and an appropriate level of gearing; and
- Sustainability: ensuring the sustainability of SCP's business, including a focus on safety, community and the environment.

OPTIMISING THE EXISTING PORTFOLIO

A key priority for SCP is to increase the rent per square metre we generate from our specialty tenants. This can be achieved by remixing our tenancies to higher rent-paying tenants, by annual rental increases that are built into leases, and by increasing rentals at lease expiry. During the 12 months to 30 June 2019 (excluding centres acquired during the financial year), there were 146 specialty tenancy renewals with an average rental increase of 5.3% achieved.

We are continuing to explore opportunities to reduce costs by utilising our economies of scale to achieve savings in areas such as property management, electricity, cleaning and security.

GROWING THE PORTFOLIO

The market for convenience-based retail centre ownership is fragmented and provides acquisition opportunities from time to time.

There is a pipeline of new convenience-based centres due to population growth. Private individuals and retailers are still the dominant developers of convenience-based centres and will be for the medium term.

In addition, many of our completed centres have relatively low-risk development opportunities such as supermarket expansions and small centre expansions that we intend to pursue in coming years.

CAPITAL MANAGEMENT

Debt and gearing

We maintain a prudent approach to managing the balance sheet, with gearing of 32.8% as at 30 June 2019, which is at the lower end of our target range of 30–40%. At 30 June 2019, the Group had cash and undrawn facilities of \$180.2 million.

We have diversified sources of debt with bank facilities, US Private Placement Notes (USPP) and Australian medium-term notes (A\$MTN). Our weighted cost of debt as at 30 June 2019 is 3.6%, which is among the lowest in our sector. The weighted average term to maturity is 6.1 years and the earliest drawn debt expiry is April 2021.

DEBT FACILITIES EXPIRY PROFILE (\$ million)

Interest rate hedging

SCP's interest rate hedging policy is designed to reduce the volatility of future distributable earnings as a result of changing interest rates. We manage this exposure by:

- Targeting a range for fixed or hedged interest rate exposure of 50–100% of drawn borrowings; and
- Using derivative contracts and/or other agreements to fix interest payment obligations.

The Directors will monitor this policy to ensure it meets SCP's ongoing objectives and is in the best interests of Unitholders. As at 30 June 2019, 70.4% of the Group's debt was fixed or hedged.

Distribution payout ratio

SCP has a target payout ratio of 85–95% of Funds from Operations (FFO) and less than 100% of Adjusted FFO (AFFO). For the year to 30 June 2019, our distribution payout ratio was 90% of FFO and 106% of AFFO. The distribution was more than 100% of AFFO because of equity-funded acquisitions during the year – units issued to fund the acquisitions attracted a full period of distributions, but we only received a part-period earnings contribution from the acquired assets. In FY20, we expect the distribution as a percentage of AFFO to again be less than 100%.

STABILITY OF OUR EARNINGS

Forty-nine per cent of our rental income comes from anchor tenants which include Woolworths Group Limited, Coles Group Limited and Wesfarmers Limited. These tenants are of a high credit quality. The remaining 51% of our rental income comes from specialty tenants. We have improved this income stream by securing quality tenants skewed to non-discretionary categories which, we believe, will deliver sustainable rental income growth in the future.

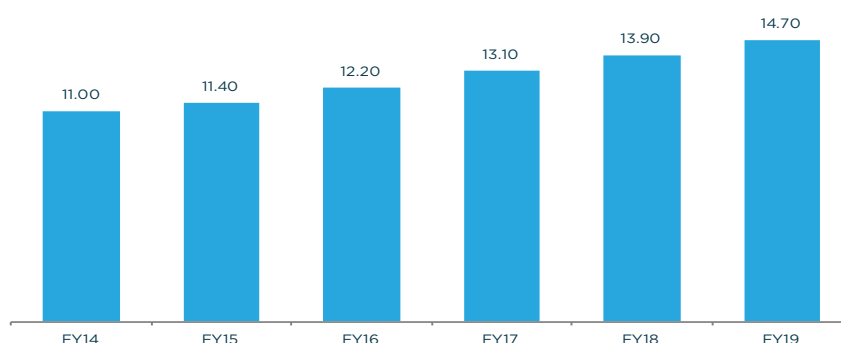

We have actively managed our portfolio by acquiring assets that we believe will deliver strong returns. We have put in place a solid capital structure, with diversified sources of funding, gearing at 32.8% (at the lower end of our target range of 30–40%) and average weighted term to maturity of our debt of 6.1 years, and we have fixed or hedged 70% of our debt.

OUR PERFORMANCE

SCP HAS DELIVERED SUPERIOR RETURNS TO UNITHOLDERS

SCP has provided stable and secure distributions that have been supplemented by strong unit price performance over the last five years.

Over the last five years, SCP has grown distributions per unit by in excess of 5% p.a.

Over the last five years, SCP has delivered a total unitholder return (unit price appreciation plus distributions) of 84.4%, and has outperformed its retail A-REIT peers over the same period.

Source: Orient Capital Pty Ltd

STRONG SALES GROWTH IN OUR CENTRES

In FY19, comparable moving annual turnover (MAT) growth in our centres (excluding centres acquired during the financial year) averaged 2.6%. Anchor supermarket sales growth in these centres of 2.7% has improved from 1.9% in FY18. Discount department store (DDS) sales growth in these centres of 3.4% has also improved from 1.9% in FY18. Specialty tenant sales growth in these centres remained relatively robust at 2.6%. Continuing sales growth will assist SCP to generate increasing rental income in the future.

COMPARABLE STORE MAT¹ SALES GROWTH BY CATEGORY (%)

Existing Centres	As at 30 June 2019	As at 30 June 2018
Supermarkets ²	2.7%	1.9%
DDS ²	3.4%	1.9%
Mini Majors	(1.5)%	2.7%
Specialties	2.6%	3.3%
Total	2.6%	2.1%

1. MAT stands for moving annual turnover, and MAT sales growth measures the growth in sales over the last 12 months compared to the previous 12 month period.

2. Figures adjusted to 52 weeks (comparable to FY18) as FY19 was a 53 week reporting period with reported growth of 4.6% for supermarkets and 5.4% for DDS.

TURNOVER RENT THRESHOLDS BEING ACHIEVED

Several of our anchor tenants are achieving turnover rent thresholds. Once turnover rent thresholds are achieved, rental income increases with store sales growth. As at 30 June 2019, 34 anchors were generating turnover rent, and for the 12 months to 30 June 2019, turnover rent was \$2.3 million. We expect these numbers to increase in coming years as another 16 supermarkets are within 10% of their turnover thresholds.

TURNOVER RENT (\$m)

OCCUPANCY RATE REMAINS HIGH

SCP continues to enjoy high levels of portfolio occupancy of around 98.2%. This is within the normalised range for neighbourhood shopping centres.

PORTFOLIO OCCUPANCY (% of GLA)

SPECIALTY TENANT KEY METRICS

Specialty tenant sales continue to grow, assisted by supermarket volume growth. As a result, average specialty occupancy cost continues to be sustainable at 9.4% (excluding centres acquired during the financial year). This enables SCP to secure rental increases when leases come up for renewal. During FY19, we had 146 renewals in these centres with average increases of 5.3% achieved and no incentives paid. Most specialty leases are for five-year terms and have built-in annual rental increases of 3% to 4%.

Existing Centres	30 June 2019	30 June 2018
Comparable sales MAT growth (%) ¹	2.6%	3.3%
Average specialty occupancy cost (%) ¹	9.4%	9.8%

SPECIALTY LEASE COMPOSITION (as at 30 June 2019)

ANNUAL INCREASE MECHANISM

TENANT TYPE

ACTIVE PORTFOLIO MANAGEMENT

During FY19, we have actively managed our portfolio by acquiring 12 convenience-based shopping centres for \$677.9 million, and divesting four non-core small neighbourhood centres for \$57.9 million and one non-core adjacent lot for \$2.4 million.

Ten of the centres were acquired in one line from Vicinity Centres for \$573.0 million.

Warnbro, WA

Currambine Central, WA

Stirlings Central, WA

Kalamunda Central, WA

Bentons Square, VIC

The Gateway, VIC

West End Plaza, NSW

Lavington Square, NSW

North Shore Village, QLD

Oxenford Village, QLD

VICINITY ACQUISITION OVERVIEW

- Ten convenience-based shopping centres located in NSW, QLD, VIC and WA
- Acquisition completed in October 2018 for \$573.0m (7.47% implied fully let yield)
- 38% of income from anchors
- Overall WALE: 5.8 years
- Occupancy at acquisition: 98.1%
- Average age: 9.9 years (since last major refurbishment)

UPDATE ON IMPLEMENTATION

- Integration is complete
- Remixing project is more than 50% complete
- Sales growth is improving
- Cost savings achieved
- Portfolio NOI¹ expected to be in line with acquisition NOI by FY21
- We believe we can add value to this portfolio over time

UPDATE ON ACQUISITION FUNDING

- Citibank two-year acquisition facility initially drawn to \$356.0m has been fully repaid and cancelled prior to 30 June 2019

1. NOI means Net Operating Income

Two other centres, Sturt Mall and Miami One, were acquired in individual transactions.

STURT MALL (WAGGA WAGGA, NSW)

- Acquisition completed in August 2018 for \$73.0m (6.93% implied fully let yield)
- 29% of income from anchors
- Overall WALE: 3.4 years
- Occupancy at acquisition: 97.1%
- Year built: 1979 (redeveloped in 2011)

MIAMI ONE (GOLD COAST, QLD)

- Acquisition completed in October 2018 for \$31.9m (6.89% implied fully let yield)
- 31% of income from anchors
- Overall WALE: 5.0 years
- Occupancy at acquisition: 96.1%
- Year built: 2007

DEVELOPMENT PIPELINE

We have identified over \$110 million of development and refurbishment opportunities at 23 of our centres over the next five years¹. These are generally “bolt-on” developments to our existing centres. During FY19, we acquired two completed Coles-anchored developments at Bushland Beach QLD and Shell Cove NSW, which are now trading.

DEVELOPMENT TYPE	CENTRE(S)	Estimated Capital Investment (A\$ million)					
		FY19	FY20	FY21	FY22	FY23	FY24
New centre developments	Bushland Beach, Shell Cove	9.7	-	-	-	-	-

Two major projects acquired in FY19: Bushland Beach Shopping Centre was completed in July 2018 and the new Shell Cove development was completed in October 2018.

- The exact timing of future developments, expansions and improvements are subject to prevailing market conditions and regulatory approvals.*

FUNDS MANAGEMENT BUSINESS

In July 2018, we completed our third unlisted retail fund, SURF 3, containing four non-core assets acquired from SCP for \$57.9 million. The funds management business will allow SCP to recycle non-core assets, and utilise its expertise and platform to earn capital-light management fees in the future.

PRUDENT CAPITAL MANAGEMENT

SCP maintains a prudent approach to managing the balance sheet, with gearing of 32.8% as at 30 June 2019. This is at the lower end of the policy range of 30–40%. Our preference is for gearing to remain below 35% at this point in the cycle.

As at 30 June 2019, the weighted cost of debt (including amortisation of establishment fees) was 3.6% p.a., and 70.4% of the Group's debt was fixed or hedged.

In addition to \$400 million of bank debt lines, we currently have \$407.1 million of US Private Placement notes (with maturities between August 2027 and September 2033), and \$450 million of A\$ Medium-Term Notes (with maturities of between April 2021 and June 2024). These transactions have diversified our sources of debt funding, and the weighted average term to maturity of our debt is now 6.1 years, with no debt drawn expiring until April 2021.

We are well within debt covenant limits of less than 50% gearing and interest cover ratio greater than 2.0x (currently 4.3x).

SCP will maintain its judicious approach to capital management, and will continually monitor and assess opportunities to ensure an appropriate, efficient and sustainable funding structure.

FINANCIAL HIGHLIGHTS

PROFIT AND LOSS

For the financial year ended 30 June 2019, we delivered a statutory net profit after tax of \$109.6 million. Our primary measure for cash earnings is Funds from Operations (FFO), which was 16.33 cents per unit, 6.7% above the prior year. Our distribution paid to Unitholders for the financial year was 14.7 cents per unit, 5.8% above the prior year.

Oxenford Village, QLD

OUR COMMITMENT TO SUSTAINABILITY

Our commitment to sustainability is a key element of our long-term planning for the ongoing success of our centres and the communities they service. The three pillars of our sustainability strategy guide the investments and initiatives we implement each year. We continue to deliver positive outcomes in line with the strategy.

OUR STRATEGY

SCP's Sustainability Strategy is aligned to the core values that underpin the organisation. The strategy provides a clear, achievable and solid platform that supports strong sustainability performance over the long term. The strategy focuses on three objectives that complement the existing programs in our business that enhance employee satisfaction, work, health and safety, governance and ethical operations.

Management

In FY19, we have continued to operate a Sustainability Steering Committee that focuses on a corporate-level approach and performance, including our Responsible Investment objective. We also hold an Asset Performance Working Group forum which focuses on the practical implementation of our Stronger Communities and Environmentally Efficient Centres objectives at centre level. In FY19, we increased the internal resources focused on sustainability and engaged with our external property sector sustainability specialist where appropriate to complement internal expertise and ensure best practice was achieved in our approach.

We worked to improve our ethical supply chain practices throughout FY19, and effective 1 July 2019 introduced a Supplier Code of Conduct. Enhancements have continued to be made to the transaction documents we use to engage our tenants, service providers and works of a capital nature. Specific ESG guidance, requirements and recommendations are now included in our standard lease documentation, tenancy fit-out guides as well as our service agreements. The revisions will enhance our ability to achieve positive environmental outcomes when working in conjunction with our service partners, tenants and suppliers. These documents will be reviewed annually to ensure relevance to industry and regulatory requirements.

OUR PROGRESS AND COMMITMENT

During FY19, there has been continued progress made across our three strategic pillars. We have made significant investments to reduce our energy consumption and greenhouse gas (GHG) emissions (while creating cost efficiencies) which have produced positive results for our larger properties.

FY20 will deliver an expansion on our renewable energy strategy, and growth in the engagement with our communities and recycling initiatives to divert waste from landfill.

COMMITMENT FOR FY19	STATUS	COMMITMENT FOR FY20
	<div>Completed</div> <div>Advanced</div>	
STRONGER COMMUNITIES		
Continue and increase the implementation of the Stronger Communities program to 20 neighbourhood and all sub-regional shopping centres	10 Stronger Communities campaigns implemented that were significant to the local community	Roll out one national Stronger Communities campaign Implement 15 initiatives significant to the local community Build on current local Stronger Communities initiatives
ENVIRONMENTALLY EFFICIENT CENTRES		
Continue the program of performance improvement measures in centres Carry out pilot of Building Automation Systems (BMS) and demand management Replacement of R22 HVAC plant with new energy-efficient, non-ozone depleting gases	Benchmarking with Green Star Performance auditing and Global Real Estate Sustainability Benchmark (GRESB) complete. Energy audits completed on all properties BMS installation at three centres complete Comprehensive pricing and prioritisation of centres complete	Review three-year GRESB performance and develop improvement action plan Promote recycling initiatives at the centres to divert waste from landfill Review performance of BMS plant and installation at two centres HVAC plant replacement at three properties
Review and reconsider targets for energy consumption and GHG emissions	Three-year targets and targets set in CY2017 being monitored Review of acquisition portfolio performance to be undertaken	Re-forecast targets in consideration of expanded portfolio and delivered initiatives
Deploy onsite solar generation to a further four centres, taking the total to eight installations	Strategy presented to and endorsed by Senior Management Group Solar plant operational at four centres, with four future installations agreed	Implement Solar Strategy at a further four centres
Integrate the deployment of LED lighting, BMS and solar energy at three centres	LED lighting in conjunction with solar plant installations at two properties Building controls and LED installed at three properties	Continue rollout of LED, BMS and solar technology at commercially viable properties
RESPONSIBLE INVESTMENT		
Annual review of Sustainability Policy	Internal review complete. Policy aligns with Environmental, Social and Governance (ESG) strategy and overarching business strategy	Consideration of Sustainability Policy with respect to alignment with UN Sustainable Development Goals (UN SDGs)
Review and improve Sustainability Report	Sustainability Report review underway. Consideration of UN SDGs and format of report	2019 report content and formatting to be aligned to UN SDGs
Conduct a formal materiality assessment of ESG risks and opportunities	Undertaken last year and to be reviewed again in FY19	Ongoing/annual review

WHS

The Board and senior management of SCP are committed to ensuring the ongoing safety and wellbeing of our customers, employees, tenants, visitors and contractors. Safety is a core value across the Group and a key focus for us at all times. We are constantly striving to improve our health and safety performance across the Group.

The safety performance of the Group is an important agenda item at every Board meeting. The Board receives monthly reports on safety performance from the Group's Management team and is kept informed of any key safety risks facing the business. Driving improvements in workplace safety standards and performance has been a major focus of SCP since listing. We have a robust WHS framework and governance platform in place, and we continue to refine and enhance how it operates to ensure it remains fit for purpose.

In FY19, the following initiatives were undertaken:

- Enhancement of monthly WHS reports to include in-depth risk analysis of one property per reporting period with a view to identify risk trends and investment opportunities;
- Active participant in Shopping Centre Council of Australia (SCCA) industry workshops with a view to promote collaboration on safety performance and ensure that best practice methods can be shared across the industry. Workshops attended include Electrical Safety, Industry Benchmarking and Collaboration;
- Increased engagement to raise awareness with tenants, such as safety bulletins issued to tenants on Electrical Safety Compliance and Fire Safety within their tenancies;
- Our retail property management teams and externally engaged consultants refined their monthly, quarterly and annual safety and property risk audits to ensure they remain fit for purpose; and
- Improved contractor WHS performance requirements. New scopes of services and contracts produced for the procurement of services with increased obligation on WHS and sustainability outcomes.

EMPLOYMENT

SCP's continued success depends largely on our people. The Group values and respects the unique contributions of people from diverse backgrounds, experiences and perspectives. We recognise that the team members will assume changing domestic responsibilities during their careers and are committed to supporting this via flexible work and leave arrangements.

As at 30 June 2019, the gender-related statistics are as follows:

1. Non-Executive Directors of Board of SCPRE.

2. Senior Management means the CEO, his direct or functional reports and certain of their reports who have responsibility for an area and/or report regularly to the Board or a Committee of the Board on the performance of that area.

The Group's Diversity Policy is available at www.scaproperty.com.au/about/governance.

In view of the Group's current small staff of 45, it is impractical for the Board to set measurable diversity-related objectives and targets. The Board will continue to monitor this as the Group grows in size.

REMUNERATION REPORT

Dear Unitholders

On behalf of the Board, I am pleased to present the SCP Remuneration Report for the year ended 30 June 2019.

The purpose of this Report is to outline SCP's approach to remuneration for Executives and Non-Executive Directors, and in particular, the links between SCP's Remuneration Framework and business strategy, performance and reward.

Remuneration Framework

SCP's Remuneration Framework has been designed to attract and retain appropriately qualified people and ensure they focus on the strategic priorities set by the Board. We review performance metrics and hurdles each year to test that they remain appropriate for our strategy, while providing meaningful and robust stretch year on year for Executives within SCP's stated risk parameters. We use these incentives to ensure that the Executives remain focused on the achievement of our core strategic objectives.

The Board is committed to upholding a Remuneration Framework that is aligned to business strategy, is based on performance, focuses Executives, meets Unitholders' expectations and requirements, and encourages Executives to deliver sustainable performance.

There were no adjustments made to the remuneration structure in FY19, following the review undertaken by the Remuneration Committee in FY18 (as detailed in the 2018 Annual Report). There were no fixed remuneration increases awarded to Executives following the annual review undertaken by the Committee during the period, with fixed remuneration for all Executives remaining at the levels set from 1 October 2017. Total Short-Term Incentive (STI) and Long-Term Incentive (LTI) opportunities for all Executives were increased modestly during the period, resulting in a slightly stronger weighting towards 'at-risk' remuneration for all Executives as part of their total remuneration opportunity.

Remuneration review and performance for the year ended 30 June 2019

FY19 was a very successful year for SCP. The Board considers that Executives, and all employees, have performed very well and continue to deliver on value accretive objectives.

Full details of SCP's achievements are described elsewhere in this Annual Report. Set out below are some highlights:

- Funds from Operations (FFO) of \$141.8 million – an increase of 24.1% on FY18;
- Comparable net operating income (NOI) increase of 2.5% on FY18;
- A reduction in SCP's Management Expense Ratio (MER) to 0.37%, down from 0.43% in FY18; and
- Twelve acquisitions completed during the period for a value of \$677.9 million.

The remuneration outcomes for Executives detailed in this Report reflect the Remuneration Framework's alignment with SCP's performance and total Unitholder returns for FY19. The acquisition of twelve (12) assets during the period, in line with our strategy, played a material role in Executives achieving the performance hurdles set by the Board for FY19, and as such the FY19 STIs have been paid to Executives at between 84% and 89% of the maximum award, reflecting their performance against key financial measures and hurdles, in particular solid FFO growth and a reduction in SCP's MER. The FY20 STI hurdles, as detailed in section 5.1 of this Report, have been set by the Board to focus Executives on improving the occupancy levels, maximising rental receipts and managing expenses of the assets acquired from VCX in FY19.

Lastly, I would like to take this opportunity to thank my fellow Director, Dr Kirstin Ferguson, for her leadership as Chair of the Remuneration Committee from 2016 to 30 June 2019. Her contribution has been highly valued.

On behalf of the Board, we recommend this Report to you.

Steven Crane
Chair, Remuneration Committee

The Remuneration Report has been audited.

