9 June 2020

Dear Infigen Securityholder,

Offer to acquire Your Stapled Securities in Infigen

I am pleased to provide you with this cash offer to acquire all or any of your Infigen Stapled Securities at an Offer Price of \$0.80 per Infigen Stapled Security¹ by UAC Energy Holdings Pty Ltd, an entity owned by AC Energy Australia Pte Ltd and UPC Renewables Australia Pty Ltd.

The Offer Price is attractive and represents compelling value in the context of the historical price performance of, and outlook for, Infigen Stapled Securities. The attractiveness of the Offer is highlighted by the strong support from Infigen Securityholders for UAC's recent on-market purchasing of Infigen Stapled Securities at the Offer Price.

The Infigen Stapled Security price has not closed higher than the Offer Price since August 2017. Based on the price of Infigen Stapled Securities up to and including 2 June 2020, being the last trading day before the Announcement Date, the Offer Price represents a premium of:

- 35.6% to the closing price of Infigen Stapled Securities on 2 June 2020;
- 43.4% to the 1-month volume weighted average price (VWAP) of Infigen Stapled Securities;²
- 57.9% to the 3-month VWAP of Infigen Stapled Securities;³ and
- 36.9% to the 12-month VWAP of Infigen Stapled Securities.⁴

These premia are even more compelling after taking into account the 51.3% increase in the price of Infigen Stapled Securities from their closing price of \$0.39 on 23 March 2020 to a closing price of \$0.59 on 2 June 2020.⁵

The Offer provides you with cash certainty compared to the uncertainty you may face if you remain an Infigen Securityholder.

The Offer is particularly attractive in the context of recent falls in electricity prices as well as Infigen's relatively high debt servicing costs, its limited track record in paying distributions and developing its growth pipeline, and decisions taken by Infigen to suspend investment in a number of projects and defer the delivery of its development pipeline.

As at the date of this Bidder's Statement, UAC has a relevant interest in up to 13.40% of the Infigen Stapled Securities on issue, which is comprised of a 9.90% holding in Infigen and a further relevant interest in up to 3.50% of Infigen Stapled Securities pursuant to a total return swap that has yet to settle. The swap contains an option for physical settlement (subject to Foreign Investment Review Board approval).⁶

UAC is an investment holding company that is well capitalised through its parent entities, AC Energy Australia Pte Ltd and UPC Renewables Australia Pty Ltd. These entities have significant financial and operational resources and a strong commitment to Australia. An acquisition of Infigen is consistent with UAC's strategy of investing in attractive opportunities in the renewable energy sector.

The Offer is not subject to a minimum acceptance condition. It is subject to a number of other conditions, including approval from the Foreign Investment Review Board, and conditions relating to Infigen's debt financing arrangements.

The conditions relating to Infigen's debt financing arrangements include Infigen providing additional disclosure around potential change of control provisions (and their waiver or release), which have not been disclosed to Infigen Securityholders as at the date of this Bidder's Statement and could have a material impact on all Infigen Securityholders. UAC, as a material securityholder in Infigen, believes appropriate disclosure of these potential change of control provisions and other material issues is in the interests of all Infigen Securityholders, to ensure Infigen Securityholders can make a fully informed decision on the Offer and the risks of remaining as a minority securityholder.

1 The amount of the Offer Price that is payable to you will be reduced by the amount or value of any distribution announced by Infigen on or following the Announcement Date if UAC decides not to rely on the defeating condition in respect of the announcement of the relevant distribution (see the question in the Summary of Offer below titled 'What if Infigen announces or pays a distribution?' and section 9.7(p) of this Bidder's Statement for further details).

5 The period from 23 March 2020 to 2 June 2020 (inclusive) represents a period of recovery for Infigen Stapled Securities prior to the Announcement Date and following a period of lower pricing associated with the impact of the COVID-19 pandemic.

6 For further information on these arrangements, see section 4.4 of this Bidder's Statement, the 'Form 603 – Notice of initial substantial holder' lodged by UAC on the ASX Market Announcements Platform on 3 June 2020, and substantial holder notices lodged by UAC on the ASX Market Announcements Platform on or after the date of this Bidder's Statement.

The full list of conditions is set out in section 9.7 of this Bidder's Statement.

If you accept the Offer you will be paid within the earlier of:

- one month after the Offer is accepted or one month after the Offer becomes or is declared unconditional (whichever is later); and
- 21 days after the end of the Offer Period.

I encourage you to read this Bidder's Statement carefully and in full, and to accept the attractive Offer for the reasons outlined in this Bidder's Statement.

The Offer is open for acceptance until 7.00pm (Sydney, Australia time) on 24 July 2020, unless extended or withdrawn. Instructions on how to accept the Offer are set out section 9.3 and in the enclosed Acceptance Form.

If you have any questions, please contact the UAC Offer Information Line on 1300 095 747 (callers within Australia) or +61 3 9415 4310 (callers outside Australia).

Yours sincerely,

Anton Rohner

4. THE OFFER PROVIDES CASH CERTAINTY

- The consideration offered to Infigen Securityholders is 100% cash, and the Offer is for all or any of Your Stapled Securities.
- If you accept the Offer and the Offer becomes unconditional, you will be paid the consideration for Your Stapled Securities in Australian dollars within the earlier of:
 - one month after the Offer is accepted or one month after the Offer becomes or is declared unconditional (whichever is later); and
 - 21 days after the end of the Offer Period.

5. ACCEPTING THE OFFER FOR ALL YOUR STAPLED SECURITIES REMOVES YOUR EXPOSURE TO POTENTIAL MARKET AND SECTOR RISKS

As an Infigen Securityholder, you are exposed to a number of potential market and sector risks that may affect the market price or value of Infigen Stapled Securities, including, but not limited to:

- lower spot and forward energy market prices that add uncertainty to the market price of Infigen Stapled Securities, due to:
 - uncertainty in relation to Infigen's FY20 and FY21 earnings, particularly in relation to uncontracted revenues with exposure to fluctuations in energy market prices (including large-scale generation certificate prices);
 - deceleration of Infigen's stated strategic priority of delivering 600-700MW of targeted nameplate energy capacity growth each year;²⁰
 - deferral of the funding decision in relation to Flyers Creek Wind Farm, the deferral of the relocation of the South Australia Gas Turbines, and the re-profiling of Infigen's capital expenditure budget;²¹ and
 - a more difficult market to raise finance for development projects and a potentially higher cost of such finance;
- weaker economic activity which may result in lower demand for energy and lower energy sales by Infigen;
- uncertainty over the amount, location and timing of necessary electricity grid investment to permit the export of energy into the network without curtailment or application of marginal loss factors (MLF), in addition to the timely and cost effective connection of new generation assets;
- the state of the Australian energy market and uncertainty around government policy on the future of the Renewable Energy Target scheme;
- further risk and limitations to the growth opportunities able to be pursued by Infigen; and
- the uncertain future market price of Infigen Stapled Securities, in the absence of the Offer.

6. INFIGEN'S LIMITED ABILITY TO PAY DISTRIBUTIONS

- Infigen has a limited track record of consistently paying distributions to its Securityholders:
 - it paid no distributions for over 8.5 years between the end of March 2011 and the beginning of September 2019; and
 - it paid only modest unfranked distributions of \$0.01 per Stapled Security, as announced on 20 June 2019 (and paid on 27 September 2019) and on 16 December 2019 (and paid on 27 March 2020).
- The capacity of Infigen to declare and pay future distributions may be limited by:
 - total borrowings, which amounted to \$619.4 million as at 30 June 2019;
 - interest expense, which totalled \$40.2 million for the year ended 30 June 2019;
 - corporate costs, which totalled \$19.5 million for the year ended 30 June 2019; and
 - funding requirements associated with its development pipeline.
- Infigen is also limited in its ability to pay franked distributions by a combination of:
 - its modest current franking credit balance of \$6.2 million as at 31 December 2019; and
 - net deferred tax assets of \$14.4 million and unused tax losses for which no deferred tax asset has been recognised of \$118.9 million as at 30 June 2019.

7. THERE IS NO OTHER OFFER AND THERE IS A RISK THAT THE PRICE OF INFIGEN STAPLED SECURITIES MAY FALL

- The Offer is at a significant premium to the recent trading prices of Infigen Stapled Securities.
- Prior to the Announcement Date, the VWAP of Infigen Stapled Securities over the last month was \$0.56 per Infigen Stapled Security.²²
- Currently, there is no other offer available for consideration by Infigen Securityholders, despite previous market speculation of an offer in April 2018.
- While many factors affect the price of any given quoted security, if the Offer does not proceed, the price of Infigen Stapled Securities may fall and may trade at a substantial discount to the Offer Price.

