New Order with Phoenix Process Equipment Company

- **Phoenix Process Equipment Company places new USD\$1.4m product order**

SciDev Limited (ASX:SDV; **SciDev**, or the **Company**) is pleased to advise that it has received a large commercial order from Phoenix Process Equipment Company (**Phoenix**).

SciDev chemistry, manufactured by Nuoer, has been qualified by Phoenix for the use in their mineral processing and oil & gas processes under a Heads of Agreement (**HoA**) signed between the parties in August 2019 (ref ASX 22 August 2019). Phoenix is a private company based in Kentucky, USA and is focussed on the design, fabrication and production of efficient and reliable technology for tailings dewatering, liquid solid separation and slurry & sludge separation.

The new order from Phoenix is for approximately USD\$1.4m of product, representing approximately 3 months of stock under the HoA. The chemistry will be manufactured by SciDev's partner, Nuoer China, with product expected to be onsite with Phoenix in March 2020.

Commenting on the order from Phoenix, SciDev Managing Director and CEO Lewis Utting said;

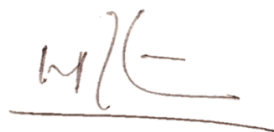

"As we continue partnering with strong, reliable counterparties like Phoenix, opportunities will continue to emerge that are value accretive to all parties. The order demonstrates the growing opportunity for SciDev products and professional services in the large North American market".

On behalf of SciDev Ltd