5.	ADDITIONAL INFORMATION	54
5.1	EVENTS SUBSEQUENT	54
5.2	DEFINITIONS	55
6.	INDEPENDENT AUDITORS REPORT	56

Key points to note in relation to this Report are:

- The disclosures in this Report have been prepared in accordance with the provisions of section 300A of the Corporations Act 2001, even though, as stapled trusts, there is no obligation for SCP to comply with section 300A of the Corporations Act.*
- The term "remuneration" has been used in this Report as having the same meaning as "compensation" as defined by AASB 124 "Related Party Disclosures".*
- For the purposes of this Report, the term "Executives" means Key Management Personnel (KMP) who are Executives and therefore excludes Non-Executive Directors (NEDs).*

1. REMUNERATION SNAPSHOT

1.1 Remuneration Overview

Key questions	Our approach	Further information																				
1. Were any changes made to the remuneration structure in FY19?	<p>There were no total fixed remuneration (TFR) increases awarded to Executives following the annual review undertaken by the Committee during the period, with fixed remuneration for all Executives remaining at the levels set from 1 October 2017.</p> <p>The Short-Term Incentive (STI) and Long-Term Incentive (LTI) opportunities for all Executives were increased modestly during the period (although note that STI and LTI opportunities are determined by reference to TFR, and as TFR remained at the levels set in October 2017, there were no flow-on impacts to STI and LTI awards), resulting in an increased weighting towards “at-risk” remuneration for all Executives as part of their total remuneration opportunity (TRO). Refer to key question 8 for further details.</p> <table><tr><th>Executive</th><th>FY18 STI % of TFR</th><th>FY19 STI % of TFR</th><th>FY18 LTI % of TFR</th><th>FY19 LTI % of TFR</th></tr><tr><td>Anthony Mellowes</td><td>75%</td><td>85%</td><td>75%</td><td>90%</td></tr><tr><td>Mark Fleming</td><td>50%</td><td>60%</td><td>50%</td><td>60%</td></tr><tr><td>Mark Lamb</td><td>25%</td><td>30%</td><td>20%</td><td>25%</td></tr></table> <p>The FY19 STI and LTI metrics for Executives were largely based on those developed in FY18 and updated for the strategic objectives set for the business in FY19. The FY19 metrics were set to provide Executives with meaningful and robust stretch targets.</p> <p>Compared to the prior period, there were minor adjustments made to the weightings of the Funds from Operations per Unit (FFOPU) and cash property net operating income (Cash NOI) performance conditions of the STI award. These weighting changes were made in order to further focus Executives on driving recurring income from stabilised assets. Details are set out in section 3.2.</p>	Executive	FY18 STI % of TFR	FY19 STI % of TFR	FY18 LTI % of TFR	FY19 LTI % of TFR	Anthony Mellowes	75%	85%	75%	90%	Mark Fleming	50%	60%	50%	60%	Mark Lamb	25%	30%	20%	25%	Sections 3.2 and 3.3
Executive	FY18 STI % of TFR	FY19 STI % of TFR	FY18 LTI % of TFR	FY19 LTI % of TFR																		
Anthony Mellowes	75%	85%	75%	90%																		
Mark Fleming	50%	60%	50%	60%																		
Mark Lamb	25%	30%	20%	25%																		
2. What is the FY19 STI payout to Executives and why?	<p>The STI performance pool awarded to Executives for FY19 was \$1,115,034, representing an 84% payout of the total STI maximum opportunity for the CEO and CFO, and an 89% payout for the General Counsel/Company Secretary (GC/CS). In respect of the CEO and CFO, 50% of the STI award will be granted by way of deferred equity (subject to Unitholder approval).</p> <p>The payout ratio is a direct function of SCP’s performance in FY19, which saw Executives deliver the following:</p> <ul style="list-style-type: none">• FFO of \$141.8 million – an increase of 24.1% on FY18;• Comparable NOI increase of 2.5% on FY18; and• A reduction in SCP’s MER to 0.37%, down from 0.43% in FY18.	Section 3.2																				
3. Did any LTI awards vest in FY19?	<p>Yes, the FY15 LTI awards vested in August 2018. Details of the performance period and metrics were set out in section 9.1 of the 2014 Remuneration Report, and details of actual performance against metrics were set out in sections 1.1 and 1.3 of the 2018 Remuneration Report.</p> <p>While not in FY19, SCP also notes that the FY16 LTI awards vested in August 2019. The performance period for the funds from operations per unit (FFOPU) and return on equity (ROE) performance conditions ended on 30 June 2018, and the performance period for the relative total securityholder return (TSR) performance condition ended on 30 September 2018. Performance was assessed as slightly below maximum as a consequence of SCP’s strong results over the performance period, which resulted in a 95.86% payout of the total FY16 LTI maximum opportunity for each Executive.</p>																					

Key questions	Our approach	Further information
4. How and when does the Board determine if it uses discretion?	As a general principle, where a formulaic application of the relevant remuneration metrics is likely to produce a material and perverse remuneration outcome, or where it is in the best interests of Unitholders for the Board to do so, the Board may consider exercising its discretion in determining awards.	
5. Did the Board exercise discretion when considering Executive awards in FY19?	The Board did not exercise discretion in determining the FY19 awards to Executives.	
6. Were any changes made to NED fees in FY19?	<p>There was no increase to NED base fees in FY19; however, Committee fees were standardised from 1 January 2019 across all Committees (except the Nomination Committee) as follows:</p> <ul style="list-style-type: none"> • Committee Chair – \$25,000 p.a.; and • Committee member – \$15,000 p.a. <p>Total NED remuneration payable in FY19 was \$1,071,103, down from \$1,090,838 in FY18.</p>	Section 4.1
Remuneration Framework		
7. How does the Board set remuneration hurdles?	<p>The Board focuses the STI and LTI performance conditions and hurdles on those areas where it believes the Executives can create the best value for Unitholders, while at the same time ensuring that the hurdles build on prior-year performance, consider market factors, and provide Executives with meaningful and robust stretch within SCP's stated risk parameters. These areas include:</p> <ul style="list-style-type: none"> • Securing sustainable FFOPU and earnings growth within SCP's stated risk parameters; • Driving NOI at the portfolio level, focusing on the underlying cash flow quality for the current period and for future periods; • Appropriately managing corporate cost relative to the scale of funds managed, measured by the MER; • Ensuring SCP has a competitive cost of capital through appropriate capital management practices ensuring medium and long-term competitiveness in the market; and • Demonstrating the personal characteristics and qualities expected of high-quality management personnel. 	Section 2.1
8. What portion of remuneration is at-risk?	<p>STI and LTI awards are based on performance and are therefore considered at-risk. The at-risk component of each Executive's TRO is higher than the prior period.</p> <ul style="list-style-type: none"> • 63.7% of the CEO's TRO is at-risk; • 54.5% of the CFO's TRO is at-risk; and • 35.5% of the GC/CS's TRO is at-risk. 	Section 3.1
9. Are there any clawback provisions for incentives?	All incentives contain "malus" provisions allowing for the forfeiture of unvested rights in certain circumstances including in the event of termination for cause or for failing to meet prescribed minimum business and individual performance standards.	
10. Do all Board members, including Executive Directors, hold units in SCP?	Yes, all members of the SCP Board, including both Executive Directors, hold units in SCP; however, there is no mandated minimum holding requirement, as it is considered that this may be a deterrent to achieving Board diversity.	

Key questions	Our approach	Further information
11. How is risk managed at the various points in the Remuneration Framework?	<p>Risk is managed at various points in the Remuneration Framework through:</p> <ul style="list-style-type: none"> • Part deferral of STI awards for the CEO and CFO, with the vesting of STI rights deferred for two years; • LTI performance hurdles that reflect the long-term performance of SCP, measured over a three-year performance period with a further one-year deferral; • SCP's incentive plan contains broadly framed malus provisions that allow the Board in its sole discretion to determine that all, or part, of any unvested incentive awards be forfeited in certain circumstances; and • Board discretion on performance outcomes where a formulaic application of the relevant remuneration metrics is likely to produce a material and perverse remuneration outcome, or where it is in the best interests of Unitholders for the Board to do so. 	
Short-Term Incentives (STIs)		
12. What are the STI performance measures that determine if the STI vests?	<p>The FY19 performance measures are:</p> <ul style="list-style-type: none"> • FFOPU; • MER; • Cash NOI; and • Personal component. <p>These performance measures were chosen as they are directly linked to SCP's strategic objectives.</p>	Sections 3.2 and 3.3
13. Are any STI payments deferred?	Yes, 50% of STIs for the CEO and CFO are in the form of deferred rights, with a two-year deferral period.	Section 3.3
14. Are STI payments capped?	<p>Yes, the total maximum STI opportunity as a percentage of TFR is as follows:</p> <ul style="list-style-type: none"> • CEO – 85% of TFR; • CFO – 60% of TFR; and • GC/CS – 30% of TFR. 	Section 3.3
15. Are distributions paid on unvested STI awards?	On vesting, each STI right awarded entitles the relevant Executive to receive one stapled unit in SCP plus an additional number of stapled units calculated on the basis of the distributions that would have been paid in respect of those stapled units over the two-year STI deferral period.	Section 3.3
16. Have any adjustments, positive or negative, been made to the STI payments?	No adjustments were made to the FY19 STI payments.	Section 3.2
Long-Term Incentives (LTIs)		
17. What are the performance measures that determine if the LTI awards vest?	<p>FY19 LTI rights will be tested against three performance hurdles over a three-year performance period followed by a one-year deferral (total vesting period is four years). The performance hurdles are weighted as follows:</p> <ul style="list-style-type: none"> • Relative TSR against the S&P/ASX 200 A-REIT Accumulation Index (33.33% of grant); • Specified FFOPU growth (33.33% of grant); and • Specified ROE (33.33% of grant). <p>These performance conditions were chosen as they are directly linked to SCP's strategic objectives.</p> <p>The number of LTI performance rights granted to Executives in FY19 is set out in section 3.3.</p>	Sections 3.3 and 3.5
18. Does the LTI have re-testing?	No, there is no re-testing.	
19. Are distributions paid on unvested LTI awards?	On vesting, each LTI right awarded entitles the relevant Executive to receive one stapled unit in SCP plus an additional number of stapled units calculated on the basis of the distributions that would have been paid in respect of those stapled units over the four-year LTI deferral period.	Section 3.3

Key questions	Our approach	Further information
20. Is LTI grant quantum based on “fair value” or “face value”?	In the year of grant, LTI grant quantum is determined based on the face value of SCP units, calculated by dividing the intended LTI grant value by the volume-weighted average price for the five trading days following the release of the prior period’s full year results.	
21. Can LTI participants hedge their unvested rights?	No. LTI participants must not use any hedging strategy that has the effect of reducing or eliminating the impact of market movements on any unvested rights that are still subject to disposal restrictions.	Section 3.3
22. Does SCP buy securities or issue new securities to satisfy unit-based awards?	SCP has issued new units to satisfy unit-based awards to date; however, SCP may elect to buy units in certain circumstances.	
Executive agreements		
23. What is the maximum an Executive can receive on termination?	Termination payments will be managed differently in various termination scenarios, depending upon whether the Executive ceases employment with or without cause.	Section 3.7

1.2 SCP's Key Management Personnel

Key Management Personnel (KMP), as defined by AASB 124, refers to those people having authority and responsibility for planning, directing and controlling the activities of the consolidated entity, directly or indirectly, including any Director of an entity (whether Executive or otherwise) of the consolidated entity. KMP includes Directors of SCPRE and other Executives of SCP.

Name	Position as at 30 June 2019	Board appointment date
Non-Executive Directors (NEDs)		
Philip Marcus Clark AO	Chair - Board Chair - Nomination Committee ¹ Member - Audit, Risk Management and Compliance Committee	19 September 2012
Dr Kirstin Ferguson	Chair - Remuneration Committee ² Member - Nomination Committee Member - Audit, Risk Management and Compliance Committee	1 January 2015
Philip Redmond	Member - Investment Committee Member - Nomination Committee Chair - Audit, Risk Management and Compliance Committee	26 September 2012
Belinda Robson	Member - Remuneration Committee Chair - Investment Committee Member - Nomination Committee	27 September 2012
Beth Laughton	Member - Audit, Risk Management and Compliance Committee Member - Remuneration Committee Member - Nomination Committee	13 December 2018
Steven Crane	Member - Remuneration Committee ³ Member - Nomination Committee Member - Investment Committee	13 December 2018
Executive Directors		
Anthony Mellowes	Chief Executive Officer Member - Investment Committee	Appointed as Director: 2 October 2012 Appointed as Chief Executive Officer from 1 July 2013
Mark Fleming	Chief Financial Officer Member - Investment Committee	Appointed as Chief Financial Officer from 20 August 2013 Appointed as Director: 26 May 2015
Other Executives		
Mark Lamb	General Counsel and Company Secretary	26 September 2012

1. Philip Clark retired as Chair of the Nomination Committee on 1 July 2019.

2. Kirstin Ferguson retired as Chair of the Remuneration Committee, and was appointed as Chair of the Nomination Committee, on 1 July 2019.

3. Steven Crane was appointed as Chair of the Remuneration Committee on 1 July 2019.

James Hodgkinson OAM, appointed 26 September 2012 as a Non-Executive Director, retired and ceased to be a Director on 31 December 2018.

1.3 Actual remuneration earned in respect of FY19

The table below sets out the actual value of remuneration earned by each Executive during FY19. The reason the figures in this table are different to those shown in the statutory remuneration table in section 3.6 is because the latter table includes an apportioned accounting value for all STI and LTI equity grants (some of which remain subject to satisfaction of performance and service conditions and so may not ultimately vest).

The table below represents:

- Fixed remuneration including superannuation;
- Cash STI – the non-deferred portion of STI payments to be made in September 2019 in recognition of performance during FY19; and
- Equity that vested during the year that relates to prior years' awards. The value ascribed to this equity is based on the closing value on the day the equity vested. This value is not the same as the value used for financial reporting.

Actual Remuneration Earned									
Executive KMP	Financial Year	Fixed remuneration Including Superannuation \$ ¹	Cash STI ²	Deferred STI vested equity number units ³	Deferred STI vested equity value \$ ⁴	LTI vested equity number units ⁵	LTI vested equity value \$ ⁶	Other remuneration \$	Total remuneration \$ ⁷
Anthony Mellows	2019	910,00	324,290	130,945	322,125	561,590	1,381,511	0	2,937,926
	2018	905,624	206,456	85,377	186,975	322,922	697,511	0	1,996,566
Mark Fleming	2019	625,000	157,219	59,118	145,430	195,943	482,020	0	1,409,669
	2018	621,749	94,531	48,319	105,818	106,564	230,178	0	1,052,276
Mark Lamb	2019	572,500	152,016	0	0	72,516	178,389	0	902,905
	2018	559,317	92,602	0	0	41,671	90,009	0	741,928
Total	2019	2,107,500	633,525	190,063	467,555	830,049	2,041,920	0	5,250,500
	2018	2,086,690	393,589	133,696	292,793	471,157	1,017,698	0	3,790,770

1. Fixed remuneration comprises fixed remuneration including superannuation contributions.
2. Cash STI payments are paid shortly after the end of the financial year to which they are attributed.
3. Deferred STI vested equity units were issued on 9 August 2018 and 10 August 2017 in respect of the two prior financial years respectively.
4. Value of STI is calculated by reference to the closing price on the day of issue which was 9 August 2018: \$2.46 and 10 August 2017: \$2.19. This price does not represent the value for financial reporting.
5. LTI vested units were issued on 9 August 2018 in respect of the plans covering the preceding period. For the prior period, LTI vested units were issued on 3 July 2017 and 24 August 2017 in respect of the plans covering the preceding period.
6. The LTI vested value is calculated by reference to the closing price on the day of issue which was 9 August 2018: \$2.46 and 3 July 2017: \$2.16.
7. Total remuneration is made up of fixed remuneration, including superannuation \$ plus Cash STI \$ plus Deferred STI vested value plus LTI vested value.

2. REMUNERATION POLICY

2.1 SCP's remuneration principles, policy and philosophy

The Board believes that the structure, design and mix of remuneration should, through the alignment of Unitholder interests with those of a motivated and talented Executive, provide Unitholders with the best value. At the same time, the Board recognises that it is important to have programs and policies that may be adjusted, as appropriate, to address:

- Industry trends and developments, as well as evolving Executive remuneration and good governance practices; and
- Feedback from engagement with Unitholders and other stakeholders.

In support of this philosophy, SCP's remuneration policies are framed around two key remuneration principles:

1. Fairly reward and motivate Executives having regard to the external market, individual contributions to SCP and overall performance of SCP.

- TRO (including fixed component) is regularly independently benchmarked against a peer group of comparable entities (reflecting size, complexity and structure) to ensure that Executive remuneration is aligned over time to market levels.
- The quantum and mix of each Executive's TRO take into account a range of factors including that Executive's position and responsibilities, ability to impact achievement of SCP's strategic objectives, SCP's overall performance, and the desire to secure tenure of Executive talent.
- Fixed remuneration rewards Executives for performing their key responsibilities that are aligned to the Board-endorsed strategy to a high standard. This high standard includes stretch above core business performance.

2. Appropriately align the interests of Executives and Unitholders.

- A meaningful portion of an Executive's TRO is at-risk through performance-contingent incentive awards.
- The structure and metrics of incentive awards are tied directly to the achievement of an appropriate balance of short and long-term goals and objectives agreed in advance that provide Executives with appropriate stretch. Actual performance drives what Executives are paid.
- The threshold, target and maximum hurdles within each key performance indicator (KPI) are set each financial year and are designed to encourage strong to exceptional performance within SCP's stated risk parameters.
- For the CEO and the CFO, the majority of their at-risk pay is delivered through conditional and deferred rights to SCP securities.
- To encourage Management to secure the long-term future of SCP, unvested incentive opportunities are retained by the Executive upon resignation or retirement unless the Board determines they should be forfeited.
- Performance-based remuneration opportunities are designed to ensure they do not encourage excessive risk taking or breaches of workplace health and safety, environmental or other regulations that may compromise SCP's value and/or reputation. SCP considers key risk parameters to include maintaining levels of gearing within the preferred range of 30-40% and remaining focused on owning and operating neighbourhood shopping centres predominantly tenanted by non-discretionary retail.
- All incentives contain "malus" provisions permitting the Board to exercise its discretion to forfeit some or all of an Executive's unvested rights in certain circumstances.

This philosophy is substantially the same as for FY18. The Committee continues to benefit from discussions with key stakeholders and where appropriate will take these views into account in formulating SCP's remuneration strategy.

2.2 Remuneration governance

Role of the Remuneration Committee

The Board of SCP (Board) has adopted a Board Charter which sets out the objectives, responsibilities and framework for the operation of the Board. A copy of the Board Charter is available at www.scaproperty.com.au/about/governance.

The Board Charter underlines that the Board is accountable to Unitholders for SCP's performance and for the proper management of SCP's business and affairs.

To assist the Board in carrying out its responsibilities, the Board has established the Remuneration Committee which has responsibility for reviewing, making recommendations to the Board and, where relevant, approving the remuneration arrangements in place for the Non-Executive Directors, the CEO and other Executives.

The charter for the Remuneration Committee is reviewed by the Board annually and can be found at www.scaproperty.com.au/about/governance.

How remuneration decisions are made

Remuneration of all KMP is determined by the Board, acting on recommendations made by the Remuneration Committee.

The Board and the Remuneration Committee have absolute discretion when considering the awarding and vesting of STI and LTI opportunities to Executives. The purpose of preserving this discretion is to allow the Board to ensure remuneration amounts and structure are at all times appropriate and to prevent any unintended vesting of awards that would arise from a purely formulaic application of the metrics included as part of the STI and LTI opportunities. Where a formulaic application of the metrics is likely to produce a material and perverse remuneration outcome, or where it is in the best interests of Unitholders for the Board to do so, the Board may exercise its discretion in determining awards. The Board, Remuneration Committee and Management progressively monitor corporate actions throughout the year that may produce a material and perverse remuneration outcome.

The Board is ultimately responsible for recommendations and decisions made by the Remuneration Committee.

When determining awards for Executives, the Committee seeks to acknowledge material performance improvement in the period it was achieved where the Committee believes that Executives' interests are aligned with Unitholders. The Committee will make appropriate adjustments to hurdles set for subsequent periods to reflect the award given, to ensure the same performance is not rewarded twice. Individual Executives do not participate in meetings where their own remuneration is being discussed by the Committee or Board. The CEO provided the Committee with his perspectives on fixed remuneration and STI and LTI performance outcomes for his direct and functional reports.

External advisers and independence

The Committee may seek external professional advice on any matter within its terms of reference.

During the year, the Committee engaged the services of Guerdon Associates, Egan Associates, BDO and Ernst & Young to advise on various aspects of remuneration including:

- Remuneration Framework;
- Market trends;
- Compliance and disclosure; and
- Stakeholder engagement.

Guerdon Associates, Egan Associates, BDO and Ernst & Young did not make any 'remuneration recommendations' (as defined in the Corporations Act) in relation to any KMP during FY19.

3. EXECUTIVE REMUNERATION

3.1 Executive remuneration at SCP

The Board believes that SCP's remuneration structure, design and mix should align and motivate a talented Executive team with Unitholder interests, providing Unitholders with the best value.

SCP's Executive remuneration is performance based, equity linked and multi-year focused. The graph below sets out the remuneration structure and mix for each Executive for FY19.

3.2 FY19 STI outcomes

SCP's financial performance directly affects STI award outcomes, as 80% of the maximum STI opportunity for the CEO and CFO, and 70% for the GC/CS, are based on the achievement of financial performance conditions: FFOPU, MER and cash NOI.

STI is awarded annually based on the achievement of the relevant performance conditions. The weighting of these performance conditions reflects SCP's FY19 strategic drivers around maximising cash NOI, lowering the MER to competitive levels through managing costs relative to the size of SCP's portfolio of assets, while maintaining a competitive and conservative capital structure. Building on SCP's achievements in the prior financial year, each performance condition comprises stretch for Executives so as to ensure that "at-risk" pay is genuinely "at-risk". The degree of stretch is carefully balanced with SCP's stated risk appetite and considers the prevailing market conditions.