8. REMAINING A MINORITY HOLDER OF INFIGEN STAPLED SECURITIES MAY EXPOSE YOU TO A NUMBER OF RISKS

- The Offer provides you the ability to sell your holding in Infigen at an attractive price.
- If UAC acquires a relevant interest in at least 90% of Infigen Stapled Securities on issue, and all the conditions to the Offer are satisfied or waived, UAC intends to compulsorily acquire the outstanding Stapled Securities. You will receive your consideration for your Infigen Stapled Securities sooner if you accept the Offer.
- If UAC has a relevant interest in less than 90% of Infigen Stapled Securities following close of the Offer, UAC will not be able to compulsorily acquire the outstanding Infigen Stapled Securities and if you have not accepted the Offer, you will remain the holder of Infigen Stapled Securities.
- Depending upon the level of acceptances under the Offer, Infigen Stapled Securities may suffer from reduced liquidity, potentially making it more difficult for you to sell your Infigen Stapled Securities outside the Offer at current price levels.
- Liquidity could be further impacted if Infigen is removed from the S&P/ASX300 Index following a reduction in the overall free float market capitalisation should UAC be successful in acquiring a significant percentage of outstanding Infigen Stapled Securities.
- Remaining a holder of Infigen Stapled Securities also exposes you to Infigen refinancing risk. Information provided by Infigen in respect of the terms of Infigen's existing debt financing arrangements is limited. In particular, the nature of any change of control provisions has not been disclosed. Accordingly, UAC cannot be certain that this Offer to acquire your Infigen Stapled Securities will not trigger any change of control provisions in Infigen's debt financing arrangements, requiring the possible immediate repayment and refinancing of those facilities. UAC has sought to mitigate this risk through the inclusion of conditions relating to Infigen's debt financing arrangements in section 9.7, including that Infigen disclose the nature of any change of control provisions contained in them (and that they are waived or released). However, UAC cannot guarantee that these conditions will be sufficient to prevent an event of default.
- The Offer enables all Infigen Securityholders the opportunity to exit their holding in an orderly manner at the Offer Price, and to avoid the risks of being a minority holder of Infigen Stapled Securities.

²² VWAP is calculated based on market value traded on ASX divided by market volume traded on ASX. VWAP calculated from 3 May 2020 to 2 June 2020 (inclusive). Source: IRESS.

9. NO BROKERAGE OR STAMP DUTY IN ACCEPTING THE OFFER

In addition to the attractive premium in the Offer Price, you will not be obliged to pay stamp duty if you accept the Offer.

If Your Stapled Securities are registered in an Issuer Sponsored Holding, you will not incur any brokerage fees in accepting the Offer.

If Your Stapled Securities are registered in a CHESS Holding, you will generally not incur any brokerage fees in accepting the Offer (although you should ask your Controlling Participant, normally your broker, to confirm).

1 Summary of the Offer

The information in this section 1 is a summary of the Offer only and is qualified by the detailed information set out elsewhere in this Bidder's Statement.

You should read this Bidder's Statement in its entirety before deciding whether to accept the Offer.

If you have any doubt as to how to deal with this document, you should contact your broker, financial adviser or legal adviser immediately.

The terms and conditions of the Offer are contained in section 9 of this Bidder's Statement.

Who is UAC?

UAC is an Australian proprietary company owned by AC Energy Australia Pte Ltd (as to 75%) and UPC Renewables Australia Pty Ltd (as to 25%).

UPC Renewables Australia Pty Ltd is operated as a joint venture between the AC Energy group of companies and the UPC Renewables group of companies, and trades under the name UPC\AC Renewables Australia.

AC Energy and UPC are leading multinational organisations that invest in, develop and operate renewable energy projects around the world.

Further information regarding UAC, AC Energy, UPC and their associated companies is set out in section 2 of this Bidder's Statement.

What is UAC offering to buy?

UAC is offering to buy all or any of Your Stapled Securities, on the terms and conditions set out in this Bidder's Statement.

The Offer also extends to any Stapled Securities that are issued to you during the period from the Register Date to the end of the Offer Period in accordance with the terms of, or otherwise in connection with, the vesting of Performance Rights which are on issue at the Register Date.

What will I receive if I accept the Offer?

If you accept the Offer you will, subject to the satisfaction or waiver of the conditions to the Offer, be paid \$0.80 for each of Your Stapled Securities in respect of which you accept the Offer.

The amount of the Offer Price that is payable to you will be reduced by the amount or value of any distribution announced by Infigen on or following the Announcement Date if UAC decides not to rely on the defeating condition in respect of the announcement of the relevant distribution (see the question in the Summary of Offer below titled 'What if Infigen announces or pays a distribution?' and section 9.7(p) of this Bidder's Statement for further details).

Can the Offer Price be increased?

Yes. Although UAC reserves the right to do so, it has no current intention of increasing the Offer Price.

In accordance with the Corporations Act, if UAC does increase the

Offer Price, all Infigen Securityholders who accept the Offer (whether they have accepted the Offer before or after any such increase occurs) will be entitled to the benefit of the increased Offer Price.

What if Infigen announces or pays a distribution?

It is a condition of this Offer that Infigen does not announce, make, declare or pay any distribution, including any dividend, before the end of the Offer Period (see the condition in section 9.7(p) of this Bidder's Statement). If Infigen does any of those things:

- 1 UAC may elect not to waive this condition, in which case the Offer will lapse at the end of the Offer Period, your acceptance will be void, Your Stapled Securities will not be acquired by UAC and you will not be paid the Offer Price; or
- 2 UAC may elect to waive this condition and acquire the Stapled Securities for which acceptances have been received (subject to the satisfaction or waiver of the other conditions to the Offer). In such circumstances, UAC will deduct from the consideration otherwise due to you under the Offer the cash amount or value of the distribution. UAC will not deduct the value of any associated franking credits.

For example, if Infigen announces or pays a distribution of \$0.01 per Stapled Security before the end of the Offer Period, and UAC elects to waive this condition (and all other conditions are satisfied or waived), the amount of the consideration paid to you under the Offer will be reduced to \$0.79 per Stapled Security.

Nevertheless, in this example, if you had accepted the Offer in respect of all Your Stapled Securities but held those Stapled Securities on the record date for the distribution, you would still receive a total amount of \$0.80 in respect of each of Your Stapled Securities, comprising the distribution of \$0.01 from Infigen and the amount of consideration paid to you under the Offer of \$0.79 from UAC.

UAC has made no decision as to what it will do if Infigen announces a distribution or dividend before the end of the Offer Period. It reserves all its rights in this regard, including the right to rely on the condition in section 9.7(p) of this Bidder's Statement.

Infigen has a distribution reinvestment plan. The issuance of any Stapled Securities under this plan would breach the condition in section 9.7(g)(4) of this Bidder's Statement. UAC has made no decision as to what it will do if Infigen issued Stapled Securities under its distribution reinvestment plan. It reserves all its rights in this regard, including the right to rely on the condition in section 9.7(g)(4) of this Bidder's Statement.

When will I be paid?

Generally, UAC will pay the consideration due to you under the Offer on or before the earlier of:

- one month after this Offer is accepted or one month after all of the conditions have been freed or fulfilled (whichever is the later); and
- 21 days after the end of the Offer Period.

Full details of when payments will be made are set out in section 9.6 of this Bidder's Statement.

When does the Offer close?

The Offer closes at 7.00pm (Sydney, Australia time) on 24 July 2020, unless it is extended or withdrawn in accordance with the Corporations Act.

What are the conditions to the Offer?

The Offer is subject to a number of conditions. In summary, these relate to:

- all regulatory approvals and consents being obtained (including under the *Foreign Acquisitions and Takeovers Act 1975* (Cth)) and there being no adverse regulatory action by any Public Authority;
- the disclosure, and non-exercise and waiver or release of, potential change of control and other provisions and rights in Infigen's Financing Arrangements;
- the Infigen Group's Financing Arrangements generally, including no material new debt being incurred, no default in respect of, termination, review, acceleration or cancellation of any Infigen Group Member's debt, and the Infigen Group's aggregate debt (net of cash at bank available at call) not exceeding \$454 million;
- no material adverse change or prescribed occurrence (being the events articulated in section 652C of the Corporations Act) occurring in relation to the Infigen Group;
- disclosure and release of change of control and other material rights that may operate adversely to Infigen's interests under the Infigen Group's material contracts;
- no material acquisitions, disposals, capital expenditure or changes in the conduct of the Infigen Group's business;
- no Insolvency Event in relation to any member of the Infigen Group;
- no change in the responsible entity, trustee, control, management or governance of any Infigen Group Member;
- no untrue or materially misleading public statements having been made by the Infigen Group;
- equal access to any information that Infigen may provide to any other person in connection with a potential Competing Proposal;
- no change to Infigen's capital structure or the rights attached to Infigen Stapled Securities, including no issue of securities or other rights that may result in the issue of Infigen Stapled Securities; and
- no distributions being announced, made, declared or paid by Infigen.

Full terms of the conditions are set out in section 9.7 of this Bidder's Statement.

What happens if the conditions of the Offer are not satisfied or waived?

If the conditions to the Offer are not satisfied or waived before the end of the Offer Period, the Offer will lapse, your acceptance will be void, Your Stapled Securities will not be acquired by UAC and you will not be paid the Offer Price.

