- 8.6 If Item 8.5 is less than 2 quarters, please provide answers to the following questions:

- Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?

Answer:

The estimated expenses for Q4 FY20 are \$3.0 million, which is 29% lower than total expenses in Q3FY20. The reduction follows a restructure during Q3 and in early April. Expenses will continue to be reviewed and adjusted as appropriate in Q4 and Xref is also investigating whether it may be eligible for the "Job Keeper Subsidy" announced by the Australian Government. If Xref is eligible, this would lower salary and wages expenses by a further \$0.4 million during the June quarter (Q4 FY20).

2. Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer:

Xref is currently examining further opportunities to accelerate its sales and cash receipts, and further reduce expenses to preserve cash.

3. Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer:

Yes. A detailed operational update (our Quarterly Activities Review) including comments on cash, sales and revenue was released on 2nd April 2020.
