SPARK INFRASTRUCTURE DISTRIBUTION REINVESTMENT PLAN

Spark Infrastructure announces the details associated with its Distribution Reinvestment Plan (DRP) in relation to its final distribution in respect of the full year ended 31 December 2019 (FY2019 Distribution).

The issue price for stapled securities to be issued under the DRP for the FY2019 Distribution is \$2.0220 per stapled security (including a 2% discount).

The DRP received good support from Securityholders with 36.3% of the stapled securities participating, raising new equity of approximately \$46.2 million.

Approximately 22.9 million new stapled securities will be issued under the DRP on the allotment date on Friday, 13 March 2020.

The new stapled securities will rank equally with existing stapled securities and will participate fully in distributions for the period in which they are issued.