As noted in section 1.1, there were minor adjustments made to the weightings of the FFOPU and Cash NOI performance conditions of the STI award, in order to focus Executives on driving recurring income from stabilised assets. Details are set out below:

CEO/CFO

Performance condition	FY18 weighting	FY19 weighting
FFOPU	35%	40%
MER	15%	15%
Cash NOI	30%	25%
Non-financial	20%	20%

GC/CS

Performance condition	FY18 weighting	FY19 weighting
FFOPU	35%	40%
MER	15%	15%
Cash NOI	20%	15%
Non-financial	30%	30%

The Remuneration Committee has assessed performance against each performance condition to determine STI vesting outcomes for FY19. The table below sets out SCP's performance highlights and the resulting STI outcomes:

Weighting of total STI award	Measure	FY19 performance highlights
40% for CEO, CFO and GC/CS	<p>FFOPU</p> <p>This condition rewards performance where FFOPU as shown in SCP's FY19 audited Financial Statements exceeds specified levels.</p> <p>The KPI was selected to focus Executives on active portfolio and operational management in the context of SCP's adopted risk profile.</p> <p>The hurdles were set having regard to the mix and characteristics of SCP's portfolio of assets and the Board's expectations of earnings performance.</p>	<p>FFOPU was 16.33 cents, which is a 6.7% increase over FY18.</p> <p>Performance was assessed at Maximum (as detailed in section 3.3).</p>
15% for CEO, CFO and GC/CS	<p>MER</p> <p>This condition rewards performance where SCP's MER, as at 30 June 2019, is less than specified levels.</p> <p>The KPI was selected to focus Executives on efficiently resourcing the operations of SCP.</p> <p>Threshold, Target and Maximum levels were set considering SCP's budget and referencing its A-REIT peers.</p>	<p>MER was 0.39%, down from 0.44% in FY18.</p> <p>Performance was assessed at Maximum (as detailed in section 3.3).</p> <p>*MER for remuneration purposes only includes total funds under management. This is the sum of investment properties, assets held for sale and other assets. Market-reported MER was lower at 0.37% due to total assets used for funds under management.</p>
25% for CEO and CFO 15% for CG/CS	<p>Cash NOI</p> <p>This condition rewards performance where the FY19 cash NOI from shopping centres owned by SCP for at least one year as at 30 June 2018 (but excluding assets subject to development and assets sold and acquired during FY19) is greater than specified levels.</p> <p>The KPI was selected to focus Executives on improving occupancy levels, maximising rental receipts and managing expenses.</p> <p>This metric looks through to the underlying quality of the cash flows with a focus on recurring income from stabilised assets.</p>	<p>FY19 cash NOI was \$136.3m.</p> <p>Performance was below Target, but above Threshold (as detailed in section 3.3).</p>

Weighting of total STI award	Measure	FY19 performance highlights
20% for CEO and CFO	Personal performance	Performance was above Target, but below Maximum.
30% for GC/CS	<p>The personal performance component assesses individual contributions based on factors judged as important for adding value. While the factors assessed are common to Executives, the expectations of each person will vary depending on the focus and accountabilities of their position. Therefore, the weighting of these factors may vary for each Executive.</p> <p>These factors include:</p> <ul style="list-style-type: none"> • (People) Maintain an effective team of people through recruitment, performance management and retention, and promote the development and engagement of SCP's staff through a positive collaborative culture, with good communication and high levels of employee engagement. • (Strategy) Further develop and progress SCP's corporate strategy including developing and executing strategic initiatives outside the current portfolio or corporate structure. • (Stakeholder) Maintain strong stakeholder relations measured by receiving positive feedback from investors and analysts, promoting strong and positive relationships with major tenants balancing commercial parameters and potential future opportunities, and ensuring positive and productive relationships with external contractors, service providers and regulatory bodies (property management companies, auditors, lawyers, banks etc.). • (Operational Performance) including optimising the performance of SCP's centres, successfully completing Board-approved development projects (e.g. Kwinana) and identifying and commencing other development opportunities. Ensure appropriate policies are in place and followed and a sound and effective system of risk management and internal controls are in place. 	Six-monthly reviews are held with each Executive to evaluate and monitor performance against personal objectives.

The following table shows the actual STI outcomes for each of the Executive KMP for FY19, including the value of STI equity based on a volume-weighted average price of \$2.5561.

FY19 STI Outcomes					
	STI target (% of Fixed Remuneration)	STI max (% of Fixed Remuneration)	Actual STI (% max)	STI forfeited (% max)	Actual STI (total) (\$)
Anthony Mellowes	63.75%	85%	83.85%	16.15%	648,580
Mark Fleming	45.00%	60%	83.85%	16.15%	314,438
Mark Lamb	22.50%	30%	88.51%	11.49%	152,016

3.3 How remuneration was structured in FY19

The SCP Executive remuneration structure comprised a combination of fixed remuneration plus performance or “at-risk” remuneration. The performance remuneration comprises STIs and LTIs.

TFR – how does it work?

TFR provides a fixed level of income to recognise Executives for their level of responsibility, relative expertise and experience. It includes the fully costed value of salary, superannuation, motor vehicle and other short-term benefits including Fringe Benefit Tax (FBT). The TFR package is paid in cash, superannuation contributions as well as motor vehicle and other employee benefits provided on salary sacrifice.

The opportunity value for the at-risk components of remuneration is determined by reference to TFR, so SCP is conscious that any adjustments to TFR have flow-on impacts on potential STI and LTI awards. TFR is reviewed annually on 1 October, with no obligation on the Board to adjust. No adjustments were made to TFR for the period, with TFR remaining at the levels set from 1 October 2017, for all Executives.

An internal benchmarking exercise was undertaken during the period, which benchmarked Executive remuneration to comparable entities. The decision not to increase TFR for Executives was made following the benchmarking review.

The Board believes that the FY19 remuneration structure is aligned with business strategy, and appropriate to ensure Executive retention.

STIs – how does it work?

Purpose	The STI is designed to motivate and reward Executives for achieving or exceeding annual strategic objectives set for SCP over the short term and is aligned with value creation. STI recognises individual contributions to SCP’s performance.
Eligibility	The eligible Executives for FY19 are the CEO, Anthony Mellowes, the CFO, Mark Fleming and the GC/CS, Mark Lamb.
Instrument	<p>For the CEO and CFO, 50% of the actual STI award is delivered in cash, and 50% in the form of deferred rights to units in SCP. All other Executives receive their STI award in cash only.</p> <p>For the CEO and CFO, each vested STI right entitles the relevant Executive to receive one stapled unit in SCP plus an additional number of stapled units calculated on the basis of the distributions that would have been paid in respect of those stapled units had they been on issue over the two-year deferral period. The additional units are calculated as the number of units that would have been acquired if distributions as announced to the Australian Securities Exchange (ASX) during the vesting period had been paid and reinvested in units, applying the formula set out in clause 3.3 of SCA Property Group’s Distribution Reinvestment Plan (DRP) (whether or not that plan is operative at the relevant time) assuming no discount. Fractions of stapled units will be rounded down to the nearest whole number and no residual positive balance carried forward. No distributions accrue in respect of STI rights that lapse.</p>
Awards	<p>Specific quantifiable performance measures have been determined by the Board, based upon recommendations made by the Remuneration Committee. These performance criteria, and their weighting, reflect the FY19 strategic priorities for SCP as detailed in this report.</p> <p>Award payout levels have been calibrated between Threshold (minimum expected performance), Target and Maximum (exceptional performance, which is significantly above agreed targets and guidance). Target is set at 75% of Maximum for all STI financial and operational management performance conditions.</p> <p>Maximum STI opportunities for each Executive are as follows:</p> <p>CEO – 85% of TFR; CFO – 60% of TFR; and CG/CS – 30% of TFR.</p> <p>Awards can range from zero up to the maximum percentage stated above, based upon the level of performance against STI performance measures.</p>

Performance measures	For each performance measure, a Threshold, Target and Maximum performance target is set. Award payouts reflect the level of performance achieved during the relevant financial year.			
	Category	Measure	Weighting of total STI award	Rationale for using measure
	Financial	FFOPU	40% for CEO, CFO and GC/CS	Focuses Management on active portfolio, operational and capital management in the context of SCP's adopted risk profile
	Financial	MER	15% for CEO, CFO and GC/CS	To ensure Management sufficiently and efficiently resource the operations of SCP and has regard to portfolio scale
	Financial	Cash NOI	25% for CEO and CFO 15% for GC/CS	Focuses Management on improving occupancy levels, maximising rental receipts and managing expenses
	Non-financial	Personal (factors include people management, strategy, stakeholder relations and operational performance)	20% for CEO and CFO 30% for GC/CS	Management are assessed on factors judged as important for adding security holder value
Performance schedule – FFOPU (All Executives)	% of relevant STI award that vests			
	Threshold	0%		
	50% of max	50%		
	Target	75%		
	Maximum	100%		
Performance schedule – MER (All Executives)	% of relevant STI award that vests			
	Threshold	0%		
	50% of max	50%		
	Target	75%		
	Maximum	100%		
Performance schedule – Cash NOI (All Executives)	% of relevant STI award that vests			
	Threshold	0%		
	50% of max	50%		
	Target	75%		
	Maximum	100%		
Adjustments	Where a formulaic application of the metrics is likely to produce a material and perverse remuneration outcome, or where it is in the best interests of Unitholders for the Board to do so, the Board may exercise its discretion in determining awards. The purpose of preserving this discretion is to allow the Board to ensure remuneration amounts and structure are at all times appropriate and to prevent any unintended vesting of awards that would arise from a purely formulaic application of the STI metrics.			
	No adjustments were made to the FY19 STI payments.			
Deferral	FY19 STI rights awarded to the CEO and the CFO vest on or about 1 July 2021.			

Termination/Forfeiture	<p>If an Executive ceases employment by way of termination by SCP without cause, redundancy, diminution of responsibility, retirement, death or disability or other circumstances approved by the Board, the Executive retains unvested incentive opportunities to encourage Management to secure the long-term future of SCP.</p> <p>In the event of the Executive's termination by SCP for cause prior to the end of the performance period, all STI unpaid and unvested incentive opportunities are forfeited.</p>
Clawback	<p>Consistent with good governance and to reinforce the importance of integrity and risk management in SCP's Remuneration Framework, SCP's incentive plan contains broadly framed malus provisions that allow the Board in its sole discretion to determine that all, or part, of any unvested incentive awards be forfeited in certain circumstances.</p> <p>These circumstances include, but are not limited to:</p> <ul style="list-style-type: none"> • A material misstatement or omission in the Financial Statements of SCP; • If actions or inactions seriously damage SCP's reputation or put SCP at significant risk; • If FFO is not maintained in the deferral; and/or • A material abnormal occurrence results in an unintended increase in the award.
Hedging	Participants are prohibited from hedging their unvested deferred rights.

LTIs - how does it work?

Purpose	The LTI is aimed at aligning Executive and Unitholder value while also providing a retention tool, as the LTI is intended to vest over time.		
Eligibility	The eligible Executives for the current period are the CEO, Anthony Mellows, the CFO, Mark Fleming and the GC/CS, Mark Lamb.		
Instrument	Each vested LTI right entitles the relevant Executive (or participant) to receive one stapled unit in SCP plus an additional number of stapled units calculated on the basis of the distributions that would have been paid in respect of those stapled units over the four-year performance period. The additional units are calculated as the number of units that would have been acquired if distributions as announced to the ASX during the vesting period had been paid and reinvested in units, applying the formula set out in clause 3.3 of SCA Property Group's DRP (whether or not that plan is operative at the relevant time) assuming no discount. Fractions of stapled units will be rounded down to the nearest whole number and no residual positive balance carried forward. No distributions accrue in respect of LTI rights that lapse.		
LTI performance rights granted in FY19	<p>The number of performance rights granted to Executives in FY19 is as follows:</p> <ul style="list-style-type: none"> • Anthony Mellows – 335,298 LTI rights; • Mark Fleming – 153,524 LTI rights; and • Mark Lamb – 58,544 LTI rights. 		
Grant price	The grant price has been calculated by dividing the relevant award opportunity by the volume-weighted average price of SCP units on the ASX for the five trading days following the release of SCP's 2018 full year results, being \$2.4426.		
Performance hurdles (each apply to one-third of the LTI grant)	<p>Relative TSR (Tranche 1)</p> <p>Measures SCP's TSR performance over the Tranche 1 performance period (being from 1 October 2018 to 30 September 2021) relative to the change in the S&P/ASX 200 A-REIT Accumulation Index over that same period.</p>	<p>FFOPU (Tranche 2)</p> <p>This condition requires the growth in SCP's FFOPU over the Tranche 2 performance period (being from 1 July 2018 to 30 June 2021) above the Base Point to exceed a certain level as detailed below. The FY19 "Base Point" for measuring the rate of FFOPU growth is 15.30 cents per unit, which is equivalent to the FY18 actual.</p>	<p>ROE (Tranche 3)</p> <p>This condition requires SCP's total ROE over the Tranche 3 performance period (being from 1 July 2018 to 30 June 2021) to exceed a certain level, as detailed below.</p>

Vesting schedule – Relative TSR		Position of SCP relative to S&P/ASX 200 A-REIT Accumulation Index	% of Tranche 1 LTI rights that vest
	At or below Threshold	Less than or equal to Index return	0%
	Between Threshold and Maximum	Between Index return and Index return plus 4.0% p.a. compound	Vest on a straight-line basis between 0% at Threshold and 100% at Maximum
	Maximum	At or above Index return plus 4.0% p.a. compound	100%
Vesting Schedule – FFOPU		Growth in FFOPU over performance period above Base Point	% of Tranche 2 LTI rights that vest
	At or below Threshold	Less than or equal to 3.0% p.a.	0%
	Between Threshold and Maximum	Between 3.0% p.a. and 5.0% p.a.	Vest on a straight-line basis between 0% at Threshold and 100% at Maximum
	Maximum	At or above 5.0% p.a.	100%
Vesting Schedule – ROE		ROE over performance period	% of Tranche 3 LTI rights that vest
	At or below Threshold	Less than 9.0% p.a.	0%
	Between Threshold and Maximum	Between 9.0% p.a. and 11.5% p.a.	Vest on a straight-line basis between 0% at Threshold and 100% at Maximum
	Maximum	At or above 11.5% p.a.	100%
Vesting/delivery	The performance rights can only be exercised if and when the performance conditions are achieved. The performance period is a three-year period, ending on the dates specified above. Any rights awarded then vest at the end of a further one-year deferral period ending on 30 June 2022, unless the Board exercises its discretion to forfeit the awarded rights under the malus provisions of the SCA Property Group Executive Incentive Plan Rules. Any rights which do not vest following testing of the performance conditions are forfeited.		
Adjustments	Where a formulaic application of the metrics is likely to produce a material and perverse remuneration outcome, or where it is in the best interests of Unitholders for the Board to do so, the Board may exercise its discretion in determining awards. The purpose of preserving this discretion is to allow the Board to ensure remuneration amounts and structure are at all times appropriate and to prevent any unintended vesting of awards that would arise from a purely formulaic application of the LTI metrics.		
Termination/forfeiture	<p>If an Executive ceases employment by way of termination by SCP without cause, redundancy, diminution of responsibility, retirement, death or disability or other circumstances approved by the Board, the Executive retains unvested incentive opportunities to encourage Management to secure the long-term future of SCP.</p> <p>All unvested LTI rights will lapse if the Executive is terminated by SCP for cause.</p>		
Clawback	<p>Consistent with good governance and to reinforce the importance of integrity and risk management in SCP's reward framework, each of SCP's incentive plans contains broadly framed malus provisions that allow the Board in its sole discretion to determine that all, or part, of any unvested incentive awards be forfeited in certain circumstances.</p> <p>These circumstances include, but are not limited to:</p> <ul style="list-style-type: none"> • A material misstatement or omission in the Financial Statements of SCP; • If actions or inactions seriously damage SCP's reputation or put SCP at significant risk; • If FFO is not maintained; and/or • A material abnormal occurrence results in an unintended increase in the award. 		
Hedging	Participants are prohibited from hedging their unvested performance rights.		

3.4 Past financial performance

The tables below set out summary information about the Group's earnings and FFO, stapled security ("unit") net tangible assets (NTA) and ASX price for the last five complete financial years.

Past Financial Performance						
	FY19 Results	FY18 Results	FY17 Results	FY16 Results	FY15 Results	FY14 Results
Statutory profit (after tax)	\$109.6m	\$175.2m	\$319.6m	\$184.7m	\$150.5m	\$111.6m
Statutory profit (after tax) cents per unit	12.6	23.5	43.3	25.4	22.9	17.3
FFO	\$141.8m	\$114.3m	\$108.4m	\$100.1m	\$84.3m	\$80.4m
FFO cents per unit	16.33	15.30	14.70	13.75	12.81	12.44
Distributions paid and payable (cents per unit)	14.70	13.90	13.10	12.20	11.40	11.00

FFO and FFO cents per unit and sustainable growth in FFO cents per unit are also a significant input in reviewing the Group's performance and may impact incentives. FFO and FFO cents per unit for the 2019 financial year exceeded the 2018 financial year.

	FY19 Results	FY18 Results	FY17 Results	FY16 Results	FY15 Results	FY14 Results
Operational						
Net tangible assets per unit	\$2.27	\$2.30	\$2.20	\$1.92	\$1.77	\$1.64
Unit price (as at 30 June)	\$2.39	\$2.45	\$2.19	\$2.28	\$2.13	\$1.72
Management Expense Ratio (MER) %	0.37%	0.43%	0.45%	0.51%	0.55%	0.65%

In addition, from listing to 30 June 2019, SCP's TSR was 150.3%, which compares to the S&P/ASX 200 A-REIT Accumulation Index total return for the same period of 134.6%.

3.5 LTI grants in FY19

The table below presents the LTI grants to Executives made during FY19 that are due to vest on 1 July 2022, subject to performance conditions. The maximum total value of the LTI grants is based on the estimated fair value calculated at the time of the grant and amortised in accordance with the accounting standard requirements.

LTI Grants in FY19					
2019	LTI max as % of fixed remuneration	Performance measure	Number of performance rights granted	Fair value per performance right (\$)	Maximum total value of grant (\$)
Anthony Mellowes	90%	Relative TSR	111,766	1.22	136,355
		FFOPU	111,766	2.40	268,238
		ROE	111,766	2.40	268,238
Total			335,298		672,831
Mark Fleming	60%	Relative TSR	51,175	1.22	62,433
		FFOPU	51,175	2.40	122,819
		ROE	51,175	2.40	122,819
Total			153,524		308,071
Mark Lamb	25%	Relative TSR	19,515	1.22	23,808
		FFOPU	19,515	2.40	46,835
		ROE	19,515	2.40	46,835
Total			58,544		117,478

Performance right movements during the year

Type and eligibility	Vesting Conditions ¹	Share price at grant date	Grant date	Testing date	Vesting date	Maximum number of stapled securities or maximum value of securities to be issued	Fair value at grant date
STIP (FY19) (Mr Mellowes)	Non-market	\$2.40	Aug-18	Jul-19	Jul-21	\$386,750	\$0.97 per \$1.00
STIP (FY19) (Mr Fleming)	Non-market	\$2.40	Aug-18	Jul-19	Jul-21	\$187,500	\$0.97 per \$1.00
LTIP (FY19 - FY21) (Tranche 1) (Messrs Mellowes, Fleming, Lamb)	Relative TSR ²	\$2.40	Aug-18	Sept-21	Jul-22	182,455	\$1.22 per unit
LTIP (FY19 - FY21) (Tranche 2) (Messrs Mellowes, Fleming, Lamb)	Non-market	\$2.40	Aug-18	Jun-21	Jul-22	182,455	\$2.40 per unit
LTIP (FY19 - FY21) (Tranche 3) (Messrs Mellowes, Fleming, Lamb)	Non-market	\$2.40	Aug-18	Jun-21	Jul-22	182,455	\$2.40 per unit

¹ Service and non-market conditions include financial and non-financial targets along with a deferred vesting period.

² Relative TSR is Total Securityholder Return measured against the S&P/ASX 200 A-REIT Accumulation Index.

The Group recognises in the Financial Statements the fair value at the grant date of equity-settled securities above as an employee benefit expense proportionally over the vesting period with a corresponding increase in equity. Fair value is measured at grant date using Monte-Carlo simulation and Binomial option pricing models where applicable, performed by an independent valuer, and models the future unit price of the Group's stapled units.

Non-market vesting conditions are determined with reference to the underlying financial or non-financial performance measures to which they relate.

Key inputs to the pricing models include:

30 June 2019	
Volatility	17%
Dividend yield	6.1%
Risk-free interest rate	1.99%

3.6 Total remuneration earned in FY19

Potential remuneration granted in FY19

Executive	Maximum Potential Cash STI			Maximum Potential Equity STI			Maximum Potential Equity LTI		
	% of TFR	\$ ¹	% of total potential rem	% of TFR	\$ ¹	% of total potential rem	% of TFR	\$ ³	% of total potential rem
Anthony Mellowes	42.5% ²	386,750	17%	42.5% ²	375,148	16%	90%	672,831	29%
Mark Fleming	30.0% ²	187,500	15%	30.0% ²	181,875	14%	60%	308,071	24%
Mark Lamb	30.0%	171,750	21%	-	-	-	25%	117,478	14%

¹ STI incentives for Mr Mellowes and Mr Fleming are payable 50% in cash and 50% in equity. The difference between the cash and equity components is due to the fair valuation of the equity granted under AASB 2 'Share based payments' (AASB 2).

² In FY19 Mr Mellowes' STI opportunity was 85% of his TFR and Mr Fleming's STI opportunity was 60% of his TFR. STI incentives for Mr Mellowes and Mr Fleming are payable 50% in cash and 50% in equity and the percentage maximum has been equally allocated between cash and equity.

³ For Mr Mellowes the LTI maximum incentive is \$819,000, for Mr Fleming is \$375,000 and for Mr Lamb is \$143,125. All of the LTI awarded in equity and the dollar values shown here represent the fair value under AASB 2 of equity instruments granted.

The following is the actual remuneration paid or accrued during the financial year to 30 June 2019¹:

Table of Executive remuneration paid or accrued

Executive		Salary & fees ² \$	Cash bonus ³ \$	Total \$	Super \$	Long service leave \$	Share based payments ⁴ \$	Total \$
Anthony Mellowes, CEO	2019	885,000	324,290	1,209,290	25,000	20,897	735,514	1,990,701
	2018	880,624	206,456	1,087,080	25,000	28,675	695,569	1,836,324
Mark Fleming, CFO	2019	600,000	157,219	757,219	25,000	14,167	338,772	1,135,158
	2018	596,750	94,531	691,281	25,000	19,302	296,117	1,031,700
Mark Lamb, GC/CS	2019	547,500	152,016	699,516	25,000	12,927	79,024	816,467
	2018	534,317	92,601	626,918	25,000	16,826	68,030	736,774
Total	2019	2,032,500	633,525	2,666,025	75,000	47,991	1,153,310	3,942,326
	2018	2,011,691	393,588	2,405,279	75,000	64,803	1,059,716	3,604,798

¹ Amounts recognised above were determined subsequent to the release of the Financial Statements on 6 August 2019. Accordingly, they differ to the provisional estimates recognised in Note 24 to the Financial Statements.

