Commenting on the past 6 months and future strategy of QPR, Mr Andrew Saunders, Executive Chairman said, "The Trust is progressing well with its strategy to identify, acquire and actively convert mispriced commercial property assets to stable income producing passive investments with a secure long term income yield. Management continues to actively focus on completing the re-positioning works across the portfolio as well as leasing and retention of tenants to ensure rents, income and therefore value is optimised. Our leasing strategy is achieving materially higher rents on the newly refurbished space whilst providing tenants with attractive occupancy solutions, services and cost."