How will Performance Rights be treated?

The Offer extends to any Stapled Securities that are issued during the period from the Register Date to the end of the Offer Period in accordance with the terms of, or otherwise in connection with, the vesting of Performance Rights which are on issue at the Register Date.

This means that holders of such Performance Rights that are converted into Stapled Securities prior to the end of the Offer Period will be able to accept the Offer in respect of the Stapled Securities which they are issued as a result of that conversion.

How do I accept the Offer?

You may accept the Offer in respect of all or any of Your Stapled Securities.

See section 7 of this Bidder's Statement for a summary of the general Australian tax implications of accepting the Offer.

What happens if I do not accept the Offer?

You will remain an Infigen Securityholder and will not receive the cash consideration under the Offer. If UAC becomes entitled to compulsorily acquire Your Stapled Securities, it intends to proceed with the compulsory acquisitions. If Your Stapled Securities are compulsorily acquired by UAC, it will be on the same terms (including the same consideration for each Stapled Security acquired) as the Offer.

Will I need to pay brokerage or stamp duty on acceptances?

If Your Stapled Securities are registered in an Issuer Sponsored Holding in your name and you deliver them directly to UAC, you will not incur any brokerage fees or be obliged to pay stamp duty in connection with your acceptance of the Offer.

If Your Stapled Securities are registered in a CHESS Holding, or if you are a beneficial owner whose Infigen Stapled Securities are registered in the name of a broker, bank, custodian, or other nominee, you will not be obliged to pay stamp duty by accepting the Offer, but you should ask your Controlling Participant (usually your broker) or that nominee whether it will charge any transactional fees or service charges in connection with acceptance of the Offer.

What are the tax implications of accepting the Offer?

A summary of the general Australian tax implications of accepting the Offer are set out in section 7 of this Bidder's Statement.

What if I am a non-resident for Australian taxation purposes?

The attention of Infigen Securityholders who are not Australian residents for Australian taxation purposes is specifically drawn to the sections 7.4 (Non-resident Infigen Securityholders) and 7.5 (Non-resident CGT withholding rules) of this Bidder's Statement.

As is outlined in further detail in those sections, in certain limited circumstances, UAC will be required to withhold up to 12.5% of the consideration payable to non-residents.

3.6 Other information about the Infigen Group

Infigen will have the opportunity to disclose in its Target's Statement any information about the Infigen Group it considers Infigen Securityholders would reasonably require to make an informed assessment as to whether to accept the Offer.

3.7 Publicly available information about Infigen Group

Infigen is a listed disclosing entity for the purposes of the Corporations Act and as such is subject to regular reporting and disclosure obligations. Specifically, as its Stapled Securities are listed on the ASX, Infigen is subject to the Listing Rules which require continuous disclosure of any information Infigen has concerning it that a reasonable person would expect to have a material effect on the price or value of its securities.

ASX maintains files containing publicly disclosed information about all listed companies. Infigen's file is available for inspection on the ASX website (www.asx.com.au).

In addition, Infigen is required to lodge various documents with ASIC. Copies of documents lodged with ASIC by Infigen may be obtained from, or inspected at, an ASIC office.

A substantial amount of information about Infigen (including copies of its financial statements) is available in electronic form on its website (<https://www.infigenenergy.com/>).

4 Information on Infigen's securities

4.1 Infigen's issued securities

According to documents provided by Infigen to ASX, as at the Last Practicable Date, Infigen had 970,698,065 Stapled Securities²⁴ and 6,771,580 unlisted Performance Rights²⁵ on issue.

4.2 Infigen Energy Equity Plan and Performance Rights

As mentioned above, according to documents provided by Infigen to the ASX, as at the Last Practicable Date, Infigen has 6,771,580 Performance Rights on issue that have been granted under the Infigen Energy Equity Plan.

The Infigen Energy Equity Plan was approved by Infigen Securityholders in 2009, and amended with the approval of Infigen Securityholders in 2011. It allows the grant of certain awards, including Performance Rights, to senior management of the Infigen Group.

Under the Infigen Energy Equity Plan, Performance Rights are awarded as future rights to acquire Infigen Stapled Securities. Each vested Performance Right entitles the participant to receive one Stapled Security, or a cash amount equivalent to the market price of a Stapled Security, on the vesting date. Performance Rights will vest if certain performance conditions are met within a specified performance period. Settlement in Stapled Securities or cash is determined by the board of IEL in its absolute discretion.

The board of IEL has absolute discretion to accelerate the vesting of all or part of any unvested Performance Rights in certain circumstances described in the Infigen Energy Equity Plan, including if a takeover bid is made to the holders of Stapled Securities that the board of IEL resolves has a reasonable prospect of success.

Performance Rights are issued each financial year and are vested if certain performance conditions are met. Each issue of Performance Rights comprises two equal tranches, each subject to a different performance condition. Vesting of each tranche is contingent on achieving the relevant performance condition.

4.3 Effect of the Offer on Performance Rights

The Offer does not extend to any Performance Rights. However, the Offer does extend to Stapled Securities that are issued during the period from the Register Date to the end of the Offer Period in accordance with the terms of (or otherwise in connection with) the vesting of Performance Rights that are on issue at the Register Date.

If all such Performance Rights are not converted into Stapled Securities and acquired by UAC, otherwise acquired by UAC, or cancelled pursuant to agreements or other arrangements, and UAC is entitled to compulsorily acquire them, as mentioned in section 6.3(a)(2), UAC intends to seek to compulsorily acquire or cancel them pursuant to Part 6A.2 of the Corporations Act, although it reserves the right not to do so.

4.4 Interests in Stapled Securities

As at the date of this Bidder's Statement:

- UAC's voting power in Infigen was up to 13.40%²⁶; and
- UAC had a relevant interest in up to 130,083,416²⁷ Infigen Stapled Securities on issue (being 13.40% of the 970,698,065 Infigen Stapled Securities on issue).

As at the date of the Offer:

- UAC's voting power in Infigen was up to 13.40%²⁸; and
- UAC had a relevant interest in up to 130,083,416²⁹ Infigen Stapled Securities.

4.5 Dealings in Stapled Securities

(a) Previous 4 months

Neither UAC nor any associate of UAC has provided, or agreed to provide, consideration for Stapled Securities under any purchase or agreement during the 4 months before the date of this Bidder's Statement, except as described below.

Date	Description	Number of Stapled Securities	Price per Stapled Security	Total price
27 April to 2 June 2020	Various on-market and off-market purchases	96,099,109	Between \$0.50 and \$0.80 ³⁰	\$67,648,030.43
2 June 2020	Option to acquire Infigen Stapled Securities by electing for physical settlement under the Swap (subject to FIRB approval)	28,384,307 (Tranche 1)	\$0.80 (being the reference price per notional Stapled Security the subject of Tranche 1 of the Swap)	\$22,707,445.60 (being the Equity Notional Amount (as defined under the Swap) for Tranche 1 of the Swap)

²⁶ As explained in further detail in the 'Form 603 – Notice of initial substantial holder' lodged by UAC on the ASX Market Announcements Platform on 3 June 2020, UAC's relevant interests (and therefore its voting power) at any given point in time will depend in part on the number of Stapled Securities held by Credit Suisse AG, Singapore Branch (**Credit Suisse**) and its affiliates as counterparty to the total return swap (**Swap**) between UAC and Credit Suisse that has yet to settle and which contains an option for physical settlement (subject to FIRB approval). As at the date of this Bidder's Statement, UAC had a relevant interest in 33,984,307 Stapled Securities under the Swap. This number of Stapled Securities is calculated by reference to the notional number of Stapled Securities subject to the Swap at the date of this Bidder's Statement. If Credit Suisse and its affiliates hold less than this number of securities as part of its hedged positions in connection with the Swap, the number of Stapled Securities in which UAC has a relevant interest will be correspondingly reduced. For further details on the Swap, refer to the 'Form 603 – Notice of initial substantial holder' lodged by UAC on 3 June 2020, particularly Annexure "B". See also substantial holder notices lodged by UAC on the ASX Market Announcements Platform on or after the date of this Bidder's Statement.

²⁹ As above.

³⁰ A complete breakdown of the details of each purchase is set out in Annexure C of the 'Form 603 – Notice of initial substantial holder' lodged by UAC on the ASX Market Announcements Platform on 3 June 2020.

3 June 2020	Option to acquire Infigen Stapled Securities by electing for physical settlement under the Swap (subject to FIRB approval)	5,600,000 (Tranche 2)	\$0.7985 (being the reference price per notional Stapled Security the subject of Tranche 2 the Swap)	\$4,471,600 (being the Equity Notional Amount (as defined under the Swap) for Tranche 2 of the Swap)

(b) **Period before Offer**

Neither UAC nor any associate of UAC has provided, or agreed to provide, consideration for Stapled Securities under any purchase or agreement during the period starting on the date of this Bidder's Statement and ending on the date immediately before the date of the Offer, except as described below.

