ASX Announcement

European Project Acquisition Update

Dark Horse Resources Ltd (**the Company, Dark Horse, ASX:DHR**) wishes to provide an update in relation to the previously announced acquisition of the suite of gold projects in Finland and Tungsten projects in Sweden.

The summer holiday period in Scandinavia during July has caused some unplanned delays in the progress of due diligence, corporate administration and Permit Purchase Agreement documentation, and the parties have agreed to a two-week extension to complete the process, now targeting 14 August 2020 for completion.

The Board looks forward to continuing to keep the market updated with developments in relation to this process.

This Announcement has been authorised by the Board of Directors

On behalf of the Board

Company Secretary
