**Syncrude awards a construction and site maintenance services agreement to Worley**

Syncrude Canada Ltd (Syncrude) has awarded Worley a services agreement for its Canadian hydrocarbon facilities.

Under the agreement, Worley will provide construction and site maintenance services at the facilities over a five year term. This continues Worley's 29-year relationship with Syncrude. Worley's field services team will deliver services for bitumen production, bitumen processing, utilities, upgrader, extraction and exchanger units within the facilities.

Worley's field services team will execute the work under this agreement, in collaboration with our Canadian and Global Integrated Delivery offices which provides engineering, procurement and project delivery services, operating under a separate agreement with Syncrude.

"We are pleased to continue supporting Syncrude and to build upon our long term relationship. As an Australian company operating globally, we look forward to continuing to service the Canadian energy and resources market", said Chris Ashton, Chief Executive Officer of Worley.

Authorised for release by Nuala O'Leary, Group Company Secretary.