² Salary reviews take effect from 1 October.

³ The amount shown under "Cash bonus" refers to the amount which will be paid to Executives in September 2019 under the STI Plan for performance over the 2019 financial year.

⁴ The values for equity-based remuneration have been determined in accordance with AASB 2 and represent the current year amortisation of the fair value of rights over the vesting period adjusted for service and non-market vesting conditions. The share-based payments are made up of STI equity and LTI equity. Please refer to the following table for additional details of the share-based payments.

The break-up of the amounts recognised for performance-based compensation relevant for the financial year ended 30 June 2019, including details of the share-based payments accrued in respect of the current year and prior-year plans using the valuation of equity in accordance with AASB 2, are presented below:

Performance based component of actual remuneration in 2019

Executive	Actual Cash STI		Actual Equity STI		Actual Equity LTI		Total Equity STI and LTI
	\$	% of total rem	\$	% of total rem	\$	% of total rem	\$
Anthony Mellowes, CEO	324,290	16%	264,976	13%	470,538	24%	735,514
Mark Fleming, CFO	157,219	14%	123,612	11%	215,160	19%	338,772
Mark Lamb, GC/CS	152,016	19%	-	-	79,024	10%	79,024

Equity holdings of Executives

Executive	Held at 1 July 2018	Vested during year	Changes during the period	Held at 30 June 2019	Number of unvested rights as at 30 June 2019	Total interest in SCP units
Anthony Mellowes, CEO	603,577	692,535	(510,782)	785,330	1,276,126	2,061,456
Mark Fleming, CFO	140,000	255,061	(248,596)	146,465	583,845	730,310
Mark Lamb, GC/CS	88,511	72,516	9,020	170,047	216,290	386,337

3.7 Service agreements for Executive KMP

There were no changes to the service agreements for Executives in FY19.

Each Executive has a formal contract, known as a “service agreement”. These agreements are of a continuing nature and have no set term of service (subject to the termination provisions).

The key terms of the service agreements for the Executives are summarised below:

Executive Director, Chief Executive Officer: Anthony Mellowes

Contract duration	Commenced 1 July 2013, open ended
TFR as at 30 June 2019	\$910,000. Includes salary, superannuation, motor vehicle and other salary sacrifice employee benefits.
Review of TFR	Reviewed annually, effective from 1 October with no obligation to adjust.
Variable remuneration eligibility	The CEO is eligible to participate in SCP's plans for performance-based remuneration, and in FY19 that included: FY19 STI: Maximum opportunity: 85% of TFR FY19 LTI: Maximum opportunity: 90% of TFR
Non-compete period	Up to 12 months
Non-solicitation period	Up to 12 months
Notice by SCP	9 months
Notice by Executive	9 months
Termination payments to compensate for non-solicitation/non-compete clause in certain circumstances	Maximum benefit from termination payment and payment in lieu of notice is 12 months based on prior-year fixed and variable remuneration.

Executive Director, Chief Financial Officer: Mark Fleming

Contract duration	Commenced 20 August 2013, open ended
TFR as at 30 June 2019	\$625,000. Includes salary, superannuation, motor vehicle and other salary sacrifice employee benefits and other short-term benefits.
Review of TFR	Reviewed annually effective from 1 October with no obligation to adjust.
Variable remuneration eligibility	The CFO is eligible to participate in SCP's plans for performance-based remuneration, and in FY18 that included: FY19 STI: Maximum opportunity: 60% of TFR FY19 LTI: Maximum opportunity: 60% of TFR
Non-compete period	6 months
Non-solicitation period	6 months
Notice by SCP	6 months
Notice by Executive	3 months
Termination payments to compensate for non-solicitation/non-compete clause in certain circumstances	Maximum benefit from termination payment and payment in lieu of notice is 6 months based on prior-year fixed and variable remuneration.

General Counsel and Company Secretary: Mark Lamb

Contract duration	Commenced 26 September 2012, open ended
TFR as at 30 June 2019	\$572,500. Includes salary, superannuation, motor vehicle and other salary sacrifice employee benefits.
Review of TFR	Reviewed annually effective from 1 October with no obligation to adjust.
Variable remuneration eligibility	The GC/CS is eligible to participate in SCP's plans for performance-based remuneration, and in FY19 that included: FY19 STI: Maximum opportunity: 30% of TFR FY19 LTI: Maximum opportunity: 25% of TFR
Non-compete period	Up to 12 months
Non-solicitation period	Up to 12 months
Notice by SCP	6 months
Notice by Executive	3 months
Termination payments to compensate for non-solicitation/non-compete clause in certain circumstances	TFR for 6 months

Termination provisions

The following illustrates how termination payments will be managed in various termination scenarios.

Notice period, non-compete/non-solicitation	<p>SCP can elect to make a payment of TFR in lieu of the notice period by SCP or the Executive, as applicable.</p> <p>At the Board's discretion, an additional termination benefit may be made to acknowledge any post-termination non-compete/non-solicitation agreements made with the Executive.</p> <p>The combined total cash benefit arising from these termination payments (excluding statutory entitlements) is capped at 12 months based on prior-year fixed and variable remuneration, subject to the provisions of sections 200B-200E of the Corporations Act to the extent those provisions apply in the relevant circumstances.</p>
STI and LTI awards	<p>If an Executive ceases employment by way of termination by SCP without cause, redundancy, diminution of responsibility, retirement, death or disability or other circumstances approved by the Board, the Executive retains unvested or unpaid incentive opportunities to encourage Management to secure the long-term future of SCP.</p> <p>All unvested or unpaid incentive opportunities will lapse if the Executive is terminated by SCP for cause.</p>
Board discretion	<p>The Board has full discretion to amend any of the above termination arrangements to acknowledge exceptional circumstances and determine appropriate alternative vesting outcomes that are consistent, fair and reasonable, and balance multiple stakeholder interests.</p> <p>The Board acknowledges that, consistent with its approach to voluntarily adopt certain corporate governance obligations not otherwise applicable to SCP given its structure, Unitholder approval will be sought where termination payments exceed the limits prescribed by the Corporations Act.</p>
Change of control	In the event of a change of control in SCP before the vesting date of any equity, the Board reserves the right to exercise its discretion for early vesting of the equity. In exercising its discretion, the Board may take account of the extent to which performance conditions have or have not been met and the portion of the vesting period that has elapsed at the relevant date.

4. NON-EXECUTIVE DIRECTOR REMUNERATION

4.1 Board remuneration strategy

SCP aims to attract and retain a high calibre of Non-Executive Directors (NEDs) who are equipped with diverse skills to govern the organisation and oversee Management so as to return value for SCP Unitholders. SCP aims to fairly remunerate Directors for their responsibilities relative to organisations of similar size and complexity.

The maximum aggregate fee pool available to NEDs has not been increased from the level set when SCP listed in 2012, being \$1,300,000 p.a.

A benchmarking review of NED remuneration was undertaken by Egan Associates in 2018. As a consequence of the review, it was determined that no increase to the base fees paid to NEDs would be applied; however, Committee fees would be standardised across all Committees from 1 January 2019 (with the exception of the Nomination Committee).

Total NED remuneration payable in FY19 was \$1,071,103, down slightly from \$1,090,838 in FY18. The decrease in overall NED fees payable in FY19 is attributable to the resignation of a Director in April 2018 who was not replaced until December 2018. This was partially offset by an increase in Committee fees.

4.2 Total remuneration for Non-Executive Directors

The schedule of fees for NEDs for calendar years is set out in the table below, and fees are annual fees, unless otherwise stated.

Non-Executive Director Board and Committee Fees										
	Board		ARMCC		Remuneration		Investment		Nomination	
	2018	2019	2018	2019	2018	2019	2018	2019	2018	2019
Chair	\$333,854	\$333,854	\$21,012	\$25,000	\$21,012	\$25,000	\$15,300	\$25,000	\$5,253	\$7,500
Member	\$128,593	\$128,593	\$10,506	\$15,000	\$10,506	\$15,000	\$10,200	\$15,000	-	-

There was no increase to NED base fees in calendar year 2019; however, Committee fees were standardised from 1 January 2019 across all Committees (except the Nomination Committee where an annual Committee Chair fee of \$15,000 was pro rated from 1 July 2019). The standardised fees were \$25,000 p.a. for the Committee Chair and \$15,000 p.a. for Committee members. The table above reflects these fee changes from 1 January 2019.

Total remuneration for Non-Executive Directors					
Non-Executive Director	Financial Year	Director fees \$	Superannuation \$	Committee fees \$	Total \$
Philip Clark AO	2019	314,197	19,657	-	333,854
	2018	315,071	18,783	-	333,854
Steven Crane	2019	63,224	7,238	12,968	83,430
	2018	-	-	-	-
Dr Kirstin Ferguson	2019	114,914	13,679	29,080	157,673

Note 1: Mr Crane and Ms Laughton were appointed Directors on 13 December 2018. At that time, their respective relevant interests in stapled securities in the Group were nil and 333 respectively.

Additionally, Mr James Hodgkinson OAM was a Director during the year until his resignation on 31 December 2018. At 30 June 2018, Mr James Hodgkinson OAM held 184,285 stapled securities in the Group. Mr Hodgkinson held 190,750 stapled securities in the Group on his resignation on 31 December 2018.

5. ADDITIONAL INFORMATION

5.1 Events subsequent

FY20 STI

As SCP's objectives remain similar to the FY19 objectives, the FY20 short-term performance conditions are largely the same as set for FY19. However, the Board has adopted an additional performance condition to focus Executives on improving the occupancy levels, maximising rental receipts and managing expenses of the 10 shopping centres acquired from Vicinity in FY19. The weightings of each performance condition, together with the metrics and hurdles, reflect SCP's FY20 strategic objectives.

The five separate performance conditions for the FY20 STI award are as follows:

- FFOPU – performance is rewarded where FFOPU exceeds specified levels;
- MER – performance is rewarded where SCP's MER as at 30 June 2020 is less than specified levels;
- Cash NOI – performance is rewarded where property portfolio NOI from the shopping centres based on the NOI in SCA Property Group's audited financial statements as at 30 June 2020 exceeds specified levels;
- Vicinity portfolio NOI – performance is rewarded where property portfolio NOI from the shopping centres acquired from Vicinity in FY19 based on the NOI in SCA Property Group's audited Financial Statements as at 30 June 2020 exceeds specified levels; and
- Personal component – performance is rewarded where the Executive's performance is assessed as strong to exceptional against the personal performance targets.

As Directors of SCPRE, units may only be acquired under the incentive plan by Mr Mellowes and Mr Fleming (instead of their equivalent cash value at the time of vesting) if Unitholders approve the issue.

FY20 LTI

The FY20 long-term performance conditions and weightings are substantially the same as set for FY19, with the only change being in relation to the Relative TSR performance condition, where performance will now be measured using a percentile rank method, as opposed to measuring SCP's performance relative to S&P/ASX 200 A-REIT Accumulation Index as has been done in prior years.

High level changes to the hurdles made in FY20 are set out below. The ranges below are designed as stretch targets for strong to exceptional performance. They do not represent Management or the Board's forecasts, and nor should they be taken as guidance as to likely or potential future outcomes.

The LTI rights are subject to a four-year vesting period comprising a three-year forward-looking performance period and a one-year deferral period (together the "vesting period"). Any rights which do not vest following testing of the performance conditions are forfeited.

The LTI rights that meet the performance hurdles will vest in one instalment on or about 1 July 2023, being four years from the commencement of the performance period.

The performance conditions for the FY20 LTI are as follows:

Relative TSR performance condition – weighting 33.33% (Relative TSR Tranche)

Subject to satisfaction of the performance conditions, the Relative TSR Tranche will vest on the following basis:

	Position of SCA Property Group relative to constituents of the S&P/ASX 200 A-REIT Accumulation Index	% of Tranche 1 LTI rights that vest	% of total LTI rights that vest
At or below Threshold	Less than or equal to 50th percentile	0%	0%
Between Threshold and Maximum	Between 50th percentile and 75th percentile	Vest on a straight-line basis between 0% at Threshold and 100% at Maximum	Vest on a straight-line basis between 0% vesting at Threshold and 33.33% at Maximum
Maximum	At or above 75th percentile	100%	33.33%

FFOPU performance condition – weighting 33.33% (FFOPU Tranche)

The FY20 “base point” for measuring the rate of FFOPU growth is 16.33 cents per unit. The Board may at its absolute discretion adjust the FFOPU achieved (for the purpose of measurement) to remove abnormal items or items not affected by management.

Subject to satisfaction of the performance conditions, the FFOPU Tranche will vest on the following basis:

	Growth in FFOPU over LTI performance period above base point	% of Tranche 2 LTI rights that vest	% of total LTI rights that vest
At or below Threshold	Less than or equal to 2.0% p.a.	0%	0%
Between Threshold and Maximum	Between 2.0% p.a. and 5.0% p.a.	Vest on a straight-line basis between 0% at Threshold and 100% at Maximum	Vest on a straight-line basis between 0% at Threshold and 33.33% at Maximum
Maximum	At or above 5.0% p.a.	100%	33.33%

ROE performance condition – weighting 33.33% (ROE Tranche)

Subject to satisfaction of the performance conditions, the ROE Tranche will vest on the following basis:

	ROE over LTI performance period	% of Tranche 3 LTI rights that vest	% of total LTI rights that vest
At or below Threshold	Less than 8.0% p.a.	0%	0%
Between Threshold and Maximum	Between 8.0% p.a. and 11.5% p.a.	Vest on a straight-line basis between 0% at Threshold and 100% at Maximum	Vest on a straight-line basis between 0% at Threshold and 33.33% at Maximum
Maximum	At or above 11.5% p.a.	100%	33.33%

Signed pursuant to a resolution of Directors.

Independent Auditor's Report to the Board of Directors of Shopping Centres Australasia Property Group RE Limited as responsible entity for Shopping Centres Australasia Property Retail Trust and Shopping Centres Australasia Property Management Trust

We have audited the accompanying remuneration report of Shopping Centres Australasia Property Group ("SCA Property Group") comprising Shopping Centres Australasia Property Retail Trust and Shopping Centres Australasia Property Management Trust and their controlled entities as set out on pages 32 to 55 of the annual report of SCA Property Group for the year ended 30 June 2019.

In our opinion, the remuneration report of SCA Property Group, for the year ended 30 June 2019, has been prepared in material respects in accordance with section 300A of the Corporations Act 2001.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. We are independent of the SCA Property Group in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the "Code") that are relevant to our audit of the Remuneration Report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Board of Directors for the remuneration report

The Directors of Shopping Centres Australasia Property Group RE Limited as responsible entity of the SCA Property Group ("the Directors") have voluntarily presented the Remuneration Report which has been prepared in accordance with section 300A of the Corporations Act 2001.

The Director's responsibility also includes such internal control as they determine is necessary to enable the preparation and fair presentation of the Remuneration Report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the remuneration report

Our objectives are to obtain reasonable assurance about whether the remuneration report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this remuneration report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the remuneration report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of SCA Property Group's internal control.
- Evaluate the overall presentation, structure and content of the remuneration report, including the disclosures, and whether the remuneration report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

DIRECTORS' AND FINANCIAL REPORT

Shopping Centres Australasia Property Group Directors' Report

For the year ended 30 June 2019

Directors' Report

Shopping Centres Australasia Property Group (SCA Property Group (SCP or SCA) or the Group) comprises the stapled securities in two Trusts, Shopping Centres Australasia Property Management Trust (Management Trust) and Shopping Centres Australasia Property Retail Trust (Retail Trust) (collectively the Trusts) and their controlled entities.

The Responsible Entity for the Trusts is Shopping Centres Australasia Property Group RE Limited, which presents its report together with the Trusts' Financial Reports for the year ended 30 June 2019 and the auditor's report thereon.

The Trusts' Financial Report for the year ended 30 June 2019 includes, where required, comparatives to the prior period.

In accordance with Accounting Standard AASB 3 *Business Combinations*, the stapling arrangement discussed above is regarded as a business combination and the Management Trust has been identified as the Parent for preparing Consolidated Financial Reports.

The Directors' Report is a combined Directors' Report that covers the Trusts. The financial information for the Group is taken from the Consolidated Financial Reports and notes.

1. Directors

The Directors of the Responsible Entity at any time during or since the end of the financial year are:

Mr Philip Marcus Clark AO (appointed 19 September 2012)

Chair and Non-Executive Director

Independent: Yes.

Other listed Directorships held in last 3 years: Non-Executive Director of Ingenia Communities Group (June 2012 to December 2017).

Special responsibilities and other positions held: Chair of Nomination Committee until June 2019 and member thereafter and member of Audit, Risk Management and Compliance Committee (from February 2019).

Other positions currently held, unrelated to the Group, include member of the JP Morgan Australia Advisory Council, directorships of private company boards and chair of several Government boards, including Royal Botanic Gardens and Domain Trust, NSW Skills Board and NSW Public Purpose Fund.

Other Experience: Mr Clark was the Managing Partner of the law firm Minter Ellison from 1995 to 2005. Prior to joining Minter Ellison, Mr Clark was a Director and Head of Corporate with ABN Amro Australia, and prior to that he was the Managing Partner of the law firm Mallesons Stephen Jaques for 16 years. Mr Clark was made a member of the Order of Australia in June 2007 for distinguished service to education, to research infrastructure investment and to the not-for-profit sector. Mr Clark has been a Director of several listed AREITs and Chair and Non-Executive Director of Hunter Hall Global Value Limited (July 2013 to December 2015), in addition to the Group.

Mr Clark brings specific skills in the following areas:

- M & A and capital markets;
- Audit, risk management and compliance;
- Corporate governance;
- Real estate, including property management, portfolio and investment management, asset management and funds management;
- Remuneration;
- Workplace health and safety; and
- Stakeholder engagement.

Qualifications: BA, LLB, and MBA (Columbia University).

Note: During the year there was a restructure of the sub committees of the Board such that some Directors were not members of the relevant committee for the whole year.

A: Number of meetings held while a member of the Board or a member of the committee during the year.

B: Number of meetings attended while a member of the Board or a member of the committee during the year.

C: Number of meetings attended as a guest. No Executive Director attended the part or all of a Remuneration Committee meeting or Board meeting where their own remuneration was discussed.

2. Principal activities

The principal activity of the Group during the year was investment in, and management of, shopping centres in Australia.

Shopping Centres Australasia Property Group Directors' Report

For the year ended 30 June 2019

3. Property portfolio

The investment portfolio as at 30 June 2019 consisted of 85 shopping centres (30 June 2018: 77 shopping centres including 4 shopping centres classified as held for sale) valued at \$3,147.0 million (30 June 2018: \$2,453.8 million and \$57.9 million held for sale). The investment portfolio consists of convenience based neighbourhood and sub-regional shopping centres with a strong weighting toward non-discretionary retail segments.

As at 30 June 2019, the Group also manages 11 properties valued at \$184.3 million for three unlisted retail funds (30 June 2018: 7 properties valued at \$126.1 million for two unlisted retail funds).

Acquisitions

During the year the Group completed 12 property acquisitions for \$677.9 million (excluding transactions costs). This included a portfolio acquisition contracted in October 2018 to purchase from Vicinity (ASX: VCX) (the Vicinity Portfolio) ten convenience based shopping centres across Australia for a combined purchase price of \$573.0 million.

Details of these property acquisitions are included below:

Property	Type	State	Settlement Date	Cost ¹ \$m	Value as at 30 June 2019 \$m
Sturt Mall	Sub-Regional	NSW	Aug-18	73.0	73.1
Lavington Square	Sub-Regional	NSW	Oct-18	52.0	52.3
West End Plaza	Sub-Regional	NSW	Oct-18	66.0	65.9
Warnbro Centre	Sub-Regional	WA	Oct-18	92.9	93.1

Currambine Central	Neighbourhood	WA	Nov-18	91.0	91.1
				677.9	681.6

¹Cost excludes transaction costs

Developments

In June 2016 the Group acquired a neighbourhood centre known as Bushland Beach Plaza (QLD) and entered into a development management agreement to develop and expand a neighbourhood shopping centre anchored by a Coles supermarket. This development was completed in July 2018.

In December 2017 the Group acquired a development property known as Shell Cove Town Centre (NSW), its development was completed in October 2018.

Disposals

On 10 July 2018 the Group sold four retail properties to SCA Unlisted Retail Fund 3 for \$57.9 million. As at 30 June 2018 these properties were classified as held for sale for financial reporting purposes.

Further, in November 2018 the Group disposed of an adjacent lot at Highett Shopping Centre for \$2.4 million.

Revaluations

The total value of investment properties as at 30 June 2019 was \$3,147.0 million (30 June 2018: \$2,453.8 million). During the year ended 30 June 2019 independent valuations were obtained for 30 investment properties in addition to all of the investment properties being internally valued. The weighted average capitalisation rate (cap rate) of the portfolio as at 30 June 2019 was 6.48% (30 June 2018: 6.33%).

The change in value of the investment properties during the year was due principally to the acquisition of the properties discussed above (refer to Acquisitions).

Shopping Centres Australasia Property Group Directors' Report

For the year ended 30 June 2019

4. Funds Management

As at 30 June 2019 the Group also managed 11 properties valued at \$184.3 million for three unlisted retail funds (30 June 2018: 7 properties valued at \$126.1 million for two unlisted retail funds). The third unlisted retail fund commenced operations on 10 July 2018 with the acquisition of the properties listed above (refer **Disposals**) and the Group has a 26.2% interest in this fund.

