

ASX RELEASE

29th July 2020

Kyckr continues Enterprise growth in Q4

Highlights

- June Quarter unaudited revenue of **\$648k**, up from **\$627k** in March quarter following strong growth in both Kyckr for Business and Enterprise channels.
- Positive revenue growth maintained despite weaker customer onboarding as a result of COVID-19.
- Contracts signed for the extension of services with Citi Commercial Bank and annual contractual agreement with Commerzbank.
- Completion of A\$8.7 million capital raise to drive Kyckr's enterprise sales channels and strategic partnerships.
- Cash balance of **A\$6.66 million** as of 30 June 2020, with tranche 2 of the capital placement received post 30 June 2020 (additional A\$3.13 million).

Kyckr Limited (ASX:KYK) (Kyckr or the Company), a regulatory technology (RegTech) company is pleased to provide an update on its activities for the quarter ended 30 June 2020. Kyckr's technology is used by financial services and other regulated businesses to provide automatic access to primary source data and documents during the critical stage of customer verification and onboarding and for ongoing monitoring of these customers after they have been onboarded (Perpetual KYC).

Financial Overview

Kyckr continued to see growth in its core **Enterprise** and **Kyckr for Business** division with a number of engagements secured during the quarter. The Company recorded its strongest ever sales month in April, which was up 39% on the prior year and was driven by contracts signed with Citi Commercial Bank and Commerzbank.

Kyckr delivered a year to date increase in revenue of 12% to \$2.4 million. Key FY20 numbers include:

- Enterprise revenue up 20% year to date to \$814k.
- Kyckr for Business up 14% year to date to \$1.238 million.
- Kykr online revenue down 6% year to date to \$394k. This was due to weaker customer on-boarding during the early months of COVID-19.

Kyckr CEO, Ian Henderson, said "Like many industries, the financial services sector was impacted by COVID-19 during the quarter, with lower levels of customer on-boarding by our clients in May and June after a very strong April, the best monthly performance in the Company's history. We are seeing signs that the pandemic has heightened the need for robust digital customer verification services and, with that, the trend towards digital transformation is accelerating. This will lead to longer term opportunities for Kyckr. We had already taken the strategic decision to extend Kyckr's established capability

underpinning customer on-boarding into Perpetual KYC with the build-out of our Company Watch service. This takes Kyckr beyond the world of customer onboarding to **on-going compliance monitoring** in line with the increased obligations from recent AML regulations.

"The successful capital raise completed during the quarter also puts us in a strong position for growth in FY21 as we continue to build our enterprise pipeline and extend our partner strategy", Mr Henderson added.

Operational Update

Kyckr's continued engagement with existing customers resulted in the extension of the agreement with Citi Commercial Bank, a division of U.S. multinational Citigroup, a long-standing client of Kyckr. The value of the services is c.USD\$300,000 (A\$496,000), over a 12 to 18 month period with Kyckr's customer verification technology being used in 15 key countries where the bank operates.

Kyckr also signed a contract with Commerzbank AG, Germany's second-largest bank, with an approximate minimum value of A\$100,000 for the Kyckr for Business portal in the UK over the first period of 12 months.

Commerzbank had previously been using Kyckr's customer verification platform on a pay-as-you-go basis. The new contract extends the Company's relationship with Commerzbank to an annual contractual commitment for the Kyckr for Business Portal.

Kyckr's partnership strategy is progressing well. Six agreements have been signed to date and the Company is in discussions with 30 other potential partner organisations. A number of pilots are currently underway with major banks and strategic partners, though the purchase cycle may take longer in these large organisations and is additionally subject to COVID-19 related delay.

The implementation of the European Union's Fifth Anti-Money Laundering Directive (5AMLD) in January 2020 is also positive for Kyckr's strategic partner pipeline. To capitalise on regulatory tailwinds from 5AMLD, Kyckr launched its 'Company Watch' product, an automated online monitoring service for enterprises to retain the most accurate customer information, receiving encouraging early traction.

Corporate

During the Quarter, the Company successfully completed a Placement to raise \$8 million (before costs) at an issue price of \$0.08 per share. A Share Purchase Plan was also undertaken with shareholders contributing an additional \$0.73 million. The Placement enables Kyckr to further pursue international opportunities whilst expanding its enterprise sales team to build on enterprise growth, extend global partnerships, and undertake further product development of the Kyckr technology.

Related party payments of \$382k were paid during the period, which represent Director fees paid from the approved pool of fees, as approved by shareholders.

The Company remains in a solid financial position to progress its current operations and strategy with a cash balance of **A\$6.66 million** as of 30 June 2020, **with tranche 2 of the capital raise received post 30 June 2020 (an additional A\$3.13 million).**

Outlook

Kyckr is well positioned to capitalise on the associated demand for Know Your Customer technology solutions and the significant increase in demand for real-time primary source data.

The Company will continue to prioritise and focus on its Enterprise business, engage strategic partners and extend its target market beyond regulated businesses and financial services to drive its revenue acceleration.

Ends.

This ASX announcement was authorised for release by the Kyckr Limited Board of Directors

About Kyckr Limited

Kyckr is a global regulatory technology (RegTech) business that provides the financial services sector and other regulated businesses with real-time company registry information to improve the efficiency and effectiveness of Know Your Customer (KYC) processes during the critical stage of customer verification and onboarding as well as post-onboarding customer monitoring (Perpetual KYC). Kyckr's solutions are connected to more than 180 regulated primary sources, in over 120 countries. Through its KYC and Company Watch (Perpetual KYC) solutions, Kyckr helps businesses and customers to prevent money laundering, fraud and financial crime.

Notes

- 1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
- 2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, AASB 107: Statement of Cash Flows apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standard applies to this report.
- 3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
- 4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee eg Audit and Risk Committee]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
- If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
