ASX Announcement

ETHERSTACK PLC [ASX:ESK]
("Etherstack" or the "Company")

Contract with CSE Crosscom for WA Resources sector project

Etherstack plc is pleased to announce its Australian subsidiary, Auria Wireless Pty Limited, has entered a contract with Perth base system integrator, CSE Crosscom, to provide Auria's P25 digital radio network technology to CSE Crosscom's customer, being a mining company with activities in the Pilbara region of north-west Western Australia.

The delivery is just the first stage of a multi stage project to provide critical voice communications technology and equipment for the mining company. The initial contract is valued at AU\$400,000 and is expected to be delivered in the current half year ending 30 June 2020.

Etherstack CEO, David Deacon said, "This is an important win for Etherstack as it is the first significant deployment of our technology into a major resources project in Western Australia. Our products and technologies are a good fit for this sector and we are thrilled to be deploying our solution into such an important project. We are also delighted to partner with an integrator of the calibre of CSE Crosscom, part of the CSE Global group of companies".

Alistair Tibballs, General Manager of CSE Crosscom said "We are pleased to be providing this communications solution to the WA resources sector and we look forward to working with Auria Wireless to deliver a top class communications technology solution to our customer. In the current challenging global environment, the importance of high quality Australian manufactured solutions cannot be underestimated"