5. Financial review

Financial review

A summary of the Group and Retail Trust's results for the year is set out below:

		SCA Property Group		Retail Trust	
		30 June 2019	30 June 2018	30 June 2019	30 June 2018
Net profit after tax	(\$m)	109.6	175.2	109.1	175.1

Distributions	(cents per security)	14.70	13.90	14.70	13.90
Net tangible assets	(\$ per security)	2.27	2.30	2.26	2.29

Funds from Operations and Adjusted Funds from Operations

The Group reports net profit after tax (statutory) attributable to security holders in accordance with International Financial Reporting Standards (IFRS). The Responsible Entity considers the non-IFRS measure, Funds from Operations (FFO) an important indicator of the underlying cash earnings of the Group. Regard is also given to Adjusted Funds from Operations (AFFO).

	SCA Property Group		Retail Trust	
	30 June 2019 \$m	30 June 2018 \$m	30 June 2019 \$m	30 June 2018 \$m

Adjusted Funds from Operations	127.4	105.7	126.9	105.6

6. Contributed equity

Equity placement and Unit purchase plan

To assist with the funding of the Vicinity Portfolio acquisition, the Group undertook an institutional placement of 113.1 million securities on 10 October 2018 at \$2.32 a security and a unit holder purchase plan (which was available to all eligible security holders) on 23 November 2018 under which 47.9 million units were issued at \$2.32 per security.

Distribution reinvestment plan (DRP)

The Group has a DRP under which unitholders may elect to have their distribution entitlements satisfied by the issue of new securities at the time of the distribution payment rather than being paid in cash. The DRP was in place for the distribution declared in June 2018 (paid in August 2018) and the distribution declared in December 2018 (paid in January 2019).

The distribution declared in June 2018 resulted in \$9.2 million being raised by the DRP through the issue of 3.7 million securities at \$2.46 in August 2018. The distribution declared in December 2018 resulted in \$26.6 million being raised by the DRP through the issue of 10.6 million securities at \$2.51 in January 2019. The 10.6 million units included 5.9 million units issued pursuant to an underwriting agreement.

Other equity issues

Additionally 1.1 million units were issued during the year in respect of executive and staff compensation plans.

7. Significant changes and developments during the year

Investment properties - acquisitions and disposals

During the year the Group completed 12 property acquisitions for \$677.9 million (excluding transaction costs). This included a portfolio acquisition from Vicinity (ASX: VCX) to purchase ten convenience based shopping centres across Australia for combined purchase price of \$573.0 million.

The Group signed conditional contracts to sell four retail properties to SCA Unlisted Retail Fund 3 (SURF 3) prior to 30 June 2018. The sale of these properties was completed when SURF 3 commenced operations on 10 July 2018.

Further, in November 2018 the Group disposed of an adjacent lot at Highett Shopping Centre for \$2.4 million.

Additional details of these are in section 3 Property portfolio above.

Capital management - debt

In September 2018 the Group issued unsecured notes with aggregate face value of US\$150.0 million to US private investors. These notes are rated Baa1 by Moody's Investor Services (Moody's). The maturity of these notes is US\$30.0 million expiring 2028 (10 years), US\$70.0 million expiring 2031 (13 years) and US\$50.0 million expiring 2033 (15 years). The principal and coupon obligations have been swapped back to Australian dollars (floating interest rates) such that the Group has no exposure to any currency risk and the amount available under these notes is equivalent to A\$197.3 million. These US notes were used to repay bilateral revolving debt and to assist with providing financing capacity for acquisitions. Additionally during the year, A\$50.0 million of A\$ MTN were issued at a premium such that the effective cost of these notes is around 3.4%. These notes mature in June 2024.

The 30 June 2018 bilateral debt facilities of \$230.0 million with expiries in December 2019 were replaced with \$125.0 million of bilateral facilities expiring between March 2023 and December 2023. Additionally, in June 2019 \$150.0 million of new bank and syndicated facilities were put in place with new banks who have not previously lent to the Group.

The Group also entered into an acquisition debt facility to assist with the purchase of a portfolio of 10 properties from Vicinity Group. The acquisition debt facility limit was initially \$365.0 million and as at 30 June 2019 has been fully repaid by the raising of equity and replacement by additional bank facilities referred to above.

At 30 June 2019 the Group had undrawn debt facilities and cash of \$180.2 million (30 June 2018: \$130.7 million).

The average debt facility maturity of the Group at 30 June 2019 was 6.1 years (30 June 2018: 4.9 years). At 30 June 2019 70.4% of the Group's debt was fixed or hedged (30 June 2018: 81.6%). During the year the Group also terminated its existing swaps (the cost of terminating these swaps was \$17.7 million) and entered into three new swaps with a notional principal of \$100.0 million (each) at market rates with respective maturities of 6, 7 and 8 years each.

The next debt expiry is the MTN \$225.0 million in April 2021. Under the terms of this MTN, it can be repaid (with appropriate notice) from November 2020 with no make whole obligation.

The increase in borrowings to \$1,137.5 million (\$867.5 million at 30 June 2018) is primarily related to the property acquisitions during the period.

Shopping Centres Australasia Property Group Directors' Report

For the year ended 30 June 2019

Gearing

The Group maintains a prudent approach to managing the balance sheet with gearing of 32.8% as at 30 June 2019 (30 June 2018: 31.2%). The Group's target gearing range is 30% to 40%, however the Group has a preference for gearing to remain below 35% at this point in the cycle.

8. Major business risk profile

Risk	Description	Mitigation
Earnings concentration	<p>The source of around half of SCA's earnings is rental income from anchor tenants. The following events may lead to a decrease in earnings stability:</p> <ul style="list-style-type: none"> - a change in control or ownership structure of an anchor tenant resulting in a decline in credit quality of anchor tenants; and/or - a change in anchor tenants' network plans e.g. store closures, rate of new store rollouts; and/or - reduction in anchor tenant sales growth. 	<p>Concentration risk within the portfolio is actively managed including by diversification of anchor tenants and by way of a targeted acquisition and divestment program, which is overseen by an Investment Committee, and also by recognising and adapting to changing market dynamics, including online shopping and click & collect initiatives, with directed asset refurbishment and/or re-development plans.</p>
Speciality leasing	<p>Specialty tenant leases contribute significantly to SCA's earnings. Increases in lease vacancies, defaults or non-renewals may have a negative impact on SCA's results.</p>	<p>Specialty tenancies are actively managed by: continuing to remix tenancies towards non-discretionary categories; continuing to ensure diversified sources of specialty tenant income; building annual rental increases into leases; utilising technological developments eg data analytics to support centre marketing strategies; and supporting the development of community engagement strategies.</p>
Funding & liquidity	<p>Lack of availability of capital or debt to fund acquisitions, inability to refinance debt and/or material increase in costs associated with debt funding may negatively impact on financial performance. Decrease in property valuations may impact on financing covenants.</p>	<p>Ensuring the availability of capital for acquisitions and refinancing is managed by: a conservative gearing policy; diversification of funding sources eg bank debt, corporate note program, and US debt; maintaining and building new equity relationships; development of key banking and other debt relationships; staggered debt maturities across multiple years; and actively managed debt maturities and refinancing to ensure debt maturities can be funded.</p> <p>Interest rate exposures are managed via the Group's hedging policy and strategy.</p> <p>Risk of breaching financing covenants is managed via forecasting future compliance with covenants including scenario testing for expected changes in key covenant inputs. Debt and equity markets are actively monitored including for current debt and equity pricing and availability.</p>
Portfolio composition	<p>Sub-optimal composition of SCA's property portfolio may negatively impact on SCA's returns to investors.</p>	<p>A highly experienced management team ensures that proposed acquisitions of new retail centres are subject to rigorous due diligence and valuation processes. The Investment Committee oversees portfolio composition ensuring that acquisitions, divestments and developments are value accretive and consistent with the core business strategy set by the Board.</p>

9. Business strategies and prospects for future financial years

The Group's core strategy is to invest in, manage, and develop a geographically diverse portfolio of quality neighbourhood and sub-regional retail assets, anchored by long-term leases to quality tenants with a bias towards the non-discretionary retail sector.

The Group is focused on achieving growing and resilient cash flows from non-discretionary and defensive retailing sectors. This is to support, secure and grow distributions to the Group's holders of securities. It intends to achieve this by:

- Maximising the net operating income from its existing properties. This will include increasing the average rent per square metre from specialty tenants over time.
- Pursuing selected property refurbishment, development and acquisition opportunities, consistent with its core strategy.
- Diversifying and developing other sustainable income streams such as from funds management.
- Maintaining an appropriate capital structure to balance cost of capital and risk profile.

It is noted that property valuation changes, movements in the fair value of derivative financial instruments and in foreign exchange, availability of funding and changes in interest rates may have a material impact on the Group's results in future years, however, these cannot be reliably measured at the date of this report.

10. Environmental regulations

The Directors of the Responsible Entity are satisfied that adequate systems are in place for the management of the Group's environmental responsibility and compliance with various licence requirements and regulations. Further, the Directors of the Responsible Entity are not aware of any material breaches to these requirements and, to the best of their knowledge, all activities have been undertaken in compliance with environmental requirements.

11. Indemnification and insurance of Directors, Officers and Auditor

The Trusts have paid premiums for Directors' and Officers' liability insurance in respect of all Directors, Secretaries and Officers. In accordance with usual commercial practice, the insurance contract prohibits disclosure of details relating to the nature of the liabilities covered by the insurance, the limit of indemnity and the amount of the premiums paid under the policy.

The Trusts' constitutions provide that in addition to any indemnity under any law, but subject to the Corporations Act 2001, the Responsible Entity has a right of indemnity out of the assets of the Trusts on a full indemnity basis in respect of any liability incurred by the Responsible Entity in properly performing any of its powers or duties in relation to the Trusts.

The auditor of the Group is not indemnified out of the assets of the Group.

12. Auditor's Independence Declaration

A copy of the Auditor's Independence Declaration as required under section 307C of the Corporations Act 2001 is set out on page 73.

13. Audit and non-audit fees

Details of the amounts paid or payable to the auditor (Deloitte Touche Tohmatsu) for audit and non-audit services provided are detailed in note 29 of the Financial Reports.

The Directors are satisfied that the provision of any non-audit services, during the year, by the auditor is compatible with the general standard of independence for auditors imposed by the Corporations Act 2001.

The Directors are of the opinion that the services disclosed in note 29 of the Financial Report do not compromise the external auditor's independence, based on the following reasons that none of the services undermine the general principles relating to auditor independence as set out in APES 110 'Code of Ethics for Professional Accountants' issued by the Accounting Professional & Ethics Standards Board, including reviewing or auditing the auditor's own work, acting in a management or decision-making capacity for the Group, acting as advocate for the Group or jointly sharing risks and rewards.

14. Subsequent events

Since the end of the year, the Directors of the Responsible Entity are not aware of any matter or circumstance not otherwise dealt with in this report or the Consolidated Financial Statements that has significantly affected or may significantly affect the operations of the Group, the results of those operations or the state of affairs of the Group in future financial periods.

Shopping Centres Australasia Property Group Directors' Report

For the year ended 30 June 2019

15. Rounding of amounts

In accordance with Legislative Instrument 2016/191 issued by the Australian Securities and Investments Commission relating to the rounding off of amounts in the financial statements, amounts in the financial statements have been rounded to the nearest hundred thousand dollars in accordance with that Legislative Instrument, unless otherwise indicated.

This report is made in accordance with a resolution of the Directors.

Chair
Sydney
5 August 2019

The Board of Directors
Shopping Centres Australasia Property Group RE Limited as Responsible Entity for
Shopping Centres Australasia Property Management Trust and
Shopping Centres Australasia Property Retail Trust
Level 5, 50 Pitt Street
Sydney NSW 2000

5 August 2019

Dear Directors

**Shopping Centres Australasia Property Management Trust and Shopping Centres
Australasia Property Retail Trust**

In accordance with section 307C of the Corporations Act 2001, I am pleased to provide the following declaration of independence to the directors of Shopping Centres Australasia Property Group RE Limited as Responsible Entity for Shopping Centres Australasia Property Management Trust and Shopping Centres Australasia Property Retail Trust.

As lead audit partner for the audit of the financial statements of Shopping Centres Australasia Property Management Trust and Shopping Centres Australasia Property Retail Trust for the year ended 30 June 2019, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- (i) the auditor independence requirements of the Corporations Act 2001 in relation to the audit; and
- (ii) any applicable code of professional conduct in relation to the audit.

Yours faithfully

DELOITTE TOUCHE TOHMATSU.

¹The Distribution received from associates and Distribution received from Investment in CQR have been reclassified to operating cash flows for the period to 30 June 2019. The comparatives have also been reclassified from investing activities which resulted in the Group and Retail Trusts operating cash flows increasing from \$114.3 million to \$121.0 million and \$114.7 million to \$121.4 million respectively.

The above Consolidated Statements of Cash Flows should be read in conjunction with the accompanying notes.

Shopping Centres Australasia Property Group

Notes to the Consolidated Financial Statements

For the year ended 30 June 2019

1. Corporate information

Shopping Centres Australasia Property Group (the Group) comprises the stapling of the securities in two Australian managed investment schemes, Shopping Centres Australasia Property Management Trust (Management Trust) (ARSN 160 612 626) and Shopping Centres Australasia Property Retail Trust (Retail Trust) (ARSN 160 612 788) (collectively the Trusts).

The Responsible Entity of both Trusts is Shopping Centres Australasia Property Group RE Limited (ABN 47 158 809 851; AFSL 426603) (Responsible Entity).

The Financial Statements of the Group comprise the consolidated Financial Statements of the Management Trust and its controlled entities including the Retail Trust and its controlled entities. The Financial Statements of the Retail Trust comprise the consolidated Financial Statements of the Retail Trust and its controlled entities. The Directors of the Responsible Entity have authorised the Financial Report for issue on 5 August 2019.

2. Significant accounting policies

(a) Basis of preparation

In accordance with AASB 3 Business Combinations, the stapling arrangement discussed above is regarded as a business combination and Shopping Centres Australasia Management Trust has been identified as the Parent for preparing consolidated Financial Statements.

These Financial Statements are combined financial statements and accompanying notes of both Shopping Centres Australasia Property Group and the Shopping Centres Australasia Property Retail Trust Group. The Financial Statements have been presented in Australian dollars unless otherwise stated.

Historical cost convention

The Financial Statements have been prepared on the basis of historical cost, except for certain non-current assets and financial instruments that are measured at fair value.

Going concern

These Consolidated Financial Statements are prepared on the going concern basis. In preparing these consolidated Financial Statements the Directors note that the Group and Retail Trust are in a net current asset deficiency position, due to minimal cash and cash equivalents, as it is the policy of the Group and Retail Trust to use surplus cash to repay debt. At 30 June 2019 the Group and Retail Trust have the ability to drawdown sufficient funds to pay the current liabilities and the capital commitments (refer note 22), having available cash and non-current undrawn debt facilities of \$180.2 million.

(b) Statement of compliance

The Financial Report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards, Australian Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board (the Board or AASB) and the Corporations Act 2001.

The Financial Report complies with Australian Accounting Standards as issued by the Australian Accounting Standards Board and International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board.

For the purposes of preparing the financial statements, the Group is a for-profit entity.

New and amended accounting standards and interpretations

The Group and the Retail Trust have adopted AASB 15 Revenue from Contracts with Customers (AASB 15), AASB 9 Financial Instruments (AASB 9) along with a number of other new standards effective from the period beginning on or after 1 January 2018. AASB 16 Leases (AASB 16) has been early adopted to coincide with the signing of a lease during the period by the Group over its premises in Sydney.

Application of new and revised Accounting Standards

The accounting policies adopted by the Group and the Retail Trust are consistent with those of the previous financial year with the exception of the adoption of AASB 9, AASB 15, the early adoption of AASB 16, and other new and amended standards and interpretations commencing 1 July 2018 which have been adopted where applicable.

In preparing the Financial Report to reflect the transition to the new standards, the Group and Retail Trust have applied the following approach:

- Comparative financial information has not been restated to reflect differences that may give rise to adjustments to equity on transition to AASB 9;

Shopping Centres Australasia Property Group

Notes to the Consolidated Financial Statements

For the year ended 30 June 2019

- AASB 15 has been adopted using the modified retrospective approach whereby comparative financial information is not restated for open revenue contracts at the date of transition; and
- The Group and Retail Trust's transition to AASB 16 has been applied using the modified retrospective approach, using certain practical expedients.

The Group and the Retail Trust do not expect that the adoption of any Australian Accounting Standards that is issued but not yet effective or adopted will have a material impact on the financial statements of the Group or the Retail Trust in future periods.

AASB 9 Financial Instruments

This standard replaces AASB 139 Financial Instruments: Recognition and Measurement. AASB 9 includes revised guidance on the classification and measurement of financial instruments, including a new expected credit loss (ECL) model for calculation of impairment on financial assets, and new general hedge accounting requirements. It also carries forward guidance on recognition and derecognition of financial instruments from AASB 139.

Classification

On adoption, the Group and Retail Trust classified financial assets, financial liabilities and derivatives as either:

- Those measured at fair value, with adjustments to Fair Value through the change in Other Comprehensive Income (FVTOCI) or through Profit or Loss (FVTPL); and
- Those measured at amortised cost.

The Group and Retail Trusts's investment in CQR has been recognised as investments at FVOCI from the date of transition to AASB 9, with no subsequent reclassification of fair value gains and losses to profit or loss on derecognition of the investment. As at the date of transition, an irrevocable election was made to this investment that it was not held for trading purposes.

Distributions from these investments will continue to be recognised in profit or loss when the Group's right to receive payments is established.

These changes to the recognition and classification of financial instruments under AASB 9 have not resulted in an adjustment to opening accumulated profits at the date of transition to AASB 9.

Refer to note 9 for further information on the Group's investment at FVOCI and the impact of the new standard.

Impairment of financial assets

The Group and Retail Trusts's receivable balances are subject to AASB 9's new ECL model for recognising and measuring impairment of financial assets.

The Group and Retail Trust have adopted the simplified approach for all trade and other receivables that do not have a significant financing component. For these receivables, the Group and Retail Trust analyses the age of outstanding balances and applies historical default percentages adjusted for other current observable data as a means to estimate lifetime ECL using a provision matrix approach.

For all other financial assets within the scope of the new impairment requirements of AASB 9, the Group follows the general approach to determine ECL, which includes an evaluation of the increase in the credit risk of the debtor or debtors since initial recognition.

The loss allowance to be recognised against outstanding receivables is not material and has not resulted in an adjustment to opening accumulated profit on transition.

Hedge accounting

The new general hedge accounting model in AASB 9 has no impact on the Group or Retail Trust's derivatives and hedge accounting as the Group has not historically applied hedge accounting, nor is hedge accounting applied under AASB 9.

AASB 15 Revenue from Contracts with Customers

AASB 15 replaces the existing guidance for revenue and contains a single model that applies to contracts with customers and two approaches to recognising revenue: at a point in time or over time. The model features a contract-based five-step analysis of transactions to determine whether, how much and when revenue is recognised. It applies to all contracts with customers except leases, financial instruments and insurance contracts.

Leases where the Group and Retail Trust are Lessor

Under AASB 15 revenue is recognised over time if:

- The customer simultaneously receives and consumes the benefits;
- The customer controls the assets as the entity creates or enhances it; or

Shopping Centres Australasia Property Group

Notes to the Consolidated Financial Statements

For the year ended 30 June 2019

- The seller's performance does not create an asset for which the seller has an alternative use and there is a right to payment for performance to date.

Where the above criteria is not met, revenue is recognised at a point in time.

AASB 15 applies to all contracts with customers except leases, financial instruments and insurance contracts. It requires reporting entities to provide users of financial statements with more information and relevant disclosures. The rental revenue generated by the Group and Retail Trust's portfolio of leases with tenants of the Group and Retail Trust's investment properties will not change as this is accounted for under AASB 16.

Therefore lease income continues to be recognised on a straight line basis over the lease term where classified as operating lease.

From our assessment of when performance obligations are satisfied, there is no significant change in the timing of revenue recognition when comparing the previous accounting policies to those under AASB 15. The table below summarises in more detail the changes including to terminology and timing of revenue recognition required by AASB 15 in relation to the Group and Retail Trust.

Type of revenue	Description	Previous revenue recognition policy	Revenue recognition policy under AASB 15
Recoveries revenue	The Group and Retail Trust recovers the costs associated with general building and tenancy operation from lessees in accordance with specific clauses within lease agreements. These are invoiced periodically (typically monthly) based on an annual estimate. The consideration is due shortly after invoice date (typically 30 days). Should any adjustment be required based on actual costs incurred this is recognised in the statement of profit and loss within that reporting period and billed annually. Recoveries revenue will only be recorded to the extent that it is highly probable that a significant reversal of revenue will not occur.	Accruals basis	Over time as the customer simultaneously receives and consumes the benefit of the service
Recharge revenue	The Group and Retail Trust recovers costs for any additional specific services requested by the lessee under the lease agreement. These costs are recovered in accordance with specific clauses within the lease agreements. Revenue from recharges is recognised as the services are provided. The lessee is typically invoiced on a monthly basis as the services are provided. The lessee is invoiced periodically or upon completion where applicable. Consideration is due shortly after the invoice date.	Revenue is recognised when the costs are incurred	Over time as the customer simultaneously receives and consumes the benefit of the service
Funds management revenue – asset management fees	The Group provides funds management services to SCA Unlisted Retail Fund 1, 2 and 3 in accordance with their Constitutions and Investment Management Agreement. These services are utilised on an ongoing basis and revenue is calculated and billed periodically.	Accruals basis	Over time as the customer simultaneously receives and consumes the benefit of the service
Funds management revenue – performance fees	The Group provides funds management services to SCA Unlisted Fund 1, 2 and 3. In accordance with the Investment Management Agreement a performance fee may be payable in certain circumstances.	Revenue is recognised when can be reliably estimated and probability of amount being paid is probable	Over time subject to the constraints within AASB 15 for variable consideration

AASB 16 Leases

AASB 16 requires lessees to recognise right-of-use assets and liabilities by applying an 'on-balance sheet' accounting method, while leaving the accounting for lessors largely unchanged from previous standards. This has created a right of use asset and lease liability.

