**WORLEY LIMITED (WORLEY)**

**(ASX: WOR)**

**Alcoa Australia awards services contract to Worley**

Worley has been awarded a three-year services contract with Alcoa of Australia Ltd (Alcoa) for Alcoa's integrated mining, refining and smelting operations.

Under the contract, Worley will provide engineering and project delivery services for Alcoa's site-based sustaining capital program of works. The contract continues the existing relationship between Alcoa and Worley.

The contract establishes Worley as the preferred engineering services provider for baseload works across Alcoa's Wagerup, Pinjarra and Kwinana alumina refineries, Bunbury port terminal and the Willowdale and Huntly bauxite mining operations in Western Australia. Worley will also support Alcoa's Portland Aluminium Smelter in Victoria, Australia.

The services will be executed by Worley's Australian teams in Perth and Geelong and supported by our global integrated delivery team.

"As Australia's leading energy services company, we are pleased to continue supporting Alcoa's Australian operations. This portfolio is one of the largest in our mining, minerals and metals business and includes our specialist alumina, bauxite and aluminium teams," said Chris Ashton, Chief Executive Officer of Worley.

Authorised for release by Nuala O'Leary, Group Company Secretary.
