**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE HALF-YEAR ENDED 31 DECEMBER 2019**

The consolidated financial statements and notes represent those of Raiz Invest Limited and Controlled Entities (the “consolidated Group” or “Group”).

The financial statements were authorised for issue on 25 February 2020 by the directors of the Company.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Preparation

The consolidated financial statement for the half-year ended 31 December 2019 have been prepared in accordance with AASB 134 Interim Financial Reporting and the Corporations Act 2001.

The consolidated financial statement do not include all of the information and disclosure normally required in the annual financial report and should be read in conjunction with the Group’s annual report for the year ended 30 June 2019 and considered together with any public announcements made by the Company during the half-year ended 31 December 2019 in accordance with the continuous disclosure obligations of the ASX listing rules.

Significant accounting policies

Other than noted below, the accounting policies and methods of computation are the same as those adopted in the most recent annual financial report. The consolidated entity has not elected to early adopt any and new standards or amendments that are issued but not yet effective. The Group has applied the following standards and amendments for the first time for their half-year reporting period commencing 1 July 2019:

Adoption of AASB 16 Leases

The Group adopted AASB 16 using the modified retrospective approach, with recognition of transitional adjustments on the date of initial application (1 July 2019), without restatement of comparative figures. This is disclosed in note 2.

NOTE 2: LEASES

AASB 16 was adopted on 1 July 2019 without restatement of comparative figures. The Group elected to apply the practical expedient to not reassess whether a contract is or contains a lease at the date of initial application. The definition of a lease under AASB 16 was applied only to contracts from 1 July 2019. On adoption of AASB 16, the Group recognised right-of-use assets and lease liabilities in relation to leases which had previously been classified as operating leases under the principles of AASB 117 Leases.

All leases are accounted for by recognising a right-of-use asset and a lease liability except for the following where certain practical expedients have been adopted:

- Leases of low value assets; and
- Leases with a duration of 12 months or less at initial application date.

(i) The balance sheet shows the following amounts relating to leases:

| Right-of-use Assets | | | Total |
|--|------------------------|------------------------------|--------------|
| | | | \$000 |
| Balance as at Transition date (1 July 2019) | | | 964 |
| Depreciation | | | (223) |
| At 31 December 2019 | | | 741 |
| Lease Liabilities | | | Total |
| | | | \$000 |
| Balance as at Transition date (1 July 2019) | | | 964 |
| Interest expense | | | 26 |
| Lease payments | | | (228) |
| At 31 December 2019 | | | 762 |
| At 31 December 2019 | Up to 12 months | Between 1 and 5 years | Total |
| | \$000 | \$000 | \$000 |
| Lease Liabilities | 425 | 337 | 762 |

(ii) The profit and loss for the half year ended 31 December 2019 was impacted as follows:

| AASB 16 adoption Profit and Loss impact | Prior to AASB 16 adoption | Post AASB 16 adoption | Difference |
|--|----------------------------------|------------------------------|-------------------|
| | \$000 | \$000 | \$000 |
| Rental expense | (228) | - | 228 |
| Interest expense | - | (26) | (26) |
| Depreciation expense | - | (223) | (223) |
| Impact on (Loss) / Profit for the half year | (228) | (249) | (21) |

(iii) Leasing activities and accounting approach:

The Raiz Group leases various offices across Australia, Indonesia and Malaysia. Rental contracts are typically for a period of between 1 and 3 years. Until 30 June 2019, leases of property were classified as operating leases. From 1 July 2019, leased assets, which are available for use by the Group where such leases meet the requirements of AASB 16, are recognised as right-of-use assets and corresponding lease liabilities. Assets and liabilities are initially measured on a present value basis. The lease payments are discounted using the Group's estimated incremental borrowing rate of 6.0%.

Lease liabilities

A lease liability is recognised at the transition date as at 1 July 2019. The lease liability is initially recognised at the present value of the lease payments to be made over the term of the lease, discounted using the interest rate implicit in the lease or, if the rate cannot be readily determined, the Group's incremental borrowing rate of 6%.

NOTE 2: LEASES

Lease liabilities are measured at amortised cost using the effective interest method. The carrying amounts are remeasured if there is a change in the following: future lease payments arising from a change in an index or a rate used; lease term and termination penalties. When a lease liability is remeasured, an adjustment is made to the corresponding right-of-use asset, or to profit or loss if the carrying amount of the right-of-use asset is fully written down.

Right-of-use assets

A right-of-use asset is recognised at the transition date as at 1 July 2019. The right-of-use asset is measured at cost, which comprises the initial amount of the lease liability, adjusted for, as applicable, any lease payments made at or before the transition date net of any lease incentives received, any initial direct costs incurred.

Right-of-use assets are depreciated on a straight-line basis over the unexpired period of the lease or the estimated useful life of the asset, whichever is the shorter. Right-of-use assets are subject to impairment or adjusted for any re-measurement of lease liabilities.

We have reviewed the half-year financial report of Raiz Invest Limited (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 31 December 2019, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year then ended, and notes comprising a statement of accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Group is not in accordance with the *Corporations Act 2001* including:

- (i) Giving a true and fair view of the Group's financial position as at 31 December 2019 and of its financial performance for the half-year ended on that date; and
- (ii) Complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Directors' responsibility for the Half-Year Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2019 and its financial performance for the half-year ended on that date and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of the Group, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards

and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Group, would be in the same terms if given to the directors as at the time of this auditor's review report.