On the Group transition date of 1 July 2018, the Group and Retail Trust have identified one lease of an area of land in Lane Cove, Sydney underlying one of the Group's investment properties. The lease exists to 2059, with an option for another 49 years to which the Group has assessed as being reasonably likely to be exercised. The Group has accounted for this lease as follows:

- Recognise and separately disclose a right-of-use asset and a lease liability at 1 July 2018 of \$6.0 million and \$5.9m at 30 June 2019;
- Measure the lease liability as the present value of the lease payments that are not paid at the date of transition, discounted using an appropriate discount rate; and
- Present the right of use asset within the Retail Trust Consolidated Balance Sheet within Other assets and the lease liability within Other liabilities (including Provisions) respectively.

The Group applies the definition of a lease and related guidance set out in AASB 16 to all other lease contracts entered into during the period. The Group is the lessee under its lease of office space over its premises in Sydney. This five year lease was entered into during the period. It is assumed the office lease renewal option will not be exercised.

The Group has accounted for this lease as follows:

- Recognise and separately disclose a right of use asset and a lease liability of \$2.2 million at 30 June 2019;
- Measure the lease liability as the present value of the lease payments that are not paid at the date the lease was entered into during the period, discounted using an appropriate discount rate; and

Shopping Centres Australasia Property Group

Notes to the Consolidated Financial Statements

For the year ended 30 June 2019

- Present the right of use asset within the Consolidated Balance Sheet within Other assets and the lease liability within Other liabilities (including Provisions).

The average incremental borrowing rate used to measure the lease liability of the leases described above is 6.0%.

The Group applied the modified retrospective approach on transition to AASB 16, therefore comparative information has not been restated and continues to be reported under the Group's former leases accounting policy.

The Group has made use of the practical expedient available on transition to AASB 16 not to reassess whether a contract is or contains a lease.

After transition, the right of use asset is amortised over the remaining lease term (including the period covered by the extension option), and the lease liability is measured on an effective interest basis.

(c) Basis of consolidation

The consolidated Financial Statements of Shopping Centres Australasia Property Group incorporate the assets and liabilities of Shopping Centres Australasia Property Management Trust (the Parent) and all of its subsidiaries, including Shopping Centres Australasia Property Retail Trust and its subsidiaries. Shopping Centres Australasia Property Management Trust has been identified as the parent entity in relation to the stapling. The results and equity of Shopping Centres Australasia Property Retail Trust (which is not directly owned by Shopping Centres Australasia Property Management Trust) have been treated and disclosed as a non-controlling interest. Whilst the results and equity of Shopping Centres Australasia Property Retail Trust are disclosed as a non-controlling interest, the security holders of Shopping Centres Australasia Management Trust are the same as the security holders of Shopping Centres Australasia Property Retail Trust.

These Financial Statements also include a separate column representing the Financial Statements of Shopping Centres Australasia Property Retail Trust, incorporating the assets and liabilities of Shopping Centres Australasia Property Retail Trust and all of its subsidiaries.

Subsidiaries are all entities over which the Group has control. Control is defined as having rights to variable returns from involvement in the investee and having the ability to affect those returns through its power over the investee.

Where an entity began or ceased to be a controlled entity during the reporting year, the assets, liabilities and results are consolidated only from the date control commenced or up to the date control ceased.

In preparing the Consolidated Financial Statements, all intra-group transactions and balances, including unrealised profits arising thereon, have been eliminated in full.

Investments in associates

Associates are entities over which the Group has significant influence but not control. Investments in associates are accounted for in the consolidated Balance Sheet by using the equity method of accounting after initially being recognised at cost. Under the equity accounting method, the Group's share of the associates' post acquisition net profit after income tax expense is recognised in the Consolidated Statement of Comprehensive Income. Distributions received or receivable from associates are recognised in the consolidated financial report as a reduction of the carrying amount of the investment.

(d) Revenue recognition

Rental income from investment properties is accounted for on a straight line basis over the lease term. If not received at balance sheet date, revenue is reflected in the balance sheet as receivable and carried at its recoverable value. Recoveries and recharges from tenants are recognised as income in the year the applicable costs are accrued.

Certain tenant allowances that are classified as lease incentives are recorded as part of investment properties and amortised over the term of the lease. The amortisation is recorded against property income.

All other revenues are recognised when control of the underlying goods or services is transferred to the customer over time or at a point in time. Revenue is recognised over time if:

- The customer simultaneously receives and consumes the benefits;
- The customer controls the assets as the entity creates or enhances it; or
- The Group's performance does not create an asset for which the Group has an alternative use and there is a right to payment for performance to date.

Where the above criteria is not met, revenue is recognised at a point in time.

Shopping Centres Australasia Property Group

Notes to the Consolidated Financial Statements

For the year ended 30 June 2019

(e) Finance costs

Finance costs include interest payable on bank overdrafts and short-term and long-term borrowings, payments on derivatives and amortisation of ancillary costs incurred in connection with arrangement of borrowings.

Finance costs are expensed as incurred except to the extent that they are directly attributable to the acquisition, construction or production of a qualifying asset.

In these circumstances, borrowing costs are capitalised to the cost of the assets until the assets are ready for their intended use or sale. Total interest capitalised within the Group must not exceed the net interest expense of the Group in any year, and project values, including all capitalised interest attributable to projects, must continue to be recoverable. In the event that a development is suspended for an extended period of time, the capitalisation of borrowing costs is also suspended.

(f) Tax

The Group comprises of taxable and non-taxable entities. A liability for current and deferred taxation is only recognised in respect of taxable entities that are subject to income tax and potential capital gains tax as detailed below.

The Retail Trust is the property owning trust and is treated as a trust for Australian tax purposes. Under current Australian income tax legislation, the Retail Trust is not liable to Australian income tax, including capital gains tax, provided that members are presently entitled to the income of the Trust as determined in accordance with the Trust's constitution. Management Trust is treated as a company for Australian tax purposes which means it is subject to income tax.

Deferred tax is provided on all temporary differences on the difference between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

(g) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST (or equivalent tax in overseas locations) except where the GST incurred on purchases of goods and services is not recoverable from the tax authority, in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable.

Receivables and payables are stated with the amounts of GST included. The net amount of GST receivable from, or payable to, the taxation authority is included as part of receivables or payables.

Cash flows are included in the cash flow statement on a gross basis. The GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified within operating cash flows.

(h) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand and short term deposits with an original maturity of 90 days or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(i) Trade and other receivables

Trade and other receivables are carried at original invoice amount, less ECL, and are usually due within 30 days.

Collectability of trade and other receivables is reviewed on an ongoing basis. Individual debts that are determined to be uncollectable are written off when identified.

The credit loss allowance is recognised by applying the ECL model whereby the age of outstanding balances is analysed and the provision is determined by applying historical default percentages adjusted for other current observable data.

(j) Investment properties

Investment properties comprise investment interest in land and buildings (including integral plant and equipment) held for the purpose of letting to produce rental income, including properties that are under construction for future use as investment properties.

Initially, investment properties are measured at cost including transaction costs. Subsequent to initial recognition, the investment properties are stated at fair value. Fair value of investment properties is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The best evidence of fair value is given by current prices in an active market suitable for similar property in the same location and condition. Gains and losses arising from changes in the fair values of investment properties are recognised in Consolidated Statement of Comprehensive Income in the period in which they arise.

At each reporting date, the carrying values of the investment properties are assessed by the Directors and where the carrying value differs from the Directors' assessment of fair value, an adjustment to the carrying value is recorded as appropriate.

Shopping Centres Australasia Property Group

Notes to the Consolidated Financial Statements

For the year ended 30 June 2019

The Directors' assessment of fair value of each investment property takes into account latest independent valuations, with updates taking into account any changes in estimated yield, underlying income and valuations of comparable properties. In determining the fair value, the capitalisation of net income method and / or the discounting of future net cash flows to their present value have been used, which are based upon assumptions and judgements in relation to future rental income, property cap rate or estimated yield and make reference to market evidence of transaction prices for similar properties.

Investment properties under development are classified as investment property and stated at fair value at each reporting date. Fair value is assessed with reference to reliable estimates of future cash flows, status of the development and the associated risk profile.

Land and buildings are considered as having the function of an investment and therefore are regarded as a composite asset, the overall value of which is influenced by many factors, the most prominent being income yield, rather than by the reduction in value of the building content due to the passing of time. Accordingly, the buildings and all components thereof, including integral plant and equipment for the building, are not depreciated.

Incentives such as cash, rent-free periods, lessee or lessor owned fit outs may be provided to lessees to enter into an operating lease. Leasing fees may also be paid for the negotiation of leases. These incentives and lease fees are capitalised to the investment property and are amortised on a straight-line basis over the lesser of the term of the lease and the useful life of the fit out, as a reduction of rental income. The carrying amounts of the lease incentives and leasing fees are reflected in the fair value of investment properties.

(k) Recoverable amount of assets

At each reporting date, an assessment is made as to whether there is any indication that an asset may be impaired. Where an indicator of impairment exists, the recoverable amount is estimated and if the carrying amount of that asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

(l) Payables

Trade and other payables are carried at amortised cost and due to their short term nature they are not discounted.

Distribution

Distributions payable are recognised in the reporting period in which they are declared, determined or publicly recommended by the Directors. Where such distributions have not been paid at reporting date they are recognised as a distribution payable.

All distributions will be paid out of accumulated profits / accumulated losses, whether they are capital or income in nature from a tax perspective.

(m) Employee benefits

Equity based compensation arrangements

Equity based payments to employees are measured at the fair value of the equity instrument at the grant date. The fair value determined at the grant date is expensed on a straight line basis over the vesting period, based on the Group's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Group revises its estimate of the number of equity instruments expected to vest and adjusts for non-market vesting conditions. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity settled employee benefits reserve.

(n) Interest bearing liabilities

Borrowings are initially recognised at fair value, net of transaction costs incurred, and subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit and loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are deferred and expensed over the term of the respective agreement.

(o) Derivative and other financial instruments

The Group holds derivative financial instruments to hedge foreign currency and interest rate risk exposures arising from operational, financing and investing activities.

The Group has set defined policies and has implemented a comprehensive hedging program to manage interest and exchange rate risk. Derivative financial instruments are transacted to achieve the economic outcomes in line with the Group's treasury policy. Derivative instruments are not transacted for speculative purposes. Derivative financial instruments are recognised initially at cost and remeasured at fair value at each reporting date. The resulting gain or loss is recognised in profit or loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in profit or loss depends on the nature of the hedge relationship. The Group does not designate any derivative financial instrument as hedging instruments.

Shopping Centres Australasia Property Group

Notes to the Consolidated Financial Statements

For the year ended 30 June 2019

Where applicable, the fair value of currency and interest rate options and cross currency interest rate swaps are calculated by reference to relevant market rates for contracts with similar maturity profiles. The fair value of interest rate swaps are determined by reference to applicable market yield curves and include counterparty risk.

Changes in fair value of derivatives is recognised in the Consolidated Statement of Comprehensive Income.

(p) Contributed equity

Issued and paid up capital is recognised at the fair value of the consideration received. Any transaction costs arising on the issue of ordinary securities are recognised in equity as a reduction of the proceeds received.

(q) Earnings per security

Basic earnings per security is calculated as profit after tax attributable to unit or security holders divided by the weighted average number of ordinary securities issued.

Diluted earnings per security is calculated as profit after tax attributable to unit or security holders divided by the weighted average number of ordinary securities and dilutive potential ordinary securities.

(r) Segment reporting

Segment information is presented on the same basis as that used for internal reporting purposes. The segment is reported in a manner that is consistent with internal reporting provided to the chief operating decision maker. The chief operating decision maker has been identified as the Board of Directors of the Responsible Entity.

(s) Investments at fair value through other comprehensive income

Investments that are fair valued through other comprehensive income include investments in non-monetary securities. These investments are initially measured at cost at date of acquisition, which represents fair value, and include transaction costs. Subsequent to initial recognition, they are carried at fair value.

Unrealised gains and losses arising from changes in fair value are recognised in other comprehensive income.

When securities are sold or impaired, the accumulated fair value adjustments remains in other comprehensive income and is not reclassified to profit or loss.

(t) Assets classified as held for sale

Non-current assets are classified as held for sale, if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. Such assets are disclosed separately and are disclosed as current assets if it is expected they will be sold less than one year from the balance sheet date. Held for sale assets are measured at the lower of their carrying amount and fair value less costs to sell. Non-current assets classified as held for sale are also presented separately from other assets in the balance sheet.

(u) Use of estimates and judgements

The preparation of Consolidated Financial Statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of assets, liabilities, income and expenses. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

The significant judgements and estimates used in the preparation of these financial statements are outlined below.

Judgement – Classification and carrying value of investments

The SCA Property Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Critical judgements are made in assessing whether an investee entity is controlled or subject to significant influence or joint control. These judgements include an assessment of the nature, extent and financial effects of the Group's interest in joint arrangements and associates, including the nature and effects of its contractual relationship with the entity or with other investors. Associates are entities over which the Group has significant influence but not control.

Judgement - Selection of parent entity

In determining the parent entity of the Shopping Centre Australasia Property Group, the Directors considered various factors including asset ownership, debt obligation, management and day to day responsibilities. The Directors concluded that management activities were more relevant in determining the parent.

Shopping Centres Australasia Property Group

Notes to the Consolidated Financial Statements

For the year ended 30 June 2019

Shopping Centres Australasia Property Management Trust has been determined as the parent of the Shopping Centres Australasia Property Group.

Estimate - Valuation of property investments

Critical judgements are made by the Directors in respect of the fair value of investment properties including properties under construction and those that are classified as assets held for sale. The fair value of these investments are reviewed regularly by management with reference to independent property valuations, recent transactions and market conditions existing at reporting date, using generally accepted market practices.

The major critical assumptions underlying estimates of fair values are those relating to the cap rate and to a lesser extent the discount rate. Other assumptions of lesser importance include consideration of the property type, location and tenancy profile together with market sales and other matters such market rents, current rents including possible rent reversion, capital expenditure, lease expiry profile including vacancy, type of tenants, capital expenditure and sales growth of the centre. If there is any change in these assumptions or economic conditions, the fair value of the investment properties may differ. See further disclosure regarding assumptions used in valuation of investment properties in note 12.

Estimate - Valuation of financial instruments

The fair value of derivatives assets and liabilities are based on assumptions of future events and involve significant estimates. The basis of valuation for the Group's derivatives are set out in note 16. The value of derivatives may differ in future reporting periods due to the passing of time and / or changes in market rates including interest rates, foreign exchange rates and market volatility.

3. Distributions paid and payable

	Cents per unit	Total amount \$m	Date of payment or expected date of payment
2019 SCA Property Group & Retail Trust			
Interim distribution ¹	7.25	66.4	29 January 2019
Final distribution ²	7.45	69.0	30 August 2019
	14.70	135.4	
2018 SCA Property Group & Retail Trust			
Interim distribution	6.80	50.7	29 January 2018
Final distribution	7.10	53.2	30 August 2018
	13.90	103.9	

¹ The interim distribution of 7.25 cents per security was declared on 13 December 2018 and was paid on 29 January 2019.

² The 2019 final distribution of 7.45 cents per security was declared on 12 June 2019 and is expected to be paid on or about 30 August 2019.

The Management Trust has not declared or paid any distributions. The Group has a Distribution Reinvestment Plan (DRP) in place. The DRP was in place for the distribution declared in June 2018 (paid in August 2018) and for the distribution declared in December 2018 (and paid in January 2019). Further, the DRP is in place for the distribution declared in June 2019 (expected to be paid on or about 30 August 2019).

Under the DRP Plan Rules, the DRP issue price was determined at a discount of 1.0% to the arithmetic average of the daily volume weighted average market price of securities traded on the ASX during the 10 business days commencing on the business day after the record date. The equity raised through the DRP on 30 August 2018 was \$9.2 million by the issue of 3,723,512 securities at a price of \$2.46. The equity raised through the DRP on 29 January 2019 was \$26.6 million by the issue of 10,583,789 securities at a price of \$2.51.

For the year ended 30 June 2019

7. Taxation

	SCA Property Group		Retail Trust	
	30 June 2019 \$m	30 June 2018 \$m	30 June 2019 \$m	30 June 2018 \$m
Profit before income tax	110.2	175.4	109.1	175.1
	110.2	175.4	109.1	175.1
Prima facie tax (expense) at 30%	(33.1)	(52.6)	(32.7)	(52.5)
Tax effect of income that is not assessable/deductible in determining taxable profit	32.5	52.4	32.7	52.5
	(0.6)	(0.2)	-	-

8. Receivables

	SCA Property Group		Retail Trust	
	30 June 2019 \$m	30 June 2018 \$m	30 June 2019 \$m	30 June 2018 \$m
Current				
Rental receivable	5.0	3.0	5.0	3.0
Allowance for expected credit loss	(0.9)	(0.8)	(0.9)	(0.8)
	4.1	2.2	4.1	2.2
Other receivables ¹	24.2	21.4	24.0	20.9
Total receivables	28.3	23.6	28.1	23.1

¹ The majority of the balance of other receivables relates to rent received by property managers prior to being remitted to SCA Property Group and Retail Trust respectively.

Ageing of rental receivable and other¹

	SCA Property Group		Retail Trust	
	30 June 2019 \$m	30 June 2018 \$m	30 June 2019 \$m	30 June 2018 \$m
Current	26.7	23.1	26.5	22.6
30 days	1.0	0.7	1.0	0.7
60 days	0.6	0.3	0.6	0.3
90 days	0.3	0.1	0.3	0.1
120 days	0.6	0.2	0.6	0.2
Rental receivable and other receivables ¹	29.2	24.4	29.0	23.9

¹ Rental and other amounts due are receivable within 30 days.

There is no interest charged on any receivables. All receivables are current other than the rental receivables included in ageing above. The historic loss rate is 3.4% on that part which is the rental receivable. Other receivables historical loss rate is \$nil given it is made up of mostly rent received by property managers prior to being remitted to SCA Property Group and Retail Trust respectively.

9. Investment in CQR

Investment in CQR (30 June 2018: previously classified as Investment available for sale) relates to the Group and the Retail Trust's 1.5% interest in Charter Hall Retail Trust (ASX: CQR) (30 June 2018: 4.9%). This interest is made up of 6.8 million units (30 June 2018: 19.9 million units) which cost an average of \$4.21 per unit.

The adoption of AASB 9 Financial Instruments (AASB 9) has led to the investment in CQR being reclassified from an investment available for sale (AFS) to an investment fair valued through other comprehensive income. The impact of the change to other comprehensive income in the current period is that the gain on sale of any units in CQR remains in other comprehensive income. Under AASB 139 this would have been reclassified to profit and loss.

Shopping Centres Australasia Property Group

Notes to the Consolidated Financial Statements

For the year ended 30 June 2019

As at 30 June 2019 this interest was valued at \$4.37 per unit (30 June 2018 \$4.19). The value was based on the ASX closing price on the last trading day of the respective year.

During the year 13.1m units were sold for an average price of \$4.41. Further details of these sales and the contribution to other comprehensive income are below.

	Units m	Price \$	Value \$m	% interest
Opening balance	19.9	4.19	83.4	4.9%
Units sold 1H FY19	(4.4)	4.29	(18.9)	n/a
Units sold 2H FY19	(8.7)	4.46	(38.9)	n/a
Fair value gain through other comprehensive income			4.0	
Closing balance	6.8	4.37	29.6	1.5%
Proceeds from sale			57.8	
Last carrying value			(54.8)	
Fair value gain through other comprehensive income on interest sold			3.0	

The difference between the valuation of the remaining units at 30 June 2018 and 30 June 2019 (\$1.0 million revaluation) and the gain on sale (\$3.0 million) is recorded in other comprehensive income.

The Investment – fair value through other comprehensive income is classified as a level 1 fair value measurement financial asset being derived from inputs based on quoted prices that are observable. Refer also to the fair value hierarchy at note 16.

This investment is classified as current as it is the intention of the Group and the Retail Trust to sell the remaining interest within the next twelve months.

Additionally the Group is entitled to a distribution on its investment of 14.48 cents per unit or \$2.2 million (30 June 2018: 14.20 cents per unit and \$2.8 million respectively). This distribution was declared by the Responsible Entity of CQR on 13 June 2019 and is included in the Group's and Retail Trust's Consolidated Statements of Comprehensive Income as Distribution income. The Group also received a distribution on its investment of 14.28 cents per unit or \$2.2 million declared in December 2018. Therefore the total distribution received by the Group and the Retail Trust on their investment in CQR is \$4.4 million for the year 30 June 2019.

10. Other assets

	SCA Property Group		Retail Trust	
	30 June 2019 \$m	30 June 2018 \$m	30 June 2019 \$m	30 June 2018 \$m
Current other assets	2.3	1.3	1.9	1.3
Non-current other assets	9.1	-	5.9	-
	11.4	1.3	7.8	1.3

Current other assets are prepayments.

Non-current other assets includes right to use assets for Land Cove \$5.9 million and lease of office space \$2.2 million (note 2) and other assets \$1.0 million. The corresponding leasing liability of \$8.4 million is presented in non-current liabilities.

11. Assets classified as held for sale

	SCA Property Group & Retail Trust	
	30 June 2019 \$m	30 June 2018 \$m
Assets classified as held for sale	-	57.9

The Group signed conditional contracts to sell Moama Marketplace (NSW), Swansea Woolworths (NSW), Warrnambool Target (VIC) and Woodford Woolworths (QLD) to SURF 3 prior to June 2018 and therefore they were classified as held for sale as at 30 June 2018. SURF 3 commenced operations on 10 July 2018, and settlement of the sale of these properties occurred on this date.

¹ Cap rate is an approximation of the ratio between the net operating income produced by a property and its fair value.

² Properties acquired during the year ended 30 June 2019.

³ Shell Cove was acquired as a development in December 2017 was completed during the period. As at 30 June 2018, the value of \$15.3 million represented the acquisition cost of the land and estimated percentage completion of development costs. Bushland Beach is a neighbourhood shopping centre anchored by a Coles supermarket, acquired as a development in June 2016 and was completed in July 2018.

⁴ In November 2018 the Group disposed of an adjacent lot at Highett Shopping Centre for \$2.4 million.

⁵ The titles to Lane Cove and Currambine are leasehold. The expiries of the respective leaseholds are in 2059 (with a 49 year option) and in 2094.

