Cash Operating Costs ^{1,3}	(9.6)%	(8.2)%	(7.1)%	(8.2)%	(4)%
Cash EBTDA ^{1,3}	(1.6)%	0.9%	2.0%	0.2%	7%

- · A strong focus on investing for growth, whilst remaining Cash EBTDA breakeven, in line with guidance.
- · Increased operating costs led by brand campaigns, and investments in product and engineering.
- · Expect further reductions in debt funding following Zip's industry-first BNPL securitisation issuance.
- Targets reflect a 2-3 year timeframe.

All figures expressed as a percentage of half year average receivables. All figures are on an annualised basis.
 Cash Cost of Sales includes interest, bank fees, data costs, and receivables written off.

^{3.} Cash Operating Costs exclude depreciation and amortisation and acquisition costs.

Credit performance

- Credit performance remains significantly better than industry benchmarks and in line with management's guidance.
- As at 31 December 2019:
 - gross bad debts 1.91%
 - net bad debts 1.68%
 - arrears 1.58%
- Repayment profile remains healthy at 13%-14%, with the book recycling approximately every 7-8 months.
- We continue to invest in and enhance our proprietary decision technology.
- The repayment profile of the book places Zip in a very strong position to adjust its scorecard and quickly respond to any changes to risk appetite or economic conditions.

1. Arrears defined as those accounts greater than 60 days delinquent. Bad debts defined as those accounts greater than 180 days delinquent All figures are on an annualised basis.

Funding update

- Zip was pleased to launch the world's first BNPL Master Trust program in 2019.
- This was identified as the best structure to support Zip's long term growth ambitions.
- This program allows Zip to issue new note series as/when required, and should provide significant cost benefits over time (c 1% - 1.5%).
- · We are likely to issue the next planned series of notes in Q4.
- Weighted average interest rate on loans outstanding at 31 December 2019 of 4.3% compared to 4.7% at 30 June 2019.
- Zip currently has \$1,184.4M in total funding of which approximately \$259.3M remains available.
- \$139.5M has been added since 31 December via the Variable Funding Note (VFN).

Outlook

Regulatory Update

Zip is taking a leadership position and engaging actively with regulators, industry groups and parliamentarians to help shape the sector's regulatory environment.

ASIC Report 600 #2

Zip engaging actively with ASIC on this report and more generally.

BNPL Code of Conduct

Code a strong starting point. But Zip will continue to implement its own more robust standards.

RBA Payments Review

Zip adds significant value and gives merchants data insights, lead generation, security and fraud benefits and should not be viewed as a payments scheme.

Senate Fintech Inquiry

Zip made the case for greater coordination and an outcomes-based approach to regulation.

Overall, given Zip's robust business model and processes, Zip remains well placed in the current regulatory environment.

FY20 Financial targets

We are focused on driving growth locally, via customer acquisition / retention, onboarding lighthouse brands, as well as, expand globally via a deliberate lift, shift & scale strategy.

Compelling investment case

MASSIVE MARKET OPPORTUNITY

Market leader in a fast growing \$1.2T¹ global instalment segment. Immediate access to ANZ, UK, SA and US exposure.

NETWORK-DRIVEN BUSINESS

\$2.3B² annualised volume, 1.8M customers, 21K³ retail partners and over 50K points of acceptance.

100% PROPRIETARY PLATFORM

Highly scalable and portable platform that leverages microservices, machine learning and data analytics.

BRAND AFFINITY

The Zip brand lives where our customers shop each day. 1 in 3 Australians now recognises the Zip brand⁴.

ATTRACTIVE UNIT ECONOMICS

Cash GP margins above 50%. Focused and disciplined investment into new markets to drive growth and long-term shareholder value.

FINANCIALLY RESPONSIBLE

Strong focus on responsible lending with interest free, simple and transparent products.