Dates	Description	Number of Stapled Securities	Price per Stapled Security	Total price
N/A	N/A	N/A	N/A	N/A

4.6 No pre-Offer benefits

During the period of 4 months before the date of this Bidder's Statement, neither UAC nor any associate of UAC gave, or offered to give, or agreed to give a benefit to another person which was likely to induce the other person, or an associate of the other person, to:

- accept the Offer; or
- dispose of Infigen Stapled Securities,

and which is not offered to all holders of Infigen Stapled Securities under the Offer.

During the period from the date of this Bidder's Statement to the date immediately before the date of the Offer, neither UAC nor any associate of UAC gave, or offered to give, or agreed to give a benefit to another person which was likely to induce the other person, or an associate of the other person, to:

- accept the Offer; or
- dispose of Infigen Stapled Securities,

and which is not offered to all holders of Infigen Stapled Securities under the Offer.

4.7 No escalation agreements

Neither UAC nor any associate of UAC has entered into any escalation agreement that is prohibited by section 622 of the Corporations Act.

5 Sources of consideration

5.1 Total cash consideration

The consideration for the acquisition of the Stapled Securities to which the Offer relates will be satisfied wholly in cash.

As at the date of this Bidder's Statement, according to documents provided by Infigen to the ASX, Infigen has 970,698,065 Stapled Securities on issue. If acceptances are received for all Stapled Securities on issue as at the date of this Bidder's Statement (other than those Infigen Stapled Securities which UAC already owns or has a relevant interest in), the aggregate amount of cash consideration that UAC would be required to pay would be \$672.5 million.

In addition, if all 6,771,580 unvested Performance Rights on issue as at the date of this Bidder's Statement vest in accordance with the terms of their issue, and the holders of those Performance Rights accept the Offer in respect of the Stapled Securities issued to them, an additional amount of \$5.4 million will be payable by UAC under the Offer.

Accordingly, the maximum amount that UAC could be required to pay under the Offer is \$677.9 million (the **Maximum Offer Amount**), together with transaction costs.

5.2 Sources of cash consideration

(a) Identity of persons to provide cash consideration

The cash consideration payable under the Offer will be provided from funds supplied by AC Renewables International Pte Ltd, a related body corporate of UAC and an indirect wholly owned subsidiary of AC Energy, Inc.

As at the date of this Bidder's Statement, ACRI has cash, short-term deposits, equivalent liquid assets, and available credit lines in excess of the Maximum Offer Amount.

(b) Arrangements under which cash will be provided by ACRI to UAC

ACRI owns:

- directly, 100% of AC Energy Australia Pte Ltd, which in turns own 75% of UAC; and
- indirectly, approximately 48.25% of UPC Renewables Australia Pty Ltd, which in turn indirectly owns 25% of UAC.

The flow of funds from ACRI to UAC will be via two streams of equity subscriptions:

- first, from ACRI into AC Energy Australia Pte Ltd, which will then subscribe for shares in, and infuse the same funds into, UAC; and
- second, from ACRI into UPC-AC Energy Australia (HK) Limited, which will then subscribe for shares in and invest the same funds into UPC Australia (HK) Limited, which will in turn subscribe for shares in and invest the same funds into UPC Renewables Australia Pty Ltd, which will in turn subscribe for shares in, and infuse the same funds into, UAC.

UAC has a legally binding and irrevocable equity commitment from ACRI to procure that UAC is funded up to the Maximum Offer Amount, plus additional amounts in respect of UAC's anticipated transaction costs in connection with the Offer and its initial working capital requirements.

On the basis of the arrangements outlined above, UAC believes it has a reasonable basis for holding the view, and it does hold the view, that it will be able to satisfy its obligations to fund the Maximum Offer Amount as and when it is due and payable under the terms of the Offer.

6 Bidder's intentions in relation to Infigen

6.1 Introduction

The intentions of UAC are set out in this section of this Bidder's Statement. Those intentions have been formed on the basis of facts and information concerning Infigen and the general business environment which are known at the time of preparing this Bidder's Statement.

Final decisions will only be reached by UAC in light of material information and circumstances at the relevant time. Accordingly, the statements set out in this section 6 are statements of current intention only and may vary as new information becomes available or circumstances change.

The articulation and formulation of UAC's intentions are necessarily limited by virtue of the fact that it has only had access to publicly available information about Infigen and its affairs.

6.2 General operational and strategic review

After the end of the Offer Period, UAC intends, to the extent it is able, to conduct an immediate, broad based operational and strategic review of Infigen, its operations, assets, liabilities, structure and employees, following which it will, as required, review its intentions as set out in this section 6.

6.3 Intentions for Infigen if UAC acquires a relevant interest in 90% or more of the Stapled Securities

This section 6.3 describes UAC's intentions if UAC acquires a relevant interest in 90% or more of the Stapled Securities, and so becomes entitled to proceed to compulsory acquisition of outstanding Stapled Securities in accordance with Part 6A.1 of the Corporations Act.

In that circumstance, UAC's current intentions are as follows:

(a) Corporate matters

If UAC becomes entitled to do so, it intends to:

- (1) proceed with compulsory acquisition of the outstanding Stapled Securities in accordance with the provisions of Part 6A.1 of the Corporations Act, including any Stapled Securities which are issued after the close of the Offer as a result of the vesting of Performance Rights (see section 4.3 of this Bidder's Statement);
- (2) proceed with compulsory acquisition or cancellation of any outstanding Performance Rights in accordance with Part 6A.2 of the Corporations Act, although UAC reserves the right not to do so;
- (3) apply for termination of the official quotation of the Stapled Securities on the ASX and arrange for Infigen to be removed from the official list of the ASX;
- (4) replace the members of the Board with the nominees of UAC. Replacement board members have not yet been identified by UAC and their identity will depend on the circumstances at the relevant time. However, it is expected that the majority of the replacement board members will be drawn from the board of directors of UAC and

the executive management teams of UPC\AC Renewables, UPC and AC Energy; and

- (5) retain some members of the senior management team and seek to supplement it with a combination of external appointments and the transfer of executive management from UPC\AC Renewables.

(b) Impact on employees

As a result of the implementation of the above intentions, it is possible that certain operational functions, for example, those relating to the maintenance of Infigen's listing on the ASX, may become redundant. Some job losses may occur as a result. However, the incidence, extent and timing of such job losses cannot be predicted in advance.

Where possible, UAC will seek to minimise job losses through redeployment of the relevant employees. If redundancies do occur, the relevant employees will receive benefits in accordance with their contractual and other legal entitlements.

As noted in section 6.2 above, after the end of the Offer Period, UAC intends, to the extent it is able, to conduct an immediate, broad based operational and strategic review of Infigen, its operations, assets, liabilities, structure and employees. Should the outcome of that review present opportunities to augment Infigen's workforce, UAC intends to prioritise local Australian talent in filling those new positions, to the extent practicable.

Subject to the matters described above and elsewhere in this section 6, UAC has no current intention to make any material changes to Infigen's existing workforce.

(c) Registered scheme related intentions

Subject to the Corporations Act, Infigen's constitutional documents and the outcome of the review referred to in section 6.2, in the event that UAC compulsorily acquires all outstanding Stapled Securities, UAC intends to seek to cause IET to be deregistered so that it would cease being a "registered scheme" (as defined in the Corporations Act). Other than that deregistration, UAC does not currently intend to make any other major changes to the operation of the scheme, including any redeployment of scheme property, nor does it have any current intention of removing the current responsible entity of IET and appointing a new responsible entity.

6.4 Intentions for Infigen if UAC acquires a relevant interest in more than 50% but less than 90% of the Stapled Securities

This section 6.4 describes UAC's intentions if, at the end of the Offer Period, UAC has a relevant interest in less than 90%, but more than 50% of the Stapled Securities (and is therefore not entitled to proceed to compulsory acquisition in accordance with Part 6A.1 of the Corporations Act).

In that circumstance, UAC's current intentions are as follows:

(a) Corporate matters

After the end of the Offer Period, UAC:

- (1) intends (subject to the Corporations Act and Infigen's constitutional documents) to seek to replace some of the members of the Board with a number of its nominees, such that the proportion of such nominees is equal to or exceeds UAC's proportionate ownership interest in Infigen. UAC would consider the recommendations in the ASX

Corporate Governance Guidelines when determining the composition of the Board, including whether to retain or appoint any independent directors. Replacement board members have not yet been identified by UAC and their identity will depend on the circumstances at the relevant time. However, it is expected that the majority of the replacement board members will be drawn from the board of directors of UAC and the executive management teams of UPC\AC Renewables, UPC and AC Energy; and

- (2) may apply for termination of the official quotation of the Stapled Securities on the ASX and arrange for Infigen to be removed from the official list of the ASX.

In this regard, ASX guidance indicates that the usual conditions that the ASX would expect to be satisfied in order for it to approve the removal of Infigen from the official list in the context of a successful takeover bid include:

- at the end of the Offer, UAC owns or controls at least 75% of the Stapled Securities and the Offer has remained open for at least two weeks after UAC attained ownership or control of at least 75% of the Stapled Securities; and
- the number of Infigen Securityholders (other than UAC) having holdings with a value of at least \$500 is fewer than 150,

and, in such case, the ASX will not usually require UAC to obtain Infigen Securityholder approval for Infigen's removal from the official list of the ASX.