Shopping Centres Australasia Property Group

Notes to the Consolidated Financial Statements

For the year ended 30 June 2019

Valuation process

All properties are internally valued every June and December and a number are selected for external independent valuation at each balance sheet date. The properties selected for external valuation are chosen based on consideration of properties with significant change (such as a significant difference between book value and internal valuation, a development project or a significant change in the circumstances at the property including a significant change in the trading of the location) and ensuring the sample is representative. The internal valuations are performed on a basis consistent with the methodology of the most recent external valuations. This includes using appropriate cap rate, terminal yields and discount rates based on comparable market evidence and recent external valuation parameters to produce a capitalisation based valuation and a DCF valuation.

The internal valuations are reviewed by management who recommends each property's valuation to the Audit, Risk Management and Compliance Committee and the Board in accordance with the Group's internal valuation protocol.

The Retail Trust's Compliance Plan requires that each property in the portfolio is valued by an independent valuer at least every three years and the independent valuer is expected to change after three years. In practice, properties may be independently valued more frequently than every three years primarily as a result of:

- A significant variation between the last book value and internal valuation
- A major development project
- A period where there is significant market movement
- A significant change in circumstances at the property including a significant change in the trading of the location

Independent valuations are performed by independent external valuers who hold a recognised relevant professional qualification and have specialised expertise in the types of investment properties valued.

Fair value measurement, valuation technique and inputs

The key inputs used to measure fair values of investment properties are disclosed below along with their sensitivity to an increase or decrease.

30 June 2019

Category	Fair value hierarchy	Book value 30 June 2019 \$m	Valuation technique	Key inputs used to measure fair value	Range of unobservable key inputs
Investment Properties	Level 3	3,147.0	Income capitalisation and DCF ¹	Cap rate Discount rate	5.50% - 7.75% 6.00% - 8.50%

30 June 2018

Category	Fair value hierarchy	Book value 30 June 2018 \$m	Valuation technique	Key inputs used to measure fair value	Range of unobservable key inputs
Investment Properties	Level 3	2,453.8	Income capitalisation and DCF ¹	Cap rate Discount rate	5.25% - 7.50% 5.25% - 8.50%

¹ Discounted cash flow.

The investment properties fair values presented are based on market values, which are derived using the income capitalisation method and the DCF methods. The Group's preferred or primary method is the income capitalisation method.

Income capitalisation method

Income capitalisation method for the purpose of this report is an approximation of the ratio between the net operating income produced by an investment property to derive its fair value. The net operating income is determined considering the estimated gross passing income after adjustment for anticipated operating costs, potential future income from existing vacancies and an ongoing vacancy and bad debt allowance. This produces a net income on a fully leased basis which is capitalised in perpetuity from the valuation date at an appropriate investment yield. The adopted investment yield reflects the cap rate and includes consideration of the property type, location and tenancy profile together with market sales and other matters such market rents, current rents including possible rent reversion, capital expenditure, lease expiry profile including vacancy, type of tenants, capital expenditure and sales growth of the centre.

Shopping Centres Australasia Property Group

Notes to the Consolidated Financial Statements

For the year ended 30 June 2019

DCF method

Under the DCF method, a property's fair value is estimated using explicit assumptions regarding the cashflows associated with the ownership of a property (including income and capital and transaction costs (including disposal costs)) over the property's life including an exit or terminal value. The DCF method involves the projection of a series of cash flows on a real property interest. To this projected cash flow series, an appropriate discount rate is applied to establish the present value of the income stream associated with the real property. The discount rate is the rate of return used to convert a monetary sum, payable or receivable in the future, into a present value. The rate is determined with regard to market evidence.

Investment properties under development are classified as investment property and stated at fair value at each reporting date. Fair value is assessed with reference to reliable estimates of future cash flows, status of the development and the associated risk profile.

All property investments are categorised as level 3 in the fair value hierarchy (refer note 16(c) for additional information in relation to the fair value hierarchy). There were no transfers between hierarchies.

Sensitivity information

The key inputs to measure fair value of investment properties are disclosed below along with sensitivity to a significant increase or decrease. The following sensitivity to significant inputs applies to investment properties (refer note 2(j)).

Significant inputs	Fair value measurement sensitivity to significant increase in input	Fair value measurement sensitivity to significant decrease in input
Cap rate	Decrease	Increase
Discount rate	Decrease	Increase

Sensitivity analysis

When calculating the income capitalisation approach, the net market rent has a strong interrelationship with the adopted cap rate given the methodology involves assessing the total net market income receivable from the property and capitalising this in perpetuity to derive a capital value. The impact on the fair value of an increase in the net market rent could potentially offset the impact of an increase (softening) in the adopted cap rate. The same can be said for a decrease in the net market rent and a decrease (firming) in the adopted cap rate. A directionally opposite change in the net market rent and the adopted cap rate would magnify the impact to the fair value.

When assessing a DCF, the adopted discount rate and adopted terminal yield have a strong interrelationship in deriving a fair value given the discount rate will determine the rate at which the terminal value is discounted to the present value. The impact on the fair value of an increase (softening) in the adopted discount rate could potentially offset the impact of a decrease (firming) in the adopted terminal yield. The same can be said for a decrease (firming) in the discount rate and an increase (softening) in the adopted terminal yield. A directionally similar change in the adopted discount rate and the adopted terminal yield would magnify the impact to the fair value.

Other inputs or factors also impact a valuation. These factors are many and include: consideration of the property type, location and tenancy profile together with market sales and other matters such market rents, current rents including possible rent reversion, capital expenditure, lease expiry profile including vacancy, type of tenants, capital expenditure and sales growth of the centre.

The Group has considered these factors and believes the most significant input to fair value of investment properties at balance sheet date is the cap rate as the cap rate is in line with the Group's understanding of the market practice at which the price is determined for similar properties. Notwithstanding the Group's view that cap rate is the most significant input, movements in one or more of other factors above may change the valuation.

Sensitivity analysis – cap rate

A sensitivity analysis of the impact on the investment property valuations of movements in the cap rate is disclosed below as the cap rate method is the primary method for conducting the valuation. While other factors do also impact a valuation, at the current time, the Group considers that the valuations are most sensitive to movements in the cap rate.

The following sensitivity analysis from the investment properties shows the effect on profit/loss after tax and on equity of a 25 basis points (bps) increase/decrease in cap rates at balance sheet date with all other variables held constant.

13. Investment in associates

The Group and Retail Trust's investment in associates comprises of:

- SURF 1: 7,959,000 units at \$1.00 each acquired on 1 October 2015. The total units on issue of SURF 1 are 32,600,000.
- SURF 2: 8,447,000 units at \$1.00 each acquired on 2 June 2017. The total units on issue of SURF 2 are 29,500,000.
- SURF 3: 9,161,000 units at \$1.00 each acquired on 10 July 2018. The total units on issue of SURF 3 are 35,000,000.

SURF 1, SURF 2 and SURF 3 are unlisted closed end property funds. The Group recognises its 24.4% interest in SURF 1, 28.6% interest in SURF 2 and 26.2% interest in SURF 3 as investment in associates using the equity method of accounting.

	SCA Property Group & Retail Trust	
	30 June 2019	30 June 2018

Interest bearing liabilities	1,137.5	867.5

Financing facilities and financing resources

The financing capacity available to the Group is under the Bank revolving bilateral facilities as the other debt facilities are fully drawn and non revolving. Debt facilities are carried at amortised cost. Additional details of these debt facilities are below.

Bank bilateral revolving facilities

To reduce liquidity risk, the Group has in place revolving bilateral facilities with multiple banks. The bilateral terms have been negotiated to achieve a balance between capital availability and the cost of debt including unused debt. The revolving bilateral facilities are unsecured, revolving and can be used interchangeably.

One of the bilateral facilities can also be used to support bank guarantees. As at 30 June 2019, in addition to the bilateral facilities drawn above, \$12.0 million of a bilateral facility available was used to support \$12.0 million that relates to bank guarantees (30 June 2018: \$11.0 million). The bank guarantees assists with the Group's obligations under its Australian Financial Services Licences.

During the year the Group agreed to refinancing and extension of its debt facilities. Bilateral debt facilities of \$230.0 million with expiries December 2019 were cancelled and replaced with \$125 million of facilities expiring between March 2023 and December 2023. The next revolving bilateral facility maturity is \$50.0 million in November 2022 with the remainder of the revolving bilateral facilities to expire during the period after November 2022 to December 2023.

The financing capacity available to the Group under the revolving bilateral facilities, including cash, is in the following table.

	SCA Property Group & Retail Trust	
	30 June 2019 \$m	30 June 2018 \$m
Financing facilities and financing resources		
Bilateral bank facilities		
Committed Bilateral revolving financing facilities available	250.0	355.0
Less: amounts drawn down	(62.0)	(217.0)
Less: amounts utilised for bank guarantee	(12.0)	(11.0)
Net Bilateral revolving facilities available	176.0	127.0
Add: cash and cash equivalents	4.2	3.7
Financing resources available	180.2	130.7

As at 30 June 2019 the Group had undrawn debt facilities and cash of \$180.2 million (30 June 2018: \$130.7 million).

Shopping Centres Australasia Property Group

Notes to the Consolidated Financial Statements

For the year ended 30 June 2019

Bank and syndicated non revolving facilities

During the year the Group put in place two additional financing facilities to further expand its access to debt markets. These are from new lenders and included non revolving five and seven year bank and syndicated facilities for A\$50.0 million and A\$100.0 million respectively. The non revolving facilities are unsecured and include financial costs if repaid more than two years prior to expiry.

A\$ medium term notes (A\$ MTN)

The Group has issued A\$ MTN with a face value of \$450.0 million. Details of these notes are below.

A\$MTN	Tranche	Issue date	Maturity	Tenor at issue (years)	Coupon	Face value \$m	Issue consideration \$m	Discount / (premium) on issue \$m
Series 1	Tranche 1	Apr-15	Apr-21	6.0	3.75%	175.0	174.8	0.2
	Tranche 2	Jul-16	Apr-21	4.8	3.75%	50.0	50.6	(0.6)
Series 2	Tranche 1	Jun-17	Jun-24	7.0	3.90%	175.0	174.5	0.5
	Tranche 2	Apr-19	Jun-24	5.2	3.90%	50.0	51.3	(1.3)
						450.0		(1.2)

The discount or premium with respect to each Tranche is amortised from the issue date to the maturity.

The next A\$ MTN maturity is \$225.0 million in April 2021. Under the terms of this MTN it can be repaid (with appropriate notice) from November 2020 with no make whole obligation.

US Notes

The Group has issued US Notes with a face value of US\$300.0 million and A\$50.0 million. The principal and coupon obligations of the US dollar denominated notes have been fully economically swapped back to Australian dollars (floating interest rates) such that the Group has no exposure to any currency risk. Details of these notes and their economically swapped values are below.

US Notes

Issue date - US\$ denominated notes	Maturity	US\$ value	Economic hedged FX rate	AU\$ economically hedged value	30 June 2019 FX rate	30 June 2019 Book value

		300.0		357.1		427.2
AUD notes				50.0		50.0
				407.1		477.2

Debt covenants

The Group is required to comply with certain financial covenants or obligations in respect of the interest bearing liabilities. The major financial covenants or obligations which are common across all types of interest bearing liabilities are summarised as follows:

- Interest cover ratio (EBITDA to net interest expense) is more than 2.00 times;
- Gearing ratio (finance debt net of cash and cross currency swaps divided by total tangible assets net of cash and derivatives) does not exceed 50%;
- Priority indebtedness ratio (priority debt to total tangible assets) does not exceed 10%; and
- Aggregate of the total tangible assets held by the Obligors represents not less than 90% of the total tangible assets of the Group.

The Group was in compliance with all of the financial covenants and obligations for the period ended and as at 30 June 2019.

Shopping Centres Australasia Property Group

Notes to the Consolidated Financial Statements

For the year ended 30 June 2019

Capital Management – management gearing

The Group manages its capital, including its debt, by having regard to a number of factors including the gearing of the Group. The Group's definition of gearing for management purposes is:

- Net finance debt, where the US notes US\$ denominated debt is recorded as the A\$ amount received and economically hedged in A\$, net of cash, divided by
- Net total assets, being total assets net of cash and derivatives.

As the US notes USD denominated debt has been fully economically hedged, for the purpose of the management determination of gearing US\$ denominated debt is recorded at its economically hedged value. This also results in management gearing being based on a constant currency basis.

The Group's gearing was 32.8% as at 30 June 2019 (30 June 2018: 31.2%). The Group's target gearing range is 30% to 40%, however the Group has a preference for gearing to remain below 35% at this point in the cycle. The Group's gearing calculation is below.

Gearing (management)	30 June 2019 \$m	30 June 2018 \$m
Bilateral, Syndicated and A\$ notes – unsecured		
Bank bilateral revolving facilities drawn	62.0	217.0
Bank and syndicated non revolving facilities drawn	150.0	-
Unsecured A\$ MTN	450.0	400.0
	662.0	617.0
US Notes		
US\$ denominated notes - USD face value	300.0	150.0
Economically hedged exchange rate	0.8402	0.9387
US\$ denominated notes - AUD equivalent	357.1	159.8
US A\$ denominated notes	50.0	50.0
Total US Notes	407.1	209.8
Total debt used and drawn AU\$ equivalent	1,069.1	826.8
Less: cash and cash equivalents	(4.2)	(3.7)
Net finance debt for gearing	1,064.9	823.1
Total assets	3,372.2	2,704.0
Less: cash and cash equivalents	(4.2)	(3.7)
Less: derivative value included in total assets	(125.2)	(62.3)
Net total assets for gearing	3,242.8	2,638.0
Gearing (management)¹	32.8%	31.2%

¹ As noted under Bank bilateral facilities, the Group also has \$12.0 million (30 June 2018: \$11.0 million) used to support bank guarantees. The bank guarantees assists with the Group's obligations under its Australian Financial Services Licences. The value of these guarantees has been excluded from management's net finance debt used for gearing which is consistent with the approach taken by the Group's credit rating agency to determine net debt.

16. Financial instruments

(a) Capital management

The Group's objective when managing capital is to safeguard the ability to continue as a going concern, whilst providing returns for security holders and benefits for other stakeholders and maintaining a capital structure that will support a competitive overall cost of capital for the Group.

The capital structure of the Group consists of cash, interest bearing liabilities (including bilateral debt facilities with several banks and notes issued in the debt capital markets) and equity of the Group (comprising contributed equity, reserves and accumulated profit/loss).

Shopping Centres Australasia Property Group

Notes to the Consolidated Financial Statements

For the year ended 30 June 2019

The Group assesses the adequacy of its capital requirements, cost of capital and gearing (i.e. debt/equity mix) as part of its broader strategic plan. The Group continuously reviews its capital structure to ensure:

- Sufficient funds and financing facilities, on a cost effective basis, are available to assist the Group's property investment and management business;
- Sufficient liquid buffer is maintained; and
- Distributions to security holders are in line with the stated distribution policy.

The Group can alter its capital structure by issuing new stapled securities, adjusting the amount of distributions paid to security holders, returning capital to security holders, buying back securities, selling assets to reduce debt, adjusting the timing of capital expenditure and through the operation of a distribution reinvestment plan. Additionally, the Group can alter its capital structure by the use of debt facilities including repaying debt and issuing debt via debt capital markets and derivative financial instruments.

The Group's debt financial covenants are detailed in note 15.

Management monitors the capital structure by the gearing ratio. The gearing ratio is calculated in line with the debt covenants as:

- finance debt net of cash and excluding derivatives; divided by,
- total tangible assets net of cash and excluding derivatives.

The Group's target gearing range is 30% to 40%, however the Group has a preference for gearing to remain below 35% at this point in the cycle.

The Group's gearing at 30 June 2019 was 32.8% (30 June 2018: 31.2%). Refer note 15 for additional information.

(b) Financial risk management

The Group's activities expose it to a variety of financial risk, including:

- (i) credit risk
- (ii) liquidity risk
- (iii) market risk (foreign exchange and interest rate)

The Group seeks to minimise the effects of these risks by using derivative financial instruments to hedge or economically hedge certain risk exposures. The use of financial derivatives is governed by the Group's policies as approved by the Board. The Group does not enter or trade financial instruments including derivative financial instruments for speculative purposes.

(b)(i) Financial risk management - credit

Credit risk is the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Group. The Group has exposure to credit risk on its financial assets included in its Consolidated Balance Sheets. This includes cash and cash equivalents, derivative financial instruments (hedging) as well as credit receivables due from tenants and managing agents.

For financial investments or market risk hedging the Group manages this risk by investing and transacting derivatives with multiple counterparties to minimise the Group's exposure to any one counterparty. Wherever possible, for financial investments and economic hedging the Group only deals with investment grade counterparties.

Exposure to customer credit risk is also monitored. A significant share of the Group's revenue for the current and prior year is from Woolworths Limited which has a BBB Standard and Poor's credit rating.

The Group reviews the aggregate exposure of tenancies across its portfolio on a regular basis.

Derivative counterparties and cash deposits are currently limited to financial institutions with an appropriate credit rating.

Shopping Centres Australasia Property Group

Notes to the Consolidated Financial Statements

For the year ended 30 June 2019

The Group and Retail Trust's exposure to credit risk is in the table below.

	SCA Property Group		Retail Trust	
	30 June 2019	30 June 2018	30 June 2019	30 June 2018
	\$m	\$m	\$m	\$m
Cash and cash equivalents	4.2	3.7	3.1	2.5
Receivables	28.3	23.6	28.1	23.1
Derivative financial instruments	125.2	62.3	125.2	62.3
	157.7	89.6	156.4	87.9

The maximum exposure of the Group to credit risk as at 30 June 2019 is the carrying amount of the financial assets in the Consolidated Balance Sheets.

Receivables relate to tenant and managing agent receivables. Receivables are reviewed regularly throughout the year. The expected credit loss allowance is made where collection is deemed uncertain. Part of the Group's policy is to hold collateral as security for tenants via bank guarantees (or less frequently collateral such as deposits or cash and personal guarantees). There were no significant financial assets from major tenants that were past due at 30 June 2019. Refer also note 8.

(b)(ii) Financial risk management - liquidity

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. The Group manages liquidity risk by having flexibility in funding including by keeping sufficient cash and/or committed credit lines available whilst maintaining a low cost of holding these facilities. Management prepares and monitors rolling forecasts of liquidity requirements on the basis of expected cash flow.

The Group manages liquidity risk through monitoring its net expected funding needs including the maturity of its debt portfolio. The Group also manages liquidity risk by maintaining a liquidity buffer of cash and undrawn debt facilities.

The debt facilities are made up of bank bilateral and syndicated facilities, A\$ MTN and US notes. Details of these debt facilities, including finance facilities available, are at note 15.

Refinancing risk, also part of liquidity risk, is the risk that the maturity profile of the debt makes it difficult to refinance maturing debt, and/or that the cost of refinancing exposes the Group to potentially unfavourable market conditions at any given time. The Group is exposed to refinancing risks arising from the availability of finance as well as the interest rates and credit margins at which financing is available. The Group manages this risk, where appropriate, by refinancing borrowings in advance of the maturity of the borrowing and by securing longer term facilities.

Non-derivative financial instruments

The contractual maturities of the Group's and Retail Trust's non-derivative financial liabilities at reporting date are reflected in the following table. It shows the undiscounted contractual cash flows required to discharge the liabilities including principal, interest, margin, line fees and foreign exchange rates as at the reporting date. Foreign currencies have been converted at exchange rates at the reporting date. Interest rates are based on the interest rates as at the reporting date.

(b)(iii) Financial risk management – market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates and interest rates will affect the Group's financial performance or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk within acceptable parameters, while optimising the return.

Shopping Centres Australasia Property Group

Notes to the Consolidated Financial Statements

For the year ended 30 June 2019

Foreign exchange risk

Foreign exchange risk arises when anticipated transactions or recognised assets and liabilities are denominated in a currency that is not the Group's presentation currency, being Australian dollars. The Group has currency exposure to the United States dollar (USD).

Foreign exchange risk - United States Dollar

The Group's and the Retail Trust's exposure to the United States dollar is through borrowing in USD denominated debt via the US notes issued during the year ended 30 June 2015 and 30 June 2019.

The principal and coupon obligations have been fully swapped back to Australian dollars (floating interest rates). Refer below and note 15.

Cross currency interest rate swap contracts

The Group has reduced its future exposure to the foreign exchange risk inherent in the carrying value of its US dollar borrowings (refer US note issue discussed above and note 15) by using cross currency interest rate swaps.

Under cross currency interest rate swap contracts, the Group agrees to exchange specified principal and interest foreign currency amounts at agreed future dates at a specified exchange rate. Such contracts enable the Group to mitigate the risk of adverse movements in foreign exchange rates in relation to principal and interest payments arising under the US dollar note issue.

As a result of issuing the US notes denominated in USD the Group has entered into cross currency interest rate swaps which have fully economically hedged the US notes USD principal outstanding and also the obligation to pay fixed USD interest to floating AUD interest. The following table details the swap contracts principal and interest payments over various durations at balance sheet date.

Interest rate risk

Interest rate risk is the risk that the fair value or cash flows of financial instruments will fluctuate due to changes in market interest rates.

The Group is exposed to interest rate risk as it can borrow funds at both fixed and floating interest rates. This risk is managed by maintaining an appropriate mix between fixed and floating rate borrowings and through the use of interest rate swap contracts.

Hedging activities are evaluated regularly.

The Group's exposures to interest rates on financial liabilities are detailed in the liquidity risk management section of this note. Exposure to cash and cash equivalents is limited to \$4.2 million (30 June 2018: \$3.7 million).

Interest rate swap contracts

The Group's interest rate risk arises from borrowings and cash holdings. Interest rate swaps have the economic effect of converting borrowings from floating rates to fixed rates or from fixed to floating. Under the interest rate swaps, the Group agrees with other parties to exchange, at specified intervals, the difference between fixed contract rates and floating-rate interest amounts (or vice versa) calculated by reference to an agreed notional principal amount.

The Group's bilateral borrowings are generally at floating rates. Borrowings with floating rates expose the Group to cash flow interest rate risk. The Group's preference is to be protected from interest rate movements in the two to five year term through appropriate risk management techniques. These techniques include using floating to fixed interest rate swaps. Such interest rate swaps have the economic effect of converting borrowings from floating rates to fixed rates.

