Lendlease announces successful completion of institutional placement

Equity raising to strengthen balance sheet

Lendlease is pleased to announce the successful completion of the placement to institutional investors (Placement) of fully paid ordinary stapled securities in Lendlease (New Securities) at the offer price of A\$9.80 per New Share (Offer Price), details of which were announced to ASX on 28 April 2020, in conjunction with a security purchase plan (SPP, together with Placement, the Offer).

The Placement closed on 28 April 2020 and received strong demand, raising \$950 million at the Offer Price.

Lendlease Group's CEO and Managing Director Steve McCann said, "We are very pleased with the outcome of the Placement and the strong support from existing and new securityholders. The success of the equity raising is an endorsement of Lendlease's core strategy of deploying the integrated business model in targeted gateway cities. It strengthens the Group's balance sheet during an uncertain economic environment and ensures Lendlease is well-positioned to deliver long-term securityholder value, by maintaining a strong financial position with substantial capacity to support the delivery of the Group's global development pipeline and the next phase of investment for growth."

The approximately 96.9 million New Securities subscribed for under the Placement are expected to be settled on Friday, 1 May 2020 with allotment occurring and normal trading of those securities commencing on the ASX on Monday, 4 May 2020. New Securities will rank equally with existing Lendlease ordinary stapled securities.

The approach Lendlease took in identifying investors to participate in the Placement was to engage with existing securityholders and potential new securityholders with investment strategies that Lendlease believes are aligned with its business including those that have expressed an interest.

Lendlease determined the respective allocations of investors by applying the following key objectives and criteria¹:

- Lendlease used best efforts to allocate existing eligible securityholders, who bid for up to their pro rata share in New Securities under the Placement, their full bid².

¹ Until the Placement Shares are issued, it is possible that there could be adjustments to the allocations.

² For this purpose, an eligible securityholder's 'pro-rata' share of Placement Securities was estimated by reference to Lendlease's beneficial register on 17 March 2020 and any updates provided by these securityholders. While Lendlease has used its best efforts in this regard, Lendlease and the underwriters disclaim any duty or liability (including for negligence) in respect of determination of a securityholder's 'pro-rata' share of Placement Securities.