In addition, ASX may, even if the above conditions are not satisfied, approve an application for Infigen to be removed from the official list of the ASX with Infigen Securityholder approval and, where such removal is sought later than 12 months after the close of the Offer, subject to the ASX's discretion, UAC may be entitled to vote on the resolution approving the removal.

If Infigen is removed from the official list of the ASX, there may be risks related to remaining as a minority securityholder in Infigen. These include reduced or non-existent liquidity if Infigen Securityholders wish to sell their Stapled Securities.

In addition, it is possible that even if UAC is not entitled to proceed to compulsory acquisition of minority holdings after the end of the Offer Period under Part 6A.1 of the Corporations Act, it may subsequently become entitled to exercise rights of general compulsory acquisition under Part 6A.2 of the Corporations Act; for example, as a result of acquisitions of Stapled Securities in reliance on the '3% creep' exception in item 9 of section 611 of the Corporations Act. If so, it intends to exercise those rights.

(b) **General operational review**

After the end of the Offer Period, UAC intends to propose to the Board that an immediate, broad based review of Infigen's operations be conducted on both a strategic and financial level, along similar lines to that described in section 6.2.

UAC intends, subject to the approval of the Board, to participate in this review.

(c) **Distributions and funding**

UAC will review the level of distributions payable by Infigen to ensure that these distributions are appropriate, having regard to any capital funding requirements of Infigen identified in UAC's strategic review.

The above indication of the future distribution or dividend policy is, in addition to the strategic review, subject to the contingencies of future years and time limits.

6.5 Intentions for Infigen if not controlled by UAC

This section 6.5 describes UAC's current intentions if Infigen does not become a controlled entity of UAC.

In these circumstances, it is intended that UAC would:

- (a) maintain Infigen's listing on the ASX, subject to the requirements for listing (including a sufficient spread of investors) continuing to be satisfied. However, the ASX may itself decide to remove Infigen from the official list depending on factors such as the spread of Infigen Securityholders at that time, the level of liquidity in the Stapled Securities and the listing requirements of the ASX; and
- (b) subject to the Corporations Act and Infigen's constitutional documents, seek to appoint a number of nominees to the Board such that the proportion which UAC's nominees represent of the total number of directors on the Board equals or exceeds UAC's proportionate ownership interest in Infigen. UAC has not made any decision as to who would be nominated for appointment to the Board in this case.

6.6 Limitations in giving effect to intentions

The ability of UAC to implement the intentions set out in this section 6 will be subject to the legal obligations of Infigen directors to have regard to the interests of Infigen and all Infigen Securityholders, and the requirements of the Corporations Act and the Listing Rules relating to transactions between related parties. UAC will only make a decision on the above mentioned courses of action following legal and financial advice in relation to those requirements.

6.7 Intentions generally

Subject to the matters described above in this section 6 and elsewhere in this Bidder's Statement and, in particular, the completion of the strategic review of Infigen's operations, it is the intention of UAC, on the basis of the facts and information concerning Infigen that are known to it and the existing circumstances affecting the assets and operations of Infigen at the date of this Bidder's Statement, that:

- (a) the business of Infigen will be generally conducted in the same manner as at the date of this Bidder's Statement;
- (b) there will be no redeployment of the fixed assets of Infigen; and
- (c) the present employees of Infigen will continue to be employed by Infigen.

The intentions and statements of future conduct set out in this section 6 must be read as being subject to:

- the law (including the Corporations Act) and the Listing Rules, including in particular the requirements of the Corporations Act and the Listing Rules in relation to conflicts of interest and 'related party' transactions given that, if UAC obtains control of Infigen but does not acquire all of the Stapled Securities, it will be treated as a related party of Infigen for these purposes; and
- the legal obligation of the Infigen directors at the time, including any nominees of UAC, to act in good faith in the best interest of Infigen and for proper purposes and to have regard to the interests of all Infigen Securityholders.

9 June 2020

Dear Directors

Takeover Bid by UAC Energy Holdings Pty Ltd ('UAC') in relation to Infigen Energy Group (Infigen Energy Limited and Infigen Energy Trust) - Australian tax considerations

We have been instructed by UAC to prepare this letter for inclusion in section 7 of the Bidder's Statement.

Capitalised terms not otherwise defined in this letter have the meaning given to them in the Bidder's Statement. This letter uses the section numbering of the Bidder's Statement.

7.1 Introduction

The following is a general description of the Australian income and capital gains tax consequences for Infigen Securityholders who accept the Offer. The comments set out below are relevant only to those Infigen Securityholders who hold their Stapled Securities on capital account. Securityholders who hold their Stapled Securities for the purposes of speculation or a business of dealing in securities (eg as trading stock) or who acquired their Stapled Securities pursuant to an employee share or option plan should seek their own advice.

Infigen Securityholders who are tax residents of a country other than Australia (whether or not they are also residents, or are temporary residents, of Australia for tax purposes) should take into account the tax consequences under the laws of their country of residence, as well as under Australian law, of acceptance of the Offer.

The following description is based upon the Australian law and administrative practice in effect at the date of this Bidder's Statement, but it is general in nature and is not intended to be an authoritative or complete statement of the laws applicable to the particular circumstances of every Infigen Securityholder. Infigen Securityholders should seek independent professional advice in relation to their own particular circumstances.

7.2 Nature of Stapled Securities

For Australian CGT purposes, each Infigen Stapled Security comprises 2 separate assets, being a share in IEL and a unit in IET. An Infigen Securityholder who disposes of their Infigen Stapled Securities will need to do a separate CGT calculation for their shares in IEL and their units in IET.

7.3 Australian resident Infigen Securityholders

(a) Infigen Securityholders who accept the Offer

Acceptance of the Offer will involve the disposal by Infigen Securityholders of their Stapled Securities by way of transfer to UAC. This change in the

ownership of the Stapled Securities will constitute a CGT event for Australian CGT purposes.

The time of the CGT event will be when the contract to dispose of the Stapled Securities is formed. If the Offer is accepted before the condition in section 9.7(a) (FIRB approval) is satisfied, the date the contract to dispose of the Stapled Securities is formed will be the date that FIRB approval is granted. If the Offer is accepted after the condition in section 9.7(a) (FIRB approval) is satisfied, the date the contract to dispose of the Stapled Securities is formed will be the date that the Offer is accepted.

(b) **Compulsory acquisition**

If an Infigen Securityholder does not dispose of their Stapled Securities under the Offer and their Stapled Securities are compulsorily acquired in accordance with Part 6A.1 of the Corporations Act, those Securityholders will also be treated as having disposed of their Stapled Securities for CGT purposes.

The time of the CGT event will be when the Infigen Securityholder ceases to be the owner of the Stapled Securities.

(c) **Calculation of capital gain or capital loss**

Infigen Securityholders will make a capital gain on the transfer of shares in IEL or units in IET to the extent that the capital proceeds from the disposal of the shares in IEL or units in IET are more than the cost base of those shares in IEL or units in IET (respectively). Conversely, Infigen Securityholders will make a capital loss to the extent that the capital proceeds are less than their reduced cost base of those shares in IEL or units in IET (respectively).

The cost base of the shares in IEL or units in IET generally includes the cost of acquisition and certain non-deductible incidental costs of acquisition and disposal. However, in respect of units in IET, the cost base is reduced by the amount of any non-assessable distributions (sometimes referred to as "tax-deferred" distributions) received by the Securityholder in respect of those IET units.

The reduced cost base of shares in IEL or units in IET is similarly worked out.

The aggregate capital proceeds for the CGT events will be the Offer Price of \$0.80 per Stapled Security received by the Infigen Securityholder in respect of the disposal of the Stapled Securities. This aggregate amount will need to be apportioned between the shares in IEL and the units in IET disposed of, to determine the respective amounts of capital proceeds.

Individuals, complying superannuation entities or trustees that have held Stapled Securities for at least 12 months for CGT purposes should be entitled to discount the amount of any capital gain (after application of capital losses) from the disposal of Stapled Securities by 50% in the case of individuals and trusts or by 33 1/3 % for complying superannuation entities. For trusts, the ultimate availability of the discount may depend on a beneficiary's entitlement to the discount.

Capital gains (prior to any CGT discount) and capital losses of a taxpayer in a year of income are aggregated to determine whether there is a net capital gain. Any net capital gain is included in assessable income and therefore is potentially subject to income tax. Capital losses may not be deducted against other income for income tax purposes, but may be carried forward to offset against future capital gains (subject to satisfaction of loss recoupment tests for certain taxpayers).