Additionally the Group has fixed rate borrowings in the form of A\$ and US\$ US notes and the A\$ MTN.

The requirements under Australian accounting standards in respect of documentation, designation and effectiveness for hedge accounting cannot be met in all circumstances. As a result the Group does not apply hedge accounting for any derivatives as at 30 June 2019 (30 June 2018: not applicable).

The fair value of interest rate swaps at the reporting date is determined by discounting the future cash flows using the forward market interest rate curve at the reporting date.

Shopping Centres Australasia Property Group

Notes to the Consolidated Financial Statements

For the year ended 30 June 2019

The Group's exposure to interest rate risk and the effective interest rates on financial assets and liabilities at reporting date are in the following table.

SCA Property Group

Sensitivity analysis – interest rate risk

The following sensitivity analysis shows the effect on profit/(loss) after tax and equity if market interest rates at balance sheet date had been 100 basis points higher/lower with all other variables held constant.

Shopping Centres Australasia Property Group

Notes to the Consolidated Financial Statements

For the year ended 30 June 2019

	Profit/loss after tax ¹		Equity	
	100bp higher	100bp lower	100bp higher	100bp lower
	\$m	\$m	\$m	\$m
30 June 2019				
SCA Property Group & Retail Trust				
Effect of market interest rate movement	(29.5)	29.8	(29.5)	29.8
30 June 2018				
SCA Property Group & Retail Trust				
Effect of market interest rate movement	(38.2)	38.5	(38.2)	38.5

¹ The aim of the Group's interest rate hedging strategy is to reduce the impact on Funds from Operations (cash) of movements in interest rates. Changes in interest rates include changes to the non-cash mark-to-market valuations of the swaps which flow through the Group's IFRS profit and loss but which are excluded from Funds from Operations.

(c) Accounting classifications and fair values

The fair value of interest rate derivatives is determined using a generally accepted pricing model based on DCF analysis using assumptions supported by observing market rates.

Except as disclosed below, The Directors consider that the carrying amounts of other financial assets and financial liabilities, which are recognised at amortised cost in the Consolidated Financial Statements, approximates their fair values except the US notes and the A\$ MTN.

The amortised cost of the US notes, converted to AUD at the prevailing foreign exchange rate at 30 June 2019 (which was AUD 1.00 = USD 0.7022 (30 June 2018: 0.7403)), is \$477.2 million (30 June 2018: \$252.6 million). The increase in value was attributable to the issue of US\$150.0 million notes during the year (refer note 15).

The amortised cost of the A\$ MTN, is \$450.0 million (30 June 2018: \$400.0 million). The increase in value was attributable to the issue of \$50.0 million of notes during the year (refer note 15).

The fair value of the US notes and A\$ MTN can be different to the carrying value.

The fair value, additionally, takes into account movements in the underlying base interest rates and credit spreads for similar financial instruments including extrapolated yield curves over the tenor of the notes.

On this basis the estimated fair value of the US notes is \$515.7 million and the A\$ MTN \$467.6 million (30 June 2018: \$257.4 million and \$400.3 million respectively).

Fair value hierarchy

The table below analyses financial instruments carried at fair value by valuation method. The different levels have been defined as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

There were no transfers between levels during the year.

For the year ended 30 June 2019

Interest rate derivatives are financial instruments that use valuation techniques with only observable market inputs and are included in Level 2 above

As long as Shopping Centres Australasia Property Group remains jointly quoted, the number of securities in each of the Trusts are equal and the security holders identical. Holders of stapled securities are entitled to receive distributions as declared from time to time. SCA Property Group holds concurrent meetings of the Retail Trust and Management Trust. Subject to any voting restrictions imposed on a security holder under the Corporations Act 2001 and the Australian Securities Exchange at a meeting of members, on a show of hands, each member has one vote. On a poll, each member has one vote for each dollar of the value of the total interest that they have in the relevant underlying Retail Trust or Management Trust respectively.

Equity Placement

To assist with the funding of the Vicinity Portfolio acquisition, the Group undertook an institutional placement of 113.1 million securities on 10 October 2018 at \$2.32 a security and a unit holder purchase plan (which was available to all eligible security holders) on 23 November 2018 under which 47.9 million units were issued at \$2.32 per security.

Issue of securities from distribution reinvestment plan (DRP)

The DRP was in place for the distribution declared in June 2018 (paid in August 2018), for the distribution declared in December 2018 (and paid in January 2019), and for the distribution declared in June 2019 (expected to be paid on or about 30 August 2019).

Under the DRP Plan Rules the DRP issue price is determined at a discount of 1.0% to the arithmetic average of the daily volume weighted average market price of security traded on the ASX during the 10 business days commencing on the business day after the record date. The equity raised through the DRP on 30 August 2018 was \$9.2 million by the issue of 3,723,512 securities at a price of \$2.46. The equity raised through the DRP on 29 January 2019 was \$26.6 million by the issue of 10,583,789 securities at a price of \$2.51.

Net debt as at 30 June 2018	2.5	-	(869.6)

21. Operating leases

All the investment properties (refer note 12) are subject to operating leases.

The investment properties are leased to tenants under long term operating leases with rentals payable monthly. Significant types of tenants include supermarkets, discount department stores, liquor stores and specialty stores. Lease terms can vary for each lease.

For supermarkets and discount department stores, lease terms for new leases are commonly from 15 to 20 years and are typically followed by a number of optional lease extensions exercisable by the tenant. The lease for these tenants also generally includes provision for additional rent in the form of sales turnover rent. Where sales turnover rent applies, it is payable annually in arrears where the sum of the initial rent and the turnover rent percentage amount for a year exceeds the amount of the base rent. Additionally the base rent for some of these tenants is subject to fixed periodic increases of up to 5% at the rent review date. The rent review date is typically every 5 years from the lease start or renewal.

For other tenants lease terms would commonly be for shorter periods such as five years with provisions for annual reviews which typically comprise either fixed percentage increases, CPI based increases or market reviews. Optional lease extensions exercisable by the tenant are also possible. Specialty leases incorporate provisions for reporting of sales turnover and may include payment of turnover rent percentage rental if appropriate.

Minimum lease payments receivable under non-cancellable operating leases of investment are as follows.

	SCA Property Group & Retail Trust	
	30 June 2019 \$m	30 June 2018 \$m
Within one year	239.1	180.5
Between one and five years	716.4	559.3
After five years	839.0	820.8
	1,794.5	1,560.6

There was \$2.3 million of percentage or turnover rent recognised as income in the current year (30 June 2018: \$1.4 million).

22. Capital and lease commitments

Estimated capital expenditure committed at balance sheet date but not provided for:

	SCA Property Group & Retail Trust	
	30 June 2019 \$m	30 June 2018 \$m
Capital and lease commitments	10.0	19.7

Shopping Centres Australasia Property Group

Notes to the Consolidated Financial Statements

For the year ended 30 June 2019

The 30 June 2019 balance relates to:

- **Greenbank (QLD) (\$10.0 million):** During the year ended 30 June 2016 the Group entered into a conditional agreement to acquire Greenbank neighbourhood shopping centre for \$23.0 million (excluding transaction costs). This transaction settled in January 2016. This acquisition includes a call option for the Group to acquire ten hectares of adjacent development land for \$10.0 million exercisable at any time within 5 years from the date of acquisition. This exercise amount has been treated as an estimated capital expenditure within one year as the Group may exercise this option at its sole discretion at any time although there is no immediate expectation of exercise (and the vendor has a put option which is exercisable in December 2020 if the call option is not exercised by that time) (30 June 2018: \$10.0 million).

23. Segment reporting

The Group and Retail Trust invest in shopping centres located in Australia operates only within one segment, Australia.

For the purposes of segment reporting \$86.4 million in rental income (30 June 2018: \$79.4 million) was from Woolworths Limited and its affiliates. Further, \$28.8 million in rental income (30 June 2018: \$23.4 million) was from Coles Limited and its affiliates.

24. Key management personnel compensation

The aggregate compensation made to the Directors and other key management personnel of the Group is set out below.

	30 June 2019	30 June 2018
	\$	\$
Short term benefits	3,413,573	3,427,087
Post-employment benefits	158,619	159,458
Share-based payment	1,229,800	1,100,478
Long term benefits	47,991	64,805
	4,849,983	4,751,828

The key management personnel during the year were:

- Directors
- Mr Lamb (Company Secretary and General Counsel)

25. Share based payments

During 2013 the Group established a Group Executive Incentive Plan that entitles key management personnel, subject to criteria, to become entitled to acquire stapled securities at nil cost to the employee. The Group Executive Incentive Plan was approved at the Group's Annual General Meeting in November 2013.

Rights pursuant to the Group Executive Incentive Plan have been issued for:

- Special Performance Rights (SPRs)
- Short Term Incentive Plan Rights (STIP)
- Long Term Incentive Plan Rights (LTIP)

Under the Group Executive Incentive Plan grants of rights have been made to the following key management personnel:

- Mr Mellowes (Director and Chief Executive Officer)
- Mr Fleming (Director and Chief Financial Officer)
- Mr Lamb (Company Secretary and General Counsel)

In addition, certain non-key management personnel have also been granted 268,664 rights during the year (30 June 2018: 292,407).

The table below summarises the rights issued to key management personnel. These rights have a nil exercise price and awards are subject to meeting performance criteria. Where the performance criteria are met, details of the stapled securities that may be issued are below. Under the Group Executive Incentive Plan during the year ended 30 June 2019 stapled securities were issued and vested to Mr Mellowes 692,535 (number of securities) (30 June 2018: 408,299), Mr Fleming 255,061 (number of securities) (30 June 2018: 154,883) and Mr Lamb 72,516 (number of securities) (30 June 2018: 41,671).

¹ Service and non-market conditions include financial and non-financial targets along with a deferred vesting period.

² TSR is Total Shareholder Return measured against a comparator group.

Shopping Centres Australasia Property Group

Notes to the Consolidated Financial Statements

For the year ended 30 June 2019

The Group recognises the fair value at the grant date of equity settled securities below as an employee benefit expense proportionally over the vesting period with a corresponding increase in equity. Fair value is measured at grant date using Monte-Carlo simulation and Black Scholes option pricing models where applicable, performed by an independent valuer, and models the future security price of the Group's securities.

Non-market vesting conditions are determined with reference to the underlying financial or non-financial performance measures to which they relate.

The total expense recognised during the year in relation to those eligible for equity settled share-based payments was \$1.0 million (30 June 2018: \$0.9 million). Key inputs to the pricing models include:

	30 June 2019	30 June 2018	30 June 2017	30 June 2016	30 June 2015
Volatility	17%	16%	18%	20%	20%
Dividend yield	6.1%	6.2%	5.4%	6.0%	6.0%
Risk-free interest rate	1.99%	1.97% - 2.12%	1.45% - 1.50%	1.79% - 1.94%	2.71% - 2.85%

26. Other related party disclosures

The Retail Trust has a current payable of \$9.0 million to the Management Trust (30 June 2018: \$7.5 million). This is non-interest bearing and repayable at call. Additionally, Shopping Centres Australasia Property Group RE Limited (the Company), the Responsible Entity of the Retail Trust and a wholly owned subsidiary of Management Trust, makes payments on behalf of the Retail Trust from time to time. These payments are incurred by the Company in properly performing or exercising its powers or duties in relation to the Retail Trust. The Company has a right of indemnity from the Retail Trust, for any liability incurred by the Company in properly performing or exercising any of its powers or duties in relation to the Retail Trust. The amount reimbursed or reimbursable during the year under this agreement was \$12.4 million (30 June 2018: \$11.5 million).

The Group and Retail Trust contracted to sell four retail properties for \$57.9 million to SURF 3 prior to 30 June 2018. The sale of these properties was completed when SURF 3 commenced operations on 10 July 2018.

The Group received \$1.8 million of funds management revenue from SURF 1, SURF 2 and SURF 3 (Retail Trust: \$nil).

The Group and Retail Trust has an investment in SURF1, SURF 2 and SURF 3. Refer note 13.

27. Parent entity

¹ Head Trusts only.

² The Retail Trust financial statements have been prepared on a going concern basis. In preparing the Retail Trust financial statements the Directors note that the Retail Trust has a net current asset deficiency position due to the provision for distribution and minimal cash and cash equivalents, as it is the policy of the Group and Retail Trust to use surplus cash to repay debt. At 30 June 2019 the Group and Retail Trust have the ability to drawdown funds to pay the distribution on or about 30 August 2019, having sufficient excess cash and undrawn financing facilities (refer note 15).

Shopping Centres Australasia Property Group

Notes to the Consolidated Financial Statements

For the year ended 30 June 2019

28. Subsidiaries

Name of subsidiaries	Place of incorporation and operation	Ownership interest	
		30 June 2019	30 June 2018
Subsidiaries of Shopping Centres Australasia Property Management Trust			
Shopping Centres Australasia Property Operations Pty Ltd	Australia	100.0%	100.0%
Shopping Centres Australasia Property Holdings Pty Ltd	Australia	100.0%	100.0%
Shopping Centres Australasia Property Group RE Ltd	Australia	100.0%	100.0%
SCA Unlisted Retail Fund RE Limited	Australia	100.0%	100.0%

Additionally Shopping Centres Australasia Property Retail Trust is considered for financial reporting purposes a subsidiary of Shopping Centres Australasia Property Management Trust due to stapling even though there is no ownership or shareholding interest.

29. Auditors' remuneration

	SCA Property Group & Retail Trust	
	30 June 2019 \$'000	30 June 2018 \$'000
Audit of the financial statements	360.0	294.5
Non audit services	22.0	-
	382.0	294.5

The auditor of the Group is Deloitte Touche Tohmatsu. The auditor's remuneration includes audit of the Financial Reports, subsidiary Financial Reports, the Group's AFSL and the Group's Compliance Plans. In FY19 Deloitte Touche Tohmatsu also performed non-audit services on market risk indicators for \$22,000.

30. Subsequent events

Since the end of the year, the Directors of the Responsible Entity are not aware of any matter or circumstance not otherwise dealt with in this report or the Consolidated Financial Statements that has significantly affected or may significantly affect the operations of the Group, the results of those operations or the state of affairs of the Group in future financial periods.

* * *

Shopping Centres Australasia Property Group Directors Declaration

For the year ended 30 June 2019

In the opinion of the Directors of Shopping Centres Australasia Property Group RE Limited, the Responsible Entity of Shopping Centres Australasia Property Management Trust and Shopping Centres Australasia Property Retail Trust (the "Retail Trust"):

- (a) The Financial Statements and Notes, of Shopping Centres Australasia Property Management Trust and its controlled entities, including Shopping Centres Australasia Property Retail Trust and its controlled entities, (the "Group"), set out on pages 74 to 114 are in accordance with the Corporations Act 2001, including:
 - (i) giving a true and fair view of the Group's and the Retail Trust's financial position as at 30 June 2019 and of their performance, for the year ended 30 June 2019; and
 - (ii) complying with Australian Accounting Standards (including Australian Accounting Interpretations) and the Corporations Regulations 2001;
- (b) there are reasonable grounds to believe that both the Group and the Retail Trust will be able to pay their debts as and when they become due and payable.

Note 2 confirms that the Financial Statements also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board.

The Directors have been given the declaration required by Section 295A of the Corporations Act 2001 from the Chief Executive Officer and Chief Financial Officer for the year ended 30 June 2019.

Signed in accordance with a resolution of the Directors.

Chair
Sydney
5 August 2019

Independent Auditor's Report to the Stapled Security Holders of Shopping Centres Australasia Property Management Trust and Shopping Centres Australasia Property Retail Trust

Opinion

We have audited the financial report of:

- Shopping Centres Australasia Property Management Trust ("SCA Property Management Trust") and its controlled entities ("SCA Property Group") which comprises the consolidated balance sheet as at 30 June 2019, the consolidated statement of profit or loss, the consolidated statement of other comprehensive income, the consolidated statement of cash flows, the consolidated statement of changes in equity for the year then ended and notes to the financial statements, including a summary of significant accounting policies and the directors' declaration; and
- Shopping Centres Australasia Property Retail Trust and its controlled entities ("SCA Property Retail Trust") comprising the consolidated balance sheet as at 30 June 2019, the consolidated statement of profit or loss, the consolidated statement of other comprehensive income, the consolidated statement of cash flows, the consolidated statement of changes in equity for the year then ended and notes to the financial statements including a summary of significant accounting policies and the directors' declaration.

In our opinion, the accompanying financial report of SCA Property Group and SCA Property Retail Trust is in accordance with the *Corporations Act 2001*, including:

- (i) giving a true and fair view of SCA Property Group's and SCA Property Retail Trust's financial positions as at 30 June 2019 and of their financial performance for the year then ended; and
- (ii) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of SCA Property Group and SCA Property Retail Trust in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Shopping Centres Australasia Property Group RE Limited (the "Responsible Entity"), would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Member of Deloitte Asia Pacific Limited and the Deloitte Network.
Liability limited by a scheme approved under Professional Standards Legislation

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report for the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matter	How the scope of our audit responded to the Key Audit Matter
<p>Investment property valuation</p> <p>As at 30 June 2019, SCA Property Group recognised investment properties valued at \$3,147.0m as disclosed in Note 12.</p> <p>The fair value of investment property is calculated in accordance with the valuation policy set out in Note 2 (j) and Note 12 which outline two valuation methodologies used by SCA Property Group.</p> <p>The valuation process requires significant judgment in the following areas:</p> <ul style="list-style-type: none"> • forecast cash flows; • capitalisation rates; and • discount rates. <p>The capitalisation of net income method applies a capitalisation rate to normalised market net operating income. The discounted cash flow method uses a ten year cash flow forecast and terminal value calculation discounted to present value. In addition, internal and external valuers apply professional judgement concerning market conditions and factors impacting individual properties.</p>	<p>Our procedures included, but were not limited to:</p> <ul style="list-style-type: none"> • Assessing management's process over property valuations and the oversight applied by the directors; • Assessing the independence, competence and objectivity of the internal and external valuers; • Performing an overall analytical review and risk assessment of the portfolio, analysing the key inputs and assumptions; • Assessing the assumptions used in the portfolio, with particular focus on the capitalisation rate and discount rate with reference to external market trends and transactions and challenging those assumptions where appropriate; • Holding discussions with management to obtain an understanding of portfolio movements and their identification of any additional property specific matters; and • Testing on a sample basis of externally and internally valued properties, the following; <ul style="list-style-type: none"> ◦ the integrity of the information in the valuation by agreeing key inputs such as net operating income to underlying records and source evidence; ◦ the forecasts used in the valuations with reference to current financial results such as revenues and expenses, capital expenditure requirements, vacancy rates and lease renewals; and ◦ the mathematical accuracy of the models. • We also assessed the appropriateness of the disclosures included in Note 12 to the financial statements.

Other Information

The directors of the Responsible Entity ("the Directors") are responsible for the other information. The other information comprises the Directors' Report, which we obtained prior to the date of this auditor's report and also includes the following information which will be included in the Group's annual report (but does not include the financial report and our auditor's report thereon): Performance Highlights, Message from the Chairman, Message from the CEO, Financial Highlights, Security Analysis and additional ASX disclosures, which is expected to be made available to us after that date.

Our opinion on the financial report does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

When we read the Performance Highlights, Message from the Chairman, Message from the CEO, Financial Highlights, Security Analysis and additional ASX disclosures in the Annual Report which we have not yet received, if we conclude that there is a material misstatement therein, we are required to communicate the matter to the directors and use our professional judgement to determine the appropriate action.

Responsibilities of the Directors for the Financial Report

The directors are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing SCA Property Group's and SCA Property Retail Trust's ability to continue as going concerns, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate SCA Property Group and/or SCA Property Retail Trust or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of SCA Property Group's and/or SCA Property Retail Trust's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern bases of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on SCA Property Group's and/or SCA Property Retail Trust's ability to continue as a going concerns. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause SCA Property Group and/or SCA Property Retail Trust to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within SCA Property Group to express an opinion on the financial report. We are responsible for the direction, supervision and performance of SCA Property Group's audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial report of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

CORPORATE GOVERNANCE

SCP's 2019 Corporate Governance Statement outlines the governance systems in effect in the Reporting Period by reference to the third edition of the ASX Corporate Governance Principles and Recommendations and it can be found on SCP's website at:
www.scaproperty.com.au/about/governance.

COMPANY WEBSITE

All Unitholders can access important information on the Group's website at www.scaproperty.com.au. It includes all presentations, webcasts, market updates and ASX announcements and links to the online registry, as well as this annual report.

SCP only sends printed copies of the annual report to Unitholders that have elected to receive a hard copy. In the interests of sustainability and reducing paper consumption, we strongly encourage Unitholders to download the electronic version of this report.

ANNUAL TAXATION STATEMENT

SCP sends an annual taxation statement to Unitholders in August each year. This statement provides a breakdown of the tax components of the Group's distribution of the preceding financial year. It also contains important information for completing Unitholder taxation returns, and Unitholders should retain this as part of their taxation records.

CONTACT THE REGISTRY

Unitholders seeking information about their holding or distribution payments can contact the registry.

1300 318 976 (toll free within Australia)

COMPLAINTS

In accordance with SCP's complaints handling procedure, if you wish to make a complaint, please forward your correspondence to:

Compliance Officer
SCA Property Group
Level 5, 50 Pitt Street
Sydney NSW 2000
Australia

Or by email at: admin@scaproperty.com.au

UNITHOLDER REGISTER DETAILS

You can visit the register at <https://investorcentre.linkmarketservices.com.au/Login/Login> to view your holdings, access information and make changes. Log on using your SRN or HIN and the postcode of your registered address.

SCP encourages Unitholders to update their personal details on the register, including providing a tax file number (TFN) or Australian business number (ABN), and an email address to receive electronic communication. We will make all future distribution payments by direct credit, so we also ask that Unitholders provide their banking details.

On the online register, you can:

- Check your current balance
- Choose your preferred annual report options
- Update your address details
- Provide your email address
- Provide or update your banking instructions
- Register your TFN or ABN
- Check transaction and distribution history
- Download a variety of instruction forms
- Subscribe to email announcements
