### About AuStar Gold Limited:

AuStar Gold Limited is focused on building a valuable minerals inventory to generate sustainable shareholder returns from its portfolio of advanced high-grade gold projects, which host significant infrastructure including a shaft-accessed gold mine and an adit-accessed gold mine, a gold processing plant, a large district-scale strategic tenement footprint, and current gold production.

In addition, AuStar Gold intends to develop its adjoining tenements in the Walhalla to Jamieson gold district (particularly the prolific Woods Point Dyke Swarm) into low-cost high-grade gold production projects through a program of regional exploration and development.