7.4 **Non-resident Infigen Securityholders**

For an Infigen Securityholder who:

- is not a resident of Australia for Australian tax purposes; and

- does not hold their Stapled Securities in carrying on a business through a permanent establishment in Australia,

the disposal of Stapled Securities will generally only result in Australian CGT implications if either the shares in IEL or the units in IET are "indirect Australian real property interests". In this respect, the shares in IEL or the units in IET of a Securityholder will qualify as indirect Australian real property interests if:

- (1) that Securityholder together with its associates, holds, or has held, 10 percent or more of the Stapled Securities at the time of disposal or for any continuous 12 month period within 2 years preceding the disposal (referred to as a '**Non-portfolio Interest**'); and
- (2) more than 50% of the value of IEL or IET (as applicable) at the time of the CGT event is attributable to direct or indirect interests in 'taxable Australian real property', as defined in the income tax legislation (referred to as the '**TARP Test**'). In this regard, UAC expects it is likely that the TARP Test will be satisfied for IEL, but expects it is unlikely that the TARP Test will be satisfied for IET.

A non-resident Infigen Securityholder that, together with its associates, owns, or has for any continuous 12 month period within 2 years owned, 10% or more of the Stapled Securities should obtain independent advice as to the tax implications of sale, and whether any protection will be available under a relevant double tax treaty.

A non-resident Infigen Securityholder who is an individual that has previously been a resident of Australia and chose to disregard a capital gain or loss on ceasing to be a resident will in most circumstances be subject to Australian CGT consequences on disposal of their Stapled Securities in a broadly similar manner to that set out in section 7.3.

7.5 Non-resident CGT withholding rules

This section describes the potential operation of the foreign resident capital gains withholding tax which may apply in respect of Stapled Securities sold pursuant to the UAC Offer. These rules will not apply to a sale of Stapled Securities on the ASX.

(a) Overview of Subdivision 14-D

The foreign resident capital gains withholding tax rules in Subdivision 14-D of Schedule 1 of the TAA 1953 (**Subdivision 14-D**) apply to any transaction involving the acquisition from a "relevant foreign resident" of:

- (1) an "indirect Australian real property interest"; or
- (2) an option or right to acquire such property or such an interest.

For a Securityholder who is a relevant foreign resident, Subdivision 14-D may require UAC to withhold and remit to the ATO up to 12.5% of the consideration otherwise payable to the Securityholder under the UAC Offer. As explained in sections 7.5(b), (c) and (d) below, the amount required to satisfy the Subdivision 14-D payment obligation would be withheld from the consideration otherwise payable to each relevant foreign resident under the UAC Offer. The withheld amount is called a CGT Withholding Amount.

(b) "Relevant foreign resident"

For the purposes of the rules in Subdivision 14-D, and in the context of UAC's Offer, a relevant foreign resident is any entity that, at the time the transaction is entered into:

- (1) is known by UAC to be a foreign resident;
- (2) is reasonably believed by UAC to be a foreign resident;
- (3) is not reasonably believed by UAC to be a resident of Australia for Australian tax purposes, and either has an address outside Australia or UAC is authorised to provide a financial benefit relating to the UAC Offer to a place outside Australia; or

- (4) has a connection outside Australia of a kind specified in the regulations.

An Infigen Securityholder who believes the disposal of their Stapled Securities may trigger a non-resident CGT withholding liability should obtain independent professional advice.

The non-resident CGT withholding is not a final withholding tax. Accordingly, an Infigen Securityholder should be able to claim a credit for any CGT Withholding Amount deducted and remitted by UAC (in respect of the disposal of Stapled Securities by that Infigen Securityholder) in their Australian income tax return for the relevant year. In addition, the Infigen Securityholder may in certain circumstances be eligible to obtain a Variation Notice from the Commissioner (prior to the disposal of their Stapled Securities) to vary the rate of withholding down from 12.5%.

(c) **Non-Withholding Declaration**

The non-resident CGT withholding rules normally would be expected to apply to the disposal of shares in IEL or units in IET only where the Infigen Securityholder meets the following conditions:

- it is a foreign resident for Australian tax purposes;
- it holds (or has held) a Non-portfolio Interest, as described in section 7.4; and
- IEL or IET (as applicable) satisfies the TARP Test, as described in section 7.4.

An Infigen Securityholder that does not meet the conditions of the non-resident CGT withholding rules described above should provide UAC with a completed declaration ('**Non-Withholding Declaration**'). This includes Infigen Securityholders who are Australian residents for tax purposes. The Non-Withholding Declaration is contained in the Acceptance Form, accompanying this Bidder's Statement, and also in the online acceptance facility available at www.uacenergyoffer.com.au. The Non-Withholding Declaration may be that either:

- (1) the Infigen Securityholder is a resident of Australia for Australian tax purposes (**Residency Declaration**); or
- (2) the Stapled Securities held by the Infigen Securityholder are not Non-portfolio Interests (**Interest Declaration**); i.e. they are membership interests but not indirect Australian real property interests.

Where an Infigen Securityholder has provided a completed Non-Withholding Declaration prior to UAC acquiring its Stapled Securities, UAC will not deduct a CGT Withholding Amount (i.e. a portion of the consideration receivable by the Infigen Securityholder), unless UAC considers or reasonably believes the Non-Withholding Declaration is false in respect of the Stapled Securities to be disposed of by the Infigen Securityholder.

An Infigen Securityholder who is unsure about whether they are able to make a Residency Declaration or an Interest Declaration should seek their own tax advice in this regard.

(d) **Withholding payment**

- (1) If:
 - (A) UAC, as purchaser, considers or reasonably believes that the registered holder (being the legal owner) of Stapled Securities is a relevant foreign resident; and
 - (B) a Non-Withholding Declaration that is either a Residency Declaration or an Interest Declaration has not been provided to UAC prior to UAC acquiring those Stapled Securities (or

the Non-Withholding Declaration has been so provided, but UAC considers or reasonably believes it is false in respect of the Stapled Securities to be disposed of by the Infigen Securityholder),

UAC will:

- (C) withhold the CGT Withholding Amount from the consideration otherwise payable to the Securityholder and pay the CGT Withholding Amount to the Commissioner; and
 - (D) if requested in writing by the Securityholder, within a reasonable time notify the Securityholder that UAC has paid the CGT Withholding Amount to the Commissioner.
- (2) By complying with section 7.5(d)(1):
- (A) in accordance with section 16-20 of Schedule 1 of the TAA 1953 and section 9.14 below, UAC discharges its obligation to pay the CGT Withholding Amount to the Securityholder; and
 - (B) the Securityholder releases UAC from any further liability to pay that amount of the consideration otherwise payable to the Securityholder.

7.6 GST

Holders of Infigen Stapled Securities should not be liable to GST in respect of a disposal of those Stapled Securities.

Infigen Securityholders may be charged GST on costs (such as advisor fees) that relate to their participation in the Offer. Infigen Securityholders may be entitled to input tax credits or reduced input tax credits for such costs, but should seek independent advice in relation to their individual circumstances.

Yours sincerely

Greenwoods & Herbert Smith Freehills

8.5 Institutional acceptance facility

UAC reserves the right to introduce an institutional acceptance facility. If it does so, it will announce details of the facility in a supplementary bidder's statement.

8.6 Social security and superannuation implications of Offer

Acceptance of the Offer may have implications under your superannuation arrangements or on your social security entitlements. If in any doubt, you should seek specialist advice.

8.7 ASIC relief

Section 617(2) of the Corporations Act permits the Offer to extend to Stapled Securities that come to be in the bid class during the period from the Register Date and the end of the Offer Period due to the conversion or exercise of rights attached to other securities, where those securities exist or will exist as at the Register Date.

On the basis of publicly available information, it is unclear whether the Performance Rights are "securities" for the purposes of the Corporations Act and therefore within the scope of section 617(2) (as extended by ASIC Class Order 13/521) or whether they instead properly characterised as derivatives under the Corporations Act, or other rights.

In light of the above, ASIC has granted UAC relief to permit the Offer to extend to Stapled Securities that come into existence between the Register Date and the end of the Offer Period, in accordance with the terms of, or otherwise in connection with, derivatives or

rights that exist as at the Register Date that will convert, or may be converted, to Stapled Securities, or which confer an entitlement of any kind to be issued Stapled Securities.

The fact that ASIC has granted the relief described above in connection with the Offer should not be taken as a reflection of ASIC's views on any other aspect of the Offer.

8.8 Other material information

Except as disclosed elsewhere in this Bidder's Statement, there is no other information that is:

- (a) material to the making of a decision by an Infigen Securityholder whether or not to accept the Offer; and
- (b) known to UAC,

which has not previously been disclosed to Infigen Securityholders.

