## **ASX RELEASE**

3 March 2020

### **Completion of Acquisition of Pine Design Truss & Timber – Adelaide, SA**

Big River Industries Ltd (**Big River, ASX: BRI**) is pleased to announce that it has completed the acquisition of Pine Design Truss and Timber (**Pine Design**), located in Adelaide, South Australia.

This continues the expansion of Big River's network to directly supply the Trade segment of the building and construction industry. The acquisition of Pine Design not only provides Big River a market position in prefabricated products in South Australia, but also adds considerably to the building products distribution network in the region.

As with our existing business in Adelaide, Pine Design is focused on the residential markets for the supply of building products, but with the added capability of prefabricated timber wall frames, roof trusses and floor systems. The business also provides a second site in Adelaide for Big River to further expand its position in the commercial and multi-residential segments.
