

DGO Gold Limited

ABN 96 124 562 849

19 June 2020

Shareholder Loan Repayment

On 18 July 2019 DGO Gold (**ASX: DGO**) announced that it had arranged a loan facility of up to \$2.5 million from five DGO shareholders. The facility allowed for drawdown as required until 31 December 2019 and repayment in full prior to 31 July 2020. The loans accrued interest at 10% p.a. payable at repayment.

DGO advises that the loans drawn under this facility have now been repaid in full with interest.

The loan facility enabled DGO to fully participate in the renounceable rights issue undertaken by De Grey Mining Ltd (**ASX: DEG**) in July/August 2019, as well as participate in an associated placement offered by DEG at a price of \$0.05 per DEG share.

As at close of trading today, the price of a share in DEG was \$0.585.

The Directors of DGO Gold thank the shareholders who provided the loan facility for their critical support at that time.