9 The terms and conditions of the Offer

9.1 Offer

- (a) UAC offers to acquire any or all of Your Stapled Securities on and subject to the terms and conditions set out in this section 9 of this Bidder's Statement. If you accept this Offer for some of Your Stapled Securities by specifying that number on your Acceptance Form or when submitting an acceptance online (the **Relevant Stapled Securities**), you may still accept the Offer for the balance of Your Stapled Securities at any time during the Offer Period.
- (b) The consideration under the Offer is \$0.80 per Stapled Security. If the calculation of the aggregate consideration payable to any Infigen Securityholder under the Offer results in an entitlement to a fraction of a cent, that fractional entitlement will be rounded down to the nearest whole cent.
- (c) By accepting this Offer, you undertake to transfer to UAC not only the Stapled Securities to which the Offer relates, but also all Rights attached to those Stapled Securities (see section 9.5(c)(6) and section 9.6(c)).
- (d) This Offer is being made to each person registered as the holder of Stapled Securities in the Infigen Register at the Register Date. It also extends to:
 - (1) holders of Performance Rights in existence at the Register Date that come to be Stapled Securities during the period from the Register Date to the end of the Offer Period due to the conversion of, or exercise of rights conferred by, such Performance Rights; and
 - (2) any person who becomes registered, or entitled to be registered, as the holder of Your Stapled Securities during the Offer Period.
- (e) If, at the time the Offer is made to you, or at any time during the Offer Period, another person is, or is entitled to be, registered as the holder of some or all of the Stapled Securities to which this Offer relates:
 - (1) a corresponding offer on the same terms and conditions as this Offer will be deemed to have been made to that other person in respect of those Stapled Securities;
 - (2) a corresponding offer on the same terms and conditions as this Offer will be deemed to have been made to you in respect of any other Stapled Securities you hold to which the Offer relates; and
 - (3) this Offer will be deemed to have been withdrawn immediately at that time.
- (f) If at any time during the Offer Period you are registered or entitled to be registered as the holder of one or more parcels of Stapled Securities as trustee or nominee for, or otherwise on account of, another person, you may accept as if a separate and distinct Offer on the same terms and conditions as this Offer had been made in relation to each of those distinct parcels and any distinct parcel you hold in your own right. To validly accept the Offer for each parcel, you must comply with the procedure in section 653B(3) of the Corporations Act. If, for the purposes of complying with that procedure, you require additional copies of this Bidder's Statement and/or the Acceptance Form, please call the UAC Offer Information Line on 1300 095 747 (within Australia) or +61 3 9415 4310 (outside Australia) to request those copies.
- (g) If the Relevant Stapled Securities are registered in the name of a broker, investment dealer, bank, trust company or other nominee, you should contact that nominee for assistance in accepting the Offer.

- (h) The Offer is dated 23 June 2020.

9.2 Offer Period

- (a) Unless withdrawn, the Offer will remain open for acceptance during the period commencing on the date of this Offer and ending at 7.00pm (Sydney, Australia time) on the later of:
- (1) 24 July 2020; or
 - (2) any date to which the Offer Period is extended.
- (b) UAC reserves the right, exercisable in its sole discretion, to extend the Offer Period in accordance with the Corporations Act.
- (c) If, within the last 7 days of the Offer Period, either of the following events occur:
- (1) the Offer is varied to improve the consideration offered; or
 - (2) UAC's voting power in Infigen increases to more than 50%,
- then the Offer Period will be automatically extended so that it ends 14 days after the relevant event in accordance with section 624(2) of the Corporations Act (subject to any further permitted extension).

- (5) If Your Stapled Securities are held in your name in a CHESS Holding (in which case your Holder Identification Number will commence with 'X') and you are not a Participant, you may accept this Offer by instructing your Controlling Participant (for Infigen Securityholders who are not institutions, this is normally the stockbroker through whom you bought Your Stapled Securities or ordinarily acquire shares on the ASX) to initiate acceptance of this Offer on your behalf in accordance with Rule 14.14 of the ASX Settlement Operating Rules in sufficient time for this Offer to be accepted before the end of the Offer Period. Neither UAC nor the UAC Registry will be responsible if your Controlling Participant does not acknowledge and confirm your acceptance in sufficient time.

this determination. The determination of UAC will be final and binding on all parties.

- (c) Notwithstanding sections 9.3(b), 9.3(c), 9.3(d), 9.3(e) and 9.3(f), UAC may, in its sole discretion, at any time and without further communication to you, deem any Acceptance Form or online acceptance it receives to be a valid acceptance in respect of the Relevant Stapled Securities, even if a requirement for acceptance has not been complied with but the payment of the consideration in accordance with the Offer may be delayed until any irregularity has been resolved or waived and any other documents required to procure registration have been received by UAC.
- (d) Where you have satisfied the requirements for acceptance in respect of only some of Your Stapled Securities, UAC may, in its sole discretion, regard the Offer to be accepted in respect of those of Your Stapled Securities but not the remainder.

- (5) if you signed the Acceptance Form or accepted the Offer online in respect of Stapled Securities which are held in a CHESS Holding, irrevocably authorised UAC (or any director, secretary, nominee or agent of UAC) to give any other instructions in relation to the Relevant Stapled Securities to your Controlling Participant, as determined by UAC acting in its own interests as a beneficial owner and intended registered holder of those Stapled Securities;
- (6) irrevocably authorised and directed Infigen to pay to UAC, or to account to UAC for, all Rights in respect of the Relevant Stapled Securities, subject, if this Offer is withdrawn, to UAC accounting to you for any such Rights received by UAC;
- (7) irrevocably authorised UAC to notify Infigen on your behalf that your place of address for the purpose of serving notices upon you in respect of the Relevant Stapled Securities is the address specified by UAC in the notification;

- (8) with effect from the date on which all the conditions to this Offer in section 9.7 have been fulfilled or freed, irrevocably appointed UAC (and any director, secretary, nominee or agent of UAC) severally from time to time as your true and lawful attorney to exercise all your powers and rights in relation to the Relevant Stapled Securities, including (without limitation) powers and rights to requisition, convene, attend and vote in person, by proxy or by body corporate representative, at all general meetings and all court-convened meetings of Infigen and to request Infigen to register, in the name of UAC or its nominee, the Relevant Stapled Securities, as appropriate, with full power of substitution (such power of attorney, being coupled with an interest, being irrevocable);
- (9) with effect from the date on which all the conditions to this Offer in section 9.7 have been fulfilled or freed, agreed not to attend or vote in person, by proxy or by body corporate representative at any general meeting or court-convened meeting of Infigen or to exercise or purport to exercise any of the powers and rights conferred on UAC (and its directors, secretaries and nominees) in section 9.5(c)(8);

- (11) agreed to do all such acts, matters and things that UAC may require to give effect to the matters the subject of this section 9.5(c) (including the execution of a written form of proxy to the same effect as this section 9.5(c) which complies in all respects with the requirements of the constitutional documents of Infigen) if requested by UAC;
- (12) agreed to indemnify UAC in respect of any claim or action against it or any loss, damage or liability whatsoever incurred by it as a result of you not producing your Holder Identification Number or Security Holder Reference Number or in consequence of the transfer of the Relevant Stapled Securities to UAC being registered by Infigen without production of your Holder Identification Number or Security Holder Reference Number for the Relevant Stapled Securities;
- (13) represented and warranted to UAC that, unless you have notified it in accordance with section 9.1(f), the Relevant Stapled Securities do not consist of separate parcels of Stapled Securities;

9.8 Nature and benefit of conditions

- (a) The condition in section 9.7(a) is a condition precedent to the acquisition by UAC of any interest in Stapled Securities of a kind which would cause a breach of the provisions of Laws referred to therein. Notwithstanding your acceptance of the Offer, unless and until the condition in that section is fulfilled:
 - (1) no contract for the sale of the Relevant Stapled Securities will come into force or be binding on you or on UAC;
 - (2) UAC will have no rights (conditional or otherwise) in relation to the Relevant Stapled Securities;
 - (3) if any of the Relevant Stapled Securities are held in a CHES Holding, you will be entitled to withdraw your acceptance in respect of those Stapled Securities by having your Controlling Participant transmit a valid originating message to ASX Settlement specifying the Stapled Securities to be released from the sub-position, in accordance with Rule 14.16 of the ASX Settlement Operating Rules, at any time prior to the fulfilment of that condition; and
 - (4) if any of the Relevant Stapled Securities are not held in a CHES Holding, you will be entitled to withdraw your acceptance in respect of those Stapled Securities by sending a notice to that effect signed by you (or on your behalf, in which case documentation proving that the person or persons signing the notice are authorised to do so must accompany the notice) to the address specified on the Acceptance Form, so that it is received at the relevant address at any time prior to the fulfilment or freedom of that condition.
- (b) The other conditions in section 9.7 are conditions subsequent. The non-fulfilment of any condition subsequent does not, until the end of the Offer Period (or, in the case of the conditions in section 9.7(g), until the end of the third business day after the end of the Offer Period), prevent a contract to sell the Relevant Stapled Securities from arising, but non-fulfilment of any of those conditions will have the consequences set out in section 9.9(b).
- (c) Subject to the Corporations Act and section 9.8(a), UAC alone is entitled to the benefit of the conditions in section 9.7, or to rely on any non-fulfilment of any of them.
- (d) Each condition in section 9.7 is a separate, several and distinct condition. No condition will be taken to limit the meaning or effect of any other condition.

9.9 Freeing the Offer of conditions

- (a) UAC may free this Offer, and any contract resulting from its acceptance, from all or any of the conditions subsequent in section 9.7, either generally or by reference to a particular fact, matter, event, occurrence or circumstance (or class thereof), by giving a notice to Infigen and to ASX declaring this Offer to be free from the relevant condition or conditions specified, in accordance with section 650F of the Corporations Act. This notice may be given:
 - (1) in the case of the condition in section 9.7(g), not later than 3 business days after the end of the Offer Period; and
 - (2) in the case of all the other conditions in section 9.7, not less than 7 days before the end of the Offer Period.
- (b) If, at the end of the Offer Period (or, in the case of the conditions in section 9.7(g), at the end of the third business day after the end of the Offer Period), the

conditions in section 9.7 have not been fulfilled and UAC has not declared the Offer (or it has not become) free from those conditions, all contracts resulting from the acceptance of the Offer will be automatically void.

9.10 Notice on status of conditions

The date for giving the notice on the status of the conditions required by section 630(1) of the Corporations Act is 16 July 2020 (subject to extension in accordance with section 630(2) of the Corporations Act if the Offer Period is extended).

9.11 Withdrawal of this Offer

- (a) This Offer may be withdrawn with the consent in writing of ASIC, which consent may be subject to conditions. If ASIC gives such consent, UAC will give notice of the withdrawal to ASX and to Infigen and will comply with any other conditions imposed by ASIC.
- (b) If, at the time this Offer is withdrawn, all the conditions in section 9.7 have been freed, all contracts arising from acceptance of the Offer before it was withdrawn will remain enforceable.
- (c) If, at the time this Offer is withdrawn, the Offer remains subject to one or more of the conditions in section 9.7, all contracts arising from its acceptance will become void (whether or not the events referred to in the relevant conditions have occurred).
- (d) A withdrawal pursuant to this section 9.11 will be deemed to take effect:
 - (1) if the withdrawal is not subject to conditions imposed by ASIC, on and after the date that consent in writing is given by ASIC; or
 - (2) if the withdrawal is subject to conditions imposed by ASIC, on and after the date those conditions are satisfied.

UAC may vary this Offer in accordance with the Corporations Act.

9.13 No stamp duty

UAC will pay any stamp duty on the transfer of the Relevant Stapled Securities to it.

9.14 Withholding required by Law and non-resident CGT withholding

- (a) Despite any other provision in this section 9, if:
 - (1) UAC receives professional advice that any withholding or other tax is, or is reasonably likely to be, required by Law to be withheld from a payment to an Infigen Securityholder whose address as shown in the Infigen Register is in a jurisdiction other than Australia; or
 - (2) UAC receives professional advice that it is, or is reasonably likely to be, required to pay an amount pursuant to Subdivision 14-D of Schedule 1 to the *Taxation Administration Act 1953* (Cth) in respect of an Infigen Securityholder,(in either case, a **Relevant Foreign Securityholder**), UAC is entitled to withhold the relevant amount before making the payment to the Relevant Foreign Securityholder (and payment of the reduced amount, net of the relevant

- amount withheld, shall be taken to be full payment of the total amount payable to the Relevant Foreign Securityholder for the purposes of this Offer).
- (b) UAC must pay any amount so withheld to the relevant taxation authorities within the time permitted by Law, and, if requested in writing by the Relevant Foreign Securityholder, provide notification of such payment (or procure the provision of such notification) to the Relevant Foreign Securityholder.
 - (c) Further details in relation to any withholding required by Law and non-resident CGT withholding are set out in the Acceptance Form and in the online acceptance facility available at www.uacenergyoffer.com.au.

9.15 Notices and other communications

Subject to the Corporations Act, a notice or other communication given by UAC to you in connection with this Offer will be deemed to be duly given if it is in writing and is:

- (a) delivered to your address as recorded on the Infigen Register or the address shown in any Acceptance Form; or
- (b) sent by ordinary mail (or in the case of overseas securityholders, by airmail) to you at either of those addresses.

9.16 Governing law

- (a) This Offer and any contract that results from your acceptance of it are to be governed by the Laws in force in New South Wales, Australia.
- (b) If you accept this Offer, you:
 - (1) irrevocably submit to the non-exclusive jurisdiction of courts exercising jurisdiction in New South Wales and courts of appeal from them in respect of any proceedings arising out of or in connection with this Offer; and
 - (2) irrevocably waive any objection to the venue of any legal process in these courts on the basis that the process has been brought in an inconvenient forum.

Takeover Acceptance Form

CHESS

 **Your form or acceptance submitted online must be received with sufficient time to allow processing before the end of the Offer Period.**

This form and the Bidder's Statement are important documents that require your immediate attention.

This form relates to an offer ("Offer") by UAC Energy Holdings Pty Ltd (ACN 640 077 747) ("UAC") to acquire all or any of Your Stapled Securities in Infigen Energy Group ("Infigen") the terms of which are set out in the Bidder's Statement from UAC dated 9 June 2020 ("Bidder's Statement").

Capitalised terms used in this form have the same meaning as in the Bidder's Statement, unless otherwise defined.

If you are in any doubt about how to deal with the Offer, please contact your financial or other professional advisor immediately.

Note this form can only be used in relation to the securityholding represented by the details printed above and overleaf.

Step 1: Registration Name & Offer Details

The consideration payable to you under the Offer will be issued to the name(s) as they appear on the latest copy of the Infigen Register, as provided to UAC. The current address recorded by UAC is printed above and overleaf. If you have recently bought or sold Infigen Stapled Securities your holding may differ from that shown. If you have already sold all your Infigen Stapled Securities, do not complete or return this form or attempt to submit an acceptance online.

Step 2: Accept the Offer

Mark one of the two boxes in step 2 to accept the Offer for all or some of Your Stapled Securities. If you mark box 2, insert the number of Your Stapled Securities that you would like to accept into the Offer where indicated. If you do not mark one of the two boxes in step 2 or you mark both boxes (or if you make an invalid selection in step 2), you will be deemed to have elected to accept the Offer in respect of ALL of Your Stapled Securities as recorded by UAC as being held by you at the date your acceptance is processed (even if different to the number stated in step 1).

As your Infigen Stapled Securities are in a CHESS holding, you may contact your Controlling Participant (normally your stockbroker) directly with instructions to accept the Offer. If you do this, your Controlling Participant will provide you with details as to what they require in order to accept the Offer on your behalf. If you want UAC to contact your Controlling Participant on your behalf, sign and return this form to the address above or submit an acceptance online so that it is received in sufficient time to allow your instruction to be acted upon by the close of the Offer Period. This will authorise UAC and Computershare Investor Services Pty Limited ("CIS") to request your Controlling Participant to initiate acceptance of the Offer on your behalf.

You should allow sufficient time for your Controlling Participant or UAC to initiate the acceptance of the Offer on your behalf. Neither UAC or CIS will be responsible for any delays incurred by the process of requesting your Controlling Participant to accept the Offer.

Step 3: Non-Withholding Declaration

Please refer to sections 7.4 and 7.5 of the Bidder's Statement for further details before completing step 3 overleaf. If you mark the box in step 3, UAC will NOT withhold up to 12.5% of the Offer consideration otherwise payable to you, unless UAC considers or reasonably believes the declaration is false in respect of the Infigen Stapled Securities to be disposed of by you.

Penalties apply to the making of a false declaration.

ISSUER

 **Your form or acceptance submitted online must be received before the end of the Offer Period.**

This form and the Bidder's Statement are important documents that require your immediate attention.

This form relates to an offer ("**Offer**") by UAC Energy Holdings Pty Ltd (ACN 640 077 747) ("**UAC**") to acquire all or any of Your Stapled Securities in Infigen Energy Group ("**Infigen**") the terms of which are set out in the Bidder's Statement from UAC dated 9 June 2020 ("**Bidder's Statement**").

Capitalised terms used in this form have the same meaning as in the Bidder's Statement, unless otherwise defined.

If you are in any doubt about how to deal with the Offer, please contact your financial or other professional advisor immediately. Note this form can only be used in relation to the securityholding represented by the details printed above and overleaf.

Step 1: Registration Name & Offer Details

The consideration payable to you under the Offer will be issued to the name(s) as they appear on the latest copy of the Infigen Register, as provided to UAC. The current address recorded by UAC is printed above and overleaf. If you have recently bought or sold Infigen Stapled Securities your holding may differ from that shown. If you have already sold all your Infigen Stapled Securities, do not complete or return this form or attempt to submit an acceptance online.

Step 2: Accept the Offer

Mark one of the two boxes in step 2 to accept the Offer for all or some of Your Stapled Securities. Step 3: Non-Withholding Declaration

Please refer to sections 7.4 and 7.5 of the Bidder's Statement for further details before completing step 3 overleaf. If you mark the box in step 3, UAC will NOT withhold up to 12.5% of the Offer consideration otherwise payable to you, unless UAC considers or reasonably believes the declaration is false in respect of the Infigen Stapled Securities to be disposed of by you.

Penalties apply to the making of a false declaration.
